James Winjum, Civic Leader, Dies Saturday

Rites for Owner of Hartz Supermarket Set for Wednesday

One of Thief River Falls' best-known citizens, James H. Winjum, 60, died Saturday at Northwestern hospital shortly after suffering a heart attack at his store. He had been owner of the Hartz Super Market in Thief River Falls since 1949, a resident of the city since 1931 and active in many civic, business and fraternal organizations.

Winjum was a member of Trinity Lutheran church, current president of the Northwestern Hospital board, past member of the city council, director of the Thief River Falls Foundation, vice president of Hartz Wholesale, Inc., director of Border Drugs, Inc., and director on the board of Union State Bank. He was also a member of many other civic and fraternal groups.

Funeral services have been set for Wednesday at 2 p. m. from Trinity Lutheran church in Thief River Falls with Rev. R. A. Wangberg officiating. The body will lie in state at the Sinding Funeral Chapel in Thief River Falls on Monday and Tuesday evening and at the church one hour before the service on Wednesday. Interment will be made in Greenwood cemetery.

James H. Winjum was born March 13, 1902, at Strathcona to Ida and Ole Winjum. He was baptized and confirmed at the Poplar Grove Lutheran church near Strathcona and received his education in the Strathcona area and at the Northwest School of Agriculture at Crookston.

From 1923 to 1927 he was employed by the M & O Paper Company at International Falls and in 1927 became associated with the L. B. Hartz agency. He managed stores at Badger, Middle River and Warroad before moving to Thief River Falls in 1931. In 1949 he became owner of the L. B. Hartz store in Thief River Falls which he operated until his death.

On June 11, 1931, he married Nina Langlie in Pelican Rapids and she survives with a son, James Jr., and a daughter, Mrs. John (Diane) Cunningham of Odessa, Texas. Other survivors include two brothers, Orel of Los Angeles, Cal., and Caryl of Karlstad; eight sisters, Mrs. Bessie M. Johnson, Aurora; Mrs. Myrtle Melick, Dallas,

RITES for James H. Winjum, 60, owner of Hartz Super Market in Thief River Falls, will be held Wednesday at 2 p.m. from Trinity Lutheran church. Winjum was owner of the store since 1949 and was active in civic, fraternal and business organizations.

Local Law Firm of Chommie and Charlson Divides

H. O. Chommie and C. L. Charlson, who have been associated in the law firm of Chommie and Charlson in Thief River Falls since Nov. 15, 1959, have dissolved their partnership and will operate separate law firms in the future. They will occupy separate offices in the same area on the second floor of the Union State Bank building.

The partners had agreed to dissolve the partnership if Charlson was successful in his campaign for Pennington county attorney in November. With his election to the county office, work on dissolution was begun and the change is now in effect.

UCT MEETS SATURDAY

Regular meeting of the United Commercial Travelers will be held Saturday, January 12, at the Odd Fellows Hall beginning at 8 p. m., according to R. A. Werner, secretary of the organization.

Welfare Outlay Rises Here in '62

During 1962 approximately 1,000 residents of Pennington county were given financial help or other services by the Pennington county welfare department, Ralph T. Hunt, director, announced today.

The greatest numbers of people were given financial assistance through the programs of old age assistance, aid to dependent children, aid to the blind, aid to the disabled, and general relief. Others were given services through University Hospitals, child welfare programs, crippled children services, and through the programs for the mentally ill and the mentally retarded. The numbers of persons receiving any form of service through the agency remained about the same as in 1961.

The department in 1962 supervised the expenditure of approximately $601,000, of which $184,000, or nearly one-third represents funds raised by local taxes, and the remainder comes from federal and state sources. The total compares with $565,000 paid out in 1961.

In addition to giving whatever service Pennington county residents need, the county welfare department, said Hunt, must also do all the casework for persons living in this county but who are receiving assistance or casework services from some other county. In 1962 approximately 210 of these people from other counties or states received services from the Pennington county welfare department This is a slight decrease in the number given services in 1962 compared to 1961.

However, this community has always attracted many persons from the surrounding counties and they must receive whatever services they require from the agency of the county in which they are living regardless of which county might have to pay for their financial assistance. Some of these persons become the financial responsibility of Pennington county after a period of one year. This is true particularly in the aid to de-

1963 Almanac Issued by NW Bell Telephone

"Telephone Almanac for 1963" is now available in the Northwestern Bell Telephone company business office, according to J. M. Wilson, manager of the Thief River Falls office. This year's edition includes a series of descriptive articles on 12 typical occupations vital to life in America.

Among those featured are the scientist, armed forces, merchant, law enforcer, broker, teacher, farmer, banker, newspaperman, public servant, housewife, and doctor. Also included are other almanac features including historical information, data about the sun and moon, and recent developments in communications.

FFA Foundation Elects Officers

Peter Probasco of TRF Is Region I Director

The donor representatives to the Minnesota FFA Foundation at their ninth annual meeting named John Dysart, Minneapolis, as vice-president and finance chairman. Foundation officers re-elected include President G. R. Cochran, state supervisor of agriculture education, St. Paul, and W. J. Koresmaki, state FFA executive secretary, St. Paul, as secretary-treasurer. Harland Hasslen, agriculture instructor at Rush City, Dr. Milo J. Peterson, University of Minnesota Agriculture Education office, Ron Gernandt, state FFA president, Faribault, will also serve on the executive committee.

Newly-elected regional donor representatives on the baord of directors include: Region II, Irving R. Stoddard of Duluth; Region IV, E. N. Duncan, St. Paul; Region VI, Truman Jacobson of Windom; Region VIII, Lawrence Lamberty of Rochester, J. C. Tanner of East Grand Forks, Region I; Frank DeGroat of Lake Park, Region III; John E. Tollefson, Madison, Region V; and John W. Dysart, Minneapolis, Region VII, are holdover members on the board of directors.

The newly-elected Vo. Ag. - FFA representatives on the Foundation's twenty-one member board of directors include Region I, Peter Probasco, Thief River Falls.

It was reported that 178 individuals or firms contributed to the Foundation during 1962. These donors at the annual meeting voted to continue to finance a farm management award program for vocational agriculture students excelling in improvement enterprises. Over 8,600 Future Farmers participated in this program during the past five years.

The donors also voted to continue financial assistance to FFA Foundation college scholarships in agriculture education.

Mr. and Mrs. Ben Torfin of Roseau visited over the weekend at the Iver Torfin home. They were enroute to Minneapolis to visit Iver Torfin's brother-in-law and sister, Mr. and Mrs. Wally Gunnerson.

Gunstenson Will Attend Minnesota Assessor's Meet

G. Gunstenson, Pennington County assessor, will attend a meeting January 14 and 15 in Minneapolis with tax commissioner Rolland Hatfield to conduct the annual business meeting of the Minnesota Association of Assessing Officers. Gunstenson will make the trip with assessors from Roseau and Red Lake counties while Marshall, Kittson and Polk county assessors also plan to attend.

Highlighting the meeting will be a discussion on the evaluation of farmland in rapidly expanding suburban areas by Dr. William E. Murray, professor of economics at Iowa State University. Commissioner Hatfield will present a progress report on the equalization program for 1963.

Dr. Phillip Raup, professor at the University of Minnesota, will discuss developments in the Minnesota farm real estate market during 1962. Other representatives of the Minnesota Department of Taxation will discuss various phases of assessment activity.

A panel of assessors and tax experts will discuss the problem of applying productivity indexes and classifications of farmland into the farm assesments. Panel members will include Woodrow Anderson, state director of the Soil Conservation Service; Dr. Richard Rust, professor of soils at the University of Minnesota; Edward Gahr, agricultural director of the Minnesota Department of Taxation; and Jerry Kluzeny, county assessor of Lincoln county.

Designed to stimulate discussion on assessing policies, a panel will be held Monday evening, January 14, on the use of the new assessor's manual. Panel members will ask for questions from the floor. January 15 will be devoted to the annual business session.

Wichterman Joins State ASC Group

A LeSueur County farmer, Milton F. Maxwell, 49, has been named chairman of the Minnesota Agricultural Stabilization and Conservation ASC committee.

Maxwell replaces Robbert S. Bergland, Roseau, who recently was appointed Midwest ASC area director.

Also named to the state committee was Ben Wichterman, Plummer farmer and former legislator. Russell Johnson, Cokato, Minn., continues on the committee.

Jan. 31 Deadline on Support Loans Thru ASC Office

The Pennington county Agricultural Stabilization and Conservation Service office announced today that January 31 is the deadline for price support loans and purchase agreements on wheat, barley, oats, rye, and flaxseed. Farmers wishing to obtain price support loans or purchase agreements on their 1962 crops are reminded that all the forms must be signed and delivered to the county office by January 31.

Jaycees Review Committee Work Thursday Night

Ken Taylor Reports Skate Collection Yields 35 Pair for Youngsters

Committee reports and discussion of coming events were main items of business at the meeting of the Thief River Falls Junior Chamber of Commerce Thursday evening at the Elks club rooms.

Kenneth Taylor, chairman of the used skate collection, stated that about 35 pair of skates had been received for distribution to needy youngsters through the Thief River Falls Salvation Army unit. A number of chapter members assisted with cleaning, polishing and making minor repair on the skates which were available for distribution during the Christmas season.

William Ness showed a sample of the name tag buttons which were approved by the board of directors. James Wilson reported on the Jaycee Christmas party and noted that a slight profit had been made on the event.

Silas Giere commented on the teen-age dance set for the same evening as the Jaycee session and Marvin Lundin noted that the Boss-Employee banquet would be held in mid-February. Awards will be given to the outstanding boss and outstanding youg man and the Jaycee outstanding young farmer award will also be presented at the banquet.

Following discussion of a request from the Elks club for increase in meal cost from one dollar to $1.25, the club voted to continue using the club as a meeting place at the fee of $1.25 unless other arrangements could be made between the Jaycee board of directors and the officers of the Elks Lodge.

National Guard Strength Grows

Increase of 22 Men Is Noted from Recruiting

Company D of the National GUARD IN Thief River Falls showed a net increase of 22 men at the end of 1962, according to Capt. Richard A. Edlund, commander. A total of 27 men were recruited and five lost to bring the present strength to six officers and 121 enlisted men.

"We anticipate a loss of 10 men in January of 1963 due to fulfillment of service obligations and departure from the community," Capt. Edlund said. "This means that we must continue to recruit at a steady pace to keep our unit strength at 125 men and retain our assistant administrative supply technician. We still need men —we must have men to keep our unit strong."

School Board To Meet With Bond Company Tonight

Thief River Falls board of education will meet at 8 p. m. today with a representative of the T. G. Evenson company, bonding consultants, in regard to a method of payment for a proposed bond issue of $1,495,000 for new school construction.

By a 5-2 majority vote at the last board meeting, members requested the meeting with the bonding consultants after adopting, by the same majority, a resolution calling for the construction of a new junior high school and elementary school at a cost not to exceed the $1,495,000 figure.

Two Local Men to Attend Missouri Synod Convention

Rev. Seltz, M. Mehrkens To Go to Session Opening Jan. 14 in Minneapolis

A historic convention of the Minnesota district of The Lutheran Church-Missouri Synod will meet Monday, January 14, at the Leamington Hotel in Minneapolis. This special convention is called to divide the Minnesota District into two districts, to be known as Minnesota North and Minnesota South. Dr. Ernst H. Stahlke of Minneapolis, president of the District, will preside at the opening session.

A line drawn roughly from Taylors Falls west to the Dakota border will be the dividing line between the new districts. This division was authorized by the Missouri Synod convention in Cleveland, Ohio, last June. The entire Minnesota District will be in convention on January 14. Following adjournment, the new Minnesota North District will continue in convention two more days. Included in the immediate business will be the election of officers, the appointment of committees, and other necessary business.

Representing the parish consisting of St. John Church in Thief River Falls and Redeemer Church in Plummer will be Maynard Mehrkens of Thief River Falls as well as the pastor of the parish, the Rev. Alfred C. Seltz, who also is the first vice president of the Minnesota District.

Minnesota North will have about 45,000 communicant members, approximately half as many as Minnesota South.

NFO Meeting Set at Oklee Hall Jan. 10

Hobert Gundy and Ed Pudwell of Hibbing will explain the National Farm Organization program at a meeting to be held Thursday at the Oklee hall beginning at 8 p. m. All interested persons are invited to attend and to bring their friends and neighbors.

Mantoux Testing Is Scheduled for All TRF Schools

Permit Cards Will Be Sent Home This Week With School Students

Mantoux testing to determine tuberculin reactors will be offered to all Thief River Falls school children on January 21, 22 and 28, according to Mrs. Margaret Race, school nurse. Dr. L. H. Flancher of the Sunnyrest Sanatorium at Crookston will administer the test.

Two years ago the school health council approved the recommendation of the Minnesota Tuberculosis and Health association to test all grades every two years. No testing of students was conducted last year but all adult school personnel were tested as required by law.

Victory against tuberculosis is possible only if the disease is found early, Mrs. Race said. Patients treated early can be cured and such treatment will also prevent exposure of the disease to others. Frequent testing permits the germ to be discovered long before symptoms of the disease occur.

Persons reacting "positive" to the tests should have annual chest x-rays to determine if they have the disease. A "positive" reaction does not mean that the reactors are ill — only that they have TB germs in their bodies. Mantoux testing and chest x-rays are paid for by the TB and Health association from Christmas Seal sale proceeds.

Permit cards will be sent home with students this week and parents are asked to sign them and return them to the school immediately. The testing schedule includes Lincoln, Monday, January 21; Vocational and Washington, Tuesday, January 22; and Knox and Northrop, Monday, January 28.

Tickets On Sale Today for Annual C of C Banquet

Tickets go on sale today for the Chamber of Commerce annual meeting to be held January 19 at 6:30 p. m. in the American Legion club rooms in Thief River Falls. Glenn Peterson is ticket chairman and tickets may be purchased from salesmen calling at business places or at the Chamber of Commerce office.

Rollie Ferrell of St. Paul, who is billed as the "Human Echo", will be guest entertainer for the evening. Tickets will be sold for $1.75 each with a chicken dinner to be served by the American Legion Auxiliary. Members of the Chamber of Commerce, wives and guests are invited to attend.

Special invitations are being sent to members of the clergy, school faculty members and Chamber of Commerce offices in the area.

24.15 Inches of Rain

1962 Near Record for Annual Precipitation

It will be no surprise to many that 1962 was a near record-setting weather year in the Times area. Precipitation was, of course, the most influential weather factor during the year as seemingly constant precipitation wreaked havoc with farm crops or would not permit farmers to get into fields to plant their grain.

Rainfall during the year totaled 24.15 inches while snowfall of 43.40 inches added about five inches more of moisture to the total. The rule-of-thumb measurement of 10 inches of snow to one inch of moisture has been adjusted upward slightly due to the high moisture content of some snow which fell. This would give a total precipitation figure for the year of 29.15 inches — nearly two and one-half feet.

According to the U. S. Corps of Army Engineers, the previous record rainfall at Thief River Falls was 29.64 inches in 1919 — making the 1962 total less than half an inch away from a record total. It is interesting to note that the record low rainfall was 9.38 inches in 1917 — two years before the high record total. Average for the area is 21.02 niches of precipitation annualy, making the 1962 total 8.13 inches more than average.

Excessive rainfall which totaled 15.78 inches in May, June and July, was particularly frustrating after crops were damaged severely by drought the previous year. Pennington county was declared a disaster area because of water in 1962 after the same declaration in 1961 because of drought. Large areas experienced flooding during the spring run-off and following heavy rains in the early spring. The Red Lake river maintained its highest level during the summer in many years.

Late in June a hail storm hit Thief River Falls but did not cause as extensive damage as a storm in August of 1961. The city was spared disaster when a tornado took a northwest to southeast path across the area south of the city, tearing down barns, uprooting or twisting off trees and moving buildings from their foundations.

A month-by-month summary of the year's weather is as follows:

January

After a balmy beginning when high readings reached 35 degrees on the second and third days of the month, weather turned cold with 25 low readings below the zero mark. Lowest reading was —35 degrees on January 17 when the high was —15. Snow accumulation reached 23½ inches by the end of the month and temperatures averaged .38 degree below zero. Snow fell on 11 different days of the month.

February

Cold weather continued and snow piled deeper as more than 14 inches of snow fell during the month. Coldest reading of the season, —37 degrees, was recorded on February 28 but several warm periods during the month when the mercury rose above freezing helped break the frigid monotony. Nineteen of the 28 days had subzero low readings but only five high readings were below zero.

March

March came in like a lion with —35 degree temperatures and 35 inches of snow on the ground. The thermometer then began to climb and only four more sub-zero readings were noted in the month. High temperature was 42 degrees on March 27 and 17 days had

Defense Asks New Trial for Wangberg

Youth Is Sentenced To 15-40 Years by Judge Brink Friday

Defense attorneys entered a motion to vacate the verdict and order a new trial in the second degree murder conviction of Paul Wangberg, Thief River Falls, when sentence was announced by Hon. Lyman A. Brink, district court judge, in Warren on Friday. Wangberg was found guilty of second degree murder by a Marshall county jury December 22 after nearly 12 hours of deliberation following a 10-day trial.

Judge Brink sentenced the 19-year-old son of Rev. and Mrs. Reuben Wangberg of this city to an indeterminate sentence of 15 to 40 years and committed him to the Youth Conservation Commission at St. Cloud. The YCC will determine whether the youth will be committed to the St. Cloud Reformatory or the state prison at Stillwater. He was taken to St. Cloud by Marshall County Sheriff Oscar Erickson this morning.

Wangberg was charged with second degree murder in the fatal shooting of Thief River Falls Police Sgt. Donald Myers last February 17. Judge Brink gave the jury four alternatives in his instructions, saying they could find the youth not guilty, not guilty by reason of insanity, guilty of third degree murder or guilty of second degree murder.

Formal argument on the motion for a new trial will be held at 10 a. m. Monday, January 14, at the Marshall county courthouse in Warren. H. O. Chommie and C. L. Charlson, attorneys for the defense, told the Times that a lengthy list of grounds for a new trial had been presented to the court. If the motion is not granted, the case will be appealed to the Minnesota Supreme Court.

The defense case was based on attempts to prove that the Wangberg youth was insane at the time of the shooting and did not know the nature or consequences of his act. The motion for a new trial includes reference to the court's failure to permit presentation of evidence which the defense believes would have been beneficial to its case, acceptance of prosecution statements to which the defense objected, and that the judge failed to charge the jury, if it saw fit to do so, to find the defendant guilty of first or second degree manslaughter which carries a less severe penalty.

NEW Pennington county officer taking an oath of office Tuesday will be C. L. Charlson, Thief River Falls attorney, who was elected county attorney in the November 5 election. He will succeed L. W. Rulien in that capacity. The only other new county officer will be Dr. David Brown of Goodridge who was appointed county school administrator. He will administrate the county's rural schools following the resignation of Mrs. Martha Matheson, county superintendent, and the abolishment of the county superintendent of schools' office.

Vaarblomsten and Snorre Lodges in 1963 Installation

Martin Gulbranson and Mabel Rude Are Inducted as Presidents of Groups

The Snorre and Vaarblomsten lodges of the Sons of Norway held a joint installation of officers Wednesday evening, January 2, in the Eagles Hall, with Lawrence Aase serving as installing officer.

Stardig-Tinnes Vows Are Spoken at Middle River

The First Lutheran church of Middle River was the setting of the Christmas wedding which united Judith Elaine Stardig and Herbert Claire Tinnes in marriage on December 21. The couple, both of Grand Forks, N. D. repeated their vows at the 7 o'clock candlelight ceremony before Rev. James Hanson, who used the double-ring ritual.

Approximately 125 relatives and friends were in attendance. The Christmas trees flanking the altar, and the large tree, were all lighted in blue lights. Pews were marked by lighted candelabra decorated with white pine tips, flocked balsam, and light blue carnations.

An organ recital was played by Miss Barbara Bry of Manvel, N. D. while the ushers, Bill Stardig and Gordon Parr, were seating the guests. Miss Bry also accompanied soloist Carol Christenson of Dazey, N. D. in her vocal rendition of "Song Of Ruth," "Wedding Prayer," and "The Lord's Prayer."

To the strains of the bridal march, the bride proceeded to the altar on the arm of her father, by whom she was given in marriage. Her floor-length gown of bombazine silk mist and Chantilly lace was detailed with a Sabrina neckline trimmed with sequins and baby pearls. It featured Mary Stuart sleeves, and a bouffant skirt of silk mist with a lace-edged overskirt, gathered up by three front bows. The gathered flounce in back swept to the floor. Her fingertip veil of pure silk illusion fell from a crown of sequins and baby pearls. She carried a cascade bouquet of white roses and variegated holly foliage. Interspersed among the roses and holly were silver glass ornaments.

The matron of honor was Mrs. Kenneth Bina of Grand Forks, N. D. Other attendants were Mrs. Ronald Brocker of Wausau, Wisc., and Miss Sharon Luoto of Minneapolis. Mrs. Bina wore a dark blue sheath dress of crystalline with a light blue overskirt, and the other attendants were attired in light blue sheaths with darker blue overskirts. The crystalline headbands matched their overskirts. Their crescent-shaped corsages were of white carnations with leaves fashioned from blue satin, arranged with glass ornaments in light blue, and garlands of white-frosted bells. Single-strand pearl necklaces which they wore, were their gifts from the bride.

Ronald Brocker, Wausau, Wis., brother-in-law of the groom, was his best man, and Dari LaVoi and Kenneth Bina of Grand Forks, N. D., were groomsmen. Richard and Daniel Stardig, young brothers of the bride, were acolytes. All the men in the wedding party wore dark suits. Boutonnieres, with the exception of the white rose worn by the groom, were of blue-tipped white carnations.

The bride's mother chose a dress of antique white satin brocade accessorized with brown, while Mrs. Tinnes chose a brown dress with matching accessories. Corsages of yellow roses and white carnations completed their costumes.

A reception was given in the church parlors immediately after the ceremony. Given by the parents of the bride, it was presided over by Mrs. James Hanson as hostess. Candelabra were used at each end of the serving table, which was centered by a four-tiered wedding cake. Cutting and serving the cake was Mrs. Delbert Stoe of Brainerd, an aunt of the bride, and Mrs. Helmer Hoglin, Wahpeton, N. D. Mrs. Walter Schon, Fosston, grandmother of the bride, and Mrs. Joe Barrett, Lakota, N. D., the groom's aunt, poured. Guests were registered by Shirley St. Germaine, Grand Forks N. D., while the gift table was arranged by Reva Griffin and Penny Hagen. Assiting in the kitchen were Mmes. Ray Gusa, David Nelson, Fred Larson, John Luoto, Squire Holmes, and William Halverson.

Guests from a distance were from Wausau, Wisc.; Grand Forks N. D.; Erskine, McIntosh, and Minneapolis.

For her going-away costume, Mrs. Tinnes selected a green wool tweed suit with a corsage of white roses and variegated holly leaves.

The bride, daughter of Mr. and Mrs. Vernon Stardig of Middle River, and a graduate of the Middle River high school with the class of 1959 is presently a senior at the UND at Grand Forks.

Her husband, son of Mr. and Mrs. Herbert Tinnes Sr. of Grand Forks, is a graduate of the Grand Forks high school and is likewise a student at the UND.

Party Given Here For Geri Lynn Randorf

Geri Lynn Rondorf, whose third birthday occurred on December 29, was honored at a party at the home of her grandparents, Mr. and Mrs. Roy Randorf. Supper, with the traditional birthday cake as a highlight, was served to the guests, and after supper the figts were opened. Guests were the little girl and her parents, Mr. and Mrs. Robert Randorf, and her sister, Connie Frances, of Crookston; Mr. and Mrs. Gary Randorf and Jeffrey, Grand Forks, N. D., and Mr. and Mrs. Paul Wangsmo and Douglas, of Tacoma, Wash.

Carol Carpenter To Be January Bride

Mr. and Mrs. Eugene Carpenter announce the engagement and approaching marriage of their daughter, Carol, to Vernon Hovet of Goodridge.

Miss Carpenter attended school in Plummer. Mr. Hovet is a 1960 graduate of Goodridge high school and is presently employed in Minneapolis.

A January 19th wedding is planned.

Falls Squares Host Novel "Space" Dance

Cadet Ken Meyer, caller from "Outer Space" for the Falls Squares and their guests Saturday, January 5th, reached 'way out to bring orbiting dancers down to earth. Colorful planets were plainly labled to enable square dancers accepting tickets on the "Space Ship" to locate Mars, Venus, Neptune, etc. for the "Count-down" and "Blast Off" signal, arranged by Elva Jude in a novelty number effectively handled.

Substitute astronauts Denny & Luverne Inman greeted dancers as they arrived, since their superiors had sky-rocketed to Winnipeg for the evening.

Rockets and sputniks hovered over the serving table where capsules of food were handed out by Messrs. and Mmes. Ken Kohler, Roy Canndy, and Morris Owen.

Dancers were invited to join the Hi-Flyers in Grand Forks any 1st, 2nd, and 4th Thursdays at the Air Base, and the Anniversary dance on January 18 at Central High School in Crookston, with Mac McKenzie calling, and on January 19, in Roseau, George Engebretson calling.

The Falls Squares will hold a "Record Hop" square dance on January 19th in the City Auditorium, with a special disc jockey in charge of the program.

Carlsons Gather For Annual Party

An annual Carlson family Christmas dinner, given by Martin Carlson and Mrs. Winifred Carlson on Sunday, December 30 in Noper's Fireside Room, again brought together a number of relatives for the occasion.

After dinner, the group spent a social afternoon, which was in turn followed by supper.

Attending were the Myrle Carlson, Nick Carlson, Gary Carlson and Robert Carlson families, all of this city; Glenn Carlson, St. Cloud; the Wayne Carlson family of Hopkins, and Jack Carlson family of Duluth, and Mrs. Evan Jones of Long Beach, Calif. Unable to attend were Darrell of Duluth, and Beverly, of Washington, D. C.

D. Kvemshagen, Teacher At Newfolden, Weds

The Evangelical Lutheran church of Northwood, N. D. was the setting for the wedding of Miss Doreen Kvemshagen, Kempton, and Rolland Amundson, Newfolden, on Saturday, December 29. Prompting the exchange of vows was the Rev. Astrup of Northwood. Robert Hagen, Northwood, was the organist, and Mrs. Delores Bakke of Newfolden, the soloist.

Mr. and Mrs. Odin Kvemshagen, Kempton, are the parents of the bride, and Mr. and Mrs. Oscar Amundson, Newfolden, the groom's parents.

Escorted to the altar by her father, the bride was attired in a floor-length gown of peau-de-soie. Alencon lace motifs enhanced the rounded neckline and the bouffant skirt. The gown also featured a fitted Basque blouse and the sleeves were long and tapered. The shoulder-length veil was of silk illusion and was arranged from a crown of seed pearls and crystals.

The cousin of the bride, Mrs. Darveld Schrender, Grand Forks, N.D., was matron of honor. Miss Marlys Erickson, Hatton, N. D. and Miss Beverly Engelsrud of Newfolden were bridesmaids. They wore dresses of emerald green velveteen, and long white gloves. They also wore headbands of white fur and, like the bride, they carried one white rose.

Leslie Folden, Newfolden, was best man, with Verlyn Ness, Minneapolis, and Darreld Schreader of Grand Forks, N. D. as groomsmen. The guests were seated by Mervin Olson, Kempton, and Newell Berggren, Minneapolis.

Cutting and serving the cake at the reception were Mrs. John Mark of Langdon, N. D. and Mrs. Einar Rokke of Minneapolis. Mrs. Ella Ness of Grand Forks, N. D. and Mrs. Arthur Lindstrom of Argyle, poured. Mrs. Thomas Skalsky of Ada was at the guest book. The groom's cake was served by Pamela Schreader and Bradley Mark. Mrs. Sherman Johnson, Mrs. A. Jodock, and Mrs. A. Stamnes were dining room hostesses.

The bride is a graduate of Northwood high school and Concordia College. She is presently teaching at Newfolden. Mr. Amundson is a graduate of Newfolden high school, and is engaged in farming near Newfolden, where the newlyweds will make their home.

TLCW To Have First Meetings of 1963

The newly-organized circle groups of Trinity Lutheran church Women will hold their first meetings of the year on January 8, 9, and 10, with the 20 groups scheduled to meet at various times and places. Some groups meet mornings, others on afternoons, and still others in the evening. The schedule is published in the Times, and in the church bulletin.

Main purpose of the meetings is Bible study, the theme for 1963, "So Live In Him."

Knights of Columbus to Hold Social Hour

Our Lady of Lourdes Council of the Knights of Columbus will have a social meeting Thursday, January 10 at 8:15 p. m. in the parlors of St. Bernard's church. Members and wives, or their guests, will be entertained with musical numbers, games, and other activites. Refreshments will be served. Robert Protz, chairman of council activities, is in charge of the event.

Sharon Eliason To Wed Adam Grobove

Mrs. Tillie Eliason of Hibbing, formerly of Goodridge, announces the engagement of her daughter, Sharon Audrey, to AMS-3 Adam A. Grobove, Jr., son of Mr. and Mrs. Adam A. Grobove Sr. of Hibbing.

Miss Eliason, a graduate of Goodridge high school and of the Don Marie beauty school of Hibbing, is at present employed at Rose Bud Beauty Studio in South Milwaukee, Wisc. Her fiance, a graduate of Hibbing High, is stationed at the Naval Air Station, Guantanamo Bay, Cuba.

No date has been set for the wedding.

Catholic Youth Hold Party Last Thursday

Approximately 150 area high school students attended a post-Christmas party at St. Bernard's Hall last Thursday evening. Sponsored by St. Bernard's Teen-age CCD, the guests were members of Catholic Youth Organizations from St. Joseph's church, Red Lake Falls; St. Francis Xavier church, Oklee, and Assumption church, Florian.

The party was planned by the Teen-age CCD Board. Vickie Goulet is president of the board, and Pat Munt is secretary-treasurer.

Dick LeMoine To Be Guest of Newcomers

Newcomers' Club will meet Wednesday evening, January 9 at 8 p. m. in the meeting room of the court house. Their guest for the evening will be Dick LeMoine of LeMoine's Beauty Shop, who will demonstrate styling techniques. Lunch will be served by the hostesses, Mrs. Delmar Rasmussen and Mrs. Howard Hagen.

Any newcomers to the community are also invited to attend the meeting, and anyone wishing further information concerning the club is asked to contact Mrs. Hagen, MU 1-1645.

Mrs. G. Netteland Honored On Birthday

Mrs. George Netteland was guest of honor at a birthday party at her home on Wednesday, January 3 given by the members of her birthday club.

A social afternoon was enjoyed, and the guest of honor was presented with a purse of money. A buffet lunch was served, featuring a decorated birthday cake.

Guests were Mmes. Johnny Nelson, Oscar Odegaard, Anna Gunderson, Jim Plymire, Curtis Lemke, Hildur Lian, Misses Hilda and Anna Ahlberg, and Gunhild Evenson, and Mr. and Mrs. Carl Alberg. Mrs. Norman Nelson, Neil and Gerald and Roy Olson. Contributing to the gift but not able to be present were Mrs. Ida Bursta, Mrs. Arnt Wedul and Miss Phoebe Anderson.

Sow and Hoe Club To Meet Tuesday

The Sow and Hoe Garden Club will meet at the home of Mrs. Clara Heleren, with Mrs. Inga Geving as assisting hostess, on Tuesday night, January 8, at 8 o'clock. Program chairman Marie Cernousek, with the assistance of Mrs. Palmer Lorenson, will present a program entitled "Roses." Lunch will be served by the hostesses at the close of the evening.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. WM. LAFAVE

A slightly different version of the popular and versatile "'burger" is this one which we secured from the wife of a local creamery manager, Mrs. Bill (Wm.) LaFave. It's for all of you hostesses who want something quick and easy, and yet so downright good that you'll be proud to serve it to your very favorite guests.

"SHRIMP-BOAT BURGER"

¼ clove garlic
½ cup commercial sour cream
¾ teaspoon dry mustard
½ teaspoon salt
¾ teaspoon salt
1 tablespoon lemon juice
1 cup chopped olives
¼ cup chopped mushrooms
1 10-oz. package frozen shrimp (thawed, diced, and de-veined.)
6 tablespoons butter, softened
6 frankfurter buns, split

Mash garlic in a bowl. Add the next four ingredients. Stir in the olives, mushrooms, and shrimp.

Butter the buns and toast lightly, buttered side up, under the broiler. Remove bottom half of bun from broiler and spread with the shrimp mixture. Place under broiler and broil 2 or 3 minutes. Put the buns together and serve.

Mrs. LaFave, as might be expected, came up with a recipe making use of a dairy product, in this case commercial sour cream. (Her husband is manager of the local Bridgeman creamery plant.) She calls these 'burgers a family favorite, explaining that although the recipe is so simple, it is very tasty, and a repeater at her house.

The LaFaves have two children, Darlene, who is a home economist with Northern States Power Co. in Minneapolis, and Donald, at home.

Our home-maker calls gardening her main hobby, vieing for top interest with entertaining and its usual counterpart, cooking.

Members of St. Bernard's Church, she belongs to a Circle and to the ladies' guild. She also belongs to the Gourmet Club.

They have a lake cottage, and spend as much time as posslble there each summer. Mr. LaFave is an avid sportsman and hunter.

Marshall ASC Head Seeks Farm Signup on Feed and Wheat Plan

Farmer participation in the 1961 and 1962 feed grain programs is bringing about a one-third reduction in feed grain stocks, according to Edward A. Johnson, chairman of the Marshall County Agricultural Stabilization and Conservation committee. By next Oct. 1, feed grain stocks are expected to be about 28 million tons below the 84.7 million-ton level of Oct. 1, 1961. Wheat stocks will be down about 100 million bushels next July 1 as a result of participation in the 1962 wheat stabilization program, he said.

By participating in the diversion programs, the farmer earns a diversion payment and a price-support payment, and he also qualifies for a regular price-support loan or purchase agreement on his crop.

The signup period for 1963-crop corn, grain sorghum, barley and wheat in spring wheat areas under the voluntary feed grain and wheat stabilization programs has been set for Feb. 1 through March 22, 1963. The signup period for wheat in winter wheat areas ended Dec. 14.

"We hope," Johnson said, "that between now and the time for filing program applications, farmers will get all the facts about the diversion programs, and then plan their 1963-crop production around the programs. These 1963 programs provide a means of making further programs toward solving our problems of surplus stocks and low farm income."

Price support on 1963-crop corn, grain sorghum and barley will be available only to producers taking part in the 1963 feed grain program. Wheat farmers who do not sign up to participate in the 1963 wheat stabilization program may qualify for price-support loans or purchase agreements (but not for price-support payments) by complying with their farm wheat acreage allotments.

The price-support payments are a new feature of the 1963 diversion programs. They will be made on the normal production of the 1963 feed grain or wheat acreage, as the case may be, regardless of the farm's actual yield and also without regard to whether the crop is fed, marketed or placed under price support.

'62 Near Record for Annual Area Precipitation

(Continued from page 1)

high readings above the freezing mark. Spring appeared to be on the way.

April

Ice left the river at Thief River Falls at 10:31.02 a. m. April 17 and the low precipitation during the month held hopes high for an orderly run-off and a good crop year. Total precipitation was .54 inches and a high reading of 78 degrees was recorded on the 24th.

May

For six days this month appeared to be a continuation of perfection with no precipitation and temperatures reaching into the high 70's and low 80's. Last freezing temperature of the season was a 26 degree reading on May 6. Then the heavens opened and 18 consecutive days of traceable or greater precipitation swamped the area. Rain fell on four more days before the month was completed and the total showed 7.53 inches of rainfall during May. Scattered areas received even greater amounts and the cloudy, drizzling weather retarded the planting season. Hopes from the previous month began to dim and complaints about the uncooperative weather grew louder.

June

This month offered no reprieve and for all intent and purposes put the finishing touches on farm feelings of despair. Rain fell on 14 days and totaled 3.07 inches at the end of the 30-day period. Temperatures ranged from 82 to 85 degrees as high readings for the last seven days of the month. A tornado moved through farm territory south of the city and hail fell in the city. Dairy Day in Thief River Falls June 19 again escaped without rain.

July

July fizzled like a wet firecracker with another 5.18 inches of rain on 15 days with the greatest amount being 2.15 inches on July 7. High temperatures were in the 70's and 80's with the only exceptions being two 69 degree readings. Except for rainfall the month was uneventful.

August

Rain fell on only nine days during the traditionally dry month but came in greater amounts to result in a total of 4.66 inches. First 90 degree reading of the season was noted on August 27. Fields which had been planted were being plowed or had been plowed to kill wild oats which grew in profusion in county fields. Water was not lacking to the Jaycees Aquacade as rain managed to fall for the Saturday parade and Miss Aquacade contest.

September

In September began the drying-out process with only seven days having traceable or greater precipitation and 2.24 inches of rain falling. High temperatures ranged from 53 to 83 degrees and for the first time all year a person could feel relatively safe leaving home without an umbrella on a sunny morning. First real killing frost came with a 27 degree reading September 20.

October

First below freezing reading in the month was 24 degrees on October 20 — a full month after September's first frost. Precipitation slowed to a trickle with .71 inch falling on a total of seven days with .23 inch being the greatest amount. High reading was 77 degrees on October 15 and Indian Summer was most welcome.

November

First snow of the season — 1.7 inches of it — fell November 6, followed by another generous three inches the following day. No sub-zero temperatures were recorded and high readings ranged to 51 degrees on November 26. Three low readings were above the freezing mark. The month had a total of 5.70 inches of snow and an additional .16 inch of rain.

December

A white Christmas was assured when five inches of snow fell on December 22 and the thermometer plunged from 31 degrees to zero. The snowfall was followed by eight consecutive days of sub-zero temperatures and an additional 1½ inches of snow.

County Welfare Board Reports on 1962 Activities

pendent children program.

The area vocational school attracts many persons to training courses, and if the family is receiving financial help through the ADC program they gain residence in Pennington County after one year. This is not true in the general relief program, however.

In addition to these responsibilities, the welfare department is required to do all the bookkeeping for the Oakland Park nursing home. All monies received and disbursed by the home are handled through the welfare department although by law the county auditor and treasurer must hold the monies in their accounts and must sign all warrants just as they do for all Pennington County funds. The amount of money received and disbursed for Oakland Park in 1962 is more than $170,000.

The staff of the welfare department is made up of two typists, one accounting officer, three case workers and the director. This is the same number as has been employed for a number of years.

66,500 orphans . . . not 750,000

Thirty years ago, there were no less than 750,000 orphans in this country—750,000 children under 18 who had lost both parents. Today, with a population 50% bigger than it was in 1920, there are only 66,500 orphans. Here is dramatic proof of the effectiveness of modern drugs in keeping people alive . . . in keeping families together. Here is dramatic proof of the fact that . .

SERVING of a luncheon for the professional staff, employees and patients at Northwestern hospital was accomplished by the Thief River Falls hospital auxiliary on Friday. Mrs. Ray Jude is shown pouring coffee in the above *photo for three of the hospital's nursing staff members. Left to* right are Miss Marlene Klemele, Mrs. Judy VeVea and Miss Pearl Kleaven. Ambulatory patients were served in the cafeteria but those confined to their rooms were served New Year's party treats from a food cart operated by hospital auxiliary members.

St. Paul 1963 Winter Carnival Opens Jan. 25

Excitement and pageantry of the 1963 St. Paul Winter Carnival will be shared by residents of Minnesota's capital city with millions of television viewers.

The Jan. 25 through Feb. 3 festival, built around the notion that "Winter's a Winner" will be the largest salute to ice and snow since the first Winter Carnival, staged 77 years ago in 1886.

Seven network TV shows will originate from St. Paul during the celebration. Included are five performances of the late-night "Steve Allen Show", an hour-long "Captain Kangaroo Show" and the 90-minute "Wide World of Sports" program. All will be video-taped for presentation two or more weeks after the Carnival.

Allen and the cast of his 90-minute comedy show will take part in the Carnival's opening Friday night (Jan. 25) Coronation of King Boreas XXVII. They will tape four more programs in the St. Paul Auditorium Theater Jan. 28 and 30. Captain Kangaroo and his CBS-TV friend, Mr. Green Jeans, will entertain more than 10,000 children in the Auditorium Saturday, Feb. 2. And ABC-TV's "Wide World of Sports" will tape highlights of the National Outdoor Speed Skating Championships Jan. 26 and 27.

The KRSI Memory Music Uniform Ball, which follows the Torchlite parade Feb. 2, will be aired by several hundred ABC-Radio network stations at 9:30 p. m. that night.

Bearded Mitch Miller, host of the weekly NBC-TV "Sing Along with Mitch" program, will bring his baton to the Coronation of the Queen of Snows in the Auditorium Jan. 29.

Two frigid parades Saturday afternoon, Jan. 26, and Saturday night, Feb. 2, will bring 250,000 spectators into downtown St. Paul.

Other attractions include a toboggan slide in front of the state capitol, a skating rink surrounded by office buildings, the National Majorette Championships, balloon races, ice fishing contests, square dancing, curling, mutt races, ski jumping, slalom ski racing, hunt for buried treasure, drum corps competition, professional and amateur hockey, masquerade ball, dog sled team races and a jazz festival.

Detailed information may be obtained from Winter Carnival, 230 First Federal building, St. Paul 1.

HAPPY HOMEMAKING

by Laura Duerst

PENNINGTON COUNTY HOME AGENT

Any 4-H boy or girl 14 years of age is eligible to take part in the 4-H radio speaking contest. The topic this year is "How Should 4-H Prepare Me for Responsible Citizenship?" The 4-H is dealing with a broad topic covering many different aspects. You as a 4-H'er should select one topic that appeals to you because it is of importance to you. Last year Pennington county was fortunate enough to have the state winner, Kathy Torgerson.

Is there any boy or girl still wishing to join 4-H? Please contact the local club leader or stop into the extension office. So far, this year we have 473 members. How about trying for a 500 membership this year?

Now that several end-of-year sales are going on I would like to pass along to you a few tips, particularly if you are thinking of buying some towels. The durability and long-wearing qualities of a good bath towel are determined by the weave and strength of the yarn.

Feel the towel. It should be soft to the touch. Hold the towel up to the light. The towel should be so tightly woven that the light should scarcely show through.

Check the towel for depth. The weight of the towel does not necessarily indicate quality. It is possible to make a lighter towel with more threads per inch than a heavier one.

Note the underweave. It should be firm and even.

Check the selvage and the hem.

Check to be sure washcloths are cut on the grain.

Decorative Towels

Towels are necessities in the bathroom, but they can be decorative. Pick a towel that appeals to you in color and design; then color coordinate other bathroom furnishings to it.

Services Held For Lehart Stock, 47, Farmer at Mavie

Funeral services for Lehart Stock, age 47, well-known farmer of the Goodridge area, were held Sunday, January 6 at St. John's Lutheran church of this city, with Rev. A. C. Seltz officiating.

Last rites will be conducted at the Trinity Evangelical Lutheran Church at Odessa tomorrow, January 8 at 2 p. m., with Rev. Walter Going officiating. Interment will be made in the church cemetery at Odessa. Sinding's Funeral Chapel of this city is in charge of all arrangements.

Mr. Stock was the victim of an auto accident northeast of this city on January 2; he died the following day at Northwestern Hospital in Thief River Falls.

He was born January 5, 1915, at Odessa, coming to the Middle River area with his family as a child of two years. Shortly thereafter, they moved to Mavie where he received his education and grew to manhood.

He farmed for a number of years with his father, and upon his father's death still continued farm operations on the home place. He was a very active member of the Zion Lutheran Church of Mavie until the time of its dissolution, and at the time of death was active in the Germantown Zion Lutheran Church. Having much interest in community affairs, he was a member of the township board, and a board member of the ASC.

Survivors include one brother and two sisters, Reuben Stock, Peridot, Ariz.; Miss Hulda Stock, St. Paul, and Mrs. Grace Henkelman, Correll, Minn.

Preceding him in death were his parents.

Thora Anderson Rites Held At Grygla Friday

Mrs. Thora Anderson, a resident of the Grygla community for a long period of years, died on Sunday evening, December 30 at the Northwestern Hospital. She was 90 years of age.

Funeral services were held on Friday afternoon, January 4, at Our Saviour's Lutheran Church east of Grygla. Rev. Julian Erickson officiated at the rites, and interment was made in the church cemetery.

Mrs. Anderson was an emigrant from Norway, having been born there in Satersdalen on May 19, 1872. She grew to womanhood there and after coming to America, settled in North Dakota. She married Ole Anderson in Grafton, N. D. in 1899. They lived in Edinburg, N. D. for a short time, before moving to the Grygla community where they lived on a farm. They also farmed at Mavie for about seven Grygla in 1934. She has lived in Grygla since that year, her husband passing away in 1935.

Surviving are two daughters, Miss Ann Anderson of Minneapolis, and Mrs. Betty Bergslav of Moorhead. Three sons, Anund, Dreng, and Donald also survive, as well as three grandchildren.

Mrs. Anderson was preceded in death by her husband, one son, and one daughter.

CHAMBER L.I.F.E.

Living-Industry-Farming-Education

By Rolly Larson

Manager Chamber of Commerce

To do anything seemingly significant nowadays, one needs a lot of machinery. The Chamber of Commerce is no different than that. I suppose to wreck a town one wouldn't need much more than a bulldozer or a big bomb, but to build a community we need much more machinery than that.

Chamber of Commerce is really no more than the voluntary, free enterprise approach to community development, but in this country that is quite a bit. So, at this time of year we find ourselves electing directors and officers, appointing committees, appointing chairmen, holding orientation meetings, promoting the annual meeting and just genuinely kicking off what we hope can be our "Golden Year for Progress". The Chamber of Commerce can be one vehicle or piece of machinery through which some major accomplishments can be made — if the people of the community choose to use it wisely.

There are many things to be done that perhaps the Chamber can be instrumental in helping. Such things as building new schoolhouses for instance, must be sold to the community, and perhaps the Chamber could help do that. We have questionable airline and railroad mail and passenger service. Perhaps the Chamber can help keep and improve those services. We can do a lot to help promote new industry in Thief River Falls and more efforts will be displayed in that direction.

Retail Trade promotion is a never ending process and more effort must be shown in that direction and especially further out in the area. Customers from farther out can make a significant difference on the volumes of sales realized by local outlets. A person can go on and on and name literally dozens of areas of work to be done but I think we all get the point. Accomplishment will be what we make it and "we" is all of us doing our part in our community *voluntarily. Nobody else* will do it for us.

The reason for all of this is only to point out the need for a solid membership, a strong board, an orderly and effective committee structure, and a realistic and objective program of work. We feel that we have that for 1963 and with the support of the community as a whole our accomplishment can be really significant.

We can each do part of our share if we Shop and Trade Where Bargains Are Made — Here in the Heart of Northwest Minnesota, Thief River Falls.

Services Held for Mrs. Harwood Olsen

TRF Church and Business Leader Interred Jan. 5

Funeral services for Mrs. Harwood Olsen, age 48, who passed away suddenly at Northwestern Hospital on January 1, were held Saturday, January 5, 2 p. m. at Trinity Lutheran church. Rev. Reuben Wangberg officiated, and interment was made in Greenwood Cemetery; Sinding's Funeral Chapel was in charge of arrangements.

Margaret Olsen, daughter of Mr. and Mrs. Oscar Stadum, was born October 10, 1914 at Barnesville, Minnesota. Coming with her parents to Thief River Falls at the age of ten she was confirmed in Trinity church; continuing the schooling begun at Barnesville she graduated from Lincoln high school; member of the parish marriage to Harwood Olsen at St. Hilaire on November 24, 1945, and the Olsens have since made their home in Thief River Falls.

Mrs. Olsen was an active member of Trinity church, its ladies aid and circles; some of her many activities there included being secretary and treasurer of the Sunday school; member of the parish board of education for many years and former member of the church choir. She was also a member of various civic organizations and served as Asst. Secretary for the Production Credit Assn. In August, 1961, she completed 27 years of secretarial work for the Robert Lund Agency and since that time has been employed by the Les Ihle Agency.

Survivors include her husband, Harwood; one daughter, Ellerine Ann; two sisters: Stella, Mrs. Al Craig, Reseda, Calif.; Joyce, Mrs. Bill Larson, Wadena, Minnesota; four brothers, Juel Stadum, Crookston; Loren Stadum, Coleraine; Donald Stadum, St. Cloud; Arnold Stadum, Portland, Oregon. She was preceded in death by her parents and one brother and one sister.

Mrs. Jos. Seidel Succumbs Jan. 3

Mrs. Joseph Seidel of Thief River Falls died at the Greenbush hospital January 3. She was 63 years of age at the time of her death.

Funeral rites were held in the Badger Creek Lutheran Church of Badger this (Monday) afternoon with Rev. R. Snipstad of Greenbush officiating. Burial was made in the Bohemian National cemetery, south of Badger, with Helgeson funeral home of Roseau in charge of arrangements.

Mrs. Seidel was born at Cedar Rapids, Ia. At the age of two, the family moved to Roseau county, where they homesteaded on a farm in Barnett township, five miles south of Badger.

In 1918 she married Joseph Seidel of MacDonaldton, Pa. Shortly after their marriage Mr. Seidel returned to Pennsylvania with his bride. They lived there until 1928, returning to Badger in that year, and settling on the home farm where Mrs. Seidel farmed with the children while her husband worked in various counties in the area in the capacity of drainage engineer and land surveyor. He has been county engineer of Pennington county for the past twelve years.

In 1956 Mrs. Seidel moved to Thief River Falls to join her husband. She lived here until being taken to the Greenbush hospital.

Surviving are her husband, of this city; a son, Emanuel, Badger; three daughters, Mrs. Don (Evelyn) Branson, Pierre, S. D.; Mrs. Stanley (Adeline) Gonshorowski, Eugene, Ore.; Mrs. Linus (Patricia) Maurer, Minneapolis; a brother, Victor Kudrna, Mesa, Ariz.; and one sister, Mrs. John (Elizabeth) Altepeter, Grand Forks, N. D.

She was preceded in death by a brother and a sister.

Adolph Amundson, 81, Dies Saturday; Rites Wednesday

Adolph Amundson, pioneer resident of this city, who lived here since 1908, died January 5 at Northwestern Hospital at the age of 81.

Funeral services have been set for Wednesday afternoon, January 9 at 2 p. m. at the Evangelical Free Church. Rev. Joseph Swan will officiate, and interment will be in Greenwood cemetery. The body will lie in state from this evening until noon on Wednesday and at the church for one hour before the time of services.

A complete obituary will be found in the next issue of the Times.

Funeral Rites Held Today For Mrs. E. Swanson

Rites were held today, Monday, for Mrs. Enoch Swanson, 67, of this city, at the First Lutheran Church with Rev. Marvin Carlson officiating. Burial took place in Greenwood cemetery, with Sinding's Funeral Chapel in charge. Mrs. Swanson died at Northwestern hospital here on January 2.

She was born in Polk county on December 5, 1895, receiving her elementary education in Sanders township, and continuing it in Thief River Falls.

She was united in marriage to Enoch Swanson at Warren April 9, 1923. They made their home on their farm, continuing its operation until last year, when they moved into town.

Survivors include her husband; one son, Harold; two daughters, Marie (Mrs. Randall Erickson) and Pearl (Mrs. Alvin Wold) all of Thief River Falls; three sisters, Mrs. Fred Brandvold and Mrs. Susie Peterson, both of this city, and Mrs. Fred Peterson, Detroit, Mich. and a brother, Oscar Amble, Skime; and 11 grandchildren.

One sister preceded her in death.

Francis J. Burns, Once In Business Here, Dies Dec. 31

Francis J. Burns, 67, Hawley, associated with McFarland Auto Co. here from 1919 to 1927, died in a Fargo, N. D. hospital on December 31.

Funeral services were held January 3 in the St. Francis Catholic Church, Lake Park, and burial took place at Hawley.

Mr. Burns was born here September 1, 1895. He served with the armed forces in World War I, and in 1922 he married Edna Ryff in Minneapolis.

After leaving Thief River Falls in 1927, he established the Burns Motor Co. at Hawley.

He leaves his wife; two daughters, Mrs. Hubert (Mary Ellen) Arneson, St. Paul, and Mrs. Robert (Dorothy) Stranger, San Diego, Calif.; three sons, Robert, Anaheim, Calif., and Thomas and Donald, both of Hawley; three sisters, Mrs. Gerald Aniron, Seattle, Wash.; Mrs. J. P. Nolan, Sacramento, Calif., and Mrs. A. G. Janse, Willmar, as well as 13 grandchildren.

Recount of Votes for Governor to Be Finished Today

Both Parties Claim Lead; More Than 90,000 Votes Have Been Challenged

The recounting of the some 800,000 paper ballots cast in the Minnesota gubernatorial election is expected to end today, authorities reported Saturday.

Both parties said the second counting of votes in all of the 87 counties has been completed, with the exception of Hennepin and Ramsey Counties.

The DFL reported a lead of 174 votes for DFL Lt. Gov. Karl F. Rolvaag over GOP Gov. Elmer L. Andersen with all but 70 of the state's 3,785 precincts recounted.

On the basis of a recount of 3,691 precincts, the DFL said 50,276 Andersen ballots were challenged by Rolvaag inspectors and 44,010 votes for Rolvaag contested by Republicans.

The Republicans, with 63 precincts remaining to be recounted, gave Andersen a lead of 98.

They reported 49,923 Andersen ballots disputed by DFL inspectors and 43,269 Rolvaag votes challenged by Andersen recounters.

After the inspection of the ballots is concluded the recount will move into trial in Ramsey County District Court before a presiding panel of three district court judges.

Local Students On Dean's List

Placed on the dean's list for academic honors at Bemidji State College during the fall quarter were a number of students from the Times area. A total of 323 students were placed on the list, according to Dr. Judson P. Martin, dean of instruction.

Students carrying 12 or more quarter hours during any term and earning a B or better average are eligible for the dean's list which is published quarterly. Among those listed were Rosalind Emerson, Harvey A. Erikson, Pat Hamnes, Leslie Torgerson, Jerome Westrum, Julie Quern and Kathryn Thompson, Gonvick; Janet Demarais and Sylvia Patenaude, Red Lake Falls; Judy Bredeson, Middle River; Bonita Rokke, Newfolden; Lyndon Leining and Patricia Wright, Plummer; Corella Christianson, Goodridge, Shirley Koglin, Thief River Falls; and Kay Wik, St. Hilaire.

Only Terminal Auction Mart Closed for Year

Sales at the Thief River Livestock Auction Market will be held each Tuesday afternoon as in the past, according to Cliff Rohlf and Joseph Solney, partners in the market. A question arose when the Terminal Auction Mart announced that it would hold no more sales until further notice and an advertisement for the Thief River Livestock Auction Market was inadvertently left out of the Times. The two markets are under separate operation and the closing of the Terminal market does not affect the other sale.

The Library Corner

By Virginia Gjernes

Once upon a time a very wise, out-going and effervescent man said, "You know, there are no strangers — only friends we've not yet met". And so it is with books, too. It is unfortunate, indeed, that there are persons who deprive themselves of the warmth and *genuine pleasure derived from* the mental friendly handclasp with "friends" found in books.

But for those fortunate ones who have found the pleasure of books, the library keeps on covering its shelves with the newest and best of the fiction and non-fiction volumes rolling off the publishers' presses. And one of the newest is "Promises to Keep" written by Agnes W. Dooley about her son, Dr. Tom Dooley, who was indeed a friend to all who needed his friendship, who gave unstintingly of himself and his knowledge and who was never without a purpose or reason for living.

This story of Dr. Dooley is inspiring, but saddening, too, because he was taken so quickly from this life. The things he accomplished, even in the last year of his existance, are things which would take most people a much longer lifetime than young Dr. Dooley's — if they could accomplish them at all. If you haven't yet had the pleasure of making the acquaintance of young Dr. Tom you have a great, pleasant, heartwarming experience in store for you — with "Promises to Keep".

Perhaps you like your book-bound friends to be a bit more on the fantasy-side. If so, there's "Madame Castel's Lodger" waiting for you to clasp his hand. Frances Parkinson Keyes brings Confederate General Pierre Beauregard out into the open in her latest book. The fictional biography of one of the most famous generals of the Civil War is a vivid, engrossing story of other real and some make-believe Southern ladies and gentlemen.

The book was written in the very house the General occupied during his lifetime — the house which has since been restored as one of New Orlean's historic monuments by the author. It is written in meticulous detail and you will be on intimate terms with the General before you bid adieu to your new-found friends.

"Everybody Duck" is a nice, friendly term, isn't it? (Your enemies never bother to call their shots!) But "Everybody Duck" is not the story of a pugilist; instead it is the hilarious accounting of one family's land and sea cruise in a twelve-ton amphibious duck. It was fitted out with as many comforts of home as there was space — after a man, his wife, four daughters and three college boys (who comprised the crew) had boarded for cast-off. You'll laugh right along with, and probably aloud, as Virginia Hamilton and her friend and collaborator Virginia Taylor Klose tickle your funny-bone.

You'll experience serious moments too, as you encounter worlds so different from your own. Read this book, and you'll probably start packing even before you go down to the nearest Army-Navy surplus store on a duck-shopping spree.

There are other printed materials in the library, too. The start of the new year means periodical subscription-time renewals. You'll find "The New Yorker", "Vogue", "U. S. News and World Report", "Forum", "Holiday" and "Popular Science" and "Scientific American" and "Popular Science". Also on the magazine rack are "Seventeen", "Vital Speeches", and naturally, "Life," "Look" and "McCalls".

Then there's "Popular Science" and "Scientific America" and "Musical America" — and many, many others. Current issues are always ready for your perusal at the library. "The New York Times" (when published) and "The Wall Street Journal" on the paper poles are in constant demand.

Last year an average of 55 new cards were issued during each and every month at Carnegie Public Library — 55 new friends — 55 individuals who'll meet so many many new faces — the characters in the books crowding the shelves. Did you get your card?

9th Federal Reserve Dist. Thrives in 1962

Economic expansion in the Ninth Federal Reserve district during 1962 proceeded at a rate faster than that of the nation as a whole, the Minneapolis Federal Reserve *Bank noted today in the annual* report issue of the Monthly Review.

The impact of the improvement in farm income, up 8 per cent from 1961, provided stimulus for much of the expanding volume of district business activity. Crop marketing receipts showed a 16 per cent gain over last year, reflecting a substantial improvement in moisture conditions in the western states, and proceeds from livestock and livestock products sales increased over 4 per cent above the 1961 total.

Trends were mixed in many sectors of district economy as firms serving national markets in many instances followed national developments marked by a slow growth rate. Industrial output, however, as measured by indexes of kilowatt hours of electrical energy used for industrial purposes, rose steadily to an October figure 10.6 per cent above the January level. Increasing demand raised output and employment in district manufacturing plants, particularly in the durable goods category. An important factor in the larger demand for durable products was the rise in the value of contracts awarded district firms by both civilian and defense agencies of the federal government, the bank said.

District mining activity trends were mixed in 1962, with the emphasis pointing downward. Montana's 1962 copper production was interrupted by a labor dispute, which accounted for a decrease in copper production. Except for this work stoppage, a stable level was maintained in copper output both in Montana and Upper Michigan. Iron ore production outlooks, however, continued dim. Shipments of the ore from U. S. ports on Lake Superior totalled slightly less than the low 1961 shipments. A pellet production increase was offset by cutbacks in other types of ore. Two iron mines and an ore reserve were abandoned in northern Minnesota, pointing to a further reduction in iron ore production.

The amount of contract awards made for all types of construction in the district during the first ten months of 1962 was about even with the 1961 level, as residential building was up 9 per cent from the comparable period a year ago, nonresidential building showed an 11 per cent decline, and public works projects rose significantly in the latter half of 1962.

The trend to multiple dwelling unit construction continued in 1962, with apartment houses comprising 59 per cent of total residential building permits. In 1961, they accounted for 40 per cent of district residential construction.

The outstanding occurrence in the district banking year was a virtual explosion of time deposits following the change in Regulation Q on January 1, which lifted from 3 to 4 per cent the maximum interest rate that member banks can pay on time deposits. The deposit growth was coupled with a proportionate increase in loans, the bank concluded.

Bruggeman Herd Tops December DHIA Test

Donovan Bruggeman of Thief River Falls had the top producing herd of cattle in the Pennington County Dairy Herd Improvement association for the month of December, according to Orville Peters, DHIA supervisor. A list of the top 10 herds in the association is as follows:

	Milk Av.	Fat Av.	Test Av.
Don Bruggeman	1325	46.4	3.50
Darrow Lundeen	1419	45.2	3.18
W. Relerson	1109	40.0	3.61
Martin Hanson	955	37.1	3.89
Paul Morkassel	890	35.0	3.94
Earl Erickson	715	33.6	4.70
John Burtness	971	33.1	3.41
Dale Svendsgaard	961	32.9	3.42
Myron Carlson	814	31.4	3.86
Art Stenberg	892	30.9	3.46

There were 25 herds on test with a total of 702 cows during December with the Pennington association. Seventy-five percent of the cattle were milking. Average amount of milk produced per cow was 788 pounds which tested 3.62 percent fat. This amounted to 28.5 pounds of butterfat per cow.

Herd averages are affected by the number of dry cows in the herd. The amount of milk or butterfat produced is averaged out over all the cows, giving the farmer a record of the earning power of the herd for the month.

If too many dry cows are included in the herd, the average for that month may be low although the cows which are milking produce a lot of milk.

Three cows finished with over 530 pounds of butterfat during the testing year, in a 365-day or less lactation. They are:

	Cow	Days	Milk	Fat
O. Chervestad & Son	No. 17	350	13700	500
J. Burtness	Snowball	365	13500	511
Paul Morkassel	Martha	365	13170	544

Eleven owner-sampler herds were on test with a total of 214 cows, seventy-four percent of which were milking.

Mercury Holds High Levels As January Opens

Only one sub-zero temperature has been recorded to date in 1963—that being a —5 reading on Saturday morning. Yesterday the mercury climbed to a balmy 36 degrees and, although skies were mostly clear at Thief River Falls in the afternoon, rain fell at Fargo and light rain fell north to Lake of the Woods.

High and low temperatures the past several days included 28 and 11 on Thursday, 26 and 11 on Friday, 23 and —5 on Saturday and 36 and 13 on Sunday. Sunday's attractive temperatures prompted a mass migration of anglers to Lake of the Woods and other area fishing spots.

The long-range forecast calls for temperatures 5 to 12 degrees above normal. January of 1962 also started warm but the temperature dropped to —25 degrees by January 5. In 1961 the low was —27 for the first week of the year and in 1960 the first week's low was —21 the lowest of the month.

U.S. Brotherhood Week to Be Noted February 17-24

Dr. Charles W. Mayo of the Mayo Clinic, Rochester, Minnesota, has been named chairman of the National Brotherhood Week observance, February 17-24, 1963, in the Upper Midwest area, it was announced by Gerald T. Mullin, Louis Gross and Reynold C. Malmquist, National Conference of Christians and Jews' regional co-chairmen. "This historic event, now marking its thirtieth anniversary," stated Dr. Mayo, "comes at a time when the need has never been greater for a practical demonstration of good will, understanding and civic cooperation among Americans of differing religious, racial and cultural backgrounds. Brotherhood is democracy at work."

Prowler Quint Whips Park Rapids 81 to 59

With the score at 8 to 6 for the Prowlers over the Park Rapids Panthers midway in the first period, coach Jack Junker's locals erupted for 18 points while holding the visitors scoreless to take a 26 to 6 lead and then go on to defeat coach Lowell Anderson's club, 81 to 59, in a basketball game played on the local court Saturday night.

The Prowlers will travel to Bemidji on Friday, Jan. 11, for an important Region Eight game against coach Bun Fortier's highly-rated Bemidji Lumberjacks.

In Saturday night's high-scoring game here, the Prowlers' John Aune opened the scoring by looping a jump shot into the west basket. Park Rapids' fine left forward, Fred Dierks, drove under the basket and scored a two-pointer on a reverse lay-up. Paul Klungness hit on a jump shot from the lane. Jerry Stigman, a second cousin of the Minnesota Twins pitcher Dick Stigman, scored a free throw. Aune and Klungness notched Prowler field goals for an 8 to 3 lead for the locals. Stigman's field goal and a free throw by Rick Cochran pared the Prowlers' lead to 8 to 6. But then the Prowlers put on their 18-point scoring splurge. It was a pair of free throws by Tom Lindberg, two field goals by Klungness, an outside shot by Aune, a one-handed toss by Lindberg, a field goal from the free throw circle by Aune, a drive-in by Klungness, and field goals by Lindberg and Aune. And the Prowlers held a 26 to 6 lead.

The Prowlers opened the second period with Rick Jensen and Steve Mittelstadt scoring field goals, giving the blue-and-gold a 30 to 6 lead. The Prowlers, with that point-cushion, maintained control of the game and had a 44 to 20 advantage at the intermission.

During the second half of the game, the Panthers, resorting to a zone press at times, and with Dierks and John Komula leading the attack, outpointed the Prowlers, 39 to 37.

The Prowlers had four players scoring in double figures, with Lindberg, Klungness, and Aune having 20 points apiece, and Gary Hagen hitting on five field goals for ten points. The Panthers' Dierks gained the game's high-point honors with 22 points.

Center Tom Lindberg, in addition to his 20-point effort on offense, played a strong role off the boards, turning in one of his best games as rebounder. Klungness, too, showed to advantage as the Prowlers out-rebounded the visitors.

Thieves Hockey Six Wins Two on Weekend

The senior hockey Thieves, winning a pair of games during the week, continued undefeated in exhibition and league play. On Friday night, on the Arena ice, the Thieves, after trailing St. Boniface College by a 5 to 0 score at the end of the first period, rallied for three goals in the second period and seven goals in the third period to mark up a 10 to 7 win. On Sunday afternoon, in a Northwest Hockey league game played at Crookston, the Thieves, in a game that was handicapped somewhat by slow ice, defeated coach Bud Salem's Crookston Pirates, 6 to 1.

The Thieves will play the Grand Forks Warriors on the Arena ice here on Sunday, Jan. 13, with the face-off slated for 2:30 p. m. In an earlier game between the two teams, played at Grand Forks, the Thieves eked out a 5 to 4 win in overtime.

Friday night's entertaining game found the collegians from St. Boniface turning in a fine exhibition of skating and team-play to rack up five goals in the first period. On the play in the period, the St. Boniface club appeared to roll up an easy win.

But coach Duane Glass' club picked up three goals in the second period, with Dale Wennberg, Eddie Holmes, and Joey Poole scoring, to pare the Canadians' lead to 5 to 3.

And in the third period, with Wennberg and Holmes hitting the nets for three goals apiece, the Thieves tallied seven goals to gain a 10 to 7 win. During this scoring spree the Thieves notched three goals in thirty-six seconds of play.

In the Thieves' winning effort against Crookston in league competition on Sunday afternoon, wing DelRay Offerdahl sparked the attack with a three-goal performance. Joey Poole, Chip Strand, and Dale Wennberg added single goals as the locals marked up a 6 to 1 win. The Crookston Pirates, in a Saturday night game at Roseau, scored a 7 to 5 win over the Cloverleafs in a Northwest league tilt. The Thieves boast a mark of four wins and no losses in league play.

Minnesota Farm Account Books Now Available

Farm account books are now available at the Pennington county extension office, according to Paul Stelmaschuk, county agricultural agent. The books are sold for a nominal price and provide a useful record for filing income tax returns at the end of the year, Stelmaschuk said.

The book is arranged so that income tax amounts can be simply deducted from it and information recorded in the books provides useful information in studying the farm business. Each year about 100 Pennington county farmers purchase the Minnesota Farm account books.

Stelmaschuk also noted that the Farmer's Income Tax Guide is not at the office yet but is expected in the next few days. This booklet will provide much information for farmers on the latest income tax calculations and is free to farmers of the area.

The service you get from a carpet depends on its basic quality, the amount of use it gets and the care you give it.

Women's Curling League to Start Thursday Night

The women's curling league schedule will get under way on Thursday evening, Jan. 10, at the Fair Grounds curling arena. On the 7:00 p. m. draw on Thursday, the Edith Nabben rink will meet the Bonnie Tunberg rink; the Fern Liden rink will meet the Alice Liden rink; and the May Jahr rink will meet the Betty Liden rink. On the 9:00 p. m. draw, the Clara Mae Swanson rink will meet the Lois Amundgaard rink, and the Helen Olson rink will meet the Margaret Ose rink.

The men's curling league schedule will open this evening, Monday, with rinks being slated to curl on the 7:00 p. m. and 9:00 p. m. draws.

Tells How to Apply for First Social Security Benefits

Representative of Grand Forks Office to Visit City Tuesday, January 8

A representative of the Grand Forks district office of the Social Security administration will be in Thief River Falls at the city Auditorium Tuesday, January 8, at 10 a. m. Individuals who have questions regarding social security or who wish to file claims may contact him on that date.

Walter D. Kistler, social security district manager in Grand Forks, North Dakota, offered a few tips today on how to get your first social security check when it is due.

If you are nearing retirement, Mr. Kistler suggests that you get in touch with your social security office, and take some proof of your age with you. Have a member of his staff examine whatever proof you may have to see if it will be acceptable when you do retire.

Should you need better evidence of your date of birth, you will be given information to help you get that additional evidence.

If you are within three months of retirement age, the social security office can take your application for benefits now. Go to the social security office and take with you proof of your age and your social security card, of course.

Mr. Kistler said that even though you are still working and are 65 years old, you can apply at any time. Many people think that you have to retire completely to get any benefits. This is not true, Mr. Kistler said.

Cutting State Trees Seen As Serious Offense

There has been a recent rash of tree cutting violations along main highways and on other state lands in Carlton county, the Minnesota Conservation department reported today.

Most recent case involved two Duluth men who were apprehended cutting a spruce tree from Jay Cooke state park. They were brought into Justice Court at Carlton where they plead guilty and paid fines of $25 each.

The state takes a serious view of tree theft as indicated by the law which declares that although the first violation will be a misdemeanor, a second violation committed within a 12 month period will be a gross misdemeanor and is subject to a fine of $1,000.

GOOD START in the life of a fisherman was made by 18-year-old Raymond Jones, son of Mr. and Mrs. Allen Jones of Goodridge, when he speared this 23 lb. 6 oz. Northern in Basswood Lake near Ely. It was Raymond's first ice fishing attempt and the first fish he ever landed. To further complicate the issue, the 42-inch fish was attracted by a home-made wooden decoy which Raymond had carved. Several smaller fish were also taken by other members of the fishing party when the decoy replaced a commercial lure which attracted only Perch. The unlucky fish "looked like a log" Raymond said, and although he admits to being excited he hit it perfectly just behind the head. With him in the darkhouse was Richard Rosette of Babitt, formerly of Goodridge. The house was owned by Everett Johnson, brother of Eldon Johnson of Goodridge who talked Raymond into making the trip with him. One sad note: When a fisherman's first fish weighs 23 pounds, what does he have to look forward to in future trips?

Keeping Score with "Huck" Olson

Another Spectacular Performance

The basketball Prowlers, in scoring their 81 to 59 win over Park Rapids here Saturday night, and handing the Panthers their first loss in five starts, turned in another high-scoring performance. It marked the second time in the six games that coach Jack Junker's team has played this season that the locals have reached the 80 points plus total. Some weeks ago the Prowlers defeated the Ada Vikings, 88 to 52.

Park Rapids, coached by Lowell Anderson, the former New-folden Nordics all-round athlete, had won their four previous games played this season, having defeated Sebeka, Cass Lake, Wadena, and Staples.

But the Prowlers put on another red-hot p eriod of basket shooting when, in the first period, they raced away to a 26 to 6 lead. The locals, during the first half, hit at a 44.3 per cent rate from the field, and in the first period the percentage must have been above the 50 per cent mark. The Prowlers scored 18 points without an answer, breaking up a game that was at an 8 to 6 score in favor of the locals when the boys took the lid off the west basket midway in the opening period. John Aune, Paul Klungness, and Tom Lindberg were the Prowler marksmen during this splurge, with Aune's field goals being jumpers from the outside.

It's a fact that the Prowlers have a scoring potential, and if the boys are hitting the basket, and control their share of the rebounds, coach Junker's club can be tough competition for any team in the district or region. On Friday night, the Prowlers will meet the Bemidji Lumberjacks at Bemidji, and this could be quite a game.

Bemidji Coach Here

The chief Lumberjack, Bun Fortier, was in attendance at the game here Saturday night, scouting the Prowlers and the Panthers. Following the Prowler game on Friday night, Bemidji will travel to Park Rapids on Saturday night for a district conference game against the Panthers. You can be sure that the Bemidji coach will have some surprises planned for Friday night. Bemidji, you know, is rated in the state's "top ten" according to Art Johls' basketball standings, being in eighth place. The Prowlers are not ranked with the top twenty-five teams, so it must be conceded that the odds will be in favor of Bemidji on Friday night.

It is probable that the outcome of the game will hinge on the play of Bemidji's bulky and burly center, the 200-pound, six-foot four-inch Bill Rabe. If he can get position and control the boards, the Prowlers will have to be hitting the basket at the pace they exhibited against Park Rapids in order to offset this Bemidji advantage. The control of the rebounds is usually a game-winning advantage.

The Line Formed Quickly

Prior to the Rose Bowl game between Wisconsin and Southern California, the Winnipeg Blue Bombers of the Canadian football league was the only "big time" professional club to show an interest in the Badgers' Ron VanderKelen. But it was a different picture on Wednesday, the day after the Wisconsin quarterback had set passing records in the New Year's day game, having completed 33 passes in 48 attempts. The line of coaches and scouts, waving bonus money and contracts, formed quickly.

In addition to the Winnipeg contingent, and they had been given encouragement by VanderKelen, the Denver Broncos of the American Football league and the Washington Redskins and Chicago Bears of the National Football league were making bids for the services of the Wisconsin athlete.

It is somewhat strange that the Winnipeg club would be interested in the Badger quarterback as the Canadian football champions are well-supplied with such backfielders. The Blue Bombers have Kenny Ploen, the former Iowa star, Dick Thornton, formerly of Northwestern, and Hal Ledyard on the present roster. And Jimmy VanPelt, the former Michigan State quarterback, who is now in the Air Force but is expected to be released shortly, will join the Winnipeg club next season. VanPelt, in the two seasons that he played with Winnipeg prior to entering service, proved to be one of the best in Canadian football.

But apparently professional football quarterbacks are like twenty-dollar bills, you can't get too many.

Tax Commissioner Explains Tax Laws

Rules on Federal 7 Pct. Investment Tax Credit

Rolland F. Hatfield, commissioner of taxation, announced the adoption of the following rules with respect to the handling of the 7 per cent investment tax credit permitted under federal law, for state income tax purposes:

The existing state income tax law does not contain any provision by which the 7 per cent investment tax credit, which is now permitted by federal law, could be allowed for state income tax purposes.

Since the Minnesota law provides for the use of federal adjusted gross income as the basis for income taxation of individuals, estates and trusts, all adjustments provided for by the Internal Revenue Code affecting federal adjusted gross income, will be allowed in computing Minnesota income tax liabilities.

The determination of corporate net income is based on existing state law, rules and regulations, and any amendments to federal law dealing with corporate taxpayers would probably require state legislation to bring it into conformity with federal law. In computing depreciation, corporate taxpayers will be permitted to claim depreciation on the full cost of assets involved in computing the investment tax credit over the same depreciable lives used for federal income tax purposes.

It is, of course, possible that this matter will receive consideration by the 1963 Minnesota legislature.

Hockey Prowlers Win Three Games

Coach Gene Sack's hockey Prowlers, winning three Region Eight conference games during the weekend, picked up five points in the conference standings. The Prowlers, on Friday night, defeated the Hallock Bears, 6 to 2, at Hallock; and on Saturday, in an afternoon tilt, defeated Indus, 9 to 4, and in a night game, trounced Williams, 13 to 1. The games were played at Indus and Williams, respectively.

The Prowlers will be out of hockey action until Saturday night, Jan. 12, when coach Oscar Almquist will bring his Region Eight champion Roseau Rams here for a game on the Arena ice. A preliminary game, between the Roseau 'B' squad and the Prowler 'B' squad will be played at 6:30 p.m. The varsity game is slated to face-off at 8:00 p. m.

TRF 'B's Four-game Winning Streak Snapped

Coach Joe Mrkonich's Prowler 'B' squad cagers had their four-game winning streak snapped on Saturday night by coach Jerry Furuseth's Lake Bronson 'B' squad, losing to the Braves, 71 to 47.

The Prowler B's, with Dave Gustafson scoring six points and Fred Sorenson adding four points, held a 14 to 12 first period lead, but the Lake Bronson club turned in a 21-point second period to take a 33 to 19 lead at the intermission.

Leading the Braves' second period attack was sturdy Wally Sele, a 200 pound forward who exhibited remarkable agility. The stocky Lake Bronson player gained the game's high-point honors with 23 points, having 11 field goals and a free throw. Gustafson, with 15 points, and Rich Nelson, with 11 points, were the Prowler players to reach double figures.

Prowler Wrestlers in Grand Rapids Meet

The Prowler varsity wrestling squad and coaches Al Shaff and Dale Folger returned to town on Sunday afternoon from Grand Rapids where, on Saturday, the local wrestlers participated in the Grand Rapids high school invitational wrestling meet. Seven schools — Grand Rapids, Bemidji, Hibbing, Aitkin, Thief River Falls, Princeton, and Coleraine — were represented in the tournament.

The host Grand Rapids squad, with a total of 109 points, won the team title. The Bemidji Lumberjacks and the Hibbing Bluejackets shared runner-up honors with 74 points each. Aitkin scored 66 points. Thief River Falls tallied 37 points, Princeton had 22 points, and Coleraine had one point.

Two of the Prowler wrestlers, Roy Delorme in the 95-pound class and Joe Taylor in the 145-pound class reached the championship finals. Delorme dropped the decision, by two points, in an overtime match, losing to Bemidji's Tom Burlingame. Taylor also lost on a decision, with Hibbing's John Lund scoring a 7 to 4 won.

The Prowlers had five wrestlers in the consolation finals, and two of the blue-and-gold wrestlers were winners. Steve Skadsen defeated Jim Thompson of Aitkin to win the 127-pound consolation honors, and Dwight Myhrer, defeating Bemidji's Brian Connolly, won the heavyweight consolation match.

In the 112-pound class, Princeton's Steve Melxell scored a point-decision over the Prowlers' Roger Wilson. In the 120-pound class, Dennis Saari of Hibbing outpointed the Prowlers' Gary Nereson. And in the 165-pound division, Bemidji's Bob Leyendecker pinned the Prowlers' Ray Ulrich.

In Spite of Chilly Finish . . .

Moderate December Proves Warmer Than Past Years

In spite of a few chilly days during the latter days of the month, December of 1962 proved to be one of the more moderate 12th months in the past five years. Only 1959 eclipsed this year for December warmth but this year had by far and away the warmest individual high temperature with a reading of 54 degrees on December 1.

Although a five-inch snowfall slowed traffic and caused some inconvenience in travel December 22, the area has yet to experience anything like a severe blizzard this season. Additional half-inch snowfall on December 26, 27 and 28 brought the month's total to 6.5 inches with additional precipitation being .04 inch of rain early in the month.

Highest December reading in 1962 was 54 degrees on December 1 with the lowest mark a reading of —22 degrees on December 26 — a variation of 76 degrees. Lowest high was —12 on December 12 while the highest low was 30 degrees on December 1 and 3. There were two highs in the 50's this December, five in the 40's, six in the 30's and only two below zero. Two lows reached 30 degrees with five in the 20's and 13 below zero.

High temperatures averaged 23.16 degrees for the month with low readings averaging 3.42 degrees. These high and low averages compare respectively with 16.45 and —.9 in 1961; 17.97 and —1.74 in 1960; 27.68 and 13.35 in 1959; and 10.93 and —6 in 1958.

December of 1961 had a high of 35 and low of —25 with 6.8 inches of snow; in 1960 the high was 33 and the low —20 with 8.87 inches of precipitation; for 1959 the high was 37 and the low was —3 (the only sub-zero reading in December) with 2.2 inches of rain; and in 1958 the high was 36 and the low —23 with one inch of snow.

High and low temperatures and precipitation on the day-by-day report provided by North Central Airlines at the municipal airport are as follows:

Public Invited to Traffic Workshop

Area Meeting Slated at Detroit Lakes Jan. 16th

Active participation by Minnesota citizens in the 1963 traffic safety workshops was urged today by Garnet E. Hall, state highway safety director. "During the past three years, traffic accidents in our urban areas have increased more than 30 per cent, compared to about six per cent on rural roads," Hall said, "pointing out the need for strong accident prevention programs in our population centers."

The 1963 Traffic Safety Workshops will be held in six cities, under the supervision of the safety division of the Minnesota highway department, including Detroit Lakes Community high school, January 16.

"Citizens of every community have a vital part in reducing traffic accidents," Hall emphasized. "They are the ones who are most directly involved because most accidents occur within 25 miles of the home of the driver."

The workshops will begin at five o'clock in the afternoon with a general assembly, and break into four emphasis sessions following a supper. These sessions will hear an outline of the state's traffic needs, legislative proposals which will be made during the 1963 session, and plans for coordinating public and school safety education efforts to "Unite For Action" for the coming year.

Roadside Burning Destroys Cover for Pheasants

Conservation Department Biologist Cites Effect of Annual Fall Fires

Because of the warm dry fall weather this year, Minnesota pheasants are going to find winter cover and spring nesting sites at a premium, according to Maynard Nelson, Department of Conservation game biologist. He explained that because of the weather, farmers were unusually active burning roadside ditches, drainage ditches and marshes this fall.

He said the importance of roadside ditches can be understood when it is realized that 20 to 25 per cent of all pheasants are hatched in these ditches although they only comprise about two per cent of the total land area.

The excuse usually given for burning the ditches is that it increases their capacity to store snow, thereby helping keep the road clear during the winter. Nelson, however, discounts the effect of burning on the ditches ability to hold snow.

In any case, he said, the bad results of burning overweigh any possible good to be derived from the practice. In addition to the loss of pheasant habitat, he cited the destruction of telephone, power line and fence posts; rendering wire fences susceptible to rust; and removal of nitrogen from the soil.

Another fallacy some people believe, he said, is that the fall burning of weeds and cattails in a marsh will result in these areas growing up to good hay in the spring. The reverse is actually the case since burning stimulates the growth of weeds and the marshes simply produce another crop of cattails the following year.

Nelson said that in his opinion most people engage in fall burning simply because it has always been done. "If they really stopped and thought about it for awhile I think they would give up the practice," he said.

18,000 Invited to GOP $100 Dinner

Fund-raising Event Set in Minneapolis Jan. 26

Invitations to attend the annual $100 dinner were mailed to more than 18,000 Republicans in Minnesota this week. The 1963 dinner will be held January 26 in the Minneapolis Auditorium.

John S. Pillsbury, Jr., dinner chairman, has announced that the annual event will honor Dr. Walter H. Judd, retiring Fifth district congressman. Dr. Judd, Governor Elmer L. Andersen and other Republican leaders will speak at the dinner and special recognition will be given to new conservative legislators elected in November.

The theme of this year's dinner, "A Call to Arms", has special significance according to Lucian S. Strong, Republican finance chairman. Strong says "Minnesota Republicans stand on the threshold of great accomplishments as they look ahead, but, with the gubernatorial recount still in progress we must not relax. The demands of the future in terms of personal effort and organization will be heavy if we are to progress from the level of our gains in the past election."

Intensified personal effort in selling tickets for the dinner is being asked of the state Republican organization. Ticket chairmen in all counties have been working for several weeks to organize and prepare committees for a major effort.

$250,000 Sawmill for Red Lake Indians Will Be Finished Shortly

A new $250,000 sawmill at Redby, Minn., is as different from the old mill "as the Model T from a 1962 car," Charles E. Chester, Bureau of Indian Affairs forester, said last week.

The mill is being built by the Red Lake band of Chippewa Indians with profits from the old mill, built in 1924.

"This will be the hub of our industrial development," said Roger Jourdain, chairman of the Red Lake tribal council. "The timber industry is the backbone of the reservation's economy.

"The old mill was obsolete — so outdated that we were just breaking even on it. With the new one, we hope to attract allied industries, like furniture building and sash and door making. We're saving the old mill building in case one of these allied industries might want to use it."

The old mill, which cost $105,000 to build, has been idle since July, 1961. It could not compete profitably with more modern mills, particularly foreign ones, Jourdain said, and the tribe closed it on recommendation of the Bureau of Indian Affairs.

Under a contract between the Red Lake band and the Mater Division of Appleton Machine Company, Appleton, Wis., the new mill is scheduled for completion Jan. 25.

It will be entirely automated, Chester said, with four men doing in-mill work which required eight in the old plant.

Although the Indians are paying all costs of building the mill from tribal funds, the Bureau of Indian Affairs is co-operating in planning and supervising construction.

The old mill had two men "riding the carriage" — the mechanism which moves the logs as they are being sawed — while the new one has a riderless carriage.

Other push-button devices replacing manual labor include an automatic trimmer and edger (which squares off the boards and trims them) and power-driven chains moving lumber production through the sawmill.

Old and new mills have the same production capacity — a million board feet a month — but automation makes possible a space saving of almost 10,000 square feet in the main mill, said R. W. Dickinson, mill manager. The old mill was 180 feet by 80 feet, while the new one is 120 feet by 40 feet.

AAA to Honor Best Drivers in State

Motorists May Apply for Award until February 28

How's your driving record? The state's best drivers will be singled out for individual recognition during January and February, it was announced today by the president of the Minnesota AAA.

Dr. William G. Sauer, Rochester, said the basic idea of the two-month project is to prove that there are rewards for good driving, as well as penalties for bad.

Who is eligible for this special driver award? "Any Minnesotan," says Sauer, "where we can prove by our check of the driver license record that the applicant has driven five consecutive years (1958 through 1962 inclusive) without a moving traffic violation or accident."

Sauer pointed out that a person does not need to be a member of AAA to win the award. The only thing that counts, he said, is the driving record. The award will be mailed with a congratulatory letter as soon as an applicant's driving record has been verified.

A fee of 50 cents is required with each application to defray cost of processing the application and the check of the applicant's driver license record.

Drivers who feel they are eligible for the award can apply just by writing AAA Traffic and Safety Department, Minneapolis 3, Minnesota. Applicants should (1). Print their last name, first name, middle name and address and (2). give the date and year of their birth. (These things are necessary to verify the driving record.)

Final date to apply for this year's award is February 28 1963.

GASOLINE VS. DIESEL FUEL

Owners of single unit trucks operating on rural trunk highways in Minnesota have shown a definite preference for motors requiring gasoline for fuel, according to 1961 studies made by the Minnesota highway department. On the other hand owners of tractor semi-trailers seem to show an increasing preference for motors using diesel oil. There are only a few vehicles using propane for fuel.

Dairy Interests To Take Part in Seed & Feed Show

Nine Organizations and Business Places Join in February 1 Event

Participation of dairy interests in the annual Pennington County Seed and Feed Show was assured at a meeting held recently at the Pennington county courthouse in Thief River Falls. The event is slated for February 1 at the Thief River Falls municipal auditorium.

Cooperating in the event and arranging displays for the show will be Thief River Falls Co-Op Creamery, Region I American Dairy association, Northwest Dairy Improvement association (sponsor of NW Dairy Day), Top of the Nation Dairy association, Consolidated Breeders Cooperative, American Breeders Service, Pennington Dairy Herd Improvement association, Bridgeman Creameries and Land O'Lakes Creameries.

Thief River Falls chapter of the Future Farmers of America will serve free milk at an auditorium booth and sell doughnuts throughout the day. Peter Probasco, vocational agriculture instructor at the school, will be in charge of the FFA activities.

As a public-participation portion of the annual show, the DHIA group will sponsor a dairy judging contest using photos of dairy cattle. Art Stenberg is serving as chairman of the dairy committee for the show with Stuart McLeod as secretary.

Annual Event Scheduled on 'U' St. Paul Campus

A research roundup on new crops and cropping methods will be featured at a Crops and Soils Institute on the St. Paul Campus of the University of Minnesota.

The event is sponsored by the departments of agronomy and plant genetics, plant pathology and botany, soils science and entomology and fisheries and wildlife management. In the past, this event was in conjunction with Farm and Home Week, which will not be held in 1963.

Seedsmen, Minnesota Crop Improvement Association members, farmers, county agents, vocational agriculture instructors and other interested persons are invited, according to A. R. Schmid, agronomist and course coordinator.

Morning topics will cover weed control experiments and demonstrations, oilseed crops in Minnesota, forage seed production potential, and how fertilizer nutrients cut costs on corn and beans.

Afternoon topics include new crop varieties, plant disease problems, getting and holding forage stands, the cereal leaf beetle menace, and need for lime on Minnesota soils. Also to be discussed is hybrid wheat — now a possibility as a result of a recent research breakthrough in wheat breeding.

The Minnesota Crop Improvement Association will hold its annual meeting the following day, Jan. 17.

MEA Now Boasts 30,857 Members

The Minnesota Education association has set an all-time high membership record, months ahead of previous years. Total membership Dec. 31 was 30,857. This figure compares with 30,096 on March 5, 1961, and 28,621 on March 5, 1960.

MEA membership includes administrators and persons on staffs and faculties of public, private and parochial schools, colleges and universities, but the bulk is public school classroom teachers.

Editorials . . .

"I think it not improbable that man, like the grub that prepares a chamber for the winged thing it has never seen but is to be . . . may have cosmic destinies that he does not understand. And so beyond the vision of battling races and an impoverished earth, I catch a dreaming glimpse of peace."
—Oliver Wendell Holmes

Progress in Kenya

When Kenya, in east-central Africa, becomes an independent nation, the official language will be English. At a meeting of the legislative council, Swahili, a native language that comes closest to having general acceptance, was proposed but the proposal was rejected.

The minister of Education, a native, argued, "Unless the people of Kenya are ready to cut themselves off from the rest of the world in educational development and in knowledge, English must remain the language of instruction."

After a few generations of European colonialism we are beginning to see the good results. As the Roman empire expanded, the seeds of a higher civilization were planted. It has been a brutal process but the end results probably could not have been accomplished in any other way, in so short a time.

Vigilance Needed

Addressing the National Council of the Social Studies recently in Philadelphia, Supreme Court Justice William J. Brennan Jr., called attention to some of the problems we face as, more and more, government agencies direct our activities and make decisions for us. Here is one of his observations that interested us:

"I would suggest the individual citizen is becoming more, rather than less, meaningful as a political participant . . .

"On the one hand, it is indisputable that Government, at all levels, affects ever-expanding sectors of our lives . . .

"As Government acts ever more deeply upon those areas of our lives once marked "private," there is even greater need to see that individual rights are not curtailed or cheapened in the interest of what may temporarily appear to be in the "public good."

"To put this another way, the possibilities for collision between Government activity and individual rights will increase as the power of Government itself expands, and this growth in turn heightens the need for constant vigilance at such collision points."

In The Public Interest

David I. Mackie, writing in the January Reader's Digest, states that transportation costs account for about a dime of each dollar's worth of goods that are moved. He estimates the total cost of transporting products in our country at $50 billion and maintains that this cost could be reduced several billion dollars if all transportation forms had the same legal advantages.

Mr. Mackie was speaking for the railroads, which are basic in the nation's transportation system. At one time the railroads had practically a monopoly in this field. Because they were a monopoly, and at times abused their monopoly powers, they were subjected to strict regulation.

The railroads no longer are a monopoly, and the regulations that were properly imposed upon them at the turn of the century need a thorough overhauling in the public interest. Too many of those regulations now hamper the railroads in their proper functions and do not permit them to be competitive in a field of greatly increased competition. In too many instances the competition is subsidized by the government.

The effect of these inequities in the law is the gradual shriveling of our common carrier system, Mr. Mackie points out, and he appeals for swift action to avert a disaster that threatens our basic economy, urging that all of our complex transportation system be placed under unified direction.

There no doubt is a place for the plane and the car and the bus and the truck and the pipeline and the barges, but let's keep in mind that the only one segment in our transportation system that is vital to our economy is the railroad. The railroads deserve greater consideration than they have had, not in their interest but in the public interest.

The suggestion that all forms of transportation be directed by one regulatory agency of the government makes sense, and the importance of transportation deserves a Cabinet-level recognition, directed by a Secretary of Transportation.

Manitoba Recognized

The Province of Manitoba has been recognized by the U. S. Society of Industrial Realtors and given an award for the most effective industrial development program. The judges stated that more basic industrial research has been carried out in this province during the past year than in all previous years combined. That is a fine tribute to the government of Manitoba, and inasmuch as we will benefit as the area north of the international border is developed, we have a special interest in the progress that has attracted international attention.

The Winnipeg Tribune attributes the record to the leadership of Premier Roblin, stating:

"Government by itself cannot create prosperity. The state of the economy is the result of millions of decisions by individuals to invest, to produce, to process, to buy and to sell. Good times are the fruit of hard work, of willingness to take risks, of drive and a measure of luck.

"Premier Roblin would be the first to admit that his government did not create the present bouyancy in Manitoba's economy. At the same time, the present provincial administration can claim to have contributed to the progress now being made. The government, through its encouragement to business and industry, through its efforts to help create more jobs, through its education and agricultural policies, has created a favorable climate for expansion.

"Two weeks ago voters gave their approval to what the Roblin administration had been doing during the past four years. More than that, they gave Premier Roblin a mandate to carry out his new programs for human betterment and industrial expansion. Citizens thought his programs good.

"Awards do not create jobs but it is encouraging to know that Manitoba's program is receiving international attention."

Here in Minnesota, industrial development has become a partisan issue. Both political parties have contributed to this unfortunate road block to progress. There has been too much foolish talk by the leaders of both parties. An effort should be made to work out a program for development that would have the support of reasonable people in both parties and make possible a united effort in the best interests of all.

Decline and Fall

John Ainley, editor of the Bemidji Pioneer, reminds us that in his "Decline and Fall of the Roman Empire," Edward Gibbon set forth five basic reasons why that great civilization withered and died. These were:

—The undermining of the dignity and the sanctity of the home, which is the basis for human society.

—Higher and higher taxes; the spending of public money for free bread and circuses for the populace.

—The mad craze for pleasure; sports becoming every year more exciting, more brutal, more immoral.

—The building of great armaments when the real enemy was within—the decay of individual responsibility.

—The decay of religion; faith fading into mere form, losing touch with life, losing power to guide the people.

A decline and fall, death, seems to be the inevitable end of all that lives, including governments. There seems to be an inevitable cycle through various stages of social progress, from slavery to freedom and back to slavery again. Thruout recorded history, few nations of free people have survived as long as has ours.

Some competent observers in our country now point to the symptoms of decay that Edward Gibbon wrote about.

Partnership Is Better

President Charles de Gaulle predicted recently that a united Europe will act as a "balance" against the United States. That probably is the ancient Frenchman's sincere wish. We can accept it as such.

It recognizes the fact that our country and our former allies are going different ways, and that is not good. But if it is a fact then we should know about it.

More and more, under the Kennedy administration, we are going our own way. For instance we have parted company on the question of how to deal with Katanga. We will lend our support to force the Congo province into a union against the will of her people. Britain and France are opposed to force in this instance, and when the question is debated in the United Nations we will be supporting the Communists. Things are getting badly mixed up.

Sensing the dangers that will come to us with division, the Christian Science Monitor urges caution. It suggests:

"This is a moment when each of the Western Allies, the leading ones in particular, should pay more attention to the grievances of its friends than to its own misgivings.

"The alliance might seem to be moving swiftly toward a crisis of confidence just now. Analysis-by-headline gives the impression that, while the Western camp is deriving comfort from signs of friction in Soviet-Chinese relations, the West itself is falling into disarray.

"More sustained examination of what is going on leads to a conclusion, however, that things are both worse and better than they seem. Neither the good nor the bad can be assayed separately."

And following a review of a few of the things that have divided us, the Monitor correctly concludes:

"The present alliance problem is less technical than political. There was a moment during the Eisenhower administration when the alliance needed repairs similar to those now called for. The White House answer then was to substitute "partnership" for "leadership" as the basis of American relations with Western Europe. The purpose was partly fulfilled. It should be carried forward now."

THE ANDERSEN LETTER

from

Gov. Elmer L. Andersen

Among the many reports that come to me each month is that of the Women and Children's Division of the Industrial Commission. This agency is charged with the enforcement of the minimum wage and hour laws of our state. Although the number of violations discovered each month is small compared with the total number of employers in our state, I think it unfortunate that we have any.

For the month of November, for example, sixteen restaurants, one hospital, three hotels, five doctors and dentists, two attorneys and four retail stores were found to be paying their employees less than the state minimum wage rates of 60 cents to $1.15 an hour. A total of $12,386 in back wages due was computed for 140 women and minors in 31 firms.

Minimum wages vary by industry or occupation and in some cases by size of community. An inquiry to the Industrial Commission will bring complete information to you for your particular situation.

Every effort should be made to secure cooperation in enforcing these laws. In the first place, most of these people are at the bottom of the economic ladder — either because they're young and just starting out, or through handicap and lack of training or limited skill or ability. They surely deserve and very much need the modest minimum pay provided.

Most if not all employers are anxious to treat their employees fairly. We need the cooperation of everyone to make sure that employers are properly informed of their responsibilities and employees of the laws designed to protect them.

Most people in Minnesota enjoy good wages and working conditions. Although our average per capita income is below the national average, the last couple years we have increased faster than the national rate and so are gaining on that average.

Nothing contributes more to a healthy stable economy than high employment at good pay. Employers maintaining payrolls and striving to pay their employees all that their operations can afford, make a great public contribution and deserve more recognition and appreciation than they usually receive.

I am proud and pleased at the progress we've made these past two years on employment and income. It continues to be a matter of high priority that we so run our government and develop our laws that formation of job and payrolls is encouraged.

# of Rhyme & Reason

BY MARY LUNDIN

TIME TO LOOK AHEAD TO 1963'S OFFERINGS has come and no amount of looking back can change what happened in 1962. This is my lament as I turn to my "Rhyme & Reason" column of January 1, 1962, and note six predictions made. Somehow or other two of these six were complete misses, leaving a lowly 66 per cent accuracy record.

Missed were predictions that an activity group for persons 65 years of age and over would be formed on a community basis and that engineering would be started on a river improvement project for Thief River Falls. (And while these did not happen I still think they should have!!)

Predictions which hit fairly close were the following:

At least one new industry will choose to locate in Thief River Falls, probably not with an extensive payroll. . .(This came about with the location of a plant here by Valley Feed & Supply company.)

Organization of a city planning commission will be formulated. . . (This was established through an ordinance adopted by the city council.)

Voters in the Thief River Falls school district will be confronted with a bond issue for the construction of either a junior high school, new elementary school or both. (This happened — twice!)

Increased livestock production will be noted, particularly in beef cattle and feeder pigs. Turkey numbers will be substantially reduced from the disastrous numbers raised in 1961. (Impetus gained through the Wisconsin Feeder Pig Marketing Cooperative and voluntary cutbacks by turkey growers made this reality.)

So here we are just across the threshold and peering into the darkened future of 1963. What will the new year bring to the Times area? This year YOU guess—it's as good as mine.

Stolen from a publication crossing my desk was this tender and touching bit of verse:

Last night I held a little hand,
So dainty and so sweet.
I thought my heart would surely break
So wildly did it beat.
No other hand in all this world
Can greater solace bring.
Than that sweet hand I held last night
—Four aces and a king.

A farmer and his wife, realizing they would have to sell a cow to make a down payment on a new car, composed the following classified ad: "FOR SALE — Holstein milk cow, black and white, $100. Accessories: Udder, $75; two-toned color, $50; four split hooves, $10 each; tail, approximately three feet long, $5; extra stomach, $35; dual horns (optional) $15 each; total $335."

ANCIENT DISCRETION

Patience is a virtue which
Although thou very often itch
To tell another off,
Thou close they ever-flapping lips,
Place thy hands upon thy hips,
And mutely do thou scoff.

There's nothing that can quite compare
To folding hands or tearing hair,
I'm sure thou realize,
When betwixt someone else and thee
There's absence of conformity—
And he is twice thy size.

Your Dakota Maid
Serviceman's Beef Hints

Your 1963 calf crop should sell at good strong prices, according to long range predictions. How many calves are you going to sell next fall? This question can be answered by how you feed and manage your cows this winter.

To begin with, the problem is not to see how fat you can get your cows. In fact, a fat cow has a slim chance of raising a strong healthy calf. Whatever your feed supply is: grass, good hay, straw or silage, feed so your cows are vigorous and active . . . do not overfeed.

Your farm or ranch roughages contain the energy part of the ration, but these feeds are usually low in Phosphorus, Protein and Vitamin A. The phosphorous problem is solved by self feeding Dakota Maid 17% Phosphorus Mineral, free choice at all times. A cow will eat about 25 pounds per year. The protein and Vitamin A problem can conveniently and economically be solved by Dakota Maid 32% Supplement B Pellets. This feed contains, in addition to the 32% protein, 20,000 units of Vitamin A per pound along with 2½% phosphorous. If you want to feed on the ground, this feed is also made in large wafers at no extra cost.

I recommend you begin feeding Supplement B at least two months before calving and continue until green grass. One pound per head daily will help you make more profit on your Beef Cattle in 1963.

Donald L. Olson Elected Chairman of County Board

Commissioners Make Appointments, Name Committee Members

Appointments to committees, approval of appropriations and arrangements for other business occupied the first meeting of the Pennington county board of commissioners held Tuesday at the county courthouse in Thief River Falls. Donald L. Olson was elected chairman to succeed Merle Lindberg. Both are from Thief River Falls. Odin Hanson was elected vice chairman.

Certificates of election and bonds for county employees were approved and the board set its meeting date for the first Tuesday after the first Monday of each month except July.

Allowances were made to the county attorney for $300 contingency fund and $100 per month secretarial salary. Annual salary of the clerk of court was set at $1,600. Appropriations made included $50 for the Pennington County Seed and Feed Show, $150 for the Red River Valley Winter Shows and $100 for the Pennington County Safety Council.

Woodrow Almquist was named from the board as a member of the Pennington county extension committee with chairman Olson automatically serving on that group. Stuart McLeod was reappointed to the extension committee for commissioner districts 2 and 4. Dr. H. P. Wendt was appointed county health officer with Olson and Lindberg to serve on the health committee.

Glenn Tase was appointed to serve as a member of the roads committee originated by the Thief River Falls Chamber of Commerce and also to serve on the road committee of the Association of Minnesota Counties. Hjalmer Rafteseth was reappointed county veteran's service officer and Olson and Lindberg were named to the courthouse building and maintenance committee.

Lists were drawn for 72 grand jury members, 144 petit jury members and 72 members of the jury for the municipal division of probate court. Lindberg was reappointed to the multi-county jail study committee and Odin Hanson was reappointed to the Oakland Park Nursing Home board.

Licenses for off-sale or on and off-sale of non-intoxicating malt liquor were granted to Jese O. Anderson, Erie store; Bennie Groven, Highlanding; Mrs. Lewis Carpenter, Carpenter's Corner; Thief River Golf club; and Clifford M. Olson, Kile's Cafe.

Fox bounty payment was again approved at $3 for adult fox and $1 for cubs. Dr. F. W. Hazard was appointed county livestock inspector and Odin Hanson was appointed to represent the board on the county rural Areas Development committee.

Authorization was given for the county engineer to request technical assistance from the Minnesota Department of Highways and the Times was designated as the official newspaper for the county.

Clerk hire was approved in the amount of $1,620 for the county auditor, $1,155 for the county treasurer and $1,900 for the register of deeds.

The commissioners met at an adjourned session Wednesday and issued a call for bids for the removal of the old bridge which has been replaced by a new structure at St. Hilaire. Alternate bids will be taken for the contractor doing the work with the county retaining possession of material or the contractor receiving the salvaged material. Bids will be opened at the regular meeting of the board February 5.

Rev. D. Augustine Shows Slides on Africa to Lions

Former St. Hilaire Pastor Now Directs Tanganyika Teacher Training School

The Rev. Douglas Ausutine, who served as a Lutheran pastor in St. Hilaire for three years and now principal of a teacher training school in Tanganyika, East Africa, was the guest speaker at the Lions club luncheon meeting Wednesday noon, and also showed slides of African scenes. He was introduced by the Rev. Marvin Carlson, a seminary classmate.

Mr. Augustine went to Africa as a missionary three and one-half years, and is now serving in his teacher training capacity as an employe of the Tanganyika government, planning to return there in six weeks. He also displayed to the Lions a lion's pelt, an elephant's tail and other objects.

Envoy Carl Paulson of the Salvation Army reported that the Lions had again won the trophy presented annually to the service club that collects the most money in the Army's annual Christmas fund appeal.

Merle Lindberg announced that an unusually large number of basketball fans had attended the parents' nght game Saturday between the Prowlers and Park Rapids.

James Parkins, chairman of the committee arranging for the Lions midwinter district conference to be held in this city, stated that the committee will meet in the Rex Cafe this evening at 6 o'clock.

Weather Outlook Calls for Colder Readings Tonight

January seems a little more like January in the Times area today as temperatures are being forced down by a cold front which has moved into the territory. This morning the thermometer at the municipal airport registered a chilly —13 degrees with no relief in sight.

A —4 reading recorded on Wednesday was the second sub-zero reading of the year, however, and residents can not really complain about the current cold snap. The mercury rose to 38 degrees on Tuesday before the cold front moved in yesterday.

High and low temperatures for the past several days included 37 and 24 on Monday, 38 and 24 on Tuesday, and 9 and —4 on Wednesday before last night's low of —13. The forecast calls for occasional cloudiness through tomorrow with a chance of snow flurries. Colder temperatures are expected today, tonight and tomorrow with northerly winds. Highs today will be around —8 with lows of —18 to —25 degrees tonight.

First Aid Course Will Be Offered At Fire Hall

Anyone interested in taking a 10-hour course in first aid from instructors representing the Bureau of Mines is invited to participate, according to Roy Langevin, Thief River Falls fire chief. The course is sponsored annually by the Lakehead pipeline company.

Each class will run for three hours and 20 minutes, Langevin said, with the first class to start at 4 p. m. Monday, January 14. After that date classes will be held at either 8:30 a. m or 4 p. m. on January 15, 16 and 17.

There is no charge for the course and interested individuals may contact the fire department for further information.

Dennis Sundberg Gets MSC Degree

Thirty seven seniors were graduated with bachelor degrees at Moorhead State College following the end of the fall quarter December 18, Dr. Robert A. Hanson, registrar, has announced. Sudents who earned bachelor of science degrees include L. Dennis Sundberg of Grygla.

Mr. and Mrs. Allan Paulson and family of this city were New Year's Day guests at the William Rondorf home at Red Lake Falls.

Game Violation, Traffic Offenses In City Court

Traffic offenses and one game violation were tried in Thief River Falls municipal court before Judge Stanley N. Mortenson on Monday with a total of $190 in fines assessed and $25 suspended.

In the lone case brought by the game warden service, Del Ray Offerdahl, rt. 1, was fined $15 with $5 suspended for attempting to take fish by spearing in a dark house without a proper license.

Cases brought by the city police included Melvin Joppru, rt. 1, TRF careless driving, $50 fine; Theodore Mills, city, failure to yield right-of-way, accident involved, fined $25 with $10 suspended; Wayne Helgenset, city, drive through stop sign, $15 fine; Dean V. Anderson, rt. 2, Goodridge, drive after revocation of driver's license, fined $50 and license plates and title card ordered impounded; and Charles Rambeck, city, careless driving, accident involved, fined 35 with $10 suspended.

In other cases brought to trial and handled by the court, one defendant was found not guilty after trial, two pleaded not guilty, one case was dismissed and one defendant was fined for being drunk.

Mons Engelstads Give Girl Scouts a Campsite Area

In another gracious gesture for which the Engelstad family is noted, Mr. and Mrs. Mons Engelstad of rural Thief River Falls donated a beautiful wooded campsite for the use of the Girl Scouts.

Informed of the need for such a campsite through an want ad in the Times, the couple, parents of a large family of grown children, decided to donate, rather than sell, the required acreage to the organization.

The area, which will be used both for day camping and overnight troop camping, is located directly across from the Engelstad home, about one mile east of the municipal airport. Formal presentation ceremonies are planned at the site for Girl Scout Sunday, March 10, if the weather is favorable.

Mr. and Mrs. Abbie Jaranson of Bemidji and Mr. and Mrs. Clarence Gulseth of Blackduck were among those here for the funeral of Jim Winjum yesterday. They also visited friends and relatives in Thief River Falls before returning home.

5 Local School Board Members To Attend Convention

Annual Event Expected To Draw 3,000 Jan. 14, 15 and 16 in St. Paul

Five members of the Thief River Falls board of education plan to attend the 42nd annual convention of the Minnesota School Boards association to be held January 14, 15 and 16 in St. Paul. Robert Bredeson, Morris Owen, Howard Hoel, K. Russell Anderson and Lloyd Howick have indicated their intention to attend and Supt. M. R. Hankerson will also be in attendance.

Supt. David M. Brown of Goodridge has announced that chairman Ernest L. Swanson and treasurer Oldrich Hoffman will attend with him from the Goodridge district. Dr. Brown will also attend a conference called by the commissioner of education for new county school administrators.

Expected attendance at the convention this year is 3,000 board members and superintendents. Exhibits of products from 150 commercial firms throughout the nation will be erected to show products designed for the improvement of educational programs. "Planning for Tomorrow's Decisions" is the theme of the convention.

Featured speakers will be Dr. Harold Webb, executive secretary of the National School Boards association; Erling Johnson, commissioner of education; Dr. Lawrence Borosage, a veteran of 17 years service in management relations; Dr. Dan Davies, educational director for A. C. Croft publications; and Dr. I. E. Solberg, professor of economics at Bismarck, N. D.

Seven section meetings will be held to discuss insurance, school administration, teacher-school board ethics, purchasing school buses, bidding practices, designs for small schools and curriculum. Round-table group totaling 120 will discuss the needs of school boards and superintendents in negotiating with teachers, meeting with legislators and in the general administration of the school.

Goodridge School To Offer Adult Education Classes

Five adult education evening classes will be offered by the Goodridge public school this winter with a registration and organizational meeting to be held Monday at 8 p. m. in the school gymnasium.

Courses to be offered include physical education for women, typing, home economics, farm management (concentrating of state and federal taxes and animal feeding) and a shop course in farm electricity. There is no registration fee for agriculture and home economics but a $10 fee will be charged for other courses, according to Charles M. Alsip, director of adult education.

ELECTED president of the Thief River Falls Conference of the American Lutheran Church at the annual business meeting held Sunday in Thief River Falls was Rev. R. A. Wangberg, pastor of Trinity Lutheran Church in this city. He succeeds Rev. I. Murray Johnson of Stephen and becomes the second president of the conference. The term of office is for two years.

Korgen To Chair Marshall Board

Succeeds Bjertness At Organizational Meet

Andrew Korgen, Newfolden, from the fourth district, was elected chairman of the Marshall county board of commissioners when the board reorganized Tuesday. He succeeds Solus Bjertness, Grygla, fifth district commissioner, in that capacity.

Bjertness had been serving as board chairman since the death of Leslie Grange of Warren. Roy Edman of Alvarado was elected vice chairman to succeed Herbert Pagnac of Stephen.

Approval was given by the board to a petition of Radium school district 1028 to hold an election for consolidation with the Warren district. The election date was set for January 29 from 1 to 4 p. m. A similar election held about two years ago failed to give approval to consolidation.

Chester Larson of rural Thief River Falls and Carl Adolphson of Argyle were reappointed to three-year terms on the Marshall county extension committee.

License Office Open Tonight

For the convenience of last-minute shoppers who wish to secure their 1963 motor vehicle license tabs without penalty, the local office will be open until 9 p. m. tonight, according to Mrs. Marjorie Hanson, deputy registrar of motor vechiles. Penalty will go into effect tomorrow morning.

School Board Seeks Bond Issue Advice

Tischart's Fabric and Yarn Store Opens This Week

Tischart's Fabrics and Yarns opened its doors for business in Thief River Falls this week at its North Main avenue location next to Kelly Hardware. The store is owned by Ken Tischart of Red Lake Falls and will be managed by Mrs. James Solsten. Mrs. Solsten will also be knitting consultant and Mrs. Emma Torkelson will be fabric consultant.

Store hours are from 9:30 a. m. to 5:30 p. m. daily with the stock of sale items including yard goods, yarns, sewing supplies and sewing and knitting notions. A grand opening is being planned for Friday, January 18.

Most Postoffice Customers Heed Raise in Postage

First class postage went up Monday from four cents to five cents per ounce, and Postmaster R. J. Dryden reported that out of 6,500 pieces passing thru the canceling machine that day, only about 40 letters were mailed with four-cent stamps. These were delivered, with the extra cent to be paid by the addressees. Dryden said patrons did a remarkably good job in bearing in mind the change in rates. He added that there was aspurt of buying one-cent stamps Monday.

Bond Consultant Meets with Board Monday Evening

Methods of spreading a bond issue for new school construction were discussed by the Thief River Falls board of education at a special meeting called for that purpose Monday evening. Lyle Olson, representative of T. G. Evensen & Associates, bonding consultants, was present to review possible methods with the board.

Rufus Olson, treasurer of the district and the member who presented a resolution calling for a bond election at a December meeting, reviewed his plan to show how the issue could be handled with slight increase in tax mill rate. He stated the proposal was merely a suggestion and that it was intended to support his claim that such a feat could be accomplished.

It is Olson's contention, according to the plan he presented, that the payment of principal on a new bond issue should be deferred until a significant reduction occurs in present debt payments. He fixed this time at 1969 when payment on the present debt drops to $96,200 from the 1962 payment of $129,747. Such determent would result in level payments over a period of years rather than a sharp increase.

The T. G. Evensen representative, Lyle Olson, after questioning various parts of the proposal, stated that it would "perhaps be an acceptable solution". He also noted that "dove-tailing" the debt payments would mean an "end-loaded" bond issue — a situation which would likely mean a higher bond interest rate and which would result in heavy payments at the end of the maturity schedule.

Rufus Olson based his estimates on a 28-year maturity, four per cent interest rate and figured classroom rental as capital outlay. With the payment schedule he proposed, an increase of about three mills on taxes could carry the additional indebtedness for new construction, he said.

Morris Owen, in giving his opinions on the expansion proposal,

AFS Committee Seeks Home for Foreign Student

Local Chapter Needs Placement for 1963-64 LHS Exchange Student

Thief River Falls Chapter of the American Field Service is in quest of a home for a foreign student during the 1963-1964 school year. Preference will be given to a home which has a son or daughter in the family of about 16 years of age.

Foreign students arrive about September 1 and remain through the school term. Host families are expected to furnish room and board for the student with the AFS committee supplying transportation, educational supplies and other expense. Applications may be made to Mrs. John Wold, president; Richard Edlund, vice president; or Mrs. Robert Bredeson, secretary.

Choice of nationality preference may be given in the application and the choice of whether a male or female student will be requested will be dependent upon the host family selected. A list of countries from which exchange students may be secured is as follows:

Argentina, Australia, Austria, Belgium, Bolivia, Brazil, British West Indies, Burma, Cambodia, Chile, Columbia, Costa Rica, Denmark, Dominican Republic, Ecuador, Egypt, Ethiopia, El Salvador, Finland, Germany, Great Britain, Greece, Guatemala, Iceland, India, Indonesia, Iran, Italy, Japan, Kenya, Laos, Lebanon, Luxembourg, Malagasy Republic, Malaya, Morocco, Netherlands, New Zealand, Norway, Pakistan, Panama, Paraguay, Peru, Philippines, Portugal, Rhodesia, Nyasaland, Singapore, Spain, Sweden, Switzerland, Syria, Thailand, Turkey, Union of South Africa, Uruguay, Venezuela and Viet Nam.

$31,244 in Damage

Traffic Accidents Total 232 in 1962

Traffic accidents in Thief River Falls during 1962 totaled 232 with nearly half of these occurring in the winter months of January, February, March and December, according to Irving Swanson, traffic officer for the Thief River Falls police department. Thirty-five of the accidents resulted in injury to 50 persons and estimated damage totaled $31,244.

In January alone last year there were a total of 38 accidents — nearly as many as the total of 38 for January, February and March of 1961. Increase in accident numbers would probably be caused by the different severity in the winters, Patrolman Swanson said.

Of the 50 injuries, 10 included bleeding wound, distorted member or unconsciousness; 20 had visible injury such as bruises, swelling or painful movement; and 20 had complaint of pain without any visible sign of injury. Early morning hours were the most accident free with the only completely free time being from 3 to 4 a. m.

Eight of the accidents involved pedestrians, two involved bicycles and two involved railroad trains, the report revealed. A total of 413 vehicles were involved in the 232 accidents although not all of them received damage.

Monday and Saturday were days with the most frequent mishaps with 39 each while Sunday had the fewest with 24. Friday was second high with 36 and Tuesday was a close third with 32.

One unique feature of the report was that the largest number of accidents involving two or more cars were not intersection accidents. There were 49 accidents in which one of the cars was properly parked and another 16 in which one of the cars was standing still (rear-end collisions at stop signs and signals). In addition 22 cars were hit while parking or leaving a parked position.

Drivers in the 25 to 34 age group were involved in the most accidents but drivers in the age

Alby Baby Dies by Drowning in Bathtub at Home

Funeral Services for 15-month-old Infant Are Being Held Today

Drowning in a bathtub at his parental home Monday afternoon claimed the life of 15-month-old Shane Alan Alby, son of Mr. and Mrs. Ronald Alby of rt. 3, Thief River Falls. The accident occurred about 3:30 p. m. at the Alby home on the airport road south of this city.

According to reports, Mrs. Alby left the infant in the bathtub with his 2½-year-old sister while attending to a three-month-old baby. When she was summoned to the bathroom by the older youngster, she found the accident victim face down in the tub. Following an unsuccessful attempt at artificial respiration by Mrs. Alby, the baby was rushed to Northwestern hospital but was dead on arrival. Dr. E. O. Thorsgard, Pennington county coroner, said that no inquest was planned.

Shane Alan Alby was born Oct. 2, 1961, at Thief River Falls. He is survived by his parents, Mr. and Mrs. Ronald Alby; an older sister Shari and younger brother Steven; paternal grandparents, Mr. and Mrs. Albert Alby of Newfolden; maternal grandparents, Mr. and Mrs. William Sather of Newfolden; paternal great-grandmother, Mrs. A. O. Thompson of Thief River Falls; and maternal great-grandmother, Mrs Beda Swanson of Karlstad.

Funeral services are being held today at 2 p. m. from the Green Funeral Chapel with Rev. Leland Steen officiating. The body will lie in state at the Green Funeral Home until time of services on Thursday. Interment will be made in the Rindal cemetery.

Martin Bothun, 87, Dies Wednesday

Rites Set Saturday for Pioneer Area Resident

Martin Bothun, a pioneer resident of Thief River Falls, and a retired florist here, died at Northwestern Hospital Wednesday, January 9, at the age of 87.

Final rites will be held on Saturday afternoon, January 12, at 2 p. m. in the Trinity Lutheran Church. Rev. Harold Peterson will conduct the service, and burial will be made in Greenwood cemetery.

The body will lie in state at the Green Funeral Home from Friday noon until noon on Saturday and at the church for one hour before the service.

A complete obituary will appear in the Monday issue of the Times.

Auto Accidents Increase

Police Answer 3,562 Calls In 1962—17% Increase

Thief River Falls police department answered 3,562 calls in 1962 —nearly 500 more than the previous year — according to the annual report of the department recently completed. Accidents investigated totaled 232, an increase from 172 in 1961 and 190 in 1960. Juvenile activity also increased in several phases, particularly shoplifting where the number of violations increased from 19 in 1961 to 47 in 1962.

The number of man days which prisoners spent in the city jail dropped off by nearly one-third. City police had 306 man days in jail in 1962 as compared with 452 in 1961 while sheriff's department and highway patrol had 324 man days in 1962 and 483 in 1961. The department also weighed 1,468 trucks at the city scale as compared to 710 weighed during nine months of 1961. Operation of the scale was turned over to the department on a full-time basis again this year.

In 1962 the department impounded 19 bicycles, 159 dogs and 23 cars as compared with 183 dogs and 21 cars in 1961. A total of 608 bicycle licenses were issued as compared with 592 in 1961.

Major violations in traffic enforcement acts listed by the department included 24 following in 1962 with 1961 comparative figures in parenthesis if available:

Careless driving, 24 (33); speeding, 74 (62); through stop sign, 9 (2); through red light, 6 (8); through school patrol flag, 1 (1); fail to yield right-of-way, 17 (18); follow too close, 4 (6); improper passing, 3 (2); improper turns and U turns, 34 (11); driving over centerline, 8 (5); leave scene of an accident, 2 (3); permit unlawful operation, 5 (2); reckless driving, 2; wrong way on one-way street, 3; open bottle in motor vehicle, 37 (27); no driver's license, 9 (10); driving after revocation, suspension or cancellation, 15 (23); violate driver's license restrictions, 1 (1); possession of fictitious license, 1; driving after expiration of license, 1; litter roadway, 12; illegal mufflers and other equipment, 16 (11, illegal use of license plates, 3; and no current year plates displayed, 8 (9).

Other complaints filed in municipal court were for the following offenses: driving under the influence of liquor, 20 (10); drunk, 41 (57); disorderly conduct and disturbing the peace, 5 (8); fighting, 3 (4); simple assault, 1; rude laying of hands on another, 2; interfere with an officer, 1; use of indecent or obscene language, 2; petit larceny, 7; furnish beer or liquor to a minor, 6 (6); possession of beer or liquor by a minor, 33 (29); drinking by a minor, 12 (24); misrepresentation of age to buy liquor, 2 (3); and parking violations not responded to after notice, 6.

Other activities requiring police attention were 63 funerals escorted, 43 fires answered, 20 escorts other than funerals, 67 doors found open, 28 sleepers at the jail, 45 cases of vandalism, 33 attempts to locate persons, 47 lost or missing persons, 45 cases of family trouble, 41 lost articles, 11 break-ins, four attempted break-ins, two attempted larcenies, eight stolen cars and trucks, and two attempted suicides.

Also six molester complaints, five window peepers, three prowlers, three B-B guns confiscated, four injured persons assisted, one property damage investigation, 12 firecracker calls, one firecracker injury, one threat of bodily harm investigated, one narcotics report investigated, two anonymous phone calls investigated, one near-

James Kvikstad Wed To Gretchen Berge Dec. 29

Miss Gretchen Elizabeth Berge, daughter of Mr. and Mrs. Hallvard K. Berge of Mahnomen, became the bride of Mr. James Alan Kvikstad, son of Mr. and Mrs. Victor Kvikstad of Thief River Falls, at the First Lutheran church in Mahnomen Saturday, December 29.

The Rev. S. A. Urberg officiated at the double ring ceremony before an altar decorated with baskets of red carnations, white mums and holly. The bridal aisle featured white bows, centered with holly, on the pews, and on the windows were white bows with holly and evergreen.

Mrs. A. R. Wells of Glenwood was at the organ and played the traditional nuptial music, also accompanying Mrs. M. A. Hoghaug of Grand Forks, who sang two pre-nuptial numbers, "Panis Angelicus" and "The Lord is in His Holy Temple". During the service she sang "Jeg Elsker Dig" by Grieg, "Song of Ruth", and "The Lord's Prayer".

Given in marriage by her father, the bride wore a light ivory peau de soie floor lenth sheath, with chapel train. The bodice, featuring a portrait neckline, and three quarter length sleeves, was of Alencon lace. Her fingertip veil of silk illusion was held by a pearl-embroidered pillbox. She carried a crescent shaped bouquet of a white orchid, stephanotis and Fuji mums. Her only jewelry was a string of pearls, gift of the groom.

Miss Sandra Balchunas of Mahnomen, friend of the bride, was maid of honor. Bridesmaids were Sue Enge, Minneapolis, Diane Schmid, Duluth, cousin of the bride; Susan Kvikstad, sister of the groom; and Kathlyn Berge, sister of the bride. They wore identical floor-length green sheath dresses with bouffant overskirts. Their crescent bouquets were made of Fuji mums, stephanotis and holly. They wore engraved silver bracelets, gifts of the bride.

For her daughter's wedding, Mrs. Berge chose a dress of pale blue silk brocade and matching hat. Mrs. Kvikstad, the groom's mother, wore a brown wool sheath dress with gold accessories. Both mothers wore corsages of pink rosebuds.

Laurel Smith of Chestertown, Maryland, attended the bridegroom as best man. Ushers were Richard Dunlop of St. Paul, Robert Netteland, Thief River Falls, Michael Carlson, Hibbing, Dan Robash, Minneapolis, Ronald Kvikstad, Thief River Falls, and Kenneth Freude, Minneapolis.

Following the ceremony, a reception for 250 guests was held in the church parlors, with a five-tier red and green trimmed wedding cake centering the serving table. At the silver service were Mrs. T. K. Berge, Erskine, aunt of the bride, and Mrs. David Berge, Moorhead, cousin of the bride. Two cousins of the bride, Mrs. Karsten Berge and Mrs. Mick Oberle, both of Winger, cut the cake which was baked by Mrs. E. A. Worden. Registering the guests were Mrs. George Oxford of St. Paul, Mrs. John Erickson and Mrs. Douglas Urness. Charlotte Walz and Lois Korbel attended the gift table.

A 6:30 buffet supper for relatives and out-of-town friends was served after the reception. Mrs. A. E. Kraling was in charge of both the reception and the supper.

The couple left for New York City for their wedding trip. For traveling the bride wore a black herringbone tweed suit with black accessories.

Mrs. Kvikstad attended Macalester College in St. Paul and was a junior at the University of Minnesota. Mr. Kvikstad graduated from the University of Minnesota on Dec. 15, 1962 and he will be employed as a chemical engineer with the Dupont Company in Buffalo, New York, where they will make their home. —Photo by Ken Johnson Studio, Crookston.

Nancy Knight Is Bride of Donald Skjerven Dec. 29

Miss Nancy Knight of this city spoke vows with Donald Skjerven of Anaheim, Calif. at Trinity Lutheran church of this city on December 29 in a 4 p. m. service. Rev. Marvin Carlson, pastor of First Lutheran church, performed the double-ring ceremony. The altar was decorated with greentinted carnations and fir greens.

Parents of the couple are Mr. and Mrs. Leland Knight of this city, and Mr. and Mrs. John Skjerven of Plummer.

Nuptial music was provided by Mrs. Art Hamilton at the organ, and by Charles Holmquist, who sang, "Song of Ruth", and "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of white satin in floor length. It was detailed with a matching cummerbund, lace-accented scoop neckline and front skirt paneling, and long, buttoned sleeves which tapered to points at the wrists. A jeweled crown held the scalloped-edged veil in place. Her flowers were a white orchid-centered cascade arranged on a Bible with garlands of red garnet roses and variegated holly foliage.

Maid of honor, Miss Bonnie Knight of this city, sister of the bride, and bridesmaids DeAnne Nelson, Warren, Mary A. Lawson, Stephen, and Gayle Skjerven, Minneapolis, were attired in green velvet sheath dresses with light green shoes, and headbands of white fur with matching veils. They carried white fur muffs on which were arranged bouquets similar to that carried by the bride.

Flower girls Aleta and Barbara McCrury, who wore white brocaded dresses with green velvet trim and white fur headpieces, also carried similar bouquets, but smaller than those carried by the attendants.

Rings were carried by Steve Vigstol of Plummer.

Attending his brother as best man was LeRoy Skjerven of Plummer. Groomsmen were Bixby Knight, Thief River Falls, Roger and Jerry Skjerven, Plummer. Ushers were Neil Vigstol, Plummer, and Lowell Johnson, McIntosh.

Mrs. Knight wore a beige sheath dress with brown accessories and the groom's mother wore a navy blue dress with matching accessories. Their corsages were yellow roses with white carnations and holly. Mrs. Marie Ysterud, the groom's aunt, substituting for his grandparents, received a corsage. A corsage was likewise presented to Mrs. W. K. Knight, the bride's grandmother, and to Misses Hilda and Anna Ahlberg, godparents of the bride.

A supper reception was given by the bride's parents after the ceremony. Held in the church parlors, it was attended by about 85 guests. Mrs. Goodwin Hanson was hostess, and Martha Circle of the First Lutheran church served, assisted by Karen Hickman and Arlene Heilin as waitresses. At the punch bowl was Sharon Anderson; Mrs. Sherman Johnson attended the guest book, and the gifts were arranged by Mrs. Jean McCrary and Mrs. Jerry Skjerven. All the reception help received corsages of assorted carnations with variegated holly.

Centering the table was holly, arranged with white twist candles. The four-tiered bridal cake was topped by a bride and groom in a heart-shaped frame of net.

Guests attending were from Park River, and Minot, N. D., Bellflower, Calif.; Viking, Warren, Middle River, Clearbrook, and Duluth.

The couple went to Winnipeg, Manitoba, Can., for a honeymoon trip, the bride wearing a beige dress with brown accessories, and a white orchid corsage.

Mrs. Skjerven, a 1960 graduate of Lincoln high school of this city and of the cosmetology department of the area vocational school the following year, was employed at Gemco Discount Stores.

Her husband graduated from Plummer high school with the class of 1956; He is presently employed at Hegnett Construction Co. at Anaheim, Calif., where they will make their home. They left for California on January 4. Photo by Ken Johnson Studio, Crookston

Lillian L. Olson Speaks Vows with L. K. Underdahl

At an afternoon wedding held in Viking at the Mission Covenant Church on December 28, Miss Lillian Lucille Olson of Radium became the bride of Levern K. Underdahl of Middle River. They exchanged vows in a single-ring ceremony performed by Rev. Walter Blackwood.

The lighted Christmas tree in the church was the lovely setting as the bride, given in marriage by her uncle, E. L. Swanberg of Warren, proceded up the aisle to the strains of the organ music provided by Mrs. Walter Blackwood of Viking. Virgil Hjelle of Viking sang, "Togther With Jesus" preceding the ceremony.

The bride is the daughter of Mr. and Mrs. Oscar E. Olson of Radium, and the groom is the son of Mr. and Mrs. Sigward B. Underdahl of Middle River.

The bride's floor-length gown was of white lace over satin, with long sleeves She wore a fingertip-length veil of matching lace, and carried poinsettias as her bridal bouquet. Her only jewelry was a pearl necklace.

Attending her was Mrs. Elton Underdahl, Viking, a sister-in-law of the groom, as matron of honor, and Mrs. Bill Nezo, Minneapolis, the groom's sister. They wore identical beige street-length dresses of brocaded satin and white gloves, their gift from the bride. They likewise carried poinsettias.

Elton Underdahl, Viking, brother of the groom, was the bestman. The bride's brother, Olger E. Olson, assisted as groomsman, and Raymond L. Olson, another brother, seated the guests.

The mother of the bride wore a blue dress, while the groom's mother chose a blue print. Both accessorized their costumes with black.

The parents and other relatives of the bride gave a reception for the newlyweds and their guests. Held in the church reception room, it was attended by 100 guests, who came from Drayton, N. D., Kennedy, Stephen, Warren, Middle Falls, Strandquist, and Newfolden. Mrs. Willie Olson, the bride's cousin, poured, and Mrs. Harvey Underdahl, sister-in-law of the groom, served the wedding cake which she had also baked. Mrs Olger E. Olson, the bride's sister-in-law, was at the gift table. Miss Sharon Seline of Baker, Mont., had charge of the guest book. Misses Rae Ann Olson and Marcia Olson were waitresses, and helpers in the kitchen were Mrs. Art Potucek, Mrs. Ernest Swanberg and Mrs. Lenus Ingeman, aunts of the bride, and Mrs. Raymond Olson, the bride's sister-in-law.

The newlyweds will reside on a farm near Middle River.

Gaylene A. Matson To Marry Robert Race

The couple plan a fall wedding.

Mrs. Gilbert Granum Feted On Birthday

Mrs. Gilbert Granum was honored guest at a birthday party and family gathering at her home at 710 LaBree Ave. N. on Sunday afternoon, January 6. She was 88 years old. Her three daughters were with her for the occasion, Mrs. A. H. Hendricks, Mrs. Clara Crown, and Mrs. Delman LeSage, all of Minneapolis; Mr. and Mrs. John Wiener, Mr. and Mrs. Ole Granum, and Mr. and Mrs. Harry Granum, all of this city; Mr. and Mrs. Oscar Granum and Mr. and Mrs. Gilbert Granum, Grand Forks, N. D. Others who visited with her during the course of the day were Edna Larson, Mrs. Annie Magnuson, and Belle Hermanson.

Open House on Sunday To Honor S.S. Nelsons

To honor Mr. and Mrs. S. S. Nelson of this city on their golden wedding anniversary, open house will be held on Sunday, January 13 at Trinity Lutheran Church. Hours have been set from 2 to 5 p. m. No invitations are being sent; all friends and relatives of the couple are invited to visit with them at the church parlors on this occasion.

FIFTY years of wedded life was celebrated by the Gust Wahlins who were honored at an open house at Alvarado Baptist Church December 30. A program, and re-enactment of the wedding ceremony, were features of the anniversary observance.

Gust Wahlins of Vega Note Their 50th Anniversary

Mr. and Mrs. Gust Wahlin of Vega township, Marshall county, were honored at a reception hosted by their children in observance of their golden wedding anniversary. The event took place at the Alvarado Baptist Church on December 30.

Their three children, Mrs. Harry (Anna) Larson, Evans and Warren Wahlin, both of the Vega community, and their six grandchildren, were all present for the occasion, as were about 275 guests from all of the neighboring towns.

The program was led by Rev. Carl Frost. Congratulations were extended on behalf of those present by Carl A. Johnson, Warren, Elling Erickson, Strathcona, and Alfred Iverson, Alvarado. A song was sung in Swedish, and other musical numbers were offered. The couple was presented to the gathering in a re-enactment of the wedding ceremony, in which the other married couples present also participated.

The church parlors where the reception was held following the program were decorated in keeping with the occasion. The couple, their attendants, Mr. and Mrs. C. G. Peterson, and close relatives, were all seated at tables, while the remainder of the guests were served buffet style. The three-tiered anniversary cake was decorated in gold.

Mr. Wahlin was born in Sweden in 1874 and came to America at the age of seven. The family settled on the site where the Wahlins still reside. The first church organized in the community was then set up on the farm, with Rev. Carl Wahlin as pastor, and with 12 charter members. Mrs. Wahlin was born in Norway, and after coming to America, her family settled on a farm near Alvarado. They were married at that farm home on December 12, 1912.

Legion Auxiliary Has Busy 1963 Calendar

A vigorous program of patriotic activities is on the 1963 calendar of the American Legion Auxiliary, with different activites receiving emphasis each month, it has been announced by Mrs. Chester Swanson, president of Ecklund-Holmstrom unit in Thief River Falls.

During January the auxiliary will emphasize its work for the national security and its support of the legislatvie recommendations of the American Legion. The auxiliary will sponsor the 1963 Women's Forum on National Security, to be held in Washington, D. C., in mid-January and to be attended by women from throughout the country.

In February, the birthday month of two great Americans, George *Washington and Abraham Lincoln*, the auxiliary will give special attention to its Americanism activities, which includes teaching appreciation of an American's heritage of freedom.

March in the auxiliary is community service month, when projects for betterment of the communities in which auxiliary's 13,500 units are located are planned and launched. The American Legion's birthday will be celebrated in mid-March.

Activities to provide aid for needy children of war veterans, and to promote the welfare of all American children, will be given emphasis in April, as will the auxiliary's Pan American relations program through which the auxiliary endeavors to increase understanding and friendship with the republics of Latin America.

In May major attention in the auxiliary is centered on Poppy Day when memorial poppels, made by disabled veterans, are distributed to be worn in memory of the nation's war dead and to raise funds for the auxiliary's rehabilitation and child welfare program.

June is the month of Juniors. The auxiliary's 100,000 junior members will demonstrate the activities by which they prepare for future auxiliary leadership and American citizenship.

Another youth activity, Girls State, will receive July emphasis. These training courses in democratic leadership will be given in every state to a total of some 17,000 selected high school girls during June and July, and will be followed by Girls Nation in Washington, D. C., attended by two girls from each Girls State.

August will be the month of conventions, when many of the annual state conventions will be held, and when auxiliary members [illegible] where will be looking forward to the 1963 national convention, to be held in New Orleans, La., in September.

Music activities will be emphasized in September. State championship choruses, sextettes, quartettes and trios will compete for national championships at the national convention in New Orleans.

In October the auxiliary's spotlight of emphasis will be turned on its education and scholarships program through which it endeavors to provide educational aid for children of veterans, and to place all young people in contact with scholarships available to them.

Re-enrolling its more than 900,000 members in 1964 will be the major activity of November.

Work of the auxiliary for disabled war veterans will be emphasized in December with Christmas activities for hospitalized veterans occupying the spot-light. Auxiliary cooperation in Civil Defense activities also will be emphasized in December.

Police Answer 3,562 Calls In 1962 Operation

drowning, one shooting investigated, three suspicious persons investigated, one parental cruelty investigated and one endangering child morals investigated;

Also, one mail tampering, one unattended death, one altered check, one concealed weapon, 57 equipment tickets issued, 42 articles found, 148 dog licenses issued and numerous warnings to motorists.

Juvenile violations included 80 curfew and loitering, 9 larceny, 47 shoplifting, 31 vandalism, 15 liquor laws, 8 smoking, 8 burglary, two attempted break-in, 5 disorderly conduct, 1 drunk, 6 fighting, 2 discharge firearms, 1 sleeper, 6 runaways, 54 traffic, 1 parole violation and 3 held for other authority.

Traffic Mishaps Total 232 in City During '62

(Continued from page 1)

group 45 to 54 were involved in more accidents resulting in injury. A total of 57 accidents involved drivers 25 to 34 while 55 involved drivers 45 to 54. There were 34 accidents in the 18 to 19 age group, *46 in the 20 to 24 group, 37 in the* 55 to 64 group and 27 in the 65 to 74 group.

Of drivers involved in accidents, 301 were men and 65 were women. With 385 drivers involved, only eight were not residents of Minnesota and nearly all were local or from the immediate surrounding area. Failure to yield right-of-way was the leading contributory cause with improper approach from the rear being second in frequency.

While snowy or icy streets were listed as contributing to 100 accidents, Patrolman Swanson said, this does not look as great when the 84 mishaps on dry streets are considered. Darkness did not appear to be a relative factor as 170 accidents occurred in the daytime.

Personal injury showed a marked increase over the two previous years, the patrolman noted, and was completely out of proportion to the number of accidents. "There would rather seem to be an increased willingness on the part of drivers and passengers to admit that they might be injured," he said.

School Board Has Meeting To Study Bond Proposals

(Continued from page 1)

mentioned the possibility of placing two questions on the ballot in a forthcoming election to give the public a greater choice in the building program. He proposed the question of expending not to exceed $1,195,000 for construction of a junior high school and a second question of spending an additional $300,000 for a 10-room elementary school. The initial bond issue twice defeated in 1962 was $1,595,000 for a new junior high school and elementary school and improvement of buildings and sites.

With the possibility of a two-question ballot in the next bond election, the board instructed T. G. Evensen and Associates to prepare bond proposals for four separate plans — two each for a total issue and split ballot proposal. These will be reviewed at the regular meeting of the board on January 21. Howard Hoel and K. Russell Anderson both of whom had objected to the call for a new bond election at the previous meeting, were absent from Monday night's session.

In other action taken by the board Monday, the amount of money to be expended for building a warming house for the Knox school skating rink was increased from $300 authorized earlier to $375 on the basis of estimates received by the director of elementary education. The house is to be 14x22 feet with an interior partition. L. G. Owen has offered to furnish electrical material and do the wiring without charge to the district.

why fewer babies die today

Fifty years ago, one out of every 10 babies died during the first year of life. Today, infant mortality during that first year has declined to only one out of 40 babies. Much of the credit for this huge drop belongs to the potent drugs that help defenseless infants to fight the diseases that once meant certain death. That's why we say . . .

State Lions Eye Bank Is Unable to Meet All Demands

Agency Director Says Calls or Operations Exceed Supply of Eyes

The eye bank at the University of Minnesota, established three years ago, can't keep up with the demand for operations to save and restore sight, Dr. John E. Harris said Monday in Minneapolis.

Harris, professor and opthalmology department head in the medical school, directs the eye bank program. It is supported by Lions clubs throughout the state. The formal name of the processing laboratory and secretarial service is now the Minnesota Lions Eye Bank. James Parkins of Thief River Falls is a member of the board of directors.

"We're always behind — unable to help 10 or 15 people who need corneal transplants. We do not have enough eyes and must take care of the truly desperate or emergency cases," Harris said.

The eye bank provides material for two kinds of surgical situations, he explained.

"Frist, transplants are done to help a person see better. Second, they provide a replacement for ruptured or severely diseased corneas," Harris said.

All eyes for the bank are taken from dead persons. Approval is required from the next-of-kin even if an individual had bequeathed his eyes to the bank.

The cornea is a transparent disk of hard tissue at the front of the eyeball, and the light or image is transmitted through it.

In certain eye diseases, the cornea becomes clouded, damaged or changed, and sight is reduced or lost entirely.

Auto Damaged in Traffic Mishap In City Monday

Damage estimated at $125 was done to a car caught between two other vehicles at 3:23 p.m. Monday on Main av. S. in Thief River Falls. The case is under investigation by the local police department.

August Arthur Larson, city, was traveling south on Main avenue and reducing speed in preparation to stop for a red traffic light when the car was struck from the rear by a truck driven by Arnold Miller of Red Lake Falls. The impact caused Larson's vehicle to hit the rear of a car owned by Abner Johnson, rt. 3, TRF, which was stopped for the light.

Larson was driving a station wagon owned by the Sinding Funeral Home. About $25 damage was done to the Johnson car but no apparent damage was done to the truck.

Assessors' Course Is Slated at Crookston

A property tax short course for local assessors and other interested persons will be held Tuesdays from Jan. 29 to Feb. 19 at Northwest School in Crookston.

This event is one of nine four-day sessions being held around the state this winter, through the cooperation of the University of Minnesota, Minnesota department of taxation, Minnesota County Assessing Officers association, Minnesota Association of Local Assessing Officers, Minnesota County Commissioners association, and U. S. Soil Conservation Service.

Objectives of the course are to help local assessors understand the importance of their jobs, to demonstrate tools for assessing and how they can be used cooperatively with county assessing officers and to familiarize local assessors with helpful sources of information.

Here is a brief summary of topics at each of the four days of the course.

First day: A discussion of fundamental terms such as true and full value, assessed value, mill rate and levy; equalization by township or village, school district, county and state; information on soil and land and how it may be used in assessments; and construction and use of section maps for measuring different kinds of areas and in comparing farms.

Second day: Assessment of farm land and application of values based on studies of real estate prices and differences in crop yields; valuation of farm buildings, comparative value of such buildings; meaning of homesteads and the bases for rural classifications; value of business properties in small towns; and how assessors can measure their true worth without actual sales data.

Third day: Special purpose property assessments, such as motels, service stations, elevators, and bulk plants; valuation of homes on small country lots, lakeshore property and resorts; assessment of business personal property, fixtures, equipment and inventories.

Fourth day: Procedures for listing and checking livestock and machinery; valuation of livestock and machinery; how to decide who should be assessed for personal property being bought, repossessed or rented out.

Instructors will include county assessing officers, University staff members and representatives of the sponsoring organizations.

Registration will be at 9:30 each day and instruction will begin at 10. All interested persons are invited to attend. The cost is $10 for the complete course, but county officials may attend a single day's session for $3.

Each registrant will receive a publication containing summaries of the material presented.

Nephew of Local Woman Is Cited for Engineering

E. Bruce Lee, a senior research scientist with Minneapolis-Honeywell, has been named recipient of the Pi Tau Sigma gold medal award for significant achievements and contributions to engineering, according to a company announcement. He is the nephew of Mrs. William Peterson of Thief River Falls.

The award is presented annually to the outstanding mechanical engineering graduate for achievements within 10 years of graduation by Pi Tau Sigma, the national honorary mechanical engineering fraternity. He accepted his gold medal in New York City during the annual winter meeting of the American Society of Mechanical Engineers.

Lee has been a senior research scientist in Honeywell's Military Products group since 1955. His basic research into control theory is being applied in such areas as space vehicle and satellite control. In addition, since 1959, he has also been associated with the University of Minnesota as a lecturer on mathematical theory of control systems.

He graduated from Brainerd Junior College in 1952, later earning B. S. and M. S. degrees in engineering at the University of North Dakota and his Ph. C. in engineering and applied mathematics at the University of Minnesota in 1960.

Farmers Tax Guide for '63 Available

Tells How to Prepare Federal Tax Returns

The 54-page Farmer's Tax Guide for 1963 is now available to assist farmers in the preparation of their 1962 federal income tax returns, according to George O. Lethert, district director of internal revenue.

The 1963 edition has been revised and rewritten completely in an easy to read and understandable style, Mr. Lethert stated. The guide reflects the latest changes in the federal tax laws resulting from the Revenue Act of 1962. New *rules for deducting expenses for* clearing land, the tax credit for new equipment and the more liberal rules for computing salvage value are explained in detail, as well as the tax rights and obligations of farmers.

Commissioner of Internal Revenue Mortimer M. Caplin, in announcing the comprehensive Farmer's Tax Guide booklet said that emphasis is placed on the importance of keeping good records so that farmers may take advantage of all deductions to which they are legally entitled.

Mr. Lethert stated that copies of the Farmer's Tax Guide can be obtained by writing the district director's office, St. Paul, Minnesota, and from county farm agents.

Sheran Appointed to Supreme Court

Gov. Anderson Names DFL Attorney from Mankato

Robert J. Sheran, one-time DFL candidate for lieutenant governor who was noted for his fiercely anti-Republican oratory, was appointed to the Minnesota Supreme Court Tuesday by GOP Gov. Elmer L. Andersen.

Sheran, 47-year-old Mankato attorney and former state legislator, will succeed Justice Frank T. Gallagher on the high court.

Gallagher, 75, retired Tuesday after serving on the Supreme Court for 16 years. He will remain however, as a part-time court commissioner.

Supreme court justices are elected, on nonpartisan tickets, for six-year terms. Vacancies are filled by governor's appointment.

Card of Thanks

We want to express our sincere thanks to relatives, neighbors and friends for their kindness and sympathy extended us following the death of our dear husband father and grandfather, Erick Johnson. Especially do we thank Rev. Herbert Larson for his comforting words, Ramona Chervestad for the music, LaVonne Fossum and Dianne Gunderson for the beautiful songs, the Reese Funeral Home and the pallbearers. Sincere thanks to those who sent flowers, cards and memorials, the Nazareth Ladies Aid who served lunch at the church and to those who brought food to our homes and helped us in any way. May God bless you all! The family of Erick Johnson. 1t3c

Card of Thanks

We wish to express our heartfelt thanks for the kindness shown us during the passing of our dear husband, father, grandfather and brother. Special thanks to Dr. Van Rooy, Dr. Martin and the nurses at N. W. Hospital, to the Green Funeral Home, to Rev. Steen for his words of comfort, Bonnie and Nancy Dicken for their message in song, Jerry Jorlngdahl for the music. To all those who gave flowers, memorials, and those who brought food to our home and to the ones who served lunch. Your kindess is deeply appreciated. May God bless you all. The Oscar Bottem family. 1t3p

Card of Thanks

We are deeply grateful to everyone for the kindness and sympathy shown during the illness and passing of our wife and mother, Mrs. Adelaide M. Seidel. A special thank you to Rev. Snipstead for his comforting message; to Rev. and Mrs. Snipstead for their singing and playing; to the pallbearers; to all who give flowers and memorials; to the friends and neighbors who served lunch; and everyone who helped in any way. Mr. Joe Seidel and family. 1t3c

Card of Thanks

I'd like to take this opportunity to thank Dr. Pollman, Dr. Herber and the N. W. hospital staff for the wonderful care I received while I was a patient there. Also for those who came to visit me and those who sent cards, letters and flowers. Thanks to each of you. Otto Voeltz. 1t3p

In Memorium

In memory of my grandmother, Mrs. Bertha Olson and my parents, Mr. and Mrs. Hans Fjeld:

The Unseen Bridge

There is a bridge, whereof the span
Is rooted in the heart of man,
And reaches, without pile or rod,
Unto the Great White Throne of God.
Its traffic is in human sighs
Fervently wafted to the skies;
'Tis the one pathway from Despair
And it is called the Bridge of Prayer.
—Gilbert Thomas

Sadly missed by daughter, Marie Fjeld. 1t3p

Prowler Sextet Defeats RLF 8-2

With right wing Elroy Frolland turning in a three-goal "hat trick", and with centers Don Mathieu and Tony Poole scoring a pair of goals apiece, and Monte LeMoine adding a tally, the hockey Prowlers scored an 8 to 2 win over the Red Lake Falls Eagles in a Region Eight conference game played on the Arena rink here Tuesday night.

On Saturday night, Jan. 12, the high-ranked Roseau Rams will invade the Arena rink for an important conference game against the Prowlers. Coach Oscar Almquist's Roseau Rams, the defending Region Eight champions and last season's state tournament runners-up, are rated along with International Falls and St. Paul Johnson as the state's top teams this season.

In Tuesday night's game against Red Lake Falls, the Prowlers moved into a 4 to 0 lead in the first period, with Frolland scoring twice and Tony Poole and Monte LeMoine scoring singles.

After the Prowlers had added a goal, at the 6:59 mark of the second period on Tony Poole's unassisted tally, to take a 5 to 0 lead, the Eagles entered the scoring column when Doug Hagl, on an assist from Ducky Hanson, beat goalie Jeff Noel at the 10:36 mark.

A three-goal flurry in the third period, with Frolland and Mathieu pulling the trigger on the goals, the Prowlers gained an 8 to 1 lead. Bernie Demarais closed out the game's scoring by tallying an Eagles' marker at the 8:3 mark of the period.

The summary:

State VFW Hockey Tournament Will Be Held in TRF

Committees Selected for Staging Event at Arena February 23-24

Committees for the state tournament of the Veterans of Foreign Wars Midget hockey program have been arranged by the Thief River Falls VFW Post. The tournament, believed to be the first state hockey tournament held in this city, will take place here on February 23 and 24.

Eight district champion teams will be entered in the tournament and a total of 11 games will be played — eight on February 23 and three on February 24. International Falls is the defending state VFW champion with Roseau holding the championship for 1962 in the Ninth District.

Advance sale of tickets will get underway next week with the price set at $1 for all 11 games of the tournament. Regular admission prices at the door will be 50 cents for adults, 25 cents for students and 10 cents for younger children.

Don Houfek is general chairman of the tournament with other committees including the following: Housing — Al Bacon, chairman, and Sgt. Emerson Sell; tickets — Dewey Amiot; publicity — L. H. Thorstenson and Roy Jorgenson, co-chairmen; entertainment — Harold Anderson; rink — Pete Sullivan, chairman, Morris Efteland and Paul Bedard; fund raising — Arnold Kelley, chairman, and Harlan Huseth; and concession — Clarence Dicken.

FISHING has reportedly improved on the Red Lake River in Thief River Falls and the first one to agree would likely be Werner Jacobson, 910 Knight av. N. He pulled this seven-pound walleye through the ice near the Eighth street bridge on Monday, and also caught three smaller walleyes of good eating size. Not satisfied to quit while he was ahead, he caught three pound and four pound walleyes on Tuesday. Jacobson fishes nearly every day but scorns a darkhouse because he likes to try fishing at a number of different spots.

Lake Bronson Wins Soo Line Tourney

Whips Newfolden Quint 64-31 for Championship

Coach Frank Kahoutek's Newfolden Nordics gained runner-up honors in the Soo Line tournament that was held at Karlstad last week. In the championshpi finals game, coach Jerry Furuseth's Lake Bronson Braves defeated the Nordics, 64 to 31, to win the title. It was the second successive title win for the Braves as they won the championship last year.

The Nordics moved back into the win column on Thursday night when they scored a decisive 50 to 26 win over the Karlstad Rabbits in a game played on the Newfolden court. The Nordics held a 23 to 17 lead at the intermission, but coach Kahoutek's club turned in a strong second half to gain the comparatively easy win. Jerry Strandquist, with 15 points, and Chuck Olson, with 14 points, were the high scorers for the winners. Jim Peterson notched 14 points for the Rabbits.

And playing a return engagement against the Karlstad club on Tuesday night, the Newfolden team racked up a 56 to 24 win over the Rabbits. Jim Dahl, with 16 points, was the high scorer for the Nordics, with Terry Strandquist and Ken Carlson adding ten points apiece.

The Nordics, with a season's mark of four wins and four losses, will be "on the road" this weekend. On Friday, Jan. 11, the Nordics will meet the Williams Wolves at Williams, and on Saturday, Jan. 12, Newfolden will meet the Baudette Bears at Baudette.

3d Annual Legion Bowling Tourney Scheduled at Ada

The 3rd Annual Ninth District American Legion Bowling Tournament will be held at ARC Lanes, Ada, this year. The tournament will run for three weekends, Jan 12-13, 19-20 and 26-27, and is open only to members of American Legion Posts located in the 9th Minnesota District and is a handicap affair with no pin limit. It is ABC sanctioned with an entry fee of $5.00 per man per team, doubles and singles events.

Previous sites for the tournament have been East Grand Forks and Crookston. The tournament is growing each year and it is hoped entries this year will also set a new record.

Any 5 eligible bowlers can form a team and enter the competition. The Post with the most members entered will receive a special trophy. Trophies will also be awarded to the doubles, singles and all events winners by Simonson-Betcher Post No. 26 of Ada, host for the event this year. For reservations call ARC Lanes, 784-3901 or mail entries to Tony Sipe, Tournament Mgr., Ada, Minnesota.

Hendrum Has Lead in Lake Agassiz Cage Conference

Leaders Swamp Felton 92-42 This Week; To Play Mahnomen, Halstad

On the basis of an undefeated conference record including a 92-42 romp over Felton this week, the Hendrum Huskies hold down first place ratings in the Lake Agassiz basketball conference. Hendrum has won four straight games and outscored its opposition 243 to 154 in games played to date.

Ada follows in second place with a 2-0 mark while Gary is third at 3-1 and Borup is fourth at 3-2. Borup holds a unique margin of victories over losses in view of being outscored by their opposition 278 to 310.

Twin Valley, holding sixth place on a 2-3 record, boasts the conference high scorer in 6' 1" forward Gary Dunbar, a senior with 88 points in four games played for an average of 22 points per game. Close behind is 6' 4½" Gary Paulsrud of Hendrum with 83 points in four games for a 20.8 mark, and Duane Ramstad of Halstad with a 20.3 average.

Scores of games played recently by conference teams include Clearbrook 52, Mahnomen 49; Hendrum 92, Felton 42; Ada 61, Barnesville 58; Mahnomen 61, Fertile 49; Twin Valley, 57, Waubun 42; Gary 48, Ulen 45; Borup 61, Hitterdahl 44; and Climax 62, Halstad 50.

Games to be played Friday include Halstad at Mahnomen, Gary at Ada, Hendrum at Waubun and Borup at Fertile. Saturday games will have Ada at Fargo Shanley and Bagley at Halstad while Tuesday games will include Hendrum at Halstad, Mahnomen at McIntosh, Waubun at Clearbrook and Lake Park at Twin Valley.

Dr. Gould to Speak at GOP Banquet

Affair January 26 to Honor Dr. Walter Judd

Laurence M. Gould will return to the Twin Cities January 26 as featured speaker at the Minnesota Republican Party's $100 dinner. John S. Pillsbury, Jr., dinner chairman, announced that the former president of Carleton College will speak in honor of Dr. Walter H. Judd, retiring congressman from Minneapolis Fifth District.

This year's Republican Party Fund Raising Banquet is planned in recognition of Dr. Judd's more than 20 years of distinguished service to the people of Minnesota. The friendship of Dr. Gould and Dr. Judd has spanned almost two decades, predating Gould's appointment as fifth president of Carleton in 1945. Speakers of the evening will include Governor Elmer L. Andersen and Robert Forsythe, Minnesota Republican chairman.

Dr. Gould first gained international recognition in 1928 when he was second in command of Admiral Byrd's first Antarctic Expedition. In 1929 he headed the dog team expedition that fought its way more than 1500 miles to within 300 miles of the South Pole.

Keeping Score with "Huck" Olson

Some of the Best

This week's sports calendar will find the local teams engaging in some of their most important games of the season, and against some of the best teams in the state and region.

On Friday night, coach Jack Junker and the Prowler cagers will make the trip to Bemidji for a game against coach Bun Fortier's Bemidji Lumberjacks. The Bemidji "board of strategy", coach Fortier and assistants Phil Buhn and Jack Louma, were here on Saturday night, and they witnessed the Prowlers in their 81 to 59 win over the Park Rapids Panthers. You can wager that this trio has been concocting some "bad medicine" for Friday night's games.

I say games, the plural, because the Bemidji 'B' vs. Prowlers 'B' affair will be a hotly-contested game, too, and well worth the watching. The Bemidji 'B' squad, utilizing a number of boys from the Bemidji 'A' squad, will be favored to win.

Hockey Saturday vs. Roseau

On Saturday night, on the Arena ice, coach Oscar Almquist and his Roseau Rams will be here for a Region Eight hockey conference game. And don't forget that a preliminary game, between Frank Macioch's Roseau 'B' squad and coach George Schlieff's Prowler 'B' squad, will be played. The preliminary is slated for 6:30 p. m., with the varsity game scheduled for 8:00 p. m.

And on Sunday afternoon coach Ray Bushy and his Grand Forks Warriors will be here for a senior hockey game against the Thieves. The locals, coached by Duane Glass, are leading the Northwest Hockey league, having a mark of four wins and no losses, but they rate the Warriors as their toughest opponents.

In a previous game between the Thieves and Warriors, which was played at Grand Forks, the Thieves, on a solo goal by Dale Wennberg with seconds of play remaining in the overtime period, edged out the Warriors, 5 to 4. Sunday afternoon's game should be a dandy.

Some Reinforcements

A couple of the Prowlers winter sports teams—the wrestling squad and the hockey team—will gain welcome reinforcements next week when, on Monday, Jan. 14, sophomore Ron Shaff and junior Jim Anderson become eligible for state high school league athletic competition.

Ron Shaff is a cousin of Prowler wrestling coach Al Shaff, and he is making his home with Al. Ron will join the Prowler wrestling squad next week, and he is reputed to be a fine wrestler. And come next spring he will join Rod Max's Prowler track and field squad.

Jim Anderson will join, officially, coach Gene Sack's hockey squad on Monday. Jim, who gained much of his hockey training in Canada, is making his home with the Rev. R. W. Dalzells. He isn't a stranger to the Prowler hockey squad as he has been "working out" with the boys for several weeks. Jim is a good-sized boy, and he will give added strength to the Prowler blue-line contingent.

Welcome, Ron and Jim.

Hook and Line

Am Wysoski, Harlan Huseth, and Mouse Efteland made a hurry-up trip to Washkish on Tuesday afternoon and returned with a mess of walleyed pike. The trio left here at 12:30 p. m., and were back in town at 7:30 p. m. with their limit of walleyes. And they made this limit catch in about an hour and a half.

Lloyd (Sam) Samuelson had been up there on Sunday, and had had good luck, and he gave the word to Harlan. And that's all that Am and Harlan and Mouse need, just a word or two that the fish are biting. Sam, fishing in the holes that Emil Malwitz, LeRoy Westerlund, and Stub Pahlen had chopped on Sunday, pulled out some two-pound walleyes. Or so he said.

There are some encouraging reports being recived on the fishing on Lake of the Woods. Joe Rinowski came in with a string of big walleyes that were caught off Gould Point; and on Sunday Gordon Olen and Unk Knutson of Warren had a limit catch off Elm Point. The province of Manitoba has discontinued the special winter-fishing license that had been in effect the past number of years. This license was issued for three months and for the modest fee of $2.50; but now the Minnesota anglers are required ot purchase the regular non-resident licenses.

Sympathies to Mike Hajostek

The Red Lake Falls high school hockey team played here on Tuesday night, and dropped an 8 to 2 decision to the Prowlers, but they were handicapped considerably by the absence of their coach Mike Hajostek.

Mike, a former Prowler hockey and football player, is athletic director and hockey coach at Red Lake Falls. He was unable to accompany the Eagles here on Tuesday night as he had been called to Stevens Point, Wisconsin, by the illness and death of his father, Myron Hajostek.

The elder Hajostek, who was also called Mike, was well-known here as he was for a number of years the chief clerk of the Soo Line.

The two Hajosteks, father and son, were the best fans that the Chicago Cubs baseball team had in this area, and the two, when the Jajosteks lived here, made a number of trips to Chicago's Wrigley Field to watch their favorites.

Curling Notes

The women's and men's curling league, that is a "mixed" league, will begin competion on Saturday evening, Jan. 12.

This league, which was a popular event last season, will toss its first rocks on the 8:00 p. m draw on Saturday. And curlers wishing to participate in the league competition are asked to organize their four-member rinks and be in attendance at the Fair Grounds curling arena on Saturday evening.

Prowler Matmen Defeat Ada Last Night by 34-14

Delorme, Berggren, Joe Taylor and Bob Benson Gain Pins in Victory

After watching an early lead dwindle as the Prowlers lost four straight matches in the middle weight classes, Thief River Falls Lincoln high school wrestling team rallied for three pins and a decision in the final four matches Wednesday night to defeat the Ada Vikings 34-14.

Coach Al Shaff's Prowlers got off to a fast start in the match as Myles Olsen decisioned Craig Skretvedt 5-1 in the 97-pound class; Roy Delorme pinned Craig Larson in 1:10 of the 105-pound class; Roger Wilson won by forfeit in the 114-pound class; and Don Berggren pinned Bill Habedank in 2:16 of the 122-pound class.

The Vikings struck back with four victories, including Don Erickson's 3-2 decision over Gary Nereson in the 128-pound class; Charles Hopwood's 10-5 decision over Steve Skadsen in the 133-pound class; Marv Gunderson's pin of Tom Larson in 1:44 of the 140-pound class; and Arvid Skuza's 7-1 decision over Luke Kaushagen in the 147-pound class.

Prowler wins putting the meet on ice were Joe Taylor's pin of Arnold Skuza in 5:28 of the 156-pound class; Ray Ulrich's 7-3 decision over Gary Paulson in the 167-pound class; Bob Benson's pin of Lowell Johnson in 2:29 of the 177-pound class; and Dwight Myhrer's 3-0 decision over Warren Anderson in the heavyweight division.

Feed Grain Supports up Slightly for 1963, ASC Office Here Says

To assure meeting the objectives of the feed grain program, Secretary of Agriculture Orville L. Freeman has announced an increase in the 1963 corn price support, with proportionate increases in supports for oats, barley, and rye. The corn support is increased to $1.25 per bushel, from the $1.20 support previously announced.

Winton Knutson, chairman of the county Agricultural Stabilization and Conservation committee, explains that further study since the announcement of the 1963 feed grain program, along with reports from field offices and from the advisory committee on feed grains, indicated that action to raise the support levels was needed to carry out the administration's policy to increase farm income, make further progress in balancing feed grain supplies with national requirements, and reduce program costs by reducing government stocks.

The national average support prices per bushel for 1963 feed grain crops now are: Corn, $1.07 loan, 18 cents payment, total support, $1.25; barley, 82 cents loan, 14 cents payment, total support, 96 cents.

The 1963 price-support loans and purchase agreements are also increased from 62 to 65 cents per bushels for oats, and $1.02 to $1.07 per bushel for rye. Since these two grains are not included in the feed grain program, no payment is provided and no reduction in acreage is required for price-support eligibility.

Chairman Knutson points out that special provisions are made for small farms in this latest announcement. The payment rate for acreage diverted to conserving uses will be increased to 50 per cent of the county support rate on the normal production of the diverted acres; for farms on which the entire feed grain base acreage (1959-60 acreage, as adjusted) is diverted, up to the eligible maximum of 25 acres.

This change will give farmers who divert all of their base acreage about the same payment as was earned under the 1961 and 1962 programs. These farmers will receive no price-support payment since they will have no 1963 feed grain acreage.

For other farms, the diversion somewhat as a result of the higher payment rate will be increased support price. For the first 20 percent of the acreage diverted from feed grains to conserving uses, the payment will be at 20 per cent of the county support rate (reflecting national average support prices of $1.25 per bushel for corn, and 96 cents per bushel for barley) on the normal production of the diverted acres. On any acreage diversion above the minimum requirement, payment will be at 50 per cent of the county support rate.

In addition, these farmers will receive a price-support payment of 18 cents per bushel for corn and 14 cents per bushel for barley, on the normal production of their 1963 feed grain acreage. These are unchanged from the previously announced payments. Cooperating producers will be eligible for these payments without regard to whether they feed their grain, market it, or place it under price support. Payments will be figured on the farm normal yield regardless of the actual yield on the farm in 1963.

As required in the law authorizing the feed grain program, price support in 1963 is contingent upon performance of the acreage diversion agreed to.

Other provisions of the 1963 feed grain program, the chairman said, are unchanged from those announced in November. The signup period for the program will be announced early next month.

Dusk Often Means Death for Drivers

Third of All Accidents Occur within 4 Hours

A third of our daily auto accidents occur in the four hours beginning at dusk, and 25 per cent of our fatal car wrecks occur in this same period.

Ever wonder why?

The Minnesota State Medical association says that aside from fatigue from a long day's work and irritability at other drivers, our eyes are often the reason why some 20,000 Americans are traffic-killed after dark each year.

How come? Well, the Association says its just naturally harder to see at night. Eyes are made to report intensity, color, and distribution of the light which enters them. Since there is less light at night, eyes cannot report as efficiently as in the daytime. Insufficient light, however, is not the only visibility problem.

The already poor picture eyes get after dark is often made worse by carelessly dirty windshilds and headlights, worn windshield wiper blades and poor weather. All these converge to add to the glare from oncoming headlights and from flashing neon signs, traffic lights, and other shimmering reflections.

When glare is absolutely unavoidable, the Association warns never to look directly into oncoming lights. Instead, they advise turning your eyes to the right-hand side of the road. This way you can still see the other car, but won't be bothered as much by glare.

More Graduate Courses at BSC

13 Courses in English Are Offered for 1963

Offerings for graduate students in English at Bemidji State college have been greatly expanded during 1963 according to Dr. Philip R. Sauer, chairman of the division of languages and literature.

Dr. Sauer announced that the division would offer thirteen graduate courses this year with three being offered in the winter term, two in the spring and eight in the summer.

During winter the division will offer "Developmental Reading in Secondary School Teaching" on Saturdays plus weekday offerings of "The English Renaissance," and "American Drama in the Twentieth Century."

In the spring the division will offer "Theory and Practice of Modern Criticism" and "The Novel" for graduate credit.

During the first summer session, June 11 to July 16 the division will offer "Improvement of Reading for Adults," "Classics of Continental Europe," "Origins of Comedy and Tragedy", "Siminar in T. S. Eliot" and "Drama Workshop".

During the second summer session, July 17 to August 20, it will offer "Chaucer," "Introduction to Literature," "Romantic Poets" and "Drama Workshop". The drama workshop is conducted in cooperation with the Paul Bunyan Summer Theatre.

Tests for State Plumber Permits Set March 25, 26

Examinations for state master and journeyman plumber's licenses will be held 8:30 a. m. on March 25 and 26, in the agricultural engineering building, University of Minnesota St. Paul Campus. The examination for the journeyman plumber's state licenses will be held Monday, March 25, and the examination for the master plumber's licenses will be Tuesday, March 26. The examination will be conducted by the Minnesota state board of health, plumbing unit, 359 State Office Building, St. Paul.

The state law relating to the licensing of plumbers provides that in a city or village having 5,000 or more population, no person, firm or corporation shall engage in or work at the business of master or journeyman plumber unless licensed to do so by the state board of health.

Application blanks for the examination are available at the plumbing unit and must be filed with the board by the 15th of February.

ANCIENT OIL LAMPS FINALLY FLICKER OUT

Probably not a great number of our readers could instantly locate the village of Roscoe, Minnesota, though it nestles in a pleasantly picturesque rolling lake area, surrounded by busy granite quarries, prosperous farms, lovely scenery and history. The First State Bank of Roscoe has served the villagers, now numbering 168, and the neighboring farms and hamlets, for 55 years—by the light of kerosene lamps. That is until they finally flickered out in the onrush of electric current in the final weeks of 1962. President Louise Muggli, 50 years with the bank her father founded, and Cashier Isadore Muggli, a youngster with 23 years of service, have cleaned and stored the lamps and are handling their Christmas rush under glowing electric bulbs. This nostalgic spot is in south central Stearns county, between Richmond and Paynesville not far southwest of St. Cloud.

The electrodes in aircraft sparkplugs, which fire an average 1,100 times each minute at the crusing speed of a piston-engine airliner, are made of platinum.

Scholarships to St. Paul 'U' Campus Offered Students

High School Seniors Are Advised of Available Grants Totaling $54,000

High school seniors planning to attend the College of Agriculture, Forestry and Home Economics at the University of Minnesota are passing up a good bet if they don't try for one of the many scholarships available.

For the 1962-63 year alone, some $54,484 worth of scholarship funds has been distributed to undergraduate students in the college, according to Ralph E. Miller, coordinator for scholarship programs at the College.

Of that total, $42,460 went to 192 students through recommendations from the St. Paul Campus scholarship committee, and another $12,460 went to 41 students from All-University scholarship funds. Similar amounts will be available for the coming year.

About half of these scholarship funds go to incoming freshmen. About one student in eight on the St. Paul Campus recieved scholarships this year.

Applications for freshman scholarships for the 1963-64 school year must be at the University by Jan. 15, according to Miller. In most cases, applications are handled by high school principals or counselors.

More than three-fourths of the scholarships are for $300 per year—enough to cover tuition and incidental fees. Some, however, range in amount up to $750 for the school year.

These scholarships are supplied largely by non-profit organizations, alumni, and industry groups.

The Pressure Is On

With Congress and many state legislatures starting new sessions, the pressure groups are now really putting on the pressure. The educators are among the most persistent and, of course, the most demanding. Here in Minnesota the "rock bottom" increase for the biennium is $86 million. Two years ago the total for the university, the state colleges and the secondary and elementary schools was $404.5 million, so the total request for the next two years will be about half a billion dollars.

The law makers will be told of a deplorable lack of facilities, and if pay boosts are not provided for, all of the teachers and professors will go farming or something. The situation is desperate.

From an independent source we did get some encouraging news about the availability of colleges thruout the country. Colleges had facilities for 40,000 additional students last fall and the prospects are not bad for the coming year. For 75 cents Changing Times Reprint Service will mail you a list of "College Openings".

Kerr-Mills Amendment

One of the measures that no doubt will receive serious consideration by the Legislature is a proposal to adopt the Kerr-Mills amendment to the Social Security Act. This act was adopted by Congress in October of 1960 and did not receive the consideration it deserved during the 1961 session. It requires legislative approval in a state before it can become effective in that state. Wisconsin and many other states did approve it.

The act provides for federal and state participation in a broad program of health care for all needy, aged citizens. The federal government pays 54.4 percent of the costs and the state 45.6 percent. Each state must have an administrative program that meets federal requirements, and the program is administered at the local level. It covers all medical costs, hospital, nurse and drugs. Benefits are paid on a needs basis.

This is a much more reasonable approach to the problem of providing for the medical needs of the aged than the so-called Medicare bill which would make assistance available only to those who qualify for Social Security. This bill would add another heavy burden to the insolvent Social Security fund. Social Security is already costing close to ten percent of the total payrolls and adding further increases to the payroll tax would be very unfair to the young people who already are getting a bad bargain.

The Legislature should adopt the Kerr-Mills amendment to the Social Security Act.

A New Academy?

One of the newest ideas for spending money is the administration's plan for a National Academy of Foreign Affairs—another government-financed university to train the ever-increasing staff of officials who run errands for us around the world, getting us in and out of trouble. Maybe a better solution would be better use of the facilities that already are available to train foreign service personnel. We are sure many of our present universities would be happy to cooperate by providing special courses.

The Wall Street Journal is skeptical about the need for another government school, stating:

> "The State Department itself operates a Foreign Service Institute which provides courses for senior foreign-affairs officials. It also offers instruction to officers embarking on new assignments abroad, including intensive foreign-language study.
>
> "The State Department has long been burdened with almost incredible overstaffing. Anyone wandering through its labyrinthine corridors must wonder how any policy proposal ever gets hammered out, and indeed President Kennedy complains that it is often far too lengthy a process.
>
> "The new Academy plainly would not reform the State Department. Neither would it be an instrument for establishing a truly career foreign service. A good case can be made that we need such a service; that is, one in which a man can rise all the way to the top, as an Army man can, instead of all too frequently finding the top reserved for political appointees. Against such real difficulties, the alleged need for the new Academy seems pretty peripheral.
>
> "In a similar way, there was considerable comment a few years ago about the urgency of improving the language skills of our diplomats, especially in some of the more obscure tongues.
>
> "That is obviously desirable in itself; the mistake of some commentators was in assuming that it would automatically produce a much more effective diplomacy. The sad fact is that if a diplomat is a fool to begin with, fluency in Hindi or whatever will not help, if he is blessed with wisdom, a foreign-language deficiency will be more than offset thereby.
>
> "And wisdom, always needed and always in short supply, cannot be taught by a foreign-affairs academy or any other school. No institution, no matter how competently staffed, can supply the kind of judgement that might have avoided the Bay of Pigs fiasco. No academy could have cured the blindness which led the U.S. Government to appease Stalin during World War II on the assumption he would cooperate in building a peaceful world."

A Good Start

We thought the administration had taken care of all the lawyers who are deserving Democrats by making them judges, but there must be a few who still are out of work. Attorney General Robert has prevailed upon brother Jack to ask Congress to create an agency to defend at public expense all the poor people who are charged with violation of Federal laws. It is reported that the President will suggest an appropriation of $8.5 million dollars for attorney fees.

Robert says this probably will not be half enough but it will be a good start. It should enable him to take care of the remainder of his lawyer friends. It has been suggested that a few more million be made available to investigate the financial condition of those who seek the pauper's aid.

These are interesting proposals. They might not lead to much more corruption.

"U" Needs Up Again

Walter Barnes of the Sleepy Eye Herald-Dispatch evidently is not completely sold on the idea of another huge increase in the appropriation for the University of Minnesota. Among other things, he questions the need for further reduction in class size, and ponders:

> "To some of us, however, the picture is a little overdrawn. For example, the university wants one teacher for every 19 students in undergraduate and professional fields, one teacher for every 12.7 students in technical and professional fields, one for every 6.3 students in the graduate school and other highly specialized areas of study.
>
> "Granted it was a long time ago, the ratio of instructors to students was nowhere near that high when this writer was attending the University of Iowa.
>
> "Maybe they didn't do as good a job, maybe the students didn't absorb as much knowledge. It is just possible the instructors expected to work harder than they do now. The 35 or 40 hour work week was unknown in any field in those days. Times have changed. More than likely university teachers have too."

Of course, as Walter Barnes knows, it doesn't make sense. Year after year, at all levels of government, public employees get pay increases, and this no doubt will continue until the people find out at last that they are paying the bill.

In private employment there is a brake on wage and salary increases. No private industry can continue to pay out more than it takes in, and when it no longer is possible to produce profitably then the plant closes down and all of the employees are out of work.

Public payrolls are maintained on a different basis. It isn't necessary for a public employee to meet a minimum production requirement, and the only prerequisite for regular pay increases in most instances is an uninformed and indifferent governing body that has the legal right to spread tax levies. Until there is a taxpayers' revolt the vicious cycle continues.

It isn't easy for one community or one state alone to hold the line in matters of this kind, but there is a growing ground swell of opposition to reckless public spending that is encouraging. Getting back to living within our means has its unpleasant aspects but, if we don't start managing our public activities and institutions well voluntarly, good management will be forced upon us by necessity.

The Price of Freedom

(National Observer)

"The price of freedom is paid in many ways. Cubans who fought at the Bay of Pigs languished in Castro's dismal jails for 19 months before their ransom last week. Their relatives, offered a chance to leave Cuba, left behind nearly all their belongings when they jammed the African Pilot last week to flee to Florida.

"At the infamous Berlin Wall, brave men and women continue to mock Communist efforts to pen them in. Under a hail of machine-gun fire, two East-German couples and their children burst through three barricades last week in a bus to get into West Berlin. Others risked their lives to crawl through barbed wire entanglements.

"Freedom never comes cheap, but it's a tribute to the human spirit that there are always people willing to pay the price."

Oral Polio Vaccine Clinic

On Sunday, Jan. 13, Type I of the Oral Vaccine will be administered in the school cafeteria of the Newfolden community school between the hours of 12:00 noon and 5:00 p. m. The American Legion Auxiliary, sponsors of the clinic with the county doctors, hope that everyone will partake of the oral vaccine, as young and old alike may be carriers of the polio virus. Even though you have taken the Salk vaccine shots, it is hoped you will take the oral vaccine as the Salk does not provide immunization against the disease but merely prevents paralytic polio. The oral vaccine prevents one from getting the disease and from being a carrier of the virus. To protect yourself, your family, and your friends take advantage of this clinic.

Type I vaccine will be administered on Sugar Lump Sunday, January 13th, and Type II and III will be given at a later date.

As stated in the fact sheet that all school children received and is posted in the local business places, there will be a 25 cent charge for each sugar lump given. However, no one will be turned away because of their inability to pay. Registration forms may be obtained at any of the local business places and they have been sent out with all the school children. There will also be registration forms at the clinic.

The American Legion Auxiliary is co-sponsoring the clinic in Newfolden which will also include the Holt and Viking areas. Mrs. John P. Halvorson, president of the local unit will act as chairman of the oral vaccine clinic and several members of the auxiliary will assist with the clinic. Local registered nurses, Mrs. Elder Oscarson and Mrs. Arthur Rud will administer the vaccine.

If you like 'em solid, sure-footed and quick, Fairlane's your kind of car!

SLAM THE DOOR—and listen to the solid thunk of a car that's all muscle. GET BEHIND THE WHEEL—and discover this hot new middleweight gives you the room of a big car. MOVE 'ER OUT—and learn how Fairlane unsnarls traffic. (It's over a foot shorter than standard cars.)

HIT THE OPEN ROAD—This tight, trim Fairlane has the solid feel of a big car!

Choose from two lively Challenger V-8's with up to 164 horses . . . 9 models: hardtops, wagons and sedans.

AND REMEMBER—In any Fairlane, you enjoy the kind of care-free driving for which Ford cars are famous (maintenance stops are reduced to twice a year, or every 6,000 miles).

America's liveliest, most care-free cars!

The check that bounced 8 times
Yes indeed! This check "bounced" merrily around town this week boosting business every time it landed. From the time it left the farmer, it helped the community buy clothing and carpeting, gasoline and groceries, baseball bats and baby sitting services. It will help a merchant enlarge his store...help pay the salaries of our school teachers. Like hundreds of other PCA checks, it helped keep things moving in this community.
Our Production Credit Association is owned 100% by farmers in this area, and its sole purpose is to provide a dependable source of ready, farm-tailored credit at reasonable cost... so necessary to today's successful farm operations. The money that PCA farmer-planned loans bring into our community is private capital from investors throughout the country. Wise use of PCA credit by your farm neighbors is playing an important part to help make our community a better and more prosperous place to live.

American Legion to Back Traffic Safety Program Again in '63

The Department of Minnesota of the American Legion, has announced it will carry out a strong program of traffic safety during the coming year as part of the state highway department's "United for Safety" emphasis activity.

George Kaisersatt, Farmington, Legion state safety chairman, reported that action taken by the organization's safety committee will place the veterans group in the forefront of local safety programs.

Urging the members to consider safe living as a community project, Kaisersatt said the group will work for passage of the following legislation:

1. Absolute numerical speed limits, where all posted limits would be maximum legal speeds.
2. Increase the strength of the Minnesota Highway Patrol, according to needs indicated by growth of traffic.
3. Examination of all drivers upon application for renewal of driver license.
4. Authorize peace officers to make arrests without warrants following investigations of traffic accidents.
5. Limit the number of unmarked traffic control vehicles to one-third of those used by enforcement agencies.

The American Legion will take a prominent part in the 1963 traffic safety workshops to be held in several Minnesota cities during January. Local post safety chairmen will be programmed at Roseville, January 8; New Ulm, January 10; Rochester, January 14; Richfield, January 15; Detroit Lakes, January 16; and Virginia, January 17, to outline the Legion's contributions to traffic safety.

Kaisersatt also announced that the annual American Legion Safety Day would be conducted on May 29, the eve of Memorial Day. He said the theme would be, "Make A Peacetime Pledge to War Against Traffic Injuries, Death, and Destruction."

During each of the past several years, nearly 1,500 uniformed veterans have distributed safety literature as a reminder that we have suffered more casualties on our highways than in all wars since 1776.

FACTS OF LIFE

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Jimmy was so fascinated by his new goldfish that we thought he'd forgotten about the other one. Then, suddenly, he looked up and asked, "Mommy, will this one die too?"

I tried, as gently as I could, to tell him that, in time, all things die. And as I did so, I realized how valuable it is for a child to have even as small a pet as a goldfish. For in observing a pet — even in suffering the loss of one — a child begins to learn a great deal about life, in a natural and understandable way.

But I warned myself, it is important to realize that he is learning only the *visual*, material part of the lesson. In order to understand what he is seeing, and what he is feeling, he must be taught its spiritual meaning. This is why religious education is so important. That is why Jimmy attends church with us . . . and he'll start church school, next fall.

Mid season bowling tournament was held in Lake Bronson Sunday afternoon for the first all local tournament.

Award winners were Robert Blazejewski of the Les and Lonles team with a 667, Philip Hougard of the Doris and Avery team, won second honors with a 630 score and Evald Kujava of the Florian Lodge team scored 622 for third place.

These three award winners are bowling tyros, with only a half season of league bowling experience.

The other two Strandquist teams are the Johnson Oilers and Nelson Grocers with 2½ years of league bowling and did not place a winner. This tournament was a handicap match using a 200 scratch and 80 per cent of the difference between the season average and scratch. All participants enjoyed the games and association as the teams bowl in 3 different leagues and do not have an opportunity to compete with one another in regular league play.

How is this for Minnesota weather in January? While the mother was busy washing clothes a two year old youngster stripped all the clothes off and went out to stand under the water dripping off from the roof, "because it was raining." January 7, 1963.

County Fair Dates Are Set, Arrangements Are Made

Arrangements for the Pennington County Fair this year were made at the annual meeting of the Minnesota Federation of County Fairs held recently in Minneapolis. Representing the Pennington County Fair Ass'n., Inc., were Ray Oen, Everett Amundgaard and Donovan Bruggeman.

O. M. Mattson, president of the Marshall County Agricultural Association for a number of years, was elected vice president of the state organization. Logan Scow of Long Prairie was elected president. Receipts from the 96 county fairs held in Minnesota totaled $1,722,934 in 1962 with net proceeds amounting to $366,812.

Dates of the Pennington County Fair were set for July 8, 9, 10 and 11 with a varied program of entertainment arranged. William Collins Shows were contracted for the fair dates and the large carnival will bring its midway attractions her between engagements in Jamestown and Fargo, N. D. The carnival will have several new rides which have not been available in Thief River Falls before this year.

Seven performances before the grandstand will be offered this year with a varied program of entertainment almost certain to offer something of interest to all fair goers, the board members report. On Monday evening, July 8, Crash Dick and his auto thrill show will present the performance before the grandstand.

July 9 will be devoted to local and 4-H club activities with the afternoon and evening programs both to be produced with local talent. It is expected that the evening 4-H activity will be of a similar nature to that presented in 1962 and which was well received by a good crowd.

Wednesday, July 10, will be devoted to two programs by Buss Carson of Hollywood, Cal., and his horse show. Afternoon and evening performances on Thursday, July 11, will be given by the Mario Circus — a poplar program brought back from last year. The circus has a number of new acts but has retained the elephant act which was highly acclaimed by spectators last year.

Plans are being made for other phases of the event which this year will be earlier than most of the county fairs in the area. A free gate will again be offered this year to provide free admission to the grounds for anyone interested in attending the annual event.

RRV Winter Show Talent Festival Set February 20

Entrants Will Compete for $100 First Prize an Other Cash Awards

Fifth annual Talent Festival is planned for the Red River Valley Winter Shows at Crookston under the sponsorship of the Crookston Junior Chamber of Commerce and the Red River Valley Winter Shows Board of Managers. The contest will be held in Crookston on Wednesday evening, February 20, at the Central high school auditorium.

All entries must be in by February 12. Auditions will be held at 1 p. m. on February 20, with 15 to 20 acts to be chosen to compete in the evening.

According to general chairman Allan Dragseth of the Jaycees, anyone 12 to 21 years of age is eligible to take part in the contest. Entry blanks and information can be obtained by writing to Allan Dragseth, Eldred, Minnesota, or calling 281-2550.

The board of managers of the Red River Valley Winter Shows is offering the following cash awards to the winners: $100 first prize; $75 second prize; $50 third prize, with all the evening performing contestants receiving $10 for appearing on the program. Any ties for first, second or third place will split the prize money. Prize money will be the same whether an individual or a group number wins.

Red River Valley Winter Shows dates this year are February 16-22.

121 Persons Died in County in 1962

With January 10 the final date for receiving reports of deaths during 1962 at the office of Henry Storhaug, clerk of court, it was announced that a total of 121 persons had died last year in Pennington county. The figure compares with 148 deaths in 1961 and 150 in 1960.

TRF Man Assists in Forester Day Plans at 'U' of M.

Old logging days will come to life again as the foresters of the University of Minnesota celebrate their 29th annual Foresters' Day on Saturday, January 19, on the St. Paul Campus. All of the color and tradition of the days of Minnesota logging will be a part of the affair.

Plaid shirts and beards will set off the individual participants from the spectators as foresters compete in field events of log rolling, pole climbing, match splitting, bucking, chopping, tobacco spitting, log throwing and axe-head burying Saturday afternoon.

Among those organizing Foresters' Day is Robert F. Nyvall of Thief River Falls.

Mercury Slumps to 27 Below Zero Here This Morning

Temperature Drops To New Low Record for the Current Winter Season

Temperatures dropped to the lowest reading of the season with —27 degrees last night as the area continues to shiver in the most severe and prolonged cold spell of the winter. When the mercury edged its way up to one degree on Saturday, it was the first reading above zero since January 9.

This January still has a long row to hoe before it approaches the cold spell of January last year. Sub-zero lows were noted for 19 consecutive days from January 5 through 23 with the coldest mark being —35 on January 17. Twelve high readings during January of last year were subzero marks.

No relief is in sight acording to the predictions of weathermen. High temperatures today were expected to range from — 10 to —20 degrees with tonight's lows to drop to the —20 to —30 bracket. Skies will be mostly fair tonight and tomorrow with colder temperatures Tuesday and continued cold on Wednesday.

Christmas Seal Collections Here Lag Behind 1962

It's not too late to send in your Christmas Seal contribution to help fight tuberculosis and other respiratory diseases, said Judge Herman Kjos, president of the Pennington County Tuberculosis and Health council. "I urge everyone in the community to look up his Christmas Seal letter and mail in his donation to the state Christmas Seal association, 614 Portland Ave., St. Paul 2, if he has not already done so."

"Latest figures from state headquarters show that Pennington county is behind in its contributions compared to last year," he said. "Returns amount to but 85 per cent of last year's total—yet the organization's health services are increasing."

Trinity Church Sets '63 Meeting Tuesday

The annual meeting of the Trinity Lutheran church congregation will be held at the church Tuesday evening, January 15, when officers will be elected and annual reports submitted. Harold Rasmussen will preside.

Little Action in First Week of Legislature

House Speaker to Name Committees Early This Week

The tone set in the first week of the 1963 Minnesota legislature indicates it will be a quiet session, with firm Conservative control and a possible 90-day windup.

The major event of the week was Gov. Andersen's message, in which he reiterated his belief there will be no need for new or increased taxes.

The house of representatives elected Lloyd Duxbury, Caledonia, as its speaker, as it was expected to do.

The speaker is expected to announce other committee assignments in the House early this week. Rules recommendations are expected to come out on Monday and be moved for adoption Tuesday.

The Senate also got off to an interesting start during the week. Increased Liberal representation on Senate committees and the emergence of Sen. Gordon Rosenmeier, C-Little Falls, as perhaps the most powerful member of the Senate, were the major developments in the upper house.

For the first time every Liberal received as many committees as Conservatives with equal seniority. Freshmen senators were given five committees.

Rosenmeier took over as chairman of the committee on committees, an all-Conservative body, and as chairman of the judiciary committee, one of the most important committees in the Senate.

In addition he was chosen president pro tem of the senate, largely an honorary position. As president pro tem, he presides in the absence of the lieutenant governor.

Distinguished Sevice Award Given Ole Sande

Ole R. Sande, one-time Pennington county superintendent of schools who in 1893 came with his parents from Norway to Thief River Falls, recently received a distinguished service award on his retirement after 19 years service with the bureau of Indian affairs of the department of the interior. He also was formerly an official of the Minnesota department of education.

Record Is Set On License Sale

With Thursday of last week the last day to purchase motor vehicle license tabs without penalty, the day proved to be a record-setter at the license bureau in Thief River Falls. Mrs. Marjorie Hanson, deputy registrar, noted that 637 vehicle licenses totaling more than $19,000 were sold Thursday to break all previous records.

Soo Train No. 9 Delayed Sunday

Soo Line passenger train No. 9, bound from Minneapolis-St. Paul to Winnipeg was delayed Sunday morning for about six hours at Paynesville when the wheels of a freight car were derailed at a switch.

A Look at Development

Dairy Day Group To Meet Jan. 24

To begin formulation of plans for Northwest Dairy Day and review the past year's event, a meeting of the Northwest Dairy Improvement association has been called for Thursday, January 24, at the Rex Cafe in Thief River Falls. The meeting will begin at noon with Stuart McLeod, president of the organiation, presiding at the business session.

Mr. and Mrs. Martin Nelson visited in Grand Forks, N. D. on Saturday.

Aliens Reminded to Register by End of January

A. G. Vaughan, distric director of the Immigration and Naturalization Service, St. Paul, has again reminded all aliens to report their addresses during January.

Cards with which to make the reports are available at postoffices throughout the country. Parents or guardians submit reports for alien children under 14 years of age.

Vaughan urges all aliens to report before the end of January as willful failure to do so may lead to serious penalties.

Stenberg Is Emcee for C of C Banquet

Annual Event Slated At Legion Club Rooms On Saturday Evening

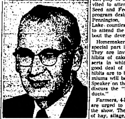
Otto Stenberg will serve as master of ceremonies for the 49th annual Chamber of Commerce banquet to be held Saturday at 6:30 p. m. in the American Legion club rooms in Thief River Falls. A fried chicken dinner will be served and tickets are now on sale for $1.75 each.

Headline attraction will be Rollie Ferrell, St. Paul, who is billed as "The Human Echo". Ferrell has appeared on a number of major television programs as a lecturer, humorist and master of dialect as well as exhibiting powers of extrasensory perception. He can echo spoken words in any language nearly simultaneously with the speaker and will demonstrat ethis "human echo" technique at the banquet.

According to advance reports on the banquet program, Ferrell will request the services of Chamber of Commerce members for the demonstration of his extraordinary powers. It promises to be a unique and entertaining evening for all Chamber of Commerce members, wives and guests attending.

Rev. Leland Steen, pastor of Zion Lutheran church, will pronounce the invocation and benediction at the banquet. Past-president Joe Holter will review the activities of 1962 and President Gene Belto will talk about the program of work for 1963. Honorary life memberships in the organization will be presented to several members deemed worthy of the awards by a selection committee.

Persons attending the banquet are invited to stay for a dance which will follow at the club rooms with music to be furnished by the Rhythmaires of Crookston.



PRESIDING as toastmaster for the 49th annual banquet of the Thief River Falls Chamber of Commerce Saturday evening at the American Legion club rooms will be Otto Stenberg, partner in the operation of Stan & Otto's Red Owl store. The event is scheduled to begin promptly at 6:30 p.m.

Rev. and Mrs. Kenneth Mickelson are leaving today for their mission assignment in the Cameroons, on the west coast of Africa. They will travel by jet via New York City and Paris, France, and expect to work in Africa for about four years.

3 Auto Crashes Result in Damage Totaling $1,910

Seven Cars Involved In Accidents During Several Days in City

Three traffic accidents investigated by the Thief River Falls police department during the past several days involved seven cars and total estimated damage of $1,910, acording to a department report. One minor injury resulted from the mishaps.

The first crash occurred at 8:50 a. m. Friday when a car driven east on Second street by Adolph Kleinvachter, city, was struck on the left side by a car driven by Garlin Stromsmoe, city, traveling south on Knight av. N. About $600 damage was done to the Kleinvachter car and $350 to the Stromsmoe car with Stromsmoe charged with failure to yield the right-of-way.

At 11:23 a. m. on Sunday, a car driven west on Second street by Arthur Torstvelt, city, was struck by a car traveling south on LaBree and driven by David Froehle, city. Mark Froehle, a passenger in the second car, received a cut lip and was treated and released at Northwestern hospital. About $350 damage was done to the Torstvelt car and $250 damage to the Froehle car. The mishap is under investigation by the department.

At about 4:30 p. m. Sunday, a car driven by Glenn Anderson, city was traveling south on Duluth av. N. when struck by a car driven by James Kjensrud, city, and traveling west on Ninth street. The impact spun the Anderson car into a parked vehicle owned by Clyde Shumway. Damage estimates included about $150 to the Anderson car, $85 to the Kjensrud car and $125 to the Shumway car. Kjensrud was tagged for failure to yield the right-of-way.

Rural Area Development will be th emain theme of the Sixth Annual Pennington County Seed and Feed show, according to Silas Hanson, president of the Pennington County Crop Improvement association, sponsor of the show. Date of the show has been set for Friday, February 1, at the Thief River Falls city auditorium. With area development receiving considerable attention across the United States, it is important that we look at possible improvements for our area thru RAD, Hanson stated.

One of the topics which will be discussed at this year's show is "Weed Control for 1963". This is of special importance to area farmers since a wet season in 1962 prevented good weed control and a build up of weeds may cause serious problems in 1963. This topic is also considered most important to seed growers in the area.

Area development will receive attention through the explanation of RAD (Rural Area Development) ARA (Area Redevelopment Act) and OEDP (Overall Economic Development Plan). Everyone interested in the growth of the area, and the part that each citizen can play in these programs, is invited to attend this meeting. The Seed and Feed show is a public program designed for residents of Pennington, Marshall and Red Lake counties, and all are urged to attend the meeting to learn about the development programs.

Homemakers will also have a special part in this year's show. They are invited to bring in exhibits of cakes, cookies and desserts in which eggs comprise a good deal of the recipe. Egg exhibits are to be arranged and premiums will be paid in all classes. Speaker on the home program will discuss the "Use of Poultry Products."

Farmers, 4-H and FFA members are urged to prepare exhibits for the show. These include any type of hay, silage, potatoes, corn, legumes, grains and grass seeds, millet and certified seeds. Grain exhibits can be cleaned, in which case a one-quart sample is required. Also bin-run grain can be shown with one bushel samples to be shown in this class. Premium money will be paid in all classes.

The Sixth Annual Seed and Feed show serves for display of exhibits but it is also a forum for discussion of various community and farm topics, according to Paul Steimaschuk, Pennington county agricultural agent. It is sponsored by the association in co-operation with seed, feed and fertilizer handlers, financial institutions, Thief River Falls Chamber of Commerce Pennington county and the REA.

Speakers for the program will be announced in the Times as soon as all confirmations have been received.

Former T. R. Falls Teacher Is Author

Dr. A. E. Friedl Co-author of Book on Science Fairs

A former Thief River Falls resident, Dr. Alfred E. Friedl, is coauthor of a new book that gives the why, what and how of putting on science fairs for youngsters.

Friedl has helped edit a revised edition of "Your Science Fair", covering high school and elementary level fairs, recently published by Burgess Publishing Company, Minneapolis.

Dr. Friedl, who at one time taught sixth grade in Thief River Falls, stresses the importance of the science fair as a means to "identifying and encouraging the scientifically gifted child, encouraging use and understanding of the scientific method and reporting to parents and community as to one phase of students academic performance".

Co-authors are Arden F. Welte, instructor at John Marshall high school in Rochester, Minn., and James A. Dimond, teacher at Bloomington senior high school in Bloomington, Minn.

Currently science consultant to the Dan Diego county department of education and instructor of a televised course under auspices of the University of California, Dr. Friedl has also written several teachers' guides, a film strip and a study guide.

DIRECTORS of Steer, Inc., a group which sponsors mission work through the raising of beef cattle by individual members, met late last week in Thief River Falls to discuss moving the head office of the corporation to Thief River Falls. Left to right are Rev. E. V. Folden, field director; A. V. Brodin, treasurer; Rev. Arnold Folden, associate director and business manager; Harlan Lindgren, Walter Lindgren and Ted Holt, directors; Rodney Brodin, board chairman; and Wallace Christensen, secretary. Not present when the picture was taken was Roy Nyberg, vice chairman. Rev. Arnold Folden was moved to Thief River Falls and will direct operations of the organization from an office set up at his home.

Arleen Prosser Pledges Vows with Duane Loven

First Lutheran church at Middle River was the scene of the wedding of Arleen Kay Prosser, daughter of Mr. and Mrs. Archie Prosser of that city, and Duane Richard Loven, son of Mr. and Mrs. John Loven of Gatzke, at 8 o'clock on Saturday evening, December 29. Rev. James Hanson performed the double-ring ceremony in the presence of 250 relatives and friends. Christmas trees and wrought-iron candelabra flanked the altar, and candelabra trimmed with white bows and holly marked the pews. The holly was provided by Mrs. Clifford Lunde of Washington, aunt of the groom.

A prelude of organ music was played by Mrs. James L. Hanson, who also accompanied soloist Wayne Pederson of Moorhead in his vocal offerings of "O Perfect Love," "Entreat Me Not To Leave Thee," and "Crown With Thy Benediction." After the bridal procession the congregation joined in singing, "Savior, Like A Shepherd Lead Us."

Given in marriage by her father, the bride entered the church in a floor-length gown of peau-de-soie with motifs of Alençon lace embroidered on the portrait neckline and bouffant skirt. The gown also featured a fitted basque bodice and long, tapered sleeves. The shoulder-length veil of silk illusion was arranged from a Swedish crown of pearls and crystals. The bride carried a bouquet of white roses and green pine. Her jewelry was a pearl necklace and earring set, a gift from the bridegroom.

The bride chose her sister, Miss Dorothy Prosser of Thief River Falls, as her maid of honor, and Miss Janice Prosser, another sister, and Mrs. Donald Rova, Grand Forks, N.D. as her other attendants. They were attired in street length dresses of dark green velvet, carried white fur muffs trimmed with holly, and wore white fur headbands. Their pearl necklaces were gifts of the bride.

Roger Loven of Minneapolis, brother of the bridegroom, attended him as best man. Groomsmen were Larry Hagen and Ronald Engelstad, both of Gatzke. Robert Engelstad and Orrin Aune seated the guests. All the men in the bridal party wore black tuxedos and white carnation boutonnieres.

The bride's mother chose a brown knit dress with brown accessories and the groom's mother chose a green dress of silk shantung with black accesories. Both mothers wore corsages of white roses, feathered carnations; and green pine. The bride's two grandmothers, Mrs. T. J. Lillevold of this city, and Mrs. Emma Prosser of Lake Bronson, were also honored with gift corsages of white carnations and pine.

Immediately after the wedding, a reception was held in the church parlors. Hostesses were Mrs. Alfred G. Hanson of this city and Mrs. Axel Gormsen. It was given by the bride's parents [illegible] ed a wedding cake of four tiers centering the serving table. Topped by white bells, the cake was surrounded with holly. It was cut and served by Mrs. Oscar Sanner of Lancaster, an aunt of the bride, and Mrs. Henry Holte, Grygla, the groom's aunt. Presiding at the silver service were Mrs. Elmer Erickson, Lake Bronson, and Mrs. Arne Engelstad, Gatzke, aunts of the bride and bridegroom, respectively. Waitresses were Misses Linda Larson and Connie Hagen. Assisting in the kitchen were Mmes. Albert Hanson, John Mickelson, Bertha Folden, Thelma Anderson, Fred Larson, Andy Anderson, and Herman Young.

Registering guests was Mrs. Terry Stout of Fosston, and those in charge of the gift table were Mrs. Arne Moser of this city, Mrs. Randolph Kezar, Middle River, Miss Gloria Arntz, and Bonnie Innes, both of Grand Forks, N. D. Steve Larson carried the gifts.

Attending from out of town were guests from Hallock, Lake Bronson, Lancaster, Halma, Karlstad, Grygla, Gatzke, Badger, Roseau, Thief River Falls, Ulen, Lake Park Twin Valley, Fosston, [illegible] Minneapolis, Minn. and Grand Forks, N. D.

The bride is a graduate of Middle River high school and the University of North Dakota, while her husband graduated from Northwest school of agriculture, Crookston, and is now in his senior year at the University of North Dakota. They will be at home in East Grand Forks, while the bride teaches in River Heights school there and the groom is continuing his studies at the U. --Photo by Nagle Studios, East Grand Forks.

Newcomers Plan For Annual Dinner Dance

Dick LeMoine was a guest of the Newcomers' Club at their regular meeting on Wednesday night, January 9. Using Miss Joyce Lokken as his model, he demonstrated the creation of popular hair styles to his interested audience.

Committees were formed to plan the annual Newcomers' dinner party and dance which is tentatively set to take place in February.

Refreshments were served by hostesses Mrs. Delmar Rasmussen and Harold Hagen. The next meeting will be held Wednesday, January 23, and the club reminds any newcomers to the city that they are more than welcome to attend this, and all meetings of the group. Meeting time is at 8 o'clock as always, and the place is the courthouse meeting room. Further information can be obtained from Mrs. Harold Hagen, phone MU 1-1645.

Lund as president; vice president is Dr. Dan Greene of Warren; secretary, Ray Jude, and treasurer, Marshall Hankerson. A garden quiz was conducted by Mr. Lund, after which lunch was served by the hostess.

The next regular meeting will be at the Lund home on Tuesday, February 5.

St. Bernard's Guild To Install Officers Jan. 17

Ladies of St. Bernard's Church Guild will hold installation of officers on Thursday evening, January 17, at 8 o'clock in the church meeting room. Outgoing president is Mrs. Clarence Gross and retiring assistant banquet chairmen are Mrs. Adolph Kleinvachter and Mrs. Gordon Johnson.

Mrs. Ames Pederson will be installed as the group's new president. Other officers are Mrs. J. J. Womack, 1st vice president; Mrs. Lawrence Brown, new 2nd vice president; Mrs. Gordon Markstrom secretary; Mrs. James Dryden, treasurer. Executive board members are Mmes. Thomas O'Gorman, Robert Lasha, and Adolph Kleinvachter, all of whom will be serving for another year. Banquet chairman Mrs. Kenneth Maidment has also accepted her post for another term. She will be assisted by Mrs. Anton Kosojed, Sr. and Mrs. Delwin Schob.

Following installation ceremonies, lunch will be served in the dining room. Table centerpiece will be provided by Miss Bernice Trombly. Hostesses will be Mmes. Donald Schulze, Ralph Hunt, Dick LeMoine, Bob Protz, and Flora Allison.

A large attendance is anticipated.

Eagles Auxiliary Gets Thanks For Gifts

The Eagles' Auxiliary met January 7 with Ella Larson presiding over the business session.

Mrs. L. W. Rullen expressed the appreciation of the local hospital for the gifts to the pediatrics ward; a letter was read from Bill Allison, the auxiliary's "adopted" boy at Home on the Range, thanking the group for its Christmas gift to him and of his appreciation of its sponsorship. Agnes Quindlog gave an account of his visit to her and recounted his telling of life on the ranch and its benefits to him, personally. Needy families who were remembered at Christmas time, and spokesmen for the special classes in this city extended their thanks, and the Chapel of the Four Chaplains also gave their thanks for the auxiliary's donation.

Attendance prizes were forfeited by Mrs. Marie O'Hara, and Olga Larson, but the third attendance prize was won by Teen Berg. Another prize was awarded to Ella Larson.

Entertainment was in charge of Helene Eckardt and Ann Irvin. Hostesses were Teen Berg and Caroline (Keks) Lee. The next meeting will be January 21 at 8 p. m.

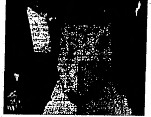
JoAnn Magner Weds John Abruscato In Chicago



St. Killam's Church of Chicago, Ill., was the scene of the wedding of a former local girl, Miss JoAnn Magner, daughter of Mr. and Mrs. Andy Nesland, formerly of this city, and John Abruscato, son of Mr. and Mrs. Carl Abruscato of Chicago.

Bouquets of white gladioli and white mums decorated the altar as Father Fitzpatrick performed the double-ring ceremony.

The bride was given in marriage by her step-father. She wore a floor-length gown of ivory peau de soie styled with an Alencon lace trimmed neckline. The bell-shaped skirt fell into a chapel train from a bow at the back. Her fingertip Madonna veil of ivory net was secured by a crown of matching lace and seed pearls.

She carried a cascade bouquet of white baby mums, Hawaiian love flowers, and orchids.

Maid of honor was Kathleen Sich, friend of the bride, and the bridesmaids were Wanda Peterson and Margaret Snequaski, sister of the groom. They wore identically-styled gowns of light gold faille in street length and featuring bell-shaped skirts. They wore matching headpieces and carried bouquets of mums.

Junior bridesmaid was the bride's niece, Barbara Lange. Her dress was similar to that worn by the bride, and she carried a bouquet of mums. The flower girl, a sister of the groom, also wore a dress styled similarly to that worn by the bride, and likewise wore a flower crown and carried mums in a basket.

Richard Abruscato, brother of the groom, served as his best man. Groomsmen were Robert Semreguaski, the groom's brother-in-law, and John Ochrleki. The men in the party all wore black tuxedos.

Mrs. Nesland's choice of costume for her daughter's wedding was a brown lace dress with matching accessories. Their corsages were of chapine colored orchids.

A reception was given in the Sabre Room lounge immediately after the ceremony and was attended by 175 guests. The bride's table was centered by a three-tiered wedding cake topped by a miniature bridal pair. Sisters of the bride, Mrs. Lloyd Louze of Cloquet and Mrs. Betty Christensen of Melrose Park, Ill. were at the gift and guest tables.

The couple honeymooned in New Orleans, La. For the trip, the bride chose a blue knit suit with matching accessories.

They are making their home in Chicago.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. WILBUR A. HALLSTROM

Pairing up several of our area's products, beef and (sour) cream, is this beef casserole which is the favorite recipe of a farm homemaker, Mrs. Wilbur Hallstrom. It is a welcome change for the farm family, and since it utilizes more inexpensive cuts of beef it can fit readily into the average non-farm budget as well.

Today's homemaker appreciates the ease of its preparation and the fact that the meat portion of the casserole can be prepared in advance and the biscuit topping added just before the meal is served. Working women will find this a welcome idea; with an added salad and a dessert, this can be real company fare, and if prepared the night in advance, can be completed in slightly over half an hour the following evening. The meat can be heated on top of the stove while the puff topping is being prepared, thus cutting baking time to the time required to bake the topping. (20-25 minutes in a hot oven.)

STRIPS OF BEEF CASSEROLE

1 lb. round steak, cut in ½ inch strips
¼ cup shortening
1½ cups chopped onion
2 tablespoons flour
1 cup canned tomatoes
1 cup water
1 can tomato paste
1 tablespoon sugar
1½ teaspoons salt
¼ teaspoon pepper
½ teaspoon Worcestershire sauce

Brown stips of steak in the shortening. (A large skillet or Dutch oven is fine for this.) Stir occasionally. Add the onion and flour, and cook until onions are tender. Watch carefully. Add tomatoes, water, tomato paste, sugar, salt, pepper and Worcestershire sauce. Cover and simmer for 1½ hours, or until meat is tender. Stir occasionally. Add to 1½ cups cut mushrooms, (optional) fresh or canned, and ¾ cup commercial sour cream. Continue cooking five minutes longer. Place mixture in a 2-quart casserole. Top with Sour Cream Puffs, the recipe for which follows. Brush the puffs with cream, and sprinkle with sesame seeds. Bake, uncovered, at 425 degrees for 20-25 minutes until puffs are golden brown.

SOUR CREAM PUFFS

1¼ cups sifted flour
2 teaspoons baking powder
½ teaspoon salt
¼ cup shortening
¾ cup sour cream (commercial or thick)

Sift flour, baking powder and salt. Cut in the shortening. Add the cream and stir with fork until dough clings together in a ball. Pat out on a well-floured surface to ½ inch thickness. Cut six to eight 2½-inch biscuits and top each with a 1-inch biscuit. Bake as directed above.

Mr. Hallstrom operates 640 acres in Black River and Polk Centre townships. They have four children, Greg, 8; Anita, 7; Maryn, 5, and Danny, 3. The two older ones are in St. Hilaire school, in third and second grade respectively. Their mother says that her hobby is sewing --she makes clothes for herself and the girls, and also "takes in" sewing during slack seasons. They are members of Zion Lutheran church in this city, where Mrs. Hallstrom holds the office of education secretary for the Lutheran Church Women. Her husband is treasurer of the newly-created Pennington County Fair Ass'n., Inc., and vice-president of the Pennington County Crop Improvement association. Both are members of the NW Farm and Home Development association.

And Mrs. Hallstrom, word has it, is a whiz around the kitchen. The many guests who have tasted of her skill with a recipe can vouch for this.

Additional Locals

Mrs. Lloyd (Elaine) Ramstad and son Calvin of Minneapolis visited Mrs. Ramstad's parents, Mr. and Mrs. James Bjerken for several days. They also visited Mr. and Mrs. Carl Ramstad while here.

Mr. and Mrs. Elmer Benson recently returned after spending three weeks in the West, visiting at the home of their son-in-law and daughter, Mr. and Mrs. J. R. Schlichting and family at The Dalles, Ore.

Twin Cities visitors from Saturday until Wednesday were Mr. and Mrs. Greamond Bruggeman and Mrs. Caroline Walter. The former visited with relatives while Mrs. Walter received medical attention at University hospital. In their absence, two of Mrs. Walter's sisters, Mrs. Arnold Blake of Hampden, N. D. and Mrs. Ernest Blake of Starkweather, N. D. cared for the Bruggemann children. They returned to their home Thursday.

Bilek Attending Scout Conference in North Dakota

Executive staff members of the 15-county Lake Agassiz Council, Boy Scouts of America, are in Bismarck for a two-day conference of Scout leaders from Minnesota, North Dakota, South Dakota, and Montana. Attending the planning conference are H. W. Oehler, Grand Forks; Edwin J. Bilek, Thief River Falls; and Paul H. Stark, Devils Lake.

The conference will deal with scouting matters relating to increased membership, camping, leadership training and the fitness program of the Boy Scouts of America. Discussions relating to the celebration of the 53rd anniversary of scouting during Scout Week, February 7-10, will be an additional highlight of the program. The meeting is being conducted by Region 10, covering the four states.

Times Editor Reports on Northwestern Hospital

Having spent two days in the hospital last week disguised as a patient, I am sure I am now qualified to speak as one who is an authority on local hospital operations. I will sum up my observation briefly, let the chips fall where they may.

That's the start of the report, intended of course to awaken the reader's interest as to what comes next. From this start I move on to the second chapter.

I entered the hospital early Monday morning because that is the only place in town where you can find a doctor early in the morning, and I soon found one who was willing to listen to my ideas of what was wrong with me. I knew I was suffering from undernourishment. While I was explaining this to him he had me X-rayed and put to bed.

I had not come there to go to bed, but I went to bed. Two days later, on Wednesday, after submitting to numerous indignities and several more X-rays, I escaped. So ends the thrilling prologue.

It is true that I did walk to the hospital Monday morning in considerable distress — physical distress. I was normal mentally. I did receive prompt attention, and the machinery of health restoration started functioning at once. I am not an experienced hospital patient and the procedures were a little bewildering. For instance, having disrobed, I put on the long top section of the pajamas that had been laid out for me, but when I emerged from my privacy I learned that I had put them on backwards.

On ordinary pajamas the button side goes to the front, and that's the way, by habit, I put them on. But the front buttons of hospital pajamas consist of a couple of tie strings that are to be assembled in back. In well ordered hospitals it is the rear that is to be exposed.

For those of you who plan to spend a few days at Northwestern I suggest that you bring your own toiletries and personal effects. The hospital staff is accommodating, but in this field the supplies are limited. I needed two brushes, one for my teeth and one for my hair. I adjusted graciously to the limitations. One tooth brush served both purposes.

But, as I have indicated, the real reason why I sacrificed two days in Northwestern Hospital was to gather information about the institution and present facts that I think you have a right to know. The hospital, under its present name and organization, is now twelve years old. I wish to review briefly that twelve-year period; report to you on the present status of the growing institution, and discuss the plans for expansion that, in some respects, are well advanced beyond the planning stage.

Northwestern Hospital came into being as such in 1951, when the old Mercy and St. Lukes hospitals were consolidated. Under the new management, both of the old hospitals were operated until 1954, when the new Northwestern was completed, extending north from the old St. Lukes.

That costly development, made possible by the liberal contributions of the citizens of the community, along with a $200,000 contribution by the city of Thief River Falls through a bond issue that was approved by the voters of the city, and a Hill-Burton grant of federal funds. The total cost was about $1,025,000, and at the time the new facility was put into service the new hospital had an outstanding debt of only $120,000. And this small obligation was offset to some extent by unpaid pledges.

The hospital board had wisely adopted a program of debt retirement by funding one half of the bookkeeping item of depreciation, and along with continuing receipts from old pledges, the entire debt was gradually liquidated. The hospital has been debt-free since then, and the practice of funding part of the depreciation item has been continued, building up gradually a substantial sum that is now available for the next expansion program. It is good to know that we enter upon this next phase of Northwestern Hospital expansion in excellent condition financially.

I do not stress the excellent financial condition as necessarily being the most important fact in this overall picture. Other considerations may be of still greater importance. But in terms of having a solid foundation upon which to build the future structure, the fact that the hospital at present is in excellent financial condition, certainly is encouraging.

Equally important, certainly, is the fact that we now have harmony. The merger of the two competitive groups, when the two old hospitals were consolidated, was not effected without difficulties. That merger was forced, to some extent, by community pressure, and it did not result in complete and blissful harmony at once. That is understandable. The gratifying thing, as I see it, is the fact that now, after more than a decade of experience, the old differences have been overcome by the healing influences of time.

The important thing is the fact that we now have one community hospital, which has the united support of the people of the community, as nearly as united support is ever possible.

With this background of progress in spite of trials and tribulations, it seems to me that we are justified in facing the future with confidence. We have every reason to believe that the expansion program that is now in the making will be another step forward in providing more adequate community health facilities.

The overall cost of the next expansion phase is estimated at $800,000. Assured government grants will pay about half of this total. The hospital board anticipates that by the time that construction costs will have to met with dollars on the line, there will be available in the building fund about $2000 for such needs. This means that we will be about $200,000 short of paying for an $800,000 improvement, and this will have to be met by mortgage bonds spread over a period of years.

And what will this expansion mean in terms of cost to the individual patient who uses the facilities of the expanded hospital? My guess is that, under good management, the per unit cost of operation to the patient, should not increase. The same cost factors should enter into this operation as those that enter into the cost of growing a bushel of wheat. Volume is an essential factor in cost.

I will have more to say about this, and the future of the health program that hospital expansion should mean to our community, in later revelations.

Adrian Brule New Co. Board Head in Red Lake County

The Red Lake County Board of Commissioners held its annual organizational meeting Tuesday in Red Lake Falls when officers were elected, committee appointments made and other routine matters were decided for 1963, according to David Kankel, county auditor.

Kankel was electde auditor at the last election and succeeds Arthur Prenevost who held the auditor post since 1936. He will be aided in his office by deputy auditor Robert Poirier.

Adrian Brule of Lake Pleasant was elected chairman of the board to succeed Omer Houle who was elected vice chairman.

Two new board members elected in November were introduced to their duties and included Don Ste. Mari eadn Arnold Person.

Dr. F. W. Hazard to Go to Convention of Veterinarians

Minnesota's professional Veterinarians, meeting in Minneapolis on January 21, 22, and 23, will hear reports on the current position of disease eradication programs throughout the state and will outline plans to intensify the drive that is slowly but surely making progress against diseases that have cost the dairy, livestock, and poultry farmers of Minnesota millions of dollars loss in past years. Dr. Frank W. Hazard of Thief River Falls plans to attend the session.

The three day seminar brings some of the outstanding experts of the country to discuss new techniques and scientific advancements with emphasis on the need for early detection and fast action to seal off any disease outbreak and prevent spreading.

Area Students on NWSA Honor List

Two students from Red Lake Falls and one from Grygla were included in the high scholarship list for the second six-weeks period at the Northwest School of Agriculture at Crookston. The winter term opened with registration January 2.

Included on the list were Steven Beyer and Ronald Beauchane of Red Lake Falls and Wayne Nelson of Grygla. To qualify for the high scholarship rating, students must have 3.00 to 3.49 points on the scholastic list.

Motor Car Travel to Set New Record

AAA Sees 1963 Total of 630 Billion Miles in U.S.

Passenger cars in the United States in 1963 will roll up the astronomical total of 630 billion behicle-miles of travel, an all-time record, according to the Minnesota AAA.

"This will mean that total travel by passenger cars in America has more than doubled in the past 15 years," said Hugh M. Craig, executive secretary of the motoring organization. "There also has been a similar increase in travel by trucks which are expected to cover some 130 billion vehicle-miles this year."

These figures, based on Bureau of Public Roads data, give only part of the traffic congestion story, the AAA official added, since traffic is far from evenly distributed over our network of roads and streets.

In recent years, 40 per cent of all travel has been on main rural roads comprising only 14 per cent of the nation's total 3.6 million miles of roads and streets. Another 46 per cent was on urban streets, which total only 12 per cent of the overall mileage. Local roads accounted for 14 per cent of the total travel, but make up 74 per cent of the total U. S. road mileage.

The Library Corner

by Virginia Gjernes

By now there's nothing left of the old year — except memories, reports and income tax returns, and the excellent books published during the year — books which will be read and reread and thoroughly enjoyed for many years to come. That's one good thing about a good book — it remains a good book — time doesn't change it, not one word of it!

New books, the first of this year's crop, are on the shelves now waiting to be discovered, read, then discussed during the family's leisure togetherings. Those adults who like to dwell in the rootin', tootin' fast-shootin' days of the Old West will be forming a line in order to borrow "Desperate Men" by James D. Horan. The author unlocks the famous Pinkerton files and pulls startling facts about some of the most infamous outlaws who figured in the colorful past of our country. The book is much more than a so-called "western saga" for it is sure to be of interest to any readers listing history, criminology or true-life adventure in their "must read" column.

Those in the family who are a bit on the younger side will be awaiting their turn for "Cowboys and Cattle Country", an American Heritage Junior Library volume, describing the true lives of the now - but - not - always - so - glamorous cowboys. The book is beautifully illustrated with both color and black-and-white reproductions of some of the west's most descriptive paintings and drawings. It is a book Junior will thoroughly enjoy, even though he'll probably have to read the bulk of it over Dad's shoulder.

A couple of more volumes for the young-in-years are "A Pet for the Orphelines" and "Perez and Martina". The latter is an old Porto Rican folk-tale, handed down verbally from one generation to the next and has now been put in the English language and book form for the very first time. The former volume will appeal to children as only a story about children and pets can appeal! The scene is not-so-far-away France in a not-at-all-unhappy orphanage. The one sad thing about the book is that it is many, many pages too short! That is the fault of the authoress, Natalie Savage Carlson.

Adult members of the family will be reading "The Tenth Fleet", by Ladislas Farage, because it is the untold story of our country's anti-submarine operations in World War II. The story is taken wholly from documented Naval records and the author's personal experiences. The reader may, or may not, agree with the author — but because this is America (and the author wants to be sure it remains America) the reader may disagree out loud about the methods suggested by the much-traveled, well-read and experienced author.

An eyewitness report on "The Other Side of the River" reveals Red China as it is today. Edgar Snow, the author, is the only American writer accredited to travel throughout Communist China. He gives his answers to many questions queried by vast numbers of people today — people who are wondering, and some even worrying, about Red China. Mr. Snow's book is informative and challenging to the reader. Mr. Snow, like most other people, is not always right — but right or wrong, his is a "must be read" name on the list.

"Thomas Jefferson and His World", another American Heritage Junior Library offering, is one which will be read and reread by generations to come for the reader meets Jefferson, the man, as well as Jefferson, the politician.

Librarians read, too, now and again — and one of the most interesting facts, statistically speaking, we've come across lately is this: 18 million Americans have no library services at all! That's fact number one. Fact number two is this: 110 million Americans have inadequate library services—and fact number three is even more startling to we of the Carnegie Public Library staff — 65 million of the 128 million total, hail from rural areas. However, residents of the rural areas surrounding your library, with the exception of Pennington County residents, who pay no fee, have access to the books on the shelves by the simple act of securing a Membership Card for the nominal sum of $3.00, payable annually, semi-annually or quarterly. The card entitles the bearer, and all members of the family, to the use of the library's facilities. In fact, teachers in the neighboring towns often assign work to students which can be done only through the cooperation of the Thief River Falls library staff.

It is true that our facilities are inadequate, yes, but there is certainly a big difference between inadequate and non-existant! And this we know, more than 200 folks, both big and little, push open the heavy door of our inadequate facilities every day of the week except Sunday, to avail themselves of the pleasure and the knowledge contained between the covers of the best efforts of our past and present authors and publishers.

Clothing may cost you and your family slightly more this year than it did a year ago, but there will be a big variety from which to select in cotton, wool, silk and manmade fibers. Supplies of all fibers will be ample this year to meet consumer clothing demands.

This year's cotton crop, for example, is expected to be over 2 per cent greater than last year's crop. Production capacity for manmade fibers seems ample. Several leading producers have recently announced expansion of facilities to meet increased demand for nylon for sportswear using nylon-cotton stretch fabric, as well as nylon for carpets and tires.

World wool production is expected to be slightly above the record high of last year. The United States imported 10 per cent more raw silk last year than the previous year, and imports will continue to run large.

Slightly higher prices may be noticeable in fur-trimmed coats, some shoes, handbags and gloves. A major shoe manufactuer expects to boost prices of its spring line by almost one per cent — more on men's shoes and less on women's.

Price increases on men's worsted fabrics to be delivered to manufacturers between February and July have already been announced by one manufacturer; and higher prices of men's suits are expected by next fall. Prices of broadwoven goods of manmade fibers, wool and cotton are up somewhat, as are prices of silk products.

Are you using to the best advantage the space taken up by storing suitcases? Why not place items inside the suitcases that aren't used often, for instance, Christmas decorations, patterns and fabric that yet hasn't been made into the item for which it was purchased.

Unemployment Fund Drops Further in '62

The Minnesota unemployment fund, which reached a peak of $134 million early in 1954, has slumped to $37.1 million, according to Frank T. Starkey, employment security commissioner. During 1962, the fund dropped another $4.6 million, or 11 per cent. The decline in the fund continued despite the increase in the tax paid by employers in 1962.

Because the fund had dipped below $50 million on June 30, 1961, employers were required to pay an increased tax beginning January 1, 1962, ranging from a minimum of six-tenths of one per cent of the first $3000 paid to an employee to a maximum of 3.0 per cent, depending on the unemployment experience of employers eligible for experience rating. In 1961 the tax schedule was 0.3 to 2.7 per cent.

During 1962, $36.7 million was paid out in benefits and $30.9 million was collected from some 43,900 employers covered by the law, Starkey said. The fund earned $1.2 million in interest during the year.

The "dollar decline" in the fund does not fully indicate its inadequacy, he said. In 1954 the amount of reserve per covered worker was $227 while the maximum obligation to a covered worker under the program was $780. Starkey pointed out that by the end of 1962 there was only $54 in reserve per covered worker while the maximum obligation to a covered worker had climbed to $988.

The consistent drain on the reserve fund during the past eight years is attributable to several factors, according to Starkey's analysis. Among these are: persistently high levels of unemployment, even during periods of relative prosperity; the general increase in the length of time individuals are unemployed; the fact that, while wages have increased considerably, only the first $3000 of wages are taxable (less than 60 per cent of total wages); and numerous other factors relating to the failure of the contribution provisions of the law to yield sufficient revenues to replace benefits paid.

Aircraft Sprayer Short Course at 'U'

Scheduled for Tuesday, Jan. 22, on St. Paul Campus

An aircraft sprayers short course is set for Tuesday, Jan. 22 on the St. Paul campus of the University of Minnesota. Expected to attend are about 50 persons from Minnesota, Wisconsin, South Dakota, and North Dakota.

Speakers will include representatives from the University, state agencies, and the chemical industry. Topics will include insect control recommendations, the insect situation in field crops and forests, an analysis of spraying accidents, mosquito control, weed control recommendations, and a discussion of "Silent Spring," the recent book by Rachel Carson.

The event is sponsored by the University department of entomology, fisheries and wildlife; the Minnesota department of agriculture, the Minnesota Airport Operator's association and the Minnesota department of aeronautics. Course coordinator is J. R. Sandve, of the state entomologist's office.

Catholics Honor Mill City Family

Richard Seidels Named Catholic Family of Year

How do you bring up 11 children and have "no problems at all"? "I suppose it was because we had great love for them and wanted them to be happy so they'd be good," said Mrs. Richard T. Seidel of Minneapolis, named with her husband and children as the National Catholic Family of 1962.

Two sons are priests, Fathers John J. Seidel, 35, curate of St. Peter Canisius church in Chicago, and Thomas E. Seidel, 31, Holy Cross father who teaches at Notre Dame high school, Chicago.

Two youngest daughters are nuns — Sisters Mary Bariel, 23, and Catherine, 19. They are at the Benedictine Priory in St. Paul.

Announcement of the selection for the honor was made Wednesday by the National Catholic Welfare Conference. Sunday the family received a plaque at services at Visitation Church, with the presentation made by Archbishop Leo Binz of St. Paul.

Seidel, 63, a retired oil executive, said his family is extremely grateful and humbly proud about the honor. He said there probably are many other families better qualified.

Small Part of Income Needed for Clothing

If you're an average American adult, you're spending a smaller proportion of your income for clothing than your parents did 20 years ago or even 35 years ago.

By 1961 Americans were spending only 8 per cent of their incomes for clothing compared to 11 per cent 20 years earlier and 13 per cent in 1929, reports Athelene Scheid, extension clothing specialist at the University of Minnesota.

A number of reasons both inside and outside of the clothing field may account for the declining trend in clothing expenditures. Today's casual modes of dressing, the greater utility of fibers used and lower prices of clothing compared with those of other items are among the factors responsible.

Additional reasons include the competition of other goods and services and the changing composition of the population.

Many of the casual clothes are less expensive than more formal clothing. Separates provide greater variety and flexibility by mixing garments. They also allow cheaper replacement of a part instead of the whole costume. Skirts, blouses and slacks are increasing in popularity and to some extent are substituting for housedresses which are decreasing in popularity. For men, too, popularity of separate trousers and coats is increasing and that of suits, overcoats, work shirts and overalls is declining.

In footwear, women's play shoes and sandals constitute about a third of the shoes for women in recent years.

Use of more manmade fibers has increased the life of many garments. Amount per person of manmade fibers used in clothing was twice as great in 1960 as in 1937.

Proportionately lower prices on wearing apparel than on other goods and services has also held down the average family's budget allowance for clothing. The consumer price level for apparel rose only 1 per cent in the past year and 3 per cent in the previous 10 years. On the other hand, the consumer price index for all items rose 1.4 per cent last year and 15 per cent in the 10 years before.

Consumers are finding other attractive ways to spend their money than for clothing, Miss Scheid said. For example, housing and household operation are taking an increasingly higher proportion of real income. In fact, the house may be replacing clothing as a status symbol.

Effect on clothing expenditures is evident, too, in the changing composition of the poplation. It includes a higher proportion of persons who customarily spend less for clothing — individuals under 15 years of age and over 65. These age groups increased from 32 per cent of the population in 1940 to 40 per cent in 1960.

CHAMBER L.I.F.E.

Living-Industry-Farming-Education

By Rolly Larson
Manager Chamber of Commerce

Almost without exception most organizations consider the official annual meeting of their respective group one of the highlights of their year. This is also true of the Chamber of Commerce of Thief River Falls.

Next Saturday evening at the American Legion clubrooms, the Chamber will hold its annual banquet. A sizeable turnout of members, wives and friends is expected. We hope that they enjoy the evening as much as the planning committee thinks they will.

Last year various directors and officers gave thorough reports on the programs of the Chamber and it was quite a business-like affair. This was proper but it need not be that thorough every year, and especially in successive years. Therefore something different has been planned by Randall Noper and his committee this year and they feel that it will be very social and enjoyable in nature.

Saturday night those in attendance will enjoy a chicken dinner with music provided as a background. Otto Stenberg will very capably serve as toastmaster for the program. On the program will be the outgoing president, J. B. Holter, and incoming president, G. A. Belto Jr., with their respective reports on 1962 and 1963 operations. Honorary life memberships will be presented by the membership committee chairman, John McGinley, to some members of long standing who now are not active full-time in business.

Perhaps the highlight of the evening will be an exclusive performance by St. Paul's own Rollie Ferrell, "The Human Echo", who is a master of dialect, a lecturer, a humorist and an extraordinary 'extra-sensory perceptionist'. We expect that most people in attendance will have never seen anything quite like "Mr. Echo" and will be completely fascinated by his performance.

It should be pointed out that tickets are on sale by various salesmen and at the Chamber of Commerce office and they should be purchased early this week if at all possible.

Meanwhile, let's hope that this weather warms up just a bit and that you enjoy yourself as you Shop and Trade Where Bargains Are Made — Here in the Heart of Northwest Minnesota, Thief River Falls.

F. R. Steineke, Former Resident, Dies at Fergus Falls

Frank R. Steineke, former resident of Thief River Falls when stationed here from 1940 to 1945 with the Border Patrol of the U. S. Immigration Service, died January 6 at Fergus Falls where he had resided since 1956. He was 67 years of age.

Mrs. E. A. Emanuel Rites Held Here This Afternoon

Last rites for Mrs. E. A. Emanuel, age 76, a Thief River Falls resident since 1937, who died at Northwestern Hospital January 9, were held today, Monday, at Trinity Lutheran Church. Rev. Reuben Wangberg and Rev. Harold Peterson officiated, and interment was made in Greenwood cemetery. Sinding's Funeral Chapel was in charge of arrangements.

Catherine Whitman was born March 3, 1886 at Huntsville, Ala., where she graduated from high school. In 1906 she came to Berthold, N. D., where she worked for a number of years as an employee of the U. S. postal service.

She was united im marriage to Emil Emanuel at Minot, N. D. on March 10, 1913. They made their home at Hingham, Mont., for five years, moving back to Berthold in 1918. They moved to Grand Forks, N. D. in 1935, and since 1937 have made their home in this city. Mrs. Emanuel was a member of Trinity Lutheran church ladies aid and a member of the Order of the Eastern Star.

Survivors include her husband, Emil; two sons, Charles, of Thief River Falls, and Burton, Mankato; two grandchildren and one great-grandchild; three brothers, Horace Whitman of Seattle, Wash., Hollis, of Atlanta, Ga., and Jim, Baxley, Ga.

She was preceded in death by a daughter, Doris, one sister, and four brothers.

Mrs. Carl Gjernes, Resident 30 Years, Interred Fiday

Mrs. Carl Gjernes, 70, who died in Northwestern hospital January 7 after a long illness, was buried Friday, January 11 in Greenwood cemetery in this city. Funeral rites were held from Trinity Lutheran Church with Rev. Reuben Wangberg officiating, assisted by Rev. Harold Peterson. Arrangements were in charge of Sinding's Funeral Chapel.

Sadie Vattendahl was born April 23, 1892, at Fisher. She attended school there and at Highlanding. The first 15 years of her life were spent on farms in Pennington, Polk, and Red Lake counties; from the age of 15 and until she was 20, she lived in Grand Forks, N. D., moving back to Oklee where she was united in marriage to Carl Gjernes on November 22, 1915. The family continued to reside in Oklee until 1930, when they moved to this city. They have made their home here since that time.

Survivors include her husband Carl; one son, Earl, of this city; two daughters, Madeline, Mrs. Owen Scrmmstad, Manhattan Beach, Calif., and Ardell, Mrs. Edward Tierney, Hibbing; one brother, Ted Vettendahl, Nesconset, Long Island, N. Y.; six sisters, Mrs. Churstie Duncan, Central Valley, Calif.; Mrs. J. L. Radniecki, Oklee; Mrs. Signa Sundahl, Grand Forks, N. D.; Mrs. Ralph Collins, Columbia Falls, Mont.; Mrs. Robert Jeffries, Minneapolis, and Mrs. Theresa Berg, Los Angeles, Calif.

Mrs. Gjernes was preceded in death by one son, Orlin; one sister, and two brothers.

Donald Stallmo, 29, Accident Victim, To Be Buried Here

Donald Stallmo, son of Mrs. Gladys Stallmo of this city, was the victim of a truck accident at Redondo Beach, Calif., on Friday, January 11. He was employed by a trucking firm at the time of the accident.

Funeral services will be held here on Friday, January 18 at 2 p. m. at Trinity Lutheran Church with Rev. Harold Peterson officiating.

Visitation hours have been set from Thursday noon until Friday noon at Sinding's Funeral Chapel, and at the church for one hour prior to the services.

A complete obituary will follow in the next issue of the Times.

Prowler Quint Loses to Bemidji by 67-58

The Bemidji Lumberjacks defeated the Prowlers from the free-throw line in Friday night's basketball game played on the Bemidji court, with coach Bun Fortier's team scoring a 67 to 58 win over coach Jack Junker's locals. The Prowlers had a 3-basket margin in field goals, 26 to 23, but Bemidji converted 21 points on 31 ties from the free-throw line. The Prowlers could collect but six points in eight tries from the free-throw line.

During the game, the Prowlers were charged with 20 personal fouls and a pair of technical fouls, while Bemidji was assessed but nine personal fouls. The Prowlers' Tom Lindberg was forced from the game late in the fourth period when he picked up his fifth foul.

The Prowlers will be playing on their home court this week as they host the Bagley Flyers of District 30 on Tuesday night, Jan. 15, and meet the East Grand Forks Green Wave on Friday night, Jan. 18.

In Friday night's game at Bemidji the Lumberjacks' forward line of Jerry Suman, a six-foot five-inch left forward, John Dow, a six-foot two-inch right forward, and Bill Rabe, a six-foot four-inch, and 200-pounds plus center, proved to be the decisive factor in giving coach Fortier's team the win. The three players accounted for 55 of Bemidji's 67 points, with Rabe gaining the game's high-point honors with 24 points. Suman tallied 19 points, and Dow, hitting from the outside, accounted for 12 points.

The Prowlers held an early lead, having a 12 to 8 lead midway in the first period, but Bemidji, on a pair of field goals by Rabe and a field goal by Roger Johnson, moved into a 14 to 12 lead. Ken Larson scored on a rebound, knotting the game at 14-14. Bill Rabe, from close in, scored a two-pointer. Lindberg kept the game in a tie with a field goal. Dow, from the corner, hit on a field goal. And, just before the period ended, Rick Jensen, on a free throw, pared the Jacks' lead to one point, 18 to 17.

The Lumberjacks turned in their best efforts in the second period when they outpointed the Prowlers, 18 to 11, to gain a 36 to 28 lead at the half-time intermission.

The two teams played on even terms in the third period, with each club scoring 17 points. John Aune led the Prowlers with four field goals and a free throw in the period.

Entering the final period, Bemidji held a 53 to 45 lead, but the Prowlers kept within reach of the Jacks, and when Jensen, on a long shot, and Aune, on a drive-in layup, scored field goals with three minutes of the game remaining, the locals were within four points of Bemidji, trailing 60 to 56.

In these final minutes of play, the Prowlers had several opportunities to set up scoring plays, but loose ball-handling, erratic passing, and over-anxiousness proved costly. Bemidji, on a pair of free throws by Suman and a pair of free throws by Marv Hanson, held a 64 to 56 lead with a minute to play. Larson notched a Prowler field goal, but Bemidji, on Suman's layup shot, and a free throw, closed out the game's scoring to win a 67 to 58 decision.

Roseau Defeats Prowler Six 6-2

Coach Oscar Almquist's Region Eight hockey champion Roseau Rams turned in a polished performance here Saturday night as they skated to 6-to-2 win over the Prowlers in a Region Eight conference game.

Coach Gene Sack's squad will play a pair of conference games this coming week. On Friday, Jan. 18, the locals will travel to Crookston for a tilt against coach Bob Strand's Pirates; and on Saturday night, Jan. 19, the Baudette Bears will invade the Arena ice for a game. And on Monday night, Jan. 21, the Prowlers will play the Warroad Warriors at Warroad.

In posting their deserved 6 to 2 win on Saturday night, the Roseau Rams exhibited a smooth-passing attack, with all-state tournament center, Bob Lillo, being particularly effective in setting up scoring opportunities for his wings, Larry Skime and Gary Johnson.

The Prowlers gained an early 1 to 0 lead when, at the 2:25 mark of the first period, Tony Poole, getting a centering-out pass from Dennis Sullivan, whipped a backhanded shot past goalie Rich Rygh and into the north net. The Roseau Rams scored the equalizer a couple of minutes later when, from close in and with Lillo and Skime assisting, right win Gary Johnson shot the puck into the south goal.

The Rams flashed their finest offensive form in the second period when they tallied five goals. Two of these second period goals were somewhat "tainted" as the Prowler defenders "aided" in the scoring. Lillo's goal, at the 6:46 mark, was deflected into the Prowler net, and Wendell Grand's tally late in the period was a "slider" that was misplayed.

The Prowlers' Don Mathieu accounted for the lone goal scored in the third period. His shot, from near center-ice, was partially screened by the Roseau defense, and the puck found the left side of the south goal unguarded.

During the game, the Prowlers goalie, Dave Erickson, had 17 saves, while Rich Rygh, the Ram's goalie, had nine stops.

In a preliminary game, coach Frank Macioch's Roseau 'B' squad, with a strong-skating lineup, defeated the Prowler 'B' squad, 6 to 0.

Bemidji 'B's Trim Prowler 'B's 53-33

Locals Score Only One Field Goal in 1st Half

Coach Phil Buhn's Bemidji 'B' squad erupted for a 24-point second period, with forwards Dennis Burgess and Bob Fortier leading attack, to take "control" of the preliminary game played at Bemidji on Friday night and go on to defeat the Prowler 'B' squad, 53 to 30.

After a low-scoring first period, which found the Jacks gaining a pointed the Prowler B's, 24 to 8, in the second period. In this first half of play, the Prowler B's were limited to one field goal, that being Mark Steen's one-handed shot from the circle late in the second period.

Burgess, with 17 points, was the game's high-point player. The Prowler B's did not have a player reaching double figures, and the scoring honors for the locals were shared by Dave Gustafson, Rich Nelson, and Mark Steen with five points apiece.

VFW Midgets Drop Two Hockey Tilts

Defeated by Roseau and East Grand Forks Teams

The local V. F. W. Midgets dropped a pair of decisions in Ninth District Midget hockey league play during the weekend.

Playing the East Grand Forks Midgets on the Sherlock Park rink in East Grand Forks on Saturday afternoon, the locals lost by a 3 to 1 score. Ricky Coulter, Mike Pesch, and Bob Nelson scored goals for the winners, while Jon Hunt tallied the lone goal for the Thief River Falls club.

On Sunday afternoon, in a game that was played on the Arena rink following the Thieves vs. Grand Forks senior hockey game, the Roseau V. F. W. club, with diminutive center Bruce Falk scoring three goals, defeated the locals, 6 to 2. Bobby Sullivan, on rink-length solo rushes, scored the two goals for the local Midgets.

Keeping Score with "Huck" Olson

Should be Good One

Coach Al Shaff's Prowler wrestling squad has dropped but one decision this season in dual meet competition, and this loss was to the Greenbush Tigers by a 27 to 21 score on Dec. 12.

On Wednesday night, Jan. 16, in the Lincoln high school gymnasium, the Prowlers will meet the Tigers in a return match, and you can believe that coach Shaff's boys will be ready for the match. The blue-and-gold wrestlers scored a 34 to 14 win over the Ada Vikings last Wednesday night, and that win boosted the locals mark, in dual competition, to six wins and one loss.

The Grenbush squad will have a pair of Region Eight champions on the roster in Lawrence Gonshorowski and Vincent Ames.

The 'B' squad matches will begin at 6:30 p. m., and the varsity matches are scheduled to begin at 7:30 p. m.

A Minnesota Product

Although the Boston Bruins of the National Hockey league are groping around among the lower rungs in the standings, the club does possess the league's highest scoring line.

As of last week, the Bruins forward line of Murray Oliver at center, Johnny Bucyk at left wing, and Tomy Williams at right wings, had tallied 44 goals. This mark was two goals ahead of such famed lines as the Frank Mahovlick-Red Kelly-Eddie Shack line of the Toronto Maple Leafs, and the Andy Bathgate-Earl Ingerfield-Dean Prentice line of the New York Rangers.

And what makes the Boston Bruins' line newsworthy is that the right-winger, Tommy Williams, is a native of Duluth and gained much of his hockey training in Minnesota PeeWee and high school competition.

Some of the local hockey fans may recall when the state V. F. W. Midget tournament was held here in February of 1955. The tournament was won by the Duluth Glen Avon club, and playing at a wing on that team and scoring a goal as the Duluth squad defeated International Falls, 2 to 1, in the championship finals was Tommy Williams.

Williams, now a 22-year old wing with the Boston club, comes by his hockey talents naturally as he is the son of Rip Williams, a famed hockey player around Duluth in the 1920's. Tommy, following his graduation from high school, entered Minnesota and was at the University for a year. He then joined the United States Olympic hockey team. Tom did not return to the University, but instead joined the Fort William juniors and participated in Canadian Junior A hockey competition. And from there he went on into the professional ranks.

Curling Competition is Red-hot

If the first week's play in the men's curling league is any indication, the season at the Fair Grounds arena should provide some "red hot" matches.

In last week's opening round of play several of the club's power-packed rinks were beaten. The Roger Nygaard rink, with Skip Nygaard making a fine shot with his last rock, taking out a Liden rock and staying to get "shot", defeated the Ardell Liden rink in an extra-end match. The Herb Hartje rink scored a win over the Harold Halvorson rink, and the James Muzzy rink defeated the Jon Larson rink.

And the much-advertised Wally Tunberg rink had a difficult time in subduing the Raymond Muzzy foursome.

It will be an interesting season.

Thieves Hockey Team Loses to G. Forks 4-3

The senior hockey Thieves, leading the Northwest Hockey league with four successive wins, had their four-game winning streak snapped on Sunday afternoon when in a game played on the Arena ice here, the Grand Forks Warriors marked up a 4 to 3 win over the locals.

The Thieves will journey to Roseau on Wednesday night, Jan. 16, for a league game against the Cloverleafs. And on Sunday, Jan. 20, the Crookston Pirates will meet the Thieves on the Arena ice here.

In Sunday's game, which found the Grand Forks club having a marked edge in manpower as they skated three forward lines, the Thieves took a 1 to 0 lead at the 8:16 mark of the first period when Eddie Holmes racked up a goal. The Warriors leveled the score at the 12:12 mark when Duane Gund, a former Roseau Rams player, tallied.

Grand Forks scored a pair of goals in the second period to take a 3 to 1 lead. Stan Paschke, the former Grand Forks Central and North Dakota U player, scored at 10:38; and Bill Ryden, on a solo rush, came in to score from close in.

Pat Hogan's tally at the 15:20 mark of the third period boosted the Warriors' lead to 4 to 1. But the Thieves, who were without the services of Dale Wennberg who is undergoing treatment in the hospital here for a blood infection, made a desperate rally. Holmes, after a fine exhibition of stick-handling, drove a hard shot past goalie Dave Moen and into the south net at 15:57; and a couple of minutes later, Larry Poole, on a hard shot from just off to the left of the net, scored, and the locals trailed by one. The Warriors played a strong checking game to hold off the Thieves in the final minute of play and gain a well-earned win.

Mickelsons Return to Africa Mission Field

by Flora Allison
Times Society Reporter

Leaving the minus-twenties of a Minnesota January and in 14 hours of flying time knowing the fierce heat of the Cameroons in West Africa will be the experience of the Rev. Kenneth Mickelsons this week. Missionaries of the Lutheran Brethren Church, who have been on leave here for some time, they will set down at an airfield not too far from the primitive village where they will labor for the next four years. Their possessions will follow them by ocean liner and air freight and, if they are lucky, will reach them in about two months.

This is a return trip for them. After a year's furlough in the States, they are going back to their same mission once more. It was after a year in Africa as a soldier in World War II that Mr. Mickelson felt called to return there as a missionary at some time in the future. Years later, the mission in Cameroon needing a minister, he was given that call, and accepted.

Having studied French for two years in France following his ordination some years before, and from his contact with other missionaries in that field and his studies of mission life at schools he attended for that purpose, he felt that he knew somehting of what would be facing him there.

But each village in that area which comprises a million souls, has its own language, he found, and knowledge of French did not help too much, except that it is the official language of the government. There are at least 30 languages in that particular mission area where he serves. Some of these are now, for the first time, appearing in written form.

A Primitive Land

Life there is much as we read of it in our geographies, years ago, . . primitive, mud huts thatched with grass roofs, no furniture and only straw mast for sleeping. The huts are divided in half by a mud wall. One side is for the family, and on the other side of the partition might be found goats, donkeys, ducks, chickens—whatever animals the family owns.

Each man's hut is surrounded by those of his wives and children. (Ten wives is about the average). Their huts cluster about his compound in circular fashion. Groups of these compounds surround the missionary's headquarters. Polygamy is the rule and is not, apparently, a matter of romantic involvement but of expediency; the husband rarely sees his wife before the tribal ritual which symbolizes marriage, the entire deal being arranged by the girl's father or other male relatives, and involving a dowry.

"A wife is worth about eight good cows," according to Rev. Mickelson. "There is much child-marriage yet. Sometimes the hapless girl will try escape, but is usually brought back and severely punished. The husband does not provide for his family; the reverse is true — they provide for him! The larger his family, the more workers he has for his cotton, peanut or rice fields. The number of wives a man has is thus a status-symbol.

When a man dies, his brother usually adds the widows and children to his own household. . .The king of our village has about 300 wives, about 100 of which he inherited from his father upon the old man's death," he added.

"The natives are intensely black; they photograph almost blue-black. Most of them are about six feet tall, even the women. Their hair is crisply curly, and their lips are huge."

The missionary's dwelling is of concrete with cement floors and metal roof. It is a permanent-type dwelling in compliance with the law governing such structures and in defiance of the voracious, ever-present termites.

The church of which Rev. Mickelson is a member has set up a modern hospital and dispensary 45 miles away. Two nurses attempt to care for the villagers. Typhoid is not too prevalant any more since the natives are very cooperative about getting preventive shots. But almost all of the people have, or have had malaria, and there is much sleeping sickness and leprosy; the death rate is appallingly high, Rev. Mickelson noted sadly.

The French, who controlled the country before it achieved independence in 1960, dug at least one well in each village, but these are open, and it is not uncommon to find snakes or other anmals floating around in them. Water is dipped out with a gourd and much river water is also used.

The government has decreed that everyone must wear clothes, but the natives do not always comply. "They have tough skins and don't seem to mind the insects nearly as much as we do. As for comfort, clothing isn't necessary. . .It never gets colder than 60 degrees. Nights, following days of withering 118 or higher temperatures, stay at about 95 or 100 degrees. There are many palm trees along the river but practically no shade around the compounds, for they are in the clearing," the missionary said.

In the rainy season, the water is about five feet deep everywhere. When the water recedes the crops are planted. They grow at fantastic speed. The natives cultivate the fields with hoes having two-foot long handles, hence they always bend to their work. In the rice paddies the weeds grow so tall before the fields can be worked that they must be pulled by hand. Grain is cut with scythes and threshed with palm poles. The straw is bound by hand. During the five months of rain, the main river attains depths of about 50 feet and widths of up to two miles. In dry seasons, the streams are reduced to a trickle, and there is scarcely any grass for the animals. While it rains travel is possible only by dugout canoes or motor boats. There are numerous hippos and crocodiles and birds by the thousands.

During this period, mail comes in only about every two weeks. "But the natives don't mind wading through waist-deep water to come to church," Rev. Mickelson said with a gratified smile. "They have, as do all humans, an elemental awareness of the existence of a higher Being, but their god is one of hate and fear. They placate him with heathen sacrifice. No wonder they are so receptive to the message of a God of love. They had no concept of the afterlife, either, until we taught them.

"But first we had to learn the language — it takes such a long time to acomplish anything. Most of them are illiterate; few of them over 40 can read or write, and the tribal kings, some of whom have been educated abroad, like to keep them that way. Yet, strangely, the kings give us permission to work among them — if they did not, there would be no one to teach — the people would all disappear at our approach, since they have a fierce loyalty to their ruler and would not displease him. They do not even pass his compound without removing their shoes —' if they wear them — and they bow in his presence.

"It is a momentous task to Christianize them, and we know that with civilization will come evils, too — some of them will get liquor and get drunk, some already to to the city to see the wicked French movies — they will lose some of their primitive innocense and they will learn unrest and want the things they cannot afford. Civilization will make them materialistic. But we must spread the Gospel to those who will listen; that is fundamental and a task that lies on every Christian."

Trucks, which are desperately needed to haul the natives as well as to get the crops to market, are coming into usage. "The sight of 100 or so people hanging onto a truck is not uncommon; you can't see the vehicle for the people clinging to it. The natives are wretchedly poor mechanics and consequently the trucks are usually boiling, coughing, rattling wrecks in no time. Many supplies are still hauled by donkey.

Food Problem

The Mickelson's have a kerosene refrigerator and a fairly good stove. 'Lights, too, when the protable light plant works," the missionary laughed. On the menu are such exotic foods as pineapple, papaya, mangoes, guavas, lemons, bannnas and other fruits and vegetables. Some of these they can pick right off the trees; some is grown by the native boy who tends the garden. The soil is tremendously fertile, and crops are lush. Meat is a problem. The natives have no refrigeration and meat must be closely inspected. Rev. Mickelson reported selling natives shake vermin out of fish and then proceed to eat the fish.

In the nearest town, which houses a filling station and several stores, such modern things as insect repellents and some drugs can be purchased. But most of their household items are brought from home—linens, pots and pans, clothing. They have a short-wave radio and can receive many stations in Africa, Europe, and ocasionally a voice from home.

What do they miss most? Well, contact with other white people. They see only the families of the other missionaries and that does not occur often. "But the work is challenging, even if the results are discouragingly slow and the old ways cling stubbornly", Rev. Mickelson stated in conclusion.

Farm Machinery Dealers Convene

Motec Industries Head Is Convention Speaker

The local small-town farm machinery dealer is gaining added importance in his community as Minnesota farms become larger and more highly mechanized, William F. Foss, president of Motec Industries, Inc., whose major division is Minneapolis-Moline farm equipment, told the Minnesota Implement Dealers' association annual convention at the Pock-Nicollet Hotel in Minneapolis last week.

To lower the costs of farm products for urban consumers and to increase farm income, farmers are adopting larger tractors and machines with more automatic and hydraulic controls. "Farm machines," Foss said, "have made the productivity of workers in any other industry. This demands that the dealer have thorough technical training to service these new machines because the local implement dealer and his staff introduce the latest labor-saving machines and provide the farmer with machinery know-how and service.

With an average capital investment approaching $100,000, today's farm implement dealer must also employ the most modern business and administrative techniques, he said.

Viggo Fischer, 1961 AFS Student, Writes about Meredith Case

Viggo Fischer, who came from Denmark in 1961 as an American Field Service student at attend Lincoln high school, has written a letter to the Times commenting on the troubles experienced by James Meredith, Negro student who is attending the University of Mississippi. His letter follows:

Today I read in our paper, "Kristeligt Dagblad" (Christian Daily) that the Negro student James Merdeith probably will not resume his studies next semester at the University in Oxford, Mississippi. In the paper I read, without comments, Mr. Meredith's words, "I have not altered my resolution of studying, but I cannot follow the lectures at the University of Mississippi under the present circumstances. The enemy is resolute, inventive and without principles and has not got the least respect for any rule of the play, whatsoever."

Now, many foreigners, including I, consider it a proper and fair rule not to mix up with the racial situation of the USA; however, having been in the United States for a year, living with American family and graduating from High School together with American students, I feel a little less foreign when among Americans, and therefore today I have taken the liberty of expressing my opinion and feelings to this paper:

Last year when first hearing of all the trouble in Mississippi I was shocked to find the situation so critical as it was and I felt a very strong resentment against the Governor and population of that State; but at the same time I was proud on behalf of the Federal Government because of the effective actions taken by Mr. Robert Kennedy and the Federal Police. These speedy measures no doubt helped to convince many people in the outside world of the determination of the Washington Government to ensure constitutional rights to every citizen of America, people who would otherwise have swayed to the anti-American block.

But today, although it was given just little space in our paper, and although it may seem a little thing that a student makes up his mind to change place of study, this time the news not only shocked me, nay, it paralyzed me. This little brave gentleman, who as a U. S. soldier had fought to secure democracy for the Korean people, he seemed to have lost his own fight for equal democratic and human rights at home, at home in the United States of America, "the home of the brave". That thought was too much for me.

I could cry for America, for I love America, I consider America my second country and I know from my stay there that it is far too good a land for such happenings as have taken place in Oxford, in Little Rock and in New Orleans. But I am unable to do anything to help improve the conditions, all we Danes cannot do anything for we are not Americans we can only try not to do the same things ourselves and not to be hostile to America; but it is sometimes very difficult to be friendly and it is very difficult to understand how such things can happen. Friends of the United States all over the Globe, and there are many of them after all, true friends, they are put in a very difficult position when they have to defend the USA against its enemies then they mention the racial discrimination. We can do so desperately little to help. But you, the good people of Thief River Falls, of Minnesota, of all the USA, you have a tremendous responsibility; for the negro problem is your problem, it is up to you to solve it and do it fast, and you are many, you are the vast majority in your country. In the Declaration of Independence it says:

". . that whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute new government, laying its foundation on such principles (life, liberty and the pursuit o happiness) and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness".

As a friend and admirer of the United States I felt I wished to word my opinion and I thank the Times for printing this, and at the same time take the opportunity of expressing my many thanks to the citizens of TRF for the wonderful time you gave me during my stay in the USA.

CALF STARTER HINTS

A good calf, well started depends upon good feeding of the mother before he is born and good feeding and management from then on.

1. The calf should be taken from the Mother when 12 to 18 hours old. It should receive colostrum milk for three days and then be switched to whole milk or a good milk replacer. Freeze extra colostrum for later use.
2. A young calf's digestive system is easily upset. It is better to slightly underfeed than it is to feed too much. Calves grow best if fed at regular times each day.
3. A good commercial calf starter may be offered at 5 to 7 days. Dakota Maid 21% Calf Starter is manufactured as a crumbled feed to make it more attractive and palatable.
4. Vitamin A is essential for growth, health and resistence to infection. Because skim milk does not contain any Vitamin A, a good supplement should be used. Dakota Maid Calf Starter Krums will do the job.
5. Provide fresh, clean water at 3 to 4 weeks of age. Provide bright, leafy, early-cut hay at 3 to 4 weeks of age.
6. Practically all Milk Replacers and Starters contain antibiotics. Feeding antibiotics to calves reduces scours and increases rate of growth. Watch all calves closely for signs of disease and consult your veterinarian for prompt treatment.
7. Keep calves clean and dry and out of drafts. Disinfect pens between calves or groups of calves. Control flies, and lice with a good commercial insecticide.
8. Dehorn calves a few days after birth with a caustic or dehorning paste. Remove excess teats from dairy heifers between one and two months of age. Disinfect the cut with iodine.
9. Look to Dakota Maid Calf Starter to back up the milk, milk replacer and other feeds used.

Editorials . . .

"A plowman on his legs is higher than a gentleman on his knees. Buy what thou hast no need of, and ere long thou shalt sell thy necessories. A child and a fool imagine twenty shillings and twenty years can never be spent. Always taking out of the meal-tub and never putting in, soon comes to the bottom."

Jim Winjum

Few people had as many friends as did Jim Winjum. A native son of Roseau County, he came into this world endowed with a good mind and a genial personality. Maybe by heritage, and maybe guidance, he developed a desire to succeed, a willingness to work, and faith in the worth-whileness of things. Integrity was deep-rooted in his character.

That sums up just about everything that needs to be said in paying a last tribute to him. The other things are pretty much incidental. He was successful. He was public spirited. And he had many friends.

At the time of his death he was president of Northwestern Hospital, now in the process of expanding. He was a director of the Thief River Falls Foundation, a benevolent organization that is directing a worthwhile community program. He had served as a member of the City Council. In a private capacity he was a director of the Union State bank. Besides directing his own extensive business operations he had time for these and other matters.

The news of his sudden death was a shock to the many friends thruout the area who mourn his untimely passing, and by whom he will long be remembered as an outstanding citizen.

Canadian English

The following editorial comment by the Winnipeg Tribune is interesting as recognition of the change that has taken place in its language. It states:

"The current bulletin of the Canada Council quotes Stephen Leacock as saying that he spoke "Ontario English." "I don't admire it," he admitted, "but it's all I can do. Anything is better than affection."

"The bulletin deals with the subject of Canadian English. Is there really such a thing as Canadian English or do we as a people merely use "English for literature, Scotch for sermons and American for conversation?"

"It is true that we have words like pemmican, portage, prairie and moccassins that are peculiar to Canada. But when Canadians travel outside their country they have to wear the maple leaf in their lapels to permit natives to tell them from Americans. If there is such a thing as Canadian English it has faint accents."

But it isn't only in Canada that the language has changed. Radio and televesion have brought significant changes to American English, replacing dialects and idiom with a common pattern of word use and pronunciation.

And what is happening to English in Canada and the United States is happening thruout the world. The old Oxford English of England and Europe is changing noticeaby. The language of British diplomacy differs very little from ours. And in Russia, where English is the second language, it is the American English that is being taught.

Even in Massachusetts, where the intellectuals have prided themselves on referring to Cuba as Cuber, and America as Americer, there is some evidence of changes in the making.

Changes will come more slowly no doubt in such remote places as Australia but, gradually, uniformity will prevail thanks largely to radio and television.

British Resentment

Have President Kennedy's recent successes gone to his head? If we may judge British reactions by comments in the British press we would have to conclude that a large segment of the people of Britain resent the high and mighty attitude of the President in his approach to international problems. The past relationship of the two nations has been that of a partnership. He now is accused of assuming world leadership. Here are some clippings from an Associated Press report from London:

British newspapers cautioned President Kennedy today against imposing strains on the Western alliance by attempting to play too dominant a role.

Concern was evident here at the president's reported intention to exert stronger leadership over the West's cold war policies even at the cost of offending sensitive allies. These reports, attributed to sources close to the president, received wide circulation.

The London Daily Mail ran a story headlined "I decide for the West, says Kennedy." It said in the body of the story Kennedy "is in a supremely confident if not cocky mood following the success of his Cuba crisis confrontation with Mr. Khrushchev."

The London Daily Telegraph, said "The experience of acting without his allies" in Cuba has left its mark on the U.S. executive.

"Britain has stretched more points than others to fall in with American policies," the conservative newspaper declared editorially.

"What irks is Washington's reluctance to stretch any points to make Britain's continuing tasks in Africa and elsewhere any easier."

The Telegraph said leadership of the free world is "a role which will require not only exertion but tactful give and take . . .

"It is no crime for junior partners to be sensitive; and there are moments when they might wish that the senior partner would not go out of his way to make perfect devotion to the partnership more difficult."

More Than Fair Share

The Rock County Herald of Laverne, thinks we are assuming a larger share of the costs of the United Nations' operations in the Congo and Middle East operations than Congress intended we should. According to the Star Herald:

"We are in a mess in the Congo. A military mess and a financial mess. To get Congress to go along, against its best judgment and wishes, the president baited the legislators.

"To get them to loan the United Nations $100,000,000 *he promised the* congress that hereafter the U. S. would only meet 32% of the cost of the Congo and Middle East operations. (Congress had limited the Congo and Middle East participation by the U. S. to 33%.)

"What has happened?

"Our delegation in the United Nations agreed last week to maintain the arrangement by which the United States Treasury will continue to pay 47½ per cent of the U.N.'s monthly share of military operations in the Congo and the Middle East."

The Idea Has Merit

Art Suel of the New Prague Times thinks that electing members of the legislature without party designation is wrong and should be corrected. He states:

"Since the organization of the State Legislature is to all practical purposes conducted strictly along party lines, one of the first duties of the legislators should be to take action to discard the fiction of non-partisan election of state senators and representatives."

Friendly Art Suel is one fellow we would never disagree with—that is not very loud. And his argument in this instance, as usual, has much merit. He points out that the members of the Legislature now organize as Liberals and Conservatives. May we suggest that if party designation is adopted for these officials, Conservatives and Liberal should be recognized as the party names.

One of the reasons why the Legislature has failed to adopt party designation is that the conservative members in the legislature are not necessarily Republicans, and the liberal members are not necessarily Democrats. It so happens that some of the most able leaders in the conservative group are Democrats, and to force them to run as Republicans might be a little embarrassing.

Maybe Minnesota could point the way for a much needed change of this kind at the national level. The present party labels are meaningless. We all know that there are radical Republicans and reactionary Democrats. Conservative and Liberal are good words and each of them has a proper claim to respectability. Radical and Reactionary are sometimes questionable.

So if the gentleman from New Prague would amend his motion somewhat along the lines that we have suggested, we will be glad to second it.

Parents and Teachers

(National Observer)

Parents and teachers — 12,000,000 of them — submit to "emotional blackmail" each month and attend local P-T-A sessions which contribute little to the education of pupils, parents, or teachers. So says Mr. Kvaraceus, an admitted card-carrying member of the P-T-A.

Though we do not share Mr. Kvaraceus' feeling that female domination of the P-T-A is a cause of its "irrelevancy"—men, after all, can be irrelevant, too — he makes a good point in spot-lighting the gap between the organization's lofty goals and its mundane, ritualized pursuits.

When education at all levels is undergoing a veritable revolution, there ought to be more for parents and teachers to ponder than next month's school lunch menu, the landscaping of a playground, or the acoustics in the auditorium. Any parent who has ever tried to help Junior with his unimath homework would be grateful to learn what the teachers are up to. And teachers might do well to get a lesson now and then from the parent-educators themselves.

By shunning the trivial and sharing their know-how, parents and teachers would do more than increase the usefulness of the P-T-A; they would be strengthening the educational process where it counts most—in their own communities.

Borrowed Nonsense . . .

A young lawyer, pleading his first case, had been retained by a farmer to prosecute a railroad for killing 24 hogs. He wanted to impress the jury with the magnitude of the injury.

"Twenty-four hogs, gentlemen," he said. "Twenty-four! Twice the number there are in the jury box!"

THE ANDERSEN LETTER

from

Gov. Elmer L. Andersen

There were two purposes in the report I made to the legislature last week. One was to give a highlight review of the last two years. The other was to mention some urgent matters the legislature should act on immediately. The speech was not intended to present a broad program for the future.

Among the accomplishments of the past two years I mentioned improvement in state finances, economy of operation, living within income, and converting deficits into surpluses. Economic growth was another high spot where the lagging trends of 1950-60 have been changed. There has been a dramatic improvement in two years —unemployment in Minnesota is far below the national rate. Despite conditions in northeastern Minnesota, we have passed the million mark in non-agricultural employment and per capita income is rising at a rate above the national average.

I reminded the legislature that we met two years ago just after the worst year of traffic fatalities in our history. By contrast Minnesota is now second in the nation in lives saved and below the national average in fatalities per hundred million vehicle miles.

Among other broad fields of improvement I mentioned services to mentally ill and handicapped, progress in human rights, congressional redistricting, constitutional amendments, withholding of income taxes, education, recodification of criminal code, and the exciting developments in natural resources—parks, forest land exchange, wetlands acquisition, Minnesota Natural Resources Council, and many others.

I made a particular point of thanking those who have worked on the many advisory and study committees that provide such a solid foundation for decisions at this legislative session, an in developing plans for the future.

Turning to items needing immediate attention I put the economic condition of northeastern Minnesota first and outlined a comprehensive action program. Recognizing that there is no substitute for stable private employment, many recommendations relate to iron mining, forest products and tourism.

I renewed a plea for long range assurance of tax policy for the taconite and semi-taconite industry. This can only be done effectively by the taconite amendment, and I urged its adoption, as well as a statute for immediate assurance. I quoted from a letter I had been authorized to make public from Mr. C. T. Murphy, vice president of the McLouth Steel Corp., of Detroit which read as follows:

"McLouth Steel Corp. has no plans to build a taconite plant in Minnesota at this time. It is continuing to study two proposals in which it would join with other consumers in such a development. The hesitancy of the Minnesota Legislature to give permanence to a competitive tax structure raises questions as to the long term tax treatment investors in such projects will receive. Assurance of a stabilized long-range tax policy by constitutoinal amendment would be a very important action by the Legislature and voters to encourage the large investments that are involved."

I mentioned the importance of re-passing of the 1961 Building Bill up awaiting passage of Amendment No. 2, and revising laws on Workmen's Compensation and Unemployment Insurance. I asked for decision on placing the five division heads of the Department of Conservation under Civil Service.

Then I called for a resolution to Congress on the impact of Common Market policies on Midwest agriculture. That portion of my talk read as follows:

"May I suggest that the Congress and the President should be urged immediately to protect Midwest agriculture from the impact of Common Market prohibitive tariffs. Have in mind that the Common Market nations and Britain buy nearly half of all United States farm products sold abroad for dollars. Have in mind this also, that in the year ended June 30, 1962, the United States had net earnings of $1.2 billion from all trade with the Common Market. Of this, one billion resulted from farm trade and only $200 million from industrial trade. Advantages in increased industrial trade cannot possibly match the loss of that farm market.

"Farm trade is being severely threatened. Let me give you an example or two. In The Netherlands the tariff on wheat has gone from 8.7 cents to 90.6 cents a bushel, wheat flour from 65.9 cents to $2.25 per hundred pound bag, broiler chickens in West Germany from 4½ cents to 12 cents a pound, and these are but a few examples. It is the declared intent of the Common Market to become agriculturally self-sufficient.

"We are being deluged with ore and steel that comes in with no restriction, and the Common Market door is being slammed shut on our agricultural products. The economy of Minnesota simply cannot stand the dislocation of both these blows. We have the full force of one now, in ore and steel, the other is only beginning. Please speak up to Congress without delay."

I mentioned that the budget message would be ready within three weeks and it would call for financing operations for the next two years without new taxes or any increases in present taxes. This I will report in more detail later.

GATZKE . . .

Mr. and Mrs. Gust Wettestad of Middle River were dinner guests and afternoon visitors at the Clarence Llan home Friday.

The grade school pupils are now occupying their new classrooms, which is a new addition to the gymnasium and lunch room. Mr. and Mrs. Albert Peterson, Janitor and Cook at the school moved in to one of the vacated school houses for the winter months.

Mr. and Mrs. Clayton Carlson and family and Mr. and Mrs. Floyd Jesme and children spent Sunday at the Olaf Aune home.

JUST HOW FAR CAN WE GO as Americans in granting freedoms to an ideological group which threatens the very freedoms under which they operate? How long can we permit the Communist party to be given privileges which advance its cause at the expense of patriotic citizens of our noble nation? These are difficult questions to answer — and perhaps there is no answer.

Attorney General Robert F. Kennedy, in a special report distributed by the Democratic National Committee, states the following: "Americans need to be concerned about the danger of communism. We are facing a dedicated, resourceful enemy who makes no secret of his goal — to replace our way of life with his, the world over.

"We are staunchly resisting the advances of communism from the Himalayas to Havana. We are risking the lives of our young men and spending our resources to see that the tyranny of communism is not imposed on our allies." Problems result, however, as the statement notes, "No United States law outlaws the Communist Party. Indeed, the First Amendment to the Constitution guarantees to all Americans the right to assemble and speak and write what they please."

Attached to the article was a news clipping calling attention to the Communist party being found guilty on Dec. 17, 1962 of refusing to register as an agent of the Soviet Union and given the maximum penalty — a $120,000 fine. It was the first conviction under the 1950 Subversive Activities Control Act and came after 12 years of legal maneuvering.

From here it seems that a $120,000 fine against an agent of the Soviet Union has about the same deterring effect as blasting a rhinocerous in the posterior with a BB gun. While undermining our economy, sewing seeds of doubt about our form of government, infiltrating our labor and political organizations and yet enjoying our high standard of living, this malignant menace hides behind the right to organize, the Fifth Amendment when charged with violation of the few laws on the books and the American heritage of freedom of speech.

There seems to be a need to help guarantee the preservation of our American way of life by making laws a little more rigid in regard to organizations directly opposed to it. While it is true that we must use extreme care in legislation which could result in curtailment of our freedoms, it is also true that we could loose all of them if the Communist party is allowed to operate in our nation as it has in the past.

•

And while we are on the subject, it is noted that a Communist party organizer wrote the following letter to the Kremlin bosses: "It is becoming increasingly difficult to reach the downtrodden American masses. In the spring they are forever polishing their shiny new cars. In the summer they take vacations. In the fall they flock to baseball tournaments and football games. And in the winter I can't get them to leave their warm, cozy homes and TV sets to hear my lectures. How can I make these slaves of capitalism see how oppressed they are?"

•

If your business isn't what you think it should be, clip this list so that you can explain your situation to others: January — People spent all their cash for Christmas; February — The best customers have gone to Florida; March — Everyone is holding out to pay income taxes; April — Unseasonably cold weather so everyone is sick in bed; May — Too much rain and farmers are distressed; June — Not enough rain so still distressed; July — Excessive heat; no one shopping; August — Everyone gone on vacation; September — Back from vacation but broke; October — Waiting to see how election goes; November — Still upset over the election; December — Waiting for the January sales.

•

The story is told of the youngest of 14 children who was 20 years old before he found out there were other parts of a chicken besides the gravy.

•

A burly blacksmith extracted a glowing horseshoe from the coals, placed it on the anvil and said to his helper, "When I nod my head, you hit it with the hammer." The funeral was three days later.

When you hang your woolen clothing in the closet, use good hangers shaped to fit the shoulders. Hangers are best when padded and should extend to both shoulder seams of dress, coat or suit. Extension clothing specialists at the University of Minnesota say that making sure clothes hang straight on proper hangers will cut down the need for pressing.

Chamber of Commerce Banquet Set Saturday

Rollie Ferrell Is Banquet Speaker for Annual Event

Program arrangements for the 49th annual banquet of the Thief River Falls Chamber of Commerce have been completed, according to Randall Noper, chairman of the banquet committee. The annual event will be held Saturday at 6:30 p. m. in the American Legion club rooms with a chicken dinner to be served by the American Legion auxiliary.

Feature attraction of the evening's entertainment will be a demonstration of extra-sensory perception by Rollie Ferrell of St. Paul. "Have Voice — Will Travel" is the theme of the "human echo" who can speak simultaneously with anyone in any language. His performance is based on a unique "sixth sense" which seems to tell him in advance what a person will say.

"I can say anthing in any tongue at the same time I hear it," Ferrell stated in a recent letter to the Chamber of Commerce. "This is used with audience participation. As it is done by sound, I put people behind my back and then speak simultaneously with them."

Ferrell has appeared on such television programs as the "Garry Moore Show", "You Asked for It", Art Linkletter's "Houseparty" and "Truth or Consequences" and has appeared at national conventions across the nation.

Paul Light, columnist for the St. Paul Pioneer Press, stated that Ferrell is the ". . .most fantastic man I've ever interviewed. He's not only gifted with a remarkable echoing voice which accurately mirrors every word you speak, but he has another complimentary gift, a sense of humor. . .Without the latter Rollie Ferrell would be interesting. . . but with it, he's sensational."

Banquet Program

Otto Stenberg will serve as master of ceremonies for the banquet with Rev. Leland Steen, pastor of Zion Lutheran church, pronouncing the invocation and benediction. Past-president J. B. Holter will review 1962 activities of the Chamber of Commerce and newly-elected president Gene Belto will project the program of work for 1963.

Honorary life memberships will be presented to several Chamber of Commerce members deemed worthy of the award by a selection committee. Presentation of the awards will be made by John McGinley, chairman of the membership and finance committee, and Randall Noper, banquet chairman. Group singing of "God Bless America" will preceed the benediction at the close of the banquet which is expected to conclude about 9 p. m.

Tickets are on sale from several Chamber of Commerce members and at the Chamber of Commerce office. Glenn Peterson is chairman of the ticket sale committee.

SPEAKER at the 49th annual banquet of the Thief River Falls Chamber of Commerce Saturday evening will be Rollie Ferrell, the "human echo." The event is to begin at 6:30 p.m. in the American Legion club rooms with tickets now on sale at $1.75 each. Ferrell has appeared at many national conventions and nation-wide television programs. Featured attraction will be his audience participation performance of echoing the human voice—a talent which permits him to speak simultaneously with anyone in any language.

District Workshop on Juvenile Problems Set

District 17 Juvenile Protection Workshop Slated Here Feb. 16

To bring the problem of youth directly to the local level and determine what can be done about it, a Juvenile Protection Workshop will be held Saturday, February 16, at the Washington elementary school in Thief River Falls. The session will run from 1 to 3:45 p. m. and is under the sponsorship of District 17 of the Minnesota Congress of Parents and Teachers.

Problems of youth will be principal items of discussion at the workshop with Herman Kjos, judge of probate and juvenile court in Pennington county, serving as moderator for a panel discussion. The session will be open to all interested persons who wish to attend and no registration fee will be charged.

Other persons serving on the panel will be Judge Philip Anderson, Crookston, educational director of Minnesota juvenile court judges; M. R. Hankerson, Thief River Falls superintendent of schools; R. S. Eldevik, manager of the Minnesota Employment office in Thief River Falls; Warren Johnson, Crookston, district case supervisor for the Youth Conservation Commission; and Emil Bagley, Crookston, director of the Polk county welfare office.

Mrs. Sigurd Folkedahl, rural Thief River Falls, is chairman of District 17 and is making arrangements for the workshop. She noted that each panel member will discuss juvenile problems from his own particular viewpoint and that questions from persons attending will be permitted following the panel presentation.

Co-sponsor of the workshop, one of a number being held throughout Minnesota, is the Minnesota Juvenile Court Judges association.

Problems to be discussed include (1) School drop-outs and the resulting unemployment of youth and its social impact; (2) Neglect of youth within the family and community and its social implications; (3) Delinquency, sex offenses and teenage marriages; and (4) Probation, social welfare aids to youth at present and future needs.

All members of Parent and Teacher associations in the district are encouraged to attend and all other interested persons are invited. Coffee will be served by district board members at the close of the workshop.

Rev. Patnode Is on Diocese Group

Is Appointed Consultor by Bishop L. A. Glenn

Father Keough Patnode, pastor of St. Bernard's church, has been appointed to the board of diocesan consultors of the Diocese of Crookston, it was announced by Bishop Laurence A. Glenn, Crookston.

Diocesan consultors are called together to advise the bishop on the appointment of new pastors and other matters concerning the administration of the diocese.

Other members serving on the advisory group are Msgr. John P. Funk, vicar general and pastor of St. Francis church at Fisher; Msgr. A. J. Junghans, pastor of Sacred Heart church at Frazee; Msgr. A. I. Merth, pastor of Sacred Heart church at East Grand Forks, a former pastor of St. Bernard's; Msgr. Victor Cardin, pastor of St. Peter's church at Gentilly; and Msgr. J. B. McAleer, pastor of the Crookston Cathedral.

Father Patnode formally assumed his new responsibilities at a ceremony last week in the Bishop's residence in Crookston.

Local VFW Post Sponsors School for Its Officers

Arnold Ringstad, Past State Commander, to Be in Charge of Event Jan. 25

Officers of Thief River Falls post of the Veterans of Foreign Wars will be going back to school for a day, Post Commander Howard Comstock announced today.

The event is part of the statewide Veterans of Foreign Wars "Traveling Schoolhouse" which has as its purpose the better training of local V. F. W. officers in carrying out their duties and serving their community.

Local officers and members will attend school in the clubrooms here at 7:30 p. m. on Friday, January 25. Arnold Ringstad, past department commander, will officiate at the session.

Stressed will be such subjects as parliamentary procedure, proper handling of funds, laws applicable to veterans organizations, and methods of serving the community. Any member of the VFW is welcome to attend.

The "Traveling Schoolhouse" will terminate a month of intensive membership recruiting by the local post, which has set its goal at 450 members to be paid up for 1963 by that time. The Post now has 350 members, according to Commander Comstock.

Six separate teams of top state officers of the Veterans of Foreign Wars will take part in the statewide event, each conducting five or six schools during the weekend.

Olaf Hovde of Duluth is visiting this week at the Mr. R. W. Nelson home.

Legislators from This Dist. Named To Committees

Committee appointments for the present term of the Minnesota Legislature have been announced with the two legislators from this district receiving several important assignments. Sen. Harveydale Maruska of Angus and Rep. Andrew Skkar of Thief River Falls are both serving their first terms in the respective branches of the Legislature.

Sen. Maruska was appointed to committees on agriculture, general legislation, elections and reapportionment, public buildings and highways. Rep. Skaar was elected vice chairman of the motor vehicle committee and also appointed to appropriations, dairy products and livestock, elections and reapportionment and health and welfare.

Lions Hear Talk by Rufus Olson of TRF Education Board

Speaker Offers Method of Financing $1,495,000 Bonds for New Buildings

Rufus Olson, member of the Thief River Falls board of education, was the guest speaker at the luncheon meeting of the Lions club Wednesday noon. He discussed the proposed construction of a new junior high school and grade school now being considered by the board, and outlined plans he had developed for financing the estimated cost of the project in the amount of $1,495,000.

His suggestions were reported in the Times last Thursday after having been submitted to the board of education, and are due to receive further consideration next Monday evening at a meeting of the board with a representative of T. G. Evenson & Associates, Minneapolis bond consultants.

Mr. Olson, who was introduced by L. A. Ihle, program chairman, told his hearers that he would dislike to see any curtailment of the educational program offered by the local schools, and he expressed the opinion that the proposed building project was one the community could afford.

Olson stated that the local district is currently paying $13,640 a year for rented quarters, and he estimated that this figure would rise to $20,000 within a few years if new buildings are not erected.

He also estimated that the proposed bond issue would entail an added tax levy of only about three mills.

Jaycee Meeting Slated Tonight

Regular meeting of the Thief River Falls Junior Chamber of Commerce will be held tonight at 6:30 p. m. in the Elks club rooms. Topics for discussion will include the annual Boss-Employee banquet, Outstanding Young Farmer award, sponsorship of Minnesota Vikings basketball, membership campaign, Region 2 meeting at Park Rapids January 22, state DSA meeting at Bemidji February 15, Valentine party and teen-age charity dance.

Delinquency in Taxes for '62 Only 2.87 Pct.

Pennington County Made Good Showing Despite Poor Crop

Despite a record taxlevy of $1,325,215 payable in 1962 in Pennington county, only $38,101 or 2.87 per cent was delinquent at the end of the year, compared to 2.73 per cent in 1961 and 3.04 in 1960, it is revealed in a tabulation completed this week by County Treasurer Ellsworth Jorgenson. This excellent showing was made in the face of one of the poorest crop years in the history of this area.

Taxes paid in 1962 totaled $1,285,161, while $2,317 was canceled or abated. The city of Thief River Falls, with a tax levy of $756,274, paid $741,063, while $1,384 was canceled or abated, leaving a delinquency of $1,384 or 1.81 per cent, slightly better than the 1.92 per cent in 1961.

The village of St. Hilaire had a levy of $16,823 and paid $14,930, with a delinquency of $1,868 or 11.10 per cent, the highest of any county subdivision. Goodridge village, with a total levy of $3,419, paid $3,227, with a delinquency of $148 or 4.35 per cent.

The percentage of delinquency in the various townships was as follows: Black River, 7.62; Bray, 8.50; Cloverleaf, 5.80; Deer Park, 1.15; Goodridge, 4.91; Hickory, 6.91; Highlanding, 5.01; Kratka, 4.39; Mayfield, 3.08; Norden 2.56 North, 4.25; Numedal, 7.76; Polk Centre, 1.23; Reiner, 8.18; River Falls, 1.10; Rocksbury, 2.47; Sanders, 2.94; Silverton, 3.18; Smiley, 1.33; Star, 4.03; and Wyandotte, 7.29.

Dairy Day Group Annual Meeting Slated Thursday

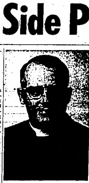
Council Considers West Side Parking

Motion for New Wangberg Trial Under Advisement

Defense attorneys' motion for a new trial was taken under advisement by Judge Lyman A. Brink at Warren Monday in the second degree murder trial of Paul Wangberg, Thief River Falls. Wangberg was found guilty as charged in district court at Warren and the defense attorneys, H. O. Chommie and C. L. Charlson of this city, have asked for a new trial. There is no indication as to when a decision from the judge will be forthcoming.

Grand Forks Man Buys Farm Near St. Hilaire

Everett Fleshe of Grand Forks, N. D., has purchased the John K. Johnsón farm (formerly the Vik farm) one-half mile south of St. Hilaire, according to the Wendel Agency which handled the real estate transaction. The farm comprises 751 acres and price of the sale was not disclosed. Fleshe is married and will move to the farm with his wife in April.



ELECTED president of the new Minnesota North district of the Lutheran Church, Missouri Synod, was Rev. A. C. Seltz, pastor of St. John Lutheran church in Thief River Falls. The district will include about the north two-thirds of Minnesota and will serve about 45,000 communicant members. Rev. Seltz was elected at the district convention in Minneapolis on Tuesday.

Receives Petition for Improvement Tuesday Evening

Adoption of a resolution recognizing the need for public, off-street parking in the northwest portion of the business district and calling for the taking of necessary steps to secure such parking took place at the regular meeting of the Thief River Falls city council Tuesday evening. Action followed the presentation of a petition requesting the establishment of such a parking area.

Prompting the petition and resolution was a request from the J. C. Penney company that off-street parking be considered. The Penney company is in the process of making arrangements for the construction of a new store with 100 feet of frontage at the corner of Main avenue and Third Street at the site of the former Montgomery Ward building. Present plans also call for some parking to be provided by the company.

A large-scale real estate transaction is being negotiated whereby the Penney Company would be housed in an extensivtly remodeled or new building at the Montgomery Ward building location. The present Penney building would be razed and replaced with a new structure to be utilized by the F. W. Woolworth company now located at the corner of LaBree avenue and Second street.

Public Support

The petition presented to the council Tuesday evening bore the signatures of about 50 people, most of them businessmen interested in having the public parking provided in the interest of community development. Appearing on behalf of the petitioners were Morris Goddard, manager of the local Penney store, and W. E. Dahlquist, editor of the Times.

In discussing the resolution adopted, the council noted that a need for off-street parking has been recognized for a number of years and that action should be taken to provide it. Possible sites for such parking area were given preliminary consideration but tabled for further study.

Alley Vacated

A hearing in regard to vacating the alley south of First street and east of LaBree avenue was held with no objectors present. The partial alley, which has been used only by Northwestern Hospital, is 12 feet wide and 59 feet in length. Law requires that the council set a value on the property with the money to be paid to the city treasury upon vacating the alley. A value of one

$16,822 in Fines

Cases Total 1,658 in Municipal Court

Crime did not pay as well in 1962 as it did in 1961 — at least not by the fines assessed and collected through Thief River Falls municipal court. Number of cases tried was down from 1,907 to 1,658 —a drop of 249 cases—and fines collected decreased by $5,133 from $21,956 to $16,822.

Number of cases handled by the city police department, exlusive of parking tickets, showed a modest increase in number from 428 in 1961 to 446 in 1962 and fines for violations of city ordinances increased from $8,830 to $8,961. Parking tickets dropped in number from 1,106 to 975 with fines decreasing from $1,098 to $990.

Fees collected and paid to the city for state criminal cases totaled $1,335 in 1962, down considerably from $2,088 in 1961. In all the city treasurer received $11,317 in fines and fees in 1962 as compared with $12,031 in 1961.

Cases brought by the sheriff's department for violations of state statutes in 1962 was just over half the number brought to trial in 1961. Last year the total was 109 while in 1961 there were 204 cases handled by the sheriff's department. Fines paid to the county treasurer in state crimnal cases totaled $1,805 in 1961 as compared with $4,710 in 1962.

State highway patrol cases in 1962 numbered 128 as compared with 169 in 1961. Fines paid to the county treasurer in highway patrol cases last year totaled $3,089 as compared with $4,997 in 1961. Game and fish violations also resulted in a total of $595 in fines collected and paid to the county treasurer.

Speeding was the most frequent violation with 143 speeding cases being tried in 1962. Other offenses with more than 10 cases tried included the following:

Open bottle of liquor in motor vehicle, 49; driving after suspension, revocation, or cancelation, 29; careless driving, 32; driving while under the influence of liquor, 23; improper turns, 34; through stop sign, signal or flag, 22; no valid license plates, 14; no driver's license, 14; driving over center line, 12; game and fish violations, 11; failure to yield right-of-way, 17; litter roadway, 12; drunk, 41; possession of beer by a minor, 33; drinking by a minor, 12; disorderly conduct, disturbing the peace and fighting, 28; and fraudulent check, 14.

A number of other violations of state laws and city ordinances were also noted on the municipal court report prepared by Mrs. Patricia Thompson, clerk.

Kathleen Nygaard Wed to Robert J. Scheets Dec. 28

Miss Kathleen Ann Nygaard, daughter of Mr. and Mrs. Sigfred Nygaard of Radium became the bride of Robert J. Scheets of Hutchinson, son of Mr. and Mrs. Roy Scheets of Glencoe, in a double-ring ceremony held at Evangelical Free church here on December 28. Rev. Joseph Swan prompted the vows in a setting of Christmas trees and white candles in candelabra.

Playing the processional from Lohengrin was Mrs. Kenneth Thyren at the organ. "O Perfect Love" "The Lord's Prayer", and "Wedding Prayer" were sung by Mrs. Roger Nygaard, also to the organ accompaniment of Mrs. Thyren.

The bride's father gave her in marriage. She entered the church on his arm, wearing a gown of embroidered nylon organza over satin, styled with a basque bodice, Mary Stuart sleeves, and scalloped neckline. The scalloped skirt which extended into a sweeping train, was detailed by a satin bow flowing out the entire length of the train. Her fingertip veil was of French illusion falling from a pearl crown. Her bouquet featured a cluster of miniature red Christmas ornaments which accented her crescent cascade bouquet of feathered carnations and sprays of pine.

Attending as matron of honor was her sister, Mrs. Dennis Monroe of this city. Bridesmaids were Diane Conely, Warren, and Jeanne Paulson, Grygla, cousin of the bride. They all wore red dresses with bouffant skirts and wrist-length sleeves and carried muffs of white fur trimmed with red poinsettias and live holly. Their headpieces matched the muffs.

Best man was Lyle Bjorge of this city. Attending as groomsmen were Dennis Monroe and Gerald Manning, both of Thief River Falls. Seating the guests were David Paulson, Grygla, cousin of the bride, and Tenny Myrum, Hibbing the groom's brother-in-law.

The bride's mother wore a sheath dress of brown wool. Her accessories were black. The mother of the bridegroom wore a dress of beige lace with brown accessories.

One hundred guests were received at the reception given by the bride's parents following the ceremony and held in the basement rooms of the church. The bridal table was centered by a four-tier wedding cake baked and decorated by Mrs. Lawrence Lubitz of Thief River Falls, and cut and served by Mrs. Norval Torkelson, Warren, the bride's aunt, and by Mrs. Ralph Wold of this city. Mrs. Lyle Bjorge attended the guest book and Mrs. Kernel Paulson, the bride's aunt, poured, assisted by Mrs. Ruth Steen of Crookston, an aunt of the groom.

Misses Mae Torkelson, Warren, a cousin of the groom, Ellen Fillipi, Warren, and Mrs. Larry Myrum of Hibbing, the groom's sister, were at the gift table. Waitresses were three friends of the bride, Sheila Wold, Carolyn Carlson, both of this city, and Pat Hoas of Warren. Out-of-town guests were from Devils Lake, N. D., Hibbing, Crookston, Warren, Radium, Goodridge, and Grygla.

Mrs. Scheets graduated from Warren high school this spring; her husband was a 1961 graduate of Lincoln high school of this city. He is department manager at S and L Stores, Hutchinson, where they are now at home.

Elaine's

CHATTER

No doubt everyone has received the 'simplified' tax form sent out by the government. According to the Internal Revenue Bureau, this volume of pages . . . on which you jump from line to line, column to column, like a cross-word puzzle ,is going to enable us to part with our money in a "simple" way.

One look at it from a taxpayer's view point, and we can understand why consultants are consulting consultants. From now until the deadline the national cry will be "Somebody save us from simplicity." Here are the forms we are working on, some we have finished:

Federal:	State:
112-4-E	M-15-A
W-2	M-14
W-3	M-1
940-A	M-9
940	M-10
720	NW-2
941	NW-3
458A	M-3
941-A	MES-1
1065	NW-1
1040	
1065-D	

(Don't use this as a check list ,we may have forgotten some)

Now these all have to be correct, if not, you get more forms to fill out, explaining the errors.

Anyone you pay rent to or interest, you have to report their Federal & State number or S.S. number. It's not easy.

Remembering our Kindergarten days, we still count better with colored blocks and beads. No doubt the tax experts would take a dim view of this method.

While your reading this we will be at Market, buying some Spring & Summer merchandise.

In the meantime, help yourselves to some real bargains at Elaine's in Thief River Falls. Coats, Dresses, Sportswear, etc. all reduced to unbelievable low prices.

Installing officer was Bernice Looker, and the installing conductor was Ferne Williams. The outgoing president, Mildren Booren, was presented with a past-presidents' pin.

Entertainment and lunch, followed. Hostesses were Ella Anderson and Edith Pearson.

Mrs. Carl Hovio Hosts New Tuesday Club

The new Tuesday club met on Tuesday, January 8 at the home of Mrs. Carl Hovie. After the regular business session, the group made plans for starting portrait painting, with several of the group's members scheduled to give a lesson at the next meeting. The ladies enjoyed a social hour, and each worked on her individual project, after which the hostess served lunch.

Four new members, Mrs. Robert Farmes, Mrs. Marie O'Hara, Mrs. Robert Brooten, and Mrs. Harold Buck, were in attendance.

The next meeting will be in the women's club rooms in the basement of the city auditorium, on Tuesday, January 22. Mrs. Leonard Hanson will be the hostess.

Vote Irregularities in Governor Race Set for Hearing Monday

Irregularities charged in connection with Minnesota's tangled governorship contest will be considered at a court hearing next Monday in St. Paul.

Judge J. H. Sylvestre of Crookston, presiding over the three-judge panel supervising the recount, set the trial date Monday. He explained that this would be in the manner of a prelude to the main action in the case, that concerning disputed ballots.

Judge Sylvestre said it was hoped this phase of the recount could be reached by Feb. 4. In the meantime, he said attorneys for both sides had been instructed to work together to pare down the tens of thousands of challenged votes from the Nov. 6 election.

C. L. Nelson, New Prague, attorney for former DFL Lt. Gov. Karl Rolvaag, who asked the recount, said he would present evidence of irregularities in five selected precincts at the Monday hearing.

Nelson said these alleged deviations could result in a shift of as many as 200 votes, depending on how the panel of judges views the evidence. He explained that some of the irregularities involved absentee ballots.

Rolvang brought his action after the canvassing board had ruled Republican Gov. Elmer L. Andersen re-elected by 142 votes. Nelson pointed out that the finding could be reversed if the irregularities charged on the 200 ballots were upheld at the hearing.

Nub of the case, however, still centered in the nearly 96,000 disputed ballots, now in the process of screening by teams of attorneys for both parties.

Nelson said he was hopeful that the awesome total could be pared to perhaps 18,000 before the ballots reach the court. He reported that nearly half the questioned votes had been screened thus far but gave no report on findings.

Still at issue between the parties in the recount are a number of absentee envelopes.

Richard Kyle, an attorney for Andersen, has taken the position that if absentee ballots are to be challenged it must be done at the time they are deposited in the ballot box. Rolvang attorneys argue that if there is a defect in an absentee ballot it must be disqualified.

This issue is still before the three-judge court.

Discussing the problem in general terms, Judge Sylvestre said there are two elements in counting ballots. One is the intent of the voter. He said that if the intent is clear, the vote must be counted for the candidate for whom it is marked. The other element is that the voter has not placed a distinguishing mark on the ballot.

A distinguishing mark might be the name of the voter.

If the ballot bears a distinguishing mark, the secrecy of the ballot is destroyed and it must be thrown out.

Attorneys agreed that it might be necessary before there is any decision in the case for the court to examine several thousand ballots individually, though it is hoped classification will speed the process.

No one was prepared to give any estimate as to the length of time before a final decision will be made.

PUBLIC OPINION

Dear Mr. Dahlquist:

I note with interest your editorial of Monday, Jan. 14th, titled "Parents and Teachers".

Since this then is the Times opinion, I fail to understand why an article of public interest and endorsed by the Knox P. T. A. was turned down for publication; supposedly because of length, since its content has to do with "the strengthening of the educational process where it counts most—in our own communities". I quote you!

There is more for us at Knox to do than ponder next month's school menus; we are more concerned with the space and time to serve them in. We do not worry about landscaping a playground; there isn't enough playground to landscape. We do not question the acoustics in the auditoirum; we question the adequacy of the auditorium to accomodate over 550 children. We are not even concerned about proper reading material in our library, since we have no library.

We at Knox did try with the submission of an article to "increase the usefulness of our P. T. A.", by bringing correct information on our education problems to the public. We did not, however, have your co-operation.

The Knox P. T. A. would welcome your attendance at any time, and would also appreciate your cooperation.

Mrs. Loren Adolphson
Member, Knox P. T. A.

Author Writes on Soo Steam Trains

Former Telegrapher Publishes New Book

A pictorial history of the Soo Line's era of steam, compiled in book form by a former Soo telegrapher, has just come off the presses.

"Steam Trains of the Soo" by Leslie V. Suprey, is an 88-page, cloth-bound book containing over 100 photographs of Soo steam locomotives and trains from the first Rhode Islands of 1884 to the Northerns acquired in 1938.

A special feature of the books is a brief history of the Soo by former editor of the Soo-Liner, Jim Lydon.

Author Suprey, who was with the Soo for 18 years, comes from a family of telegraphers. His grandfather was a telegrapher on the Winnipeg division, and his father, Grant E. Suprey, is a Soo telegrapher at Isle, Minn.

"Steam Trains of the Soo' is being published by B & W Printers and Publishers, Mora, Minn. The book is available from them.

161 Railroad Crossing Mishaps in 9 Months

During the first nine months of 1962, 161 railroad grade crossing accidents in Minnesota resulted in 24 fatalities and 94 persons injured. This is revealed in a report compiled by the Minnesota highway department which also gives comparative figures for other recent years.

In the full year of 1961, 210 railroad crossing accidents took 20 lives and injured 140. This record low in fatalities is a great improvement over the period 1950 through 1959, when 2,260 railroad grade crossing accidents occured in Minnesota, killing 435 persons and injuring 1,426 for an average of 226 accidents and 43.5 fatalities.

In the whole United States in 1961, 1,225 persons were killed in railroad grade crossing motor vehicle accidents, which is a decrease of six per cent from the previous year, compared with Minnesota's decrease of only four per cent.

In the first nine months of 1960—the same comparable period on which the 1962 study was made—there were 145 grade crossing accidents killing 24 persons and injuring 102. Thus the death toll for 1962 and 1960 are equal, but with eight less personal injuries despite an increase of 16 in the number of accidents.

The report states, "Collisions between motor vehicles and railroad trains gather much public attention, perhaps because of the severity and finality involved which finds as many as seven persons or entire families perishing in a single collision."

It further declares, "This type of accident is probably the most needless of all types of motor vehicle collisions. The railroad train consisting of a diesel locomotive weighing about 120 tons and cars weighing about 50 tons each, has its own network of private roads, so to speak, and one from which these trains cannot swerve to avoid a collison.

"It is possible then," the report continues, "to completely eradicate this type of accident since it depends upon a single motor vehicle driver behind the wheel who needs only to stop, look in both directions, and listen before proceeding across the tracks—However, records show that drivers are not alerted to this responsibility."

Council Receives Petition Asking for More Parking

(Continued from page 1)

dollar per square foot was set with the hospital required to pay $708 for the property. The area will be used in the hospital's expansion program.

Alderman Dr. A. F. Jacobson reported on the adjustment panel hearing held last Friday to discuss requests of Muncipal Drivers, Helpers and Public Employees Union. Dr. Jacobson represented the council, Gene Williams, attorney, represented the union,and Douglas Kemmer of this city served as the neutral member and the chairman of the panel.

Issues in the dispute were wages, benefits for employees of six-month employment or longer, request for reduction of part-time employees and the hiring of full time employees, adjustment for linemen when used on lines of over 2,400 volts, health and welfare program and clarification of the overtime ordinance.

Panel Testimony

Testimony presented by the union pointed out that no increases were granted for the year beginning Jan. 1, 1962, and a request for increases starting Jan. 1, 1963, had not yet been acted on by the city council, Dr. Jacobson's report stated. The union had requested increases of nine cents per hour for 1962 and 13 cents per hour for 1963.

The adjustment panel recommended no increase in the hourly or monthly rates of pay, that employees of six months employment or longer be considefed full-time employees, that no adjustment be made for linemen working on over 2,400 volts, that a health and welfare program equal to $14 hospital benefits be purchased for employees by the city and that the overtime ordinance be clarified. The union representative dissented from the recommendation of no increase to employees and no increase for linemen, but in other aspects agreed with the other panel members.

Council members referred for study the determination of what constitutes a full-time employee and what health and welfare program should be made available to employees.

Calls for bids to be opened at the next regular meeting on February 19 was authorized for a two and one-half ton truck for the street department, depositories for public funds and official newspaper. Authorization was also given for two employees of the municipal liquor store to attend the Minnesota Liquor Store association meeting.

City Attorney Robert Wurst reported on a decision announced by the state supreme court that immunity from liability for governmental subdivisions would be abolished at the end of this term of the legislature unless such immunity is provided by state statutes. Previously counties and school districts have been immune from law suits involving negligence by their employees. No action was taken by the council after hearing the report.

A request from the Thieves Hockey club for reduced rental when using the auditorium for teenage dances was denied. Approval was given to 45 cigarette license applications and a request by the Jehovah Witnesses to use the auditorium for a convention April 19, 20 and 21. Resignation of Mrs. Alan Noreen as a waitress in the municipal liquor store was accepted. Boyd Holcomb was employed to conduct the 1962 audit of the city's books.

Approval was given to payment of $2,226.02 to Stewart & Walker for engineering services on 12 different projects and payment of $96.44 in fees and mileage to Paul Roy for his work as appraiser on the airport project.

Accountant Hired

Announcement was made that William Fahey of Minneapolis had been hired as city accountant at a starting salary of $385 per month. Fahey is a native of Fairmont and has been employed by Holsum Bakeries in Minneapolis since completing a business school accounting course.

Appointments by Mayor Orin Green were approved for the police commission and the combined park and recreation commission. William LaFave was reappointed to the police commission with the following members and term expiration dates being listed for the park and recreation commission: Roy Barzen, 1964; Ole Engelstad, 1965; Frank Bond, 1966; Lawrence Bjorkman, 1967; R. J. Dryden, 1968; Dr. Walter P. Kaisler, 1969; and William LaFave, 1970. Approval was given for establishing a $300 contingency fund for the Mayor.

STATE president of the Minnesota Congress of *Parents and Teachers is Mrs. Naomi Huffman*, Hopkins, 45-year-old mother of three children. She has called for the PTA to "become an organization of action" and instituted a program of "educating ourselves and others to the needs of youth in our state."

Rites Are Held for Halvor Rhodegard

Pioneer Resident Died Thursday at Age of 80

Halvor Rhodegard, a pioneer resident of this city, died on January 10 at Oakland Park Nursing Home after having made the home his residence for the past two years. He was 80 years of age.

Funeral services were held on Tuesday afternoon, January 15, in Trinity Lutheran Church, with Rev. Harold Peterson officiating. Interment was made at Greenwood cemetery. Handling arrangements was the Green Funeral home of this city.

Mr. Rhodegard was born March 21, 1882, in Tunhovd, Norway. He came to America with his family at the age of two, his parents homesteading in Norden township, where he received his education. Coming to this city in 1908, he was initially employed by the Langseth store. In 1909, on June 26, he was united in marriage to Miss Hilda Cecelia Eklund. They lived in the same residence, at 516 N. Horace, all of their married lives. His wife Hilda died in September, 1956.

He was co-owner of a grocery here for 30 years, and for 24 years was employed as city weighmaster, from which position he retired in 1961. Mr. Rhodegard was a charter member of the Sons of Norway.

Surviving Mr. Rhodegard are four daughters, Violet (Mrs. K. E. Lindberg) and Opal (Mrs. E. Bjerken) both of this city; Maurine (Mrs. William Tinsley) and Miss Eileen Rhodegard, both of Concord Calif.; fourteen grandchildren and six great-grandchildren, and three sisters, Mrs. Julia Liden and Mrs. Carolyn Dow, both of this city; and Miss Emma Rhodegard of Duluth.

Preceding him in death were his wife, three brothers, and one great-grandchild.

William Kruse, 58, Services Monday in Roseau County

William Kruse, Roseau, a one-time resident of Canada, died at his home in Huss township Roseau county Tuesday, January 8. Funeral services were held Monday, January 14, at Klondike Lutheran Church with Rev. Einar M. Torgerson conducting the rites, and interment taking place in Klondike cemetery, with Collins Funeral Home of Middle River in charge of arrangements.

William Kruse was born at Pine City on May 26, 1904. The family moved to Manitoba, Canada, when he was still a boy. He attended school and grew to manhood there. As a young man he moved to Roseau county settling in Huss township where he has since made his home.

He was united in marriage to Miss Hilma Peterson at Greenbush on September 16, 1939. She survives him, along with two sons, Peter Morris Kruse, Strathcona, and David, Minneapolis, and a daughter, Mrs. Ardell (Ruth) Gregerson, Badger. One granddaughter, three brothers, four sisters, two half-brothers, and one half-sister also survive. He was preceded in death by his parents.

Mrs. Sena Sundt, Dies Wednesday; Rites Saturday

Funeral rites for Mrs. Sena Sundt, 86, longtime resident of the Thief River Falls area will be held Saturday, January 19, at 2 o'clock at Trinity Lutheran church of this city. Reverend Harold Peterson will officiate. Mrs. Sundt died Wednesday, January 16 at Northwestern hospital of this city.

The body may be viewed from this evening until Saturday noon, at Sinding's Funeral Chapel, and at the church for one hour before the services.

A complete obituary will fallow in the Times.

Donald A. Stallmo Services To Be Held Here Jan. 18

Donald A. Stallmo, 29, a former resident of this city who was killed in a truck accident at Redondo Beach, Calif., will be interred here Friday, following services at Trinity Lutheran Church at 2 p. m. Rev. Harold Peterson will conduct the rites, with burial to be made in Greenwood cemetery. Friends and relatives may call at the *Sinding Funeral Chapel* from noon today (Thursday) until noon on Friday, and at the church for one hour prior to the services.

The son of the late Nels Stallmo and Gladys Stallmo, he was born July 24, 1933, at Fertile. The family moved to Grand Forks, N. D. in 1937. He attended rural school in that area, and later attended school in East Grand Forks. In 1947, when they moved to Thief River Falls, he was a student at Lincoln high school here, and at the area vocational school.

In 1952 he began fours years of service with the US Navy, being stationed in Boston, Mass., Louisiana, and Great Lakes, Ill. The major part of his tour of duty was spent on the USS Willis A. Lee.

After his discharge he worked for a construction firm in Ohio and on the Flant Farms at Grand Forks, N. D. For the past two years he has been employed by the Torrance Construction Co. of Redondo Beach, Calif., where he made his home with his sister, Merna.

His mother, Mrs. Gladys Stallmo of this city, survives, along with two sisters, Merna (Mrs. Leonard Hill), Redondo Beach, Calif., and Blanche (Mrs. Lawrence Barrett) Warroad; his maternal grandmother, Mrs. Mathilda Iverson of this city also survives.

He was preceded in death by his father, Nels Stallmo.

Rites Conducted for Martin Bothun, 72 Years Resident

Retired Greenhouse Operator Died January 9 at Advanced Age of 87

Martin Bothun, pioneer resident and retired businessman of Thief River Falls, passed away on January 9th at Northwestern Hospital at the age of 87 years. He had lived here 72 years.

Funeral services were held Saturday, January 12, at Trinity Lutheran church. Rev. Harold Peterson officiated and interment was in Greenwood Cemetery. The Green Funeral Home handled arrangements.

Mr. Bothun was born August 4, 1875, near Dalton, Minn., where he spent his boyhood years. In 1890, when he was 14 years old, he came to Thief River Falls where he did odd jobs for two years, after which he worked in a country store and postoffice for two years. He then went to Minneapolis and was a student at Augsburg Seminary, and also worked for the Twin City Rapid Transit Company as a conductor and inspector for a short time.

He returned to Thief River Falls in 1900 to engage in the grocery and confectionery business. He was united in marriage to Hilda Backlund, and to this union one son, Hardy, was born. His wife passed away on December 8, 1901.

On January 28, 1903 he was united in marriage to Beatrice Israelson. In 1908 he built and owned the first greenhouse in Thief River Falls which he operated for 33 years. He also built the Palm Garden Cafe in 1933, which he operated for several years. He also built the building now occupied by Sjoberg's Appliance. He was a member of the Elks Lodge and of Trinity Lutheran Church. He had been handicapped by blindness the past several years.

He is survived by one son Hardy of Sacramento, Calif.; and one sister, Mrs. Josie Dahl of Ashby, Minn. Several nieces and nephews also survive him, and one grandchild and three great grandchildren.

He was preceded in death by his two wives and four brothers and four sisters.

Rites Held At Middle River For Ingval Hoff, 77

After several years of failing health, Ingval C. Hoff of Middle River died in the Greenbush hospital on January 11 at the age of 77 years.

Funeral services were conducted at First Lutheran Church of Middle River on January 15, with Rev. James Hanson officiating. Interment was in the Huntly cemetery. Funeral arrangements were in charge of Collins Funeral Home in Middle River.

Mr. Hoff was born in Ada, Norman county, on May 1, 1885. He came to Marshall county as a boy, attending school in Huntly township, and growing to manhood there. He was engaged as a *farmer in that area for many* years preceding his retirement in 1959. That year he moved to Middle River, and has since made that town his home.

Surviving are a brother, Sam, of Middle River, four sisters, Mrs. Lena Smodell, Ashby; Mrs. Andrew (Celia) Holmgren, Middle River; Miss Inga Hoff, Middle River, and Mrs. Carl (Clara) Rud, Grand Forks, N. D.

Preceding him in death were three sisters and one brother.

August L. Bergh, Former Area Man, Dies In Idaho

August L. Bergh, 80, a brother-in-law of Mrs. Otto Johnson of St. Hilaire, died at Lewiston, Idaho, on January 14.

Born in Norway in 1883, Mr. Bergh came to America as a young man. In March 1906, he was united in marriage to Miss Lettie Hauge of St. Hilaire. They resided there until 1907, before moving to Bemidji where he was employed by the Crookston Lumber Co. sawmill.

His wife died in 1918, leaving five small children, the two youngest of whom made their home after their mother's death with their aunt, Mrs. Otto Johnson in St. Hilaire. Mr. Bergh and the two older children moved to Lewiston, Idaho in 1920, and have made their home there since that time.

Mr. Bergh was the father of Norman Bergh, who resided in St. Hilaire several years ago, and was employed at the creamery.

Sigvart Svendsen Services Held At Argyle Saturday

Funeral services for Sigvart Svendsen of Argyle, who died at the Veterans' hospital in Fargo, N. D. on January 7, were held at Argyle on Saturday at Our Savior's Lutheran church. Rev. Lane Deerring officiated at the rites, and burial was in Woodlawn cemetery at Argyle. Carlson-Collins Funeral home handled the arrangements.

Born at Newfolden on April 29, 1890, Mr. Svendsen attended school and grew to maturity at Argyle. He served with the US Army in World War I and upon his discharge he returned to Argyle where he had farmed since that time.

In November, 1926, he married Miss Louise Schroeder at Stephen. She survives him, with two sons, Darold and Lester, both of Argyle; two daughters, Mrs. Roger (Grace) Stele, Halstad, and Mrs. J. J. (Muriel) McDonald, of Arvasa, Colo. Also surviving are six grandchildren, four brothers, and five sisters. One sister preceded him in death.

Tillie Nestebo Dies Monday; Rites January 21

Funeral services for Tillie Nestebo of Highlanding township, age 89, a longtime resident of this area, who died at Northwestern hospital on Monday, January 14, will be held Monday, January 21 at 2 p. m. at the Eklund Lutheran church of Erie. Rev. A. B. Heltne and Rev. Harold Peterson will officiate. Burial will take place in the church cemetery.

Visitation hours have been set from Saturday evening until Monday noon at Sinding's Funeral Chapel and at the church for one hour prior to the time of the services. A complete obituary will follow in the Times.

NW Bell Has Increase of 70 Phones in 1962

Providing for the growing communications needs of Thief River Falls and other communities served by Northwestern Bell Telephone company in Minnesota will require a construction expenditure of nearly $1 million per week during 1963, according to J. M. Wilson, manager of the local office.

"During the past year we installed 70 new telephones in Thief River Falls to bring the year-end total to 3,946," Wilson said. "Telephone use is on the increase, too, with 491,386 long distance calls made here during the year."

For 1963 the company has a record program of $50,500,000 to be used for new construction, replacement of unrepairable equipment and for making new services available to more of the company's 745,000 Minnesota customers. The 1963 program represents an increase of $3 million from 1962.

Local Changes

Among significant changes in the local area last year were the addition of seven circuits to Minneapolis, additional circuits to Baudette and Roseau, extended area service to permit calling Holt, Newfolden and Viking without toll, expanded toll service to Williams and Roosevelt, dial teletype service, wide area telephone service whereby a flat rate is charged monthly for long distance service within a given area, publication of a regional directory and addition of central office equipment.

In 1963 the Minnesota program includes changing nine communities from manual to dial operation and adding one dial central office; adding six more communities to direct distance dialing; placing 265 miles of new buried cable and increasing the number of circuits on microwave radio relay routes to further storm-proof and insure the reliability of inter-city *facilities.*

Phone Increase

At the end of 1962, a total of 1,194,000 telephones were in service in Minnesota, an increase of 46,500 over 1961. An additional 49,000 phones are expected to be installed during 1963.

In commenting on 1962, A. F. Jacobson, company president, said the growth in use of services was at a better rate than over-all business conditions might have indicated. Earning showed a slight drop, he said, "a development familiar to most businessmen who have become increasingly aware of the profits squeeze produced by higher cost of investment and higher operating expenses and taxes without a matching improvement in revenue.

The president also noted that nearly $300 million was spent during 1962 on wages, taxes, local purchases and construction expenditures. Northwestern Bell has about 23,000 employees with approximately 8,700 in Minnesota.

State PTA Head Asks Action in Education Group

Mrs. Sigurd Folkedahl Attends Board Meeting In Cities Last Week

Three yearly themes under a general three-year theme of "The PTA — A Voice for Every Child" were adopted at a board of managers meeting of the Minnesota Congress of Parents and Teachers held last week in the Twin Cities. Mrs. Sigurd Folkedahl, rural Thief River Falls, president of PTA district 17, attended Friday and Saturday sessions of the three-day meeting.

Themes selected for yearly emphasis were "Vision to Meet the Challenge", "Values for Living" and "Ventures for Action". Presiding at the meeting of the board was Mrs. Naomi Huffman, Hopkins, state president. Special guest was Mrs. Ellen Dell Bieler of the National Congress of Parents and Teachers.

Considerable importance was attached to the report of the legislative committee and the legislative workshop which will be held at the state capitol in St. Paul on February 14. It was announced that the 1963 state PTA convention will be held October 7, 8 and 9 at Rochester.

Mrs. Huffman has called for a program of "educating ourselves and others to the needs of youth in our state and helping to meet those needs". She has recommended an intensive examination of all the needs of youth in each community to be followed by an elimination process in which the most acute needs would serve as guideposts for parental action.

There are currently 1,100 PTA units in the state with membership of about 250,000 people. "The PTA must become an organization of action, not just a women's gossip party," Mrs. Huffman said. She cited the fact that more than half of the state PTA units have men as their presidents and expressed the belief that teachers can be a stronger force in the ultimate success of the PTA.

Rev. A. C. Seltz Named President of Church Dist.

Local Pastor Elected To Full-Time Position At Annual Convention

Rev. A. C. Seltz, pastor of St. John Lutheran church in Thief River Falls, was elected full-time president of the Minnesota North District of the Lutheran Church-Missouri Synod at the first convention of the newly-organized district. Brainerd was selected by nearly two-thirds of the voting delegates as the headquarters for the new district.

In addition to the president, the district will have a full-time executive counselor on the Brainerd staff. Rev. Seltz is expected to move to Brainerd in the spring to assume his duties as head of the district. Other cities which had been considered for the headquarters were Moorhead, Little Falls, Alexandria and Wadena.

Elected vice presidents were Rev. Walter H. Bouman, Silver Bay; Rev. Traugott Rehwaldt, Granite Falls; and Rev. R. L. Bode, International Falls. Rev. K. K. Hill, Alexandria, was elected secretary and Arthur Hilpert, Bertha, was named treasurer.

Department heads named were Rev. Immanuel W. Bade, Sabin, education; Rev. R. R. Schulz, Grand Rapids, public relations; Rev. Eyrich Hansen, Crookston, stewardship; Rev. Paul Biegner, Sebeka, missions; and Rev. Walter W. Beltz, St. Cloud, Welfare.

The remaining portion of the former state district has been renamed the Minnesota South District. Minnesota North District has 217 congregations with 43,000 confirmed members.

Special Classes to Be Discussed by Northrop PTA

The Northrop PTA unit will meet Monday evening, January 21, at 8 p. m. in the school gymnasium. "Special Education" has been selected as the program topic, with special emphasis on classes for the retarded and blind.

Panel members include George Stockman, elementary director; Mrs. Edna Lindquist, elementary educable; Mrs. Delores Haugen, elementary trainable; Mrs. Barbara Poole, junior high program, and Mrs. Martha Nubson, resource teacher for the blind.

A special guest will be Richard Johnson, consultant from the state department of education. Mothers of the third grade pupils will serve the lunch.

Anyone in the community who is interested in the program is welcome to attend.

Winjum Memorials Given to Heart Fund

Gifts in memory of the late James Winjum were received by the Minnesota Heart association, according to David Drotts, Pennington county memorial chairman. These gifts will be used for research into heart and circulatory diseases. The work of over 50 heart scientists at 7 Minnesota research institutions is being financed by funds received by the Minnesota Heart Association.

RRV Winter Shows To Have Longest Run in History

53rd Annual Exposition To Extend from Feb. 16 Through February 22

Officials for the Red River Valley Winter Shows couldn't find room for all of the many activities and the many organizations who are requesting space and time at the 1963 shows, according to the board of managers.

The midwinter show has been lengthened by two days, and this year's dates are February 16-22—longest run in the 53-year history of the event. Doors will open with *all exhibits and scheduled show* activities ready to go at 7:30 a. m. Saturday, February 16.

Coupled with the lengthening of the show, Saturday the 16th will be Farm Youth Day when nearly 500 farm youth will participate in livestock judging, potato judging and the judging of other crops. The top farm 4-H and F. F. A. public speakers will meet in competition at the campus of the Northwest School.

Professors Ed Frederick and Conrad Kvamme of the Northwest School of Agriculture are in charge of the farm youth banquet at 6 p. m. in the school dining hall. The banquet will be addressed by the Governor of the state "regardless of how the election finally comes out," the board of managers reveals.

The week goes on with a star-studded lineup of speakers bringing new ideas to Valley citizens. The Times will be carrying further details concerning the exposition.

Fire Damages City Street Dept. Truck

Blaze Starts When Welder Ignites Leaking Gasoline

Heat from a welder ignited gasoline from a leaking gas tank Tuesday afternoon and caused several hundred dollars damage to a city street department truck, according to Roy Langevin, Thief River Falls fire chief.

The welding was being done in the street department garage near the municipal power plant and workers did not notice the dripping gas from the nearby truck until the fire began. Workmen dragged the flaming truck from the building and firemen squelched the blaze, but not before the seats, glass and cab had been extensively damaged.

No damage resulted from two other blazes. The firemen were called Monday night at 9 o'clock to the Iver Austad home at 119 State av. S., where a chimney fire developed, and Tuesday morning at 5:20 they were summoned to the Lloyd Halvorson farm home in the Town of North, where a furnace became overheated.

Check Nears End on Sheep Scabies

Only Six Cases Found to Date in Minnesota

Minnesota's campaign to eliminate scabies in its sheep flocks is moving along on schedule, according to Raymond B. Solac, extension veterinarian at the University of Minnesota.

Preliminary inspections, which began Dec. 17, are expected to be completed by the end of this week (Jan. 18), barring bad weather. More than 90 per cent of the preliminary visits have been made already, although some reinspections will take longer.

Each of the 21,000 Minnesota farms having sheep is being visited by a representative from one of the cooperating agencies. The person making the initial visit is a county extension agent, vocational agriculture instructor, or staff member from the Minnesota Department of Ag-Livestock Sanitary Board or the U. S. Department of Agriculture.

Flocks which are not cleared during the initial visit are reinspected by a representative of the Livestock Sanitary Board.

So far, only six cases of scabies have been positively diagnosed and three are on the "suspected" list. However, a fourth of the flocks in some areas have been slated for reinspection and some reinspections are still to be completed.

Most reinspections are in cases where the sheep are affected by lice or keds (sheep-ticks)—insects different from the mites which cause scabies but which produce similar symptoms of wool disturbance and discomfort.

Moose Census Starts in 2 Areas of State

Minnesota's annual winter moose census is now underway, according to the conservation department's game and fish division.

Each winter, since 1959, the division has made annual aerial counts of the moose herd on the state's primary moose ranges. These are located in the Superior National Forest in northeastern Minnesota and in the "big bog" country north and west of Red Lake.

The largest and most important moose range in the state is the 6,084 square miles of heavily timbered land in the Superior National Forest. It includes Cook, Lake and part of St. Louis counties.

The other main range is 2,500 square miles of brushy swampland north and west of Red Lake. This includes parts of Marshall, Roseau, Lake of the Woods, Beltrami, Clearwater and Pennington counties.

The present census method employs an airplane with a team consisting of pilot, navigator and usually two observers. The range is marked off on a map into sample plots of 25 square miles. The plot is then flown in strips with all the moose being counted that are seen in a one half mile band on either side of the aircraft.

The census is a cooperative effort on the part of the game and fish division and the U. S. Forest Service.

Census taking is not started until after the first heavy snowfall in December when the moose are most easily seen against the white background.

A steady build-up in the moose population has been observed since 1959. Most marked increase has been in the Superior National Forest. A 425 square mile sample area flown here in the winter of 1959-60 showed 48 moose but the same area last year yielded a count of 313.

Based on counts taken on sample plots last winter, the game and fish division calculated that the 6,000 square miles of moose range in the Superior National Forest was carrying a herd of 4,500 animals.

Moose numbers have also increased in the Red Lake area (from 993 in 1959-60 to 1,409 in 1961-62) but not at the rapid rate observed in the northeastern part of the state.

Social Security Reports for Farm Workers Due Soon

Employers Required to File Returns Not Later Than January 31

None of us leads a "charmed life"—and this goes for farm workers. All of us need protection against the loss of earnings that comes with disability, retirement or death. The farm employee gets this protection because YOU, if you are a farm employer, report his earnings once a year, and pay the social security taxes on his cash wages. Only through correct and regular reporting can the farm worker obtain this protection.

Actually, failure by a farm employer to make a yearly report is a violation of the law and can result in penalties and interest charges on unpaid social security taxes.

Farm employers or owners who have paid as much as $150 in cash wages to any farm worker in their employ during 1962 must file an employer's tax and information return for such farm employees. They must also report each farm employee who worked for them on 20 or more days during 1961, regardless of the amount of wages paid, if the wages were figured on a time rather than a piece-rate basis.

For 1962, the social security tax rate is six and two-eights per cent (three and one-eighth per cent each for employer and employee). This tax applies to cash wages paid to a farm worker up to a total of $4,800 in the year. The tax amount must be entered on Form 943 (Employer's Annual Tax Return for Agricultural Employees) together with the total amount of cash wages paid to the farm worker. This form must be filed with the District Director of Internal Revenue on or before January 31, 1963.

Don't let the deadline catch you. If you have employees whose earnings must be reported, do it as soon as possible. You'll be doing both yourself and your employees a favor.

Postal Service Gets Benefit of Improved Roads

Changes in postal services also reflect certain highway effects as well as such general changes as increased population mobility and suburbanization, according to findings by the highway research board in Washington, D. C.

Improved highway transportation appears to be at least partially responsible for the trend to longer rural delivery routes, fewer post offices, and an increase in the portion of mail being hauled by highway.

Changes in rural mail delivery routes show a remarkable improvement in productivity. The average length of rural mail delivery routes has increased from 27 miles in 1920 to 56 miles by 1960. In addition to improved highway transportation, these increased distances which rural carriers travel have no doubt depended on the more lenient requirements for establishment of rural delivery routes; from 4 families per mile traveled before 1953 to 2 families in 1960.

Richfield School Board Chairman Honored by MEA

Robert Gunderson Gets Distinguished Service Award at Convention

Chairman Robert B. Gunderson of the Richfield board of education is the 19th recipient of the Minnesota Education association's "Distinguished Service Award" to the state's outstanding school board member.

MEA President Irvamae Applegate presented the award to Gunderson, an engineer at Minnesota Mining & Manufacturing Co. (3M), Jan. 15 during the banquet of the Minnesota School Boards association annual convention.

Gunderson, a member of the Richfield board since 1954, was chairman in 1956-57, clerk in 1957-58, and has been chairman continuously since 1958.

Gunderson's list of accomplishments is long, as a sampling indicates: active in establishing a student and adult driver education program, instrumental in pursuing and establishing an adult education program, promoted development of policy that school facilities be made available to cultural, recreational and educational groups in the community.

During his chairmanship, requirement for high school graduation was increased to 15 credits, released time began being granted for religious instruction, and the North Central Association of High Schools and Colleges accredited Richfield high school within four years of its opening. tion program, instrumental in passage of eight bond issues since 1954 totaling $10,265,000, and pro-

Highway Signs to Be Standardized

Changes Made to Conform to National Regulations

The Minnesota highway department is making minor revisions in signs and markings on the highways to comply with changes in the state's manual on uniform traffic control devices for streets and highways, adopted about a year ago. These changes are based on and are in accord with national standards as developed by the national joint committee on uniform traffic control devices, and published by the U. S. Department of Commerce, Bureau of Public Roads.

The primary purpose of the standardization program on a nation-wide basis is to eliminate confusion to the motorist due to various methods of markings used in different states. This program should provide safer and easier traveling for the motorist.

Revisions have already been made in some directional signing at the junction of highways where the roadways have been relocated or where the old signing needed to be reconditioned.

The new standards for advance directional signing provide that only one destination be indicated for each route beyond the junction. Such destinations are to be those which will be helpful to the greatest number of motorists using the routes.

A comparatively new innovation in Minnesota is the use of distance signs beyond the intersection of the roadways. Not more than three destinations with mileage to the center of each will be shown on these signs. The next municipality along the route will always appear on this sign as well as the one shown on the advance directional sign. These distance signs will be helpful to the motorist in reassuring him that he is proceeding in the right direction after passing through the junction.

Highway Dept. to Quit Blue Lights

To Use Amber Lights on Maintenance Vehicles

The flashing blue lights on highway maintenance equipment that may be thought of as snow signals by many Minnesotans, will be replaced by amber colored lights within the next two years.

Experience has shown the blue lights as having poor visibility under certain weather conditions. After extensive study and testing, the standards of the American Association of State Highway Officials (AASHO) have been changed to provide for the use of flashing amber lights on maintenance vehicles and equipment. As a result, many government units have begun to curtail or discontinue use of the blue light.

Minnesota statutes reserve the use of the blue lamp for road maintenance units but they do not preclude the use of other colors for the same purpose.

Medical Society Plans Crookston Meeting Tuesday

The annual meeting of the Red River Valley Medical society will be held on Tuesday, January 22, at Sidneye's Cafe in Crookston. Dinner will be served at 7:00 p. m.

The featured speaker will be Dr. Raymond N. Bieter, professor of pharmacology at the University of Minnesota, who will speak on "Tranquilizers". He will also discuss his new position as director of the division of special educational services in the college of medical sciences.

A meeting of the women's auxiliary to the society will follow the dinner.

4-H CLUB NEWS

Black River

Black River 4-H club met Thursday evening, January 10, with recreation led by Linda Kopecky and Debbie Sorvig before the meeting. Kenny Witt, president, brought the meeting to order and Karen Witt read the secretary's report in the absence of Judy Johnson.

Tommy Melin read several jokes, Curtis Swanson and Bob Hirst gave project reports on dairy and Kenny Witt and Tommy Melin presented a skit, "Mr. Kit on T. V.", written by Kenny Witt.

Business discussed included the 4-H play contest and the radio speaking contest. All records are to be started. A tractor project meeting was to be held at the Steiger shop Saturday afternoon.

Movies concluded the program and were entitled "Tractor Safety" and "I'm No Fool with Fire". Mrs. Maurice Steiger also showed several slides on buffet lunches. Lunch was served by Mrs. Robert Sorvig and LeRoy Scholin's.

Robert Hirst, Reporter

St. Hilaire

Regular meeting of the St. Hilaire 4-H club was held January 10. A safety slogan was chosen for the 4-H booths. New business included discussion of a skating party and books for the 4-H plays.

The program consisted of a project talk about birds by Coral Sjulson and project talk by Dwight Bruggeman on "Drinking Enough Milk." A reading was given by Jerry Hasnedl and Glen Anderson gave a project talk on "Agronomy" followed by two movies. They were entitled "New Horizons", and "Trees Grown for Christmas".

Lunch was served by Mrs. Bruggeman, Mrs. Anderson and Mrs. Boman.

Our LAND

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Federal help totaling $193,300 will be granted to the locally developed North Branch of Two Rivers Watershed project in Kittson and Roseau counties it was announced recently by Herbert A. Flueck, state conservationist for the United States Soil Conservation Service. Local funds will provide $361,900 of the $555,200 total project cost. They will finance land, easements, right of way, and operation and maintenance of the completed project. With federal funds available land treatment measures now underway can be speeded up. Final designs and specifications for dams and other structures can be prepared. The project, to be carried out over five years, will provide watershed and flood protection for about 235,000 acres. Sponsors are the Kittson and Roseau county soil and water conservation districts and county boards of commissioners and the village of Lancaster. Federal aid comes under provisions of the Watershed Protection and Flood Prevention Act.

Undisturbed forest soil will soak up moisture rapidly, according to Lakes States Forest Experiment Station studies. That fact is a good argument for keeping steeper land in forest. It also points up the danger of pasturing hilly forested land. Forest land which has been trampled by livestock soaks up water less slowly and runoff can then become a problem.

"Now that I have plenty of stock water I have increased my dairy herd and am using what used to be poor pasture. Because my cows no longer have to travel half a mile to buildings for water, I have increased milk production," says Melvin Riebel, cooperator with the LeSueur County SCD. The approach to his pond is divided to provide separate pastures for dry cows and heifers. Using a conservation farm plan developed for him in 1956 by SCS technician Lynn Skalfe at LeCenter, Reibel is putting permanent hay on his steep slopes and a 5-year crop rotation of three years of row crops and a year each of grain and hay on his level land.

Roseau Defeats Thieves 3-2 in Overtime Battle

Doug Vacura Tallies Winning Goal; Locals Host Crookston Sunday

Doug Vacura slapped the puck past goalie Jack Hoppe at 2:02 of a sudden-death overtime period to give the Roseau Cloverleafs a 3-2 win over the Thief River Falls Thieves Wednesday evening at Roseau. It was the second loss for the Thieves after the club opened the season with four straight victories.

Roseau opened the scoring at 4:05 of the first period when Earl Johnson tallied and then added another goal by Jeff Vacura at 1:10 *of the second period to take a 2-0* lead. All of the Roseau goals were unassisted.

The Thieves made a bid for victory in the second period when Larry Poole scored on an assist from Chip Strand at the 2:01 mark and Del Offerdahl beat goalie Darvin Johnson on an assist from Arlan Hjelle at 8:19 to tie the score at 2-all.

Only two penalties were meted out in the game—Tim Teal of the Thieves for an illegal check and Doug Vacura of the Cloverleafs for holding. Goalie Jack Hoppe had 26 stops for the Thieves while Darvin Johnson turned back 31 shots on the Roseau goal.

Next game for the Thieves will be at Thief River Falls Sunday when Crookston will be here for a 2:30 p. m. contest. The VFW Midgets will meet Hallock in a preliminary game at 1 p. m.

Traffic Safety Conference Held at Detroit Lakes

Thief River Falls was represented by five persons at the traffic safety workshop held by the safety division of the Minnesota highway department Wednesday at Detroit Lakes.

Attending were Elton Cummings, Thief River Falls police chief; Mrs. Pat Thompson, clerk of the municipal court; Charles Richards, Pennington county sheriff; Eugene Fisher, president, and Nadine Craig, member of the Lincoln high school student council.

Sheriff Richards served as moderator for the speaking program with speakers including Gen. James C. Marshall, Minnesota highway commissioner; Mark Monson, head of the safety division of the state highway department; Mrs. Gordon Huot, secretary of the Women's auxiliary of the Minnesota Insurance Underwriters; and Robert Sorenson, representative of the National Safety Council.

Following the speaking program and evening meal, workshop discussions were held for traffic courts, municipal officials, citizens groups and youth groups.

One Accident Is Reported Here by Police Dept.

One traffic accident was reported by the Thief River Falls police department during the past several days with the mishap occurring at about 4 p. m. Wednesay at the intersection of Sixth street and LaBree av. N.

A car driven by Chris Drees of Red Lake Falls was traveling west on Sixth street when struck on the left front fender by a car driven by Len Gregory Hiebert of Thief River Falls, traveling north on LaBree avenue. Damage was estimated at $175 to the Drees car and $125 to the Hiebert vehicle with Hiebert tagged for failure to yield the right-of-way.

A growing interest in home economics is reported by land-grant colleges. A recent survey of 57 institutions shows an increase of 815 home economics students in 1962. This is 4.5 per cent more than in 1961.

In Memoriam

In memory of our dad, Severine E. Johnson, who passed away one year ago Jan. 24th, 1962:

What we would give if we could say,
"Hello," Dad, in the same old way,
To hear his voice, to see his smile,
To sit down with him and chat awhile.
If you have a father,
Cherish him with care,
For you'll never know the heartaches
Till you see his vacant chair.
Sadly missed by his children and grandchildren. 115p

Prowler Quint Edges Bagley Here 66 to 59

The basketball Prowlers, after erupting for a 24-point second period to take a 43 to 24 lead at the intermission, were hard-pressed to hold off the rallying Bagley Flyers in the second half to gain a 66 to 59 win in a cage game played here Tuesday night.

Coach Jack Junker's Prowlers will play a pair of District 31 conference games this weekend. On Friday night, coach Larry Selk's East Grand Forks will meet the Prowlers on the local court; and on Saturday night the Prowlers will travle to Climax for a game against ever-dangerous Vikings.

The Prowlers, in their tilt against coach Al Jensen's Bagley Flyers on Tuesday night, played some good basketball and some erratic basketball. Early in the second period, with the Prowlers holding a 21 to 19 lead, the locals put on one of their patented high-scoring spurts. And in this interim the Prowlers racked up ten field goals and a pair of free throws while holding the Flyers to a pair of gift shots. On the momentum of that scoring burst, the locals trotted off the floor at the intermission with a "comfortable" 19-point lead.

But the Flyers, with Jim Larson leading the attack, outpointed the Prowlers, 18 to 7, in the third period and pared the locals' lead to eight points, 50 to 42, entering the fourth period.

In this hectic fourth period the Prowlers lost Paul Klungness, via personal fouls, with 2:50 to play and the locals leading by 56 to 52 score. And seconds later John Aune left the game, also on fouls, and when Bagley's Bob Saeter converted the two points, the Flyers trailed by two, 56 to 54. Gary Hagen, with 2:36 to play, dropped in a pair of pressure-packed free throws, but Bagley's Saeter, on a layup, scored to bring the Flyers within two points, 58 to 56, with 1:43 to play.

Hagen, from ten feet out, and to the left of the east basket, dropped in a field goal; and Rick Jensen, from the same area scored a Prowler field goal. Tom Lindberg, on a layup, added a field goal and the Prowlers had an eight-point "cushion". Ross Colligan and Larry Brustad marked up three Bagley points on free throws. And just at the game's end, Lindberg scored from close in, giving the Prowlers a 66 to 59 win.

Bagley's Colligan gained the game's high-point honors with 17 points. The Prowlers had four players in double figures, with Rick Jensen having 15 points; Paul Klungness, 12 points; John Aune, 11 points; and Bob Olson, 10 points.

Prowler Wrestlers Down Greenbush 26-19

Coach Al Shaff's Prowler wrestlers avenged an early season defeat administered by the Greenbush Tigers, when, in a return match held here Wednesday night, the local wrestlers scored a 26 to 19 win.

On Wednesday, Jan. 23, the Prowler wrestling squads, A and B, will travel to Bemidji for matches against the powerful Lumberjack squads.

Wednesday night's Tigers vs. Prowlers match held here, and which had Mr. and Mrs. Irv Wilson as honored guests, found coach Shaff's squad moving into an early lead, with Roy Delorme, Roger Wilson, and Gary Nereson picking up eleven points. Delorme and Nereson won decisions, while Wilson scored a pin. In a brief ceremony before the matches, Mr. and Mrs. Wilson, in recognition of their interest in Prowler wrestling for many years, were designated as the "King and Queen" of local wrestling.

The Greenbush squad, on decision wins by Larry Gonshorowski and Vincent Ames, and a pin by Allen Svare, moved back into contention, tying the match at 13-all. Luke Kaushagen won a decision over the Tigers' Dick Hedquist ;but in the 154-lb. class, Greenbush picked up three points when Dick Lorenson won a decision over Dean Kaushagen.

Joe Taylor clinched the match for the Prowlers when he pinned Allen Bertilrud by 3:23. In a closely-contested match, Greenbush's Ross Eeg decisioned the Prowlers' Bob Benson, 2 to 1. The Prowlers then added five points when Dwight Myhrer won the heavyweight match on a forfeit as Greenbush did not have a wrestler in that weight class.

The summaries:

95-lb. Myles Olson (TRF) and Joe Ismal (G), draw.

Oslo at Goodridge
Red Lake Falls at Plummer

Coach Norman Wagner's Fisher Flyers continued their unbeaten string in Polar conference play last week when, in a game played at Fisher, they defeated the Red Lake Falls Eagles, 54 to 41. It was the fifth straight win for the rangy Fisher club, a team that is being given consideration in the District 31 pre-tournament ratings.

The Goodridge Huskies moved into second place in the conference standings by scoring a 59 to 48 win over the Plummer Cardinals in a game played on the Goodridge floor.

And the Alvarado Indians surprisedthe Oslo Bobcats by recording a one-point win, 46 to 45, at Alvarado. The win was the first in five conference starts for the Indians; and the loss left the Bobcats with no wins and two losses in conference play.

This week's slate will find Oslo at Goodridge, and Red Lake Falls at Plummer.

Hunters' Report Cards Are Needed

Law States They Must Be Mailed In by January 31

The Minnesota conservation department has again urged hunters to send in the report cards attached to their 1962 hunting licenses immediately if they have not already done so.

The law requires that this be done on or before January 31, 1963, even if no game was taken.

It is equally as important to have the reports of non-successful hunters as it is the successful ones; however, this point is not well understood by many sportsmen and the unsuccessful hunter frequently mistakenly feels that his report card showing "no game taken" is of little consequence.

Information provided by these report cards is presently being tabulated by a new electronic computer system. A preliminary tally indicates that there is an appreciable lag in the rate of return of hunter report cards from the 1962 season.

The Department pointed out that knowledge concerning the harvest is essential to the sound management of wildlife and that this information cannot be secured without hunter cooperation.

It suggested that the reporting forms be made an order of business at sportsmen club meetings where they could be collected and mailed in.

112,135 Acres of Wetlands Bought

9,368 Acres Bought or Optioned During 1962

Minnesota's "Save the Wetlands" program had 112,135 acres of wildlife habitat and public hunting area either purchased or under option at the end of 1962, it was reported today. There were 9,368 acres added under the program during the past year.

Since the first lands were acquired in 1953, the state game and fish division has expended approximately three and one third million dollars for land purchase.

State-owned wetland tracts are now located in 72 of Minnesota's 87 counties. Most of them are scattered through the western sections of the state where the prime waterfowl producing areas are located.

The program is financed by a $1.00 surcharge on all small game hunting licenses.

Although the size of individual tracts vary greatly, the average acreage per tract is given as a little over 88 acres. Average cost per acre to date is $29.87.

The best place to display a poinsettia plant is below eye level, says C. G. Hard, extension horticulturist at the University of Minnesota. A tall plant shows off to best advantage on the floor, a short plant on a low table.

Not Too Awesome

The Bemidji Lumberjacks may be entitled to their ranking as the state's fifth best team, according to the ratings of Art (Basketball) Johlfs, but they did not make that kind of an impression on the fans who witnessed the Bemidji vs. Thief River Falls game last week. The Jacks won the game, by a nine-point margin, 67 to 59. And this win was registered from the free-throw line, where the Jacks picked up 21 points. From the floor, the Prowlers held a 26 to 23 advantage, but of course free throws and fouls are part of the game, too.

Most of the strength in this season's Bemidji club is carried by two players, center Bill Rabe and forward Jerry Suman. Rabe, a six-foot four-inch and 220-pound under-the-boards man, is difficult to "contain"; and Suman, a frail and lanky six-foot five-inch rebounder, are the players around whom coach Bun Fortier has fashioned this season's club. Against the Prowlers, Rabe scored eight field goals and eight-for-eight on free throws.

In Friday night's game, both teams employed the zone press after successful field goal or free throw tries, but the respective offenses didn't have too much trouble in bringing the ball across the time line. Bemidji's strategy against the zone press was to have Suman, the game's tallest player, take the ball on the out-of-bounds, and with his height he was able to pass the ball to the backcourt men. Suman would then move onto the floor and, if the guards were having troubles, would take a pass and again resort to the overhead pass to a breaking a player.

The Prowlers, with two of the fastest men in Region Eight basketball in Paul Klungness and Rick Jensen in the lineup, would set up their plays so that these two boys would get the in-bounds passes and they would drive up the court.

On Saturday night, playing at Park Rapids, Bemidji defeated coach Lowell Anderson's Panthers, 52 to 47, so it appears that the Jacks aren't too overpowering this season.

Bemidji will play here on Saturday night, Feb. 2.

It Takes Skill

Ray Thyren was on a spearing expedition to Lake Kabetogama on Sunday, and he came back with an 18-pound northern pike. I have heard that Red is making a person-to-person and house-to-house campaign and explaining the art and skill that is involved in spearing such a fish.

According to Red, it takes very little skill to dunk a minnow through a hole in the ice and hook a sauger or small walleye. But to spear an 18-pound northern, well, that requires coordination and skill.

If Lloyd Samuelson, Mouse Efteland, Squire Overum, Am Wysoski, and other set-line fishermen wish to sign up for lessons, Red can make suitable arrangements.

There is no truth to the rumor that Red bought this pike from a Lake of the Woods county mink rancher.

One of the Finest

That was a fine aggregation of stick-handlers and skaters that coach Oscar Almquist of Roseau sent onto the ice of the Arena rink here on Saturday night. The Rams the defending Region Eight Champions, and heavily favored to repeat as champions, scored a 6 to 2 win over the ever-trying Prowlers.

Coach Almquist expresed satisfaction with the play of his club, but explained that team's timing needs a bit more polishing.

The Rams' first line, with Bob Lillo at center, Larry Skime at left wing, and Gary Johnson at right wing, is one of the best to ever come out of Roseau. And the player that makes this line so effective is center-ice man Lillo. He is a superb playmaker.

Lillo is one of the few high school players in Minnesota who has mastered the Candian method of skating. He gets his power, and his speed, from the thrust of his thighs. He skates much in the manner of the Thieves' Joey Poole. Bob and Joey do not use very much body effort when they skate, and they have their heads up and are difficult to check.

And speaking of Roseau, the Roseau V. F. W. Midgets scored a 6 to 2 win over the Thief River Falls Midgets on Sunday afternoon, and scoring three of the Roseau goals was smooth-skating center-ice player named Bruce Falk.

I predict that in two or three years this youngster from Salol, will be star member of the Roseau high school Rams. Remember the name, Bruce Falk.

Six Years of Success

STEER, Inc., Grows from One Man's Idea

by Marvin Lundin
City Editor

Every now and then someone comes up with an idea which catches the fancy of the public and grows into something worth while. This is the case with STEER, Inc., a unique idea for supporting mission work which has proved to be successful over the short span of six years it has been in operation.

National headquarters of the organization has recently been moved to Thief River Falls from Park River, N. D. Managing the office, with assistance from his wife, Frances, will be Rev. Arnold Folden. He is a brother of Rev. E. V. Folden, founder of STEER, Inc., who will continue as field director while working on the staff of King's Garden — a non-denominational Christian group — at Seattle, Wash.

E. V. Folden was born at Newfolden and has now served 20 years in the ministry including the period from 1953 to 1956 at Strathcona. It was while he was serving a pastorate at Park River, N. D., that the idea which originated STEER, Inc., was put into action. Rev. Folden stated the origin of the plan as follows:

"As I was pondering the problem of my responsibility to the millions of people who live all over the world in far less favorable circumstances than myself, I seemed to realize that the problems that confront the world exist because of the unwillingness of the people who have so much to share with those who have so little.

"The idea of getting some people to donate the money for the purchase of cattle and then enlist the interest of farmers to become partners with these donors and provide feed and care for these cattle, giving the gains to various missionary agencies working around the world. . .would be a visible demonstration of the dynamic principle that our Lord enunciated."

Idea Becomes Reality

Rev. Folden gave the idea a try by soliciting funds from friends and gathering enough money to buy 14 steer calves averaging about 400 pounds for the first year. After the trial run, the initial investment was returned to perpetuate the program and about $1,000 in gains remained to be given to mission agencies. Additional funds were raised the next year and 37 calves were placed with cooperating farmers.

In 1957 the organization was incorporated under the name of STEER, Inc. Since that time the program has grown to 828 units (animals) in 25 states and has served as the inspiration for similar programs in the United States, Canada, Australia, Columbia and India. Approximately $73,000 has gone to missions in the short time since the organization was founded and 54 missionary agencies have received assistance for their work on every continent.

"Basis of the program is the single unit system," Rev. Folden explained. "A donor donates $125 for a steer or $225 for a cow and STEER, Inc., acts as a clearing house to place the animal with a cooperating farmer. This forms a partnership with the donor and farmer agreeing on which missionary society should receive the gain from selling the steer or offspring of the cow.

Selling System

"When the farmer has finished feeding the animal, he sells it at a public market, sends the money *to STEER, Inc.*, and the gain is figured and money sent to the mission society designated under the name of the farmer and donor as partners. The initial investment is re-invested in another feeder animal and replaced with either the same farmer of some other farmer.

"In the case of a cow unit, a good, beef-type cow is placed with a participating farmer who agrees to contribute feed and care for the cow, giving the offspring as gain to the agreed-upon missionary agency."

Recently 4-H club members have used their 4-H projects to raise money for missionary projects with STEER, Inc., providing funds for the initial pruchase of the animal. At Norfolk, Neb., four farmers are feeding 40 steers in a Christian Community Corral under the supervision of a local chapter of STEER,Inc. Annual round-ups with missionary speakers and open air barbecues have been held in various areas as promotional activity for the organization.

Local Office

Rev. Arnold Folden and his wife Frances will operate the Thief River Falls office which will keep records and place units which have been donated. Rev. Folden has been in the ministry for 32 years in Iowa, Montana and North Dakota and has just begun his association with STEER, Inc., as associate director and office manager. The office is located at 517 Atlantic av. N. and will remain there until the Folden family secures permanent housing arrangements.

"Many businessmen and farmers are seeing a fresh, new approach to the principle of stewardship," Rev. E. V. Folden said. "As one missionary representative said, 'That's a program with all four feet on the ground'."

Editorials . . .

"He that hath a trade hath an estate; and he that hath a calling, hath an office of profit and honor; but then the trade must be worked at, and the calling well followed, or neither the estate nor the office will enable us to pay our taxes."

—Benjamin Franklin

The Prospect Is Not Good

We would look forward to the future with much more confidence if the heads of our state government would talk a little less about no new taxes and no tax increases, and a little more about holding the line on spending increases. Governor Andersen is talking his usual drivel about big spending increases without tax increases. That kind of hocus pocus just isn't possible, and obviously the young fellow is in the wrong political camp. Such foolishness would be less noticeable if he were on the other side.

If Governor Andersen will stand firm by his pledge to hold the line on taxation, and will hold expenditures to such limits as tax revenues at their present levels will permit, then we will be glad to give him a vote of confidence and give him new status in our book as a leader who has emerged from the classification of politician to that of statesman. In view of his past record that would require courage. If he finally sees the light he may still emerge as a great citizen of Minnesota.

Detrimental To All

If deficit spending is what is needed to restore our sick economy then our sick economy should have recovered long ago. For instance this year's deficit is epected to total 8 billion dollars, bringing the national debt well above the 300 billion dollar figure. And more and bigger deficits are on the way without making any special effort to create them. It is easier to believe that our economy is sick because of deficit spending than to look upon more deficits as a cure for what ails us.

All of which brings the following conclusions by the National Observer:

> "Mr. Kennedy, hoping to head off mounting congressional criticism, has said that Federal expenditures in the months ahead would be held "approximately at the current level" through cost-cutting drives in the Pentagon and other departments. But these "savings," if they materialize, would immediately evaporate in the light of increased spending elsewhere. Just last week, for instance, the Administration announced plans to boost the pay of men in the armed services at a cost of $1.5 billion a year.
>
> "Servicemen deserve a raise. Taxpayers deserve a tax cut. The unemployed deserve a chance to work. But Mr. Kennedy's notion that the Federal Government should—or could—undertake to satisfy everybody through loose fiscal practices can be only detrimental to all."

Post Office Buildings

For several days last week we were unable to find reports of any new investigations being started by Senator Hubert Humphrey. Just as a matter of helping out in a good cause, in case he is running out of material, we suggest that he team up with Senator Pat McNamara of Michigan in a check-up of what might develop into a spending scandal in that state. We suggest it as a possible first step in protecting us, here in Minnesota, from a similar development.

The following open letter was published by the editor of the Sanilac Jeffersonian, of Croswell, Michigan, directed to Senator McNamara:

Dear Senator McNamara:

"I'm flabbergasted! According to a press release—you want to give Croswell a new post office. Croswell was listed as one of the six cities being considered for new, Government constructed, tax-payer-financed post offices. And not just "a" post office, but one costing $177,000.

My first reaction to the news was one of helpless frustration. Here we are, a nation suffering from acute financial anemia, and our elected "doctors" in Washington are preparing for another bloodletting.

But then a ray of hope—Perhaps you simply didn't have all the facts when you selected Croswell for this unexpected gift—

Our postoffice is 12 years old—the newest building on the main street. It was built by the city in 1951 at a cost of $27,000. It is now and for the foreseeable future will continue to be of more than adequate size.

The Post Office Department rents this building for $175 a month. It would cost more than that just for maintenance in the building you propose—

Believe me, Senator, it's not that we wouldn't like a new $177,000 building in town. That would be by far the most expensive building in our business district. It's just that we keep remembering where that $177,000 comes from and we have a nagging feeling in the area of our billfold that that money will have to be replaced from the same source.

So please, Senator, take us off your gift list. We couldn't afford the upkeep and besides, you might feel we should reciprocate.

Yours very truly,
Carl D. Black, Editor
Sanilac County Jeffersonian

P.S. We can't help but wonder about the other five proposed post office building on your list: Lake Linden, population 1,314, $174,000; Lawton, pop. 1,402, $173,000; North Austin, pop. 706, $174,300; Macelona, pop. 1,141, $174,300, and Roscommon, pop. 867, $181,200. Do they really need these tax-financed buildings?

Automation

Automation has made is possible to increase production per man hour of labor, which means that fewer workers can produce more goods in less time. Is this good or bad?

That is the question raised by Paul Jacobs, in a report to the Center for the Study of Democratic Institutions. He asks:

> "If management's right to automate its property is an absolute one, then does not the union have an equally absolute right to resist automation in order to protect the workers' property—their jobs?—"

Jacobs raises the question in terms of *what is best for the worker, and that*, certainly, is an important consideration in any approach to the problem.

Automation is a new word in terms of general usage. It is closely related, however, to mechanization, and mechanization is at least a century old in terms of modern industrial and agricultural development.

We have adjusted ourselves to mechanization, and have found it to be good. The engine replaced the horse. The livery stable became a gas station. The worker in the buggy whip factory found employment in a garage. The transition was not without its problems. For some individuals the adjustment was difficult. For the masses as whole, however, mechanization was a long step forward.

And, we are satisfied, automation is going to be another long step forward in terms of the best interests of the workers themselves. Some of the adjustments are going to mean hardship for individuals, and provision should be made to soften the impact of hardship cases.

But the net results, in terms of social progress, we are sure will be good. As a nation we will have to recognize the fact that we will be forced by economic pressure to adjust ourselves to changing international conditions and new problems of international competition.

Such adjustments may not always be pleasant, but they will help to keep us healthy. The future, under mechanization and automation, should provide higher standards of living for the workers of the world, under good management, and that is not a thing to be feared.

Are We Slipping?

Is the American businessman slipping? Are our business leaders failing to hold their own in competition with the business leaders of Europe and Japan? There evidently is some reason to believe that this is true.

J. Paul Austin, president of the Coca Cola Company, discussed these possibilities at a National Foreign Trade convention in New York recently. He said:

> "I think we would all agree that European businessmen are responding with remarkable facility to a new international world.
>
> "What of the American businessman? It isn't altogether reassuring to see him through European eyes. An international specialist tells me that the European businessman today regards his American counterpart as inflexible and not as imaginative as today's world requires.
>
> "He finds too much rigidity in American organization with our overseas managers tightly restricted by home office control and discouraged from exercising initiative . . .
>
> "There is also the view that we have been milk-fed in the easy nursery of a vast and virile economy—one that thrived through protectionism and years of war and postwar prosperity . . .
>

Borrowed Nonsense . . .

It was a very tense scene in the film. The audience sat enthralled. Suddenly the hero slapped the heroine in the face.

In the stunned silence which followed a little voice piped up.

"Mammy," it said, "why doesn't she slosh him back like you do?"

"Please help me! I just hurt my hand...badly!"
"Looks serious, Ma'am. You'll need first aid —a doctor, too!"

Before he finished this installation job, Northwestern Bell installer Sam Loftstrum had given first aid to a customer who had cut her hand, had gotten a neighbor to take her to a nearby doctor, had stayed with her three small children until the emergency was over. Most accidents happen around the house. Because their service jobs take many telephone people into customers' homes, they have many chances to serve in unusual ways.

Farming and Our Community

These men are making a lot of money for a lot of other people!

A farmer and his PCA fieldman iron out the final details of a loan. *This* makes money for other people? *YES.* Here's how:

The money this farmer borrows will be used to make his own farm business grow. This means he'll spend it for goods or services to make his operation more profitable. Feeder livestock. Feed. Seed. Fertilizer. Labor. Fuel. New farm buildings. All these, and many more items may be bought with this money. And who benefits from the sale of these goods *to* the farmer? *Each merchant this farmer regularly does business with.*

That's why a *lot of people* will benefit from this loan transaction. Directly or indirectly, everybody in town, in fact. And the farmer who received the loan in the first place will benefit two ways. He'll *make* money from the increased efficiency and productivity of his farm . . . and he'll *save* money because PCA loans have low-cost simple interest and are written *for* farmers to meet our local farm needs. Yes, *everybody* benefits from a PCA loan.

Swine Feeders Given Results of Research

Swine Feeders Day at the West Central School and Station at Morris last Thursday attracted approximately 400 area swine feeders and breeders. The program included such topics as copper and antibiotic additions to rations for growing swine, pig starters for pigs weaned at three weeks of age, Minnesoa Swine Improvement programs, feeding programs for growing swine and for sows and gilts, a special presentation on housing and management and a question and answer period.

Appearing on the program were H. E. Hanke of the Morris station; L. E. Hanson and R. J. Meade of the animal husbandry staff, University of Minnesota, St. Paul; R. E. Jacobs and I. T. Omtvedt of the University of Minnesota, Agricultural extension service, St. Paul.

Hanke reported on the use of antibiotics and copper sulfate as growth promotants in rations of growing swine. These studies included 270 growing pigs. Rate of gain was increased approximately seven per cent as a result of adding 40 grams of several of the antibiotic preparations per ton of ration. It was increased to a lesser extent as a result of adding 20 grams of antibiotic per ton of feed. There appeared to be no economic advantage to using more than 20 grams of antibiotic per ton of feed.

If a recommendation were to be made on the use of copper in the rations of growing and fattening pigs, it was suggested that 125 parts per million and not over 200 parts per million of the copper sulfate be used.

In a summary of recent experimental work with pigs weaned at three weeks of age, R. J. Meade emphasized that the lowest average daily gains and the greatest feed requirement per unit of gain resulted when the ration contained three per cent of tankage. When 10 per cent of dried skim milk was included in the starter, maximum and most efficient gains resulted.

Meade mentioned further that 40 to 50 grams of antibiotic per ton of starter has been about as effective at higher levels per pig of this age. He mentioned further that it has been demonstrated that rolled oats is not an essential component of pig starters and that pigs fed rations containing ground yellow corn as the major energy source gained as rapidly and efficiently as did pigs fed starters containing rolled oats.

If pigs weaned at eight weeks of age, it appeared that pig starters based on relatively few selected ingredients formulated to contain 18 per cent protein, 0.8 per cent calcium and 0.6 per cent phosphorus and adequate in other known required nutrients are satisfactory to support pig gains of 0.75 pounds per head per day during the growing period when balanced rations are fed.

I. T. Omtvedt urged area farmers to utilize Minnesota Swine Improvement programs and testing stations and R. E. Jacobs outlined various feeding programs for growing swine. Jacobs suggested that pigs weaned at eight weeks of age could be satisfactorily fed a 16 per cent protein ration until the pigs weigh 100 pounds and 13 per cent thereafter until pigs reach a weight of 225 pounds.

He mentioned further that a soybean meal type supplement properly balanced can be satisfactorily fed free choice with ground or shelled corn to growing-finishing swine. When oats is used in the ration of growing-finishing swine satisfactory results were obtained when no more than 30 per cent of the ration consisted of oats. Feed savings of 11 to 13 per cent were found in one study due to pelleting as compared with feeding a ground ration.

Hanson suggested that bred gilts and sows be hand-fed in preference to self-feeding for greatest economy. He suggested that five pounds of a suitable feed per head per day up to one month prior to farrowing and then adding another pound of feed per head per day with protein levels kept up to 18 per cent would be adequate for a gestation ration.

Sows on good pasture have been found to perform satisfactorily when two to three pounds of grain daily was fed until the last month prior to farrowing with rations increased to three to four pounds the last month of the pregnancy period. These ration were fed plus minerals.

Copies of experimental work reports may be obtained through local county agents, Animal Husbandry Department at the West Central School and Station, or the Extension Animal Husbandry Department, Institute of Agriculture, St. Paul.

22,225,000 Living War Veterans Now in U.S.

There are 22,225,000 living veterans of all United States wars or of the career military service in the nation as the year 1962 ended, the Veterans Administration announced today.

This compares with 22,735,000, *the all-time high in* veteran population, in March 1958. But it will be approximately the year 2008 before the total drops to 4,429,000, the population level figure on the morning of December 7, 1941, Pearl Harbor Day.

Looking ahead and barring future wars, VA said estimates show the veteran population total will dip below the 20 million mark in 1972 or 1973.

By 1980, it is expected that there will be about 17,841,000 veterans still alive and by 1990 the number will be down to 13,689,000.

Spanish-American War veterans, now about 24,000 strong, will be gone from the American scene by 1987 or 1988, barring a handful of exceptionally long-lived individuals. There may be some few score World War I veterans still alive by 2010 and World War II and Korean Conflict veterans are expected to be with us in small numbers by 2040.

Some few Korean Conflict veterans may still be alive near the mid-century mark in 2050.

VA explained that these predictions are based on projections made by the agency in order to plan future workload programs in administering the various benefits provided by Congress for veterans. It aims to be accurate in a general sense and not in exact figures for any particular period.

As 1962 ended, there were 4,550,000 Korean Conflict veterans, 15,110,000 World War II veterans, 2,400,000 World War I veterans, 24,000 Spanish-American War veterans and 26 veterans of the various Indian Wars alive as well as about 140,000 career military veterans carried on VA's compensation rolls.

AT THE CHURCHES

Community Methodist

A. Dean Headley, Pastor

"Churches In United Effort" will be the worship service theme for this Sunday as a part of the monthly emphasis on Missions. At 4:30 the "All Church School" will hold it 3rd session. The O. Greens will lead the study on Okinawa, with reports from members of the class. There will be a pot luck supper at 5:45, and at 6:00 the Jr. High M.Y.F. will present the dramatic worship service, "The Gospels at Work In Korea" by the use of film strip and meditations. The committee will meet Saturday at 11:00 in the pastor's study for final details. The Sr. MYF will continue work on their play for the final session of the school on the 27th, "No Certain Harbor." An offering is received each evening to be used for the Mission work of the MYF, and the W.S.C.S work with children. Plan to attend as a family. This is one of the few opportunities during the entire church year.

The prayer fellowship group meets at the parsonage Tuesday at 10:00. Week Day classes Wednesday at 11:00 in E. Hall, and the Jr. Choir Thursday at 7:00 and the Sr. Choir at 8:00. Practice is starting for the Lenten music.

The Men of the Church will meet Wednesday, Jan. 23, at 6:00 supper meeting. A representative from the National Board of Missions will meet for a presentation and a discussion period following. The meeting is by reservation, have them in by Jan. 21.

DO YOU NEED DIRECTIONS?

Public libraries today are filled with "how-to-do-it" books. From them we may learn to do almost anything from baking a cake to building a house, from managing a home to conducting a business. But by far the most important are the books which show us how to build our lives.

The greatest among these is the Bible, a book which has withstood the test of centuries. Within it are God's directions for abundant living. But it is not easy to put these directions into practice. We need help.

We turn to the Church. In the Church we find inspiration through the companionship of others who with us strive for a better life. There, in prayer and worship, we know the blessings of God, the Father. We learn to follow the example of the Christ, and feel the power of His Spirit who alone enables us to live the abundant life.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Attention to coming events was given by members of the Pennington county 4-H Leaders Council at the January meeting held Monday evening at the county courthouse in Thief River Falls. Radio speaking contest, local Seed and Feed Show and Red River Valley Winter Shows were principal topics of discussion.

Pennington county's radio speaking contest for 4-H club members will be held Saturday, February 2, at the courthouse. Winner of the county event will participate in the district contest to be held Saturday, February 16, at the Northwest School of Agriculture at Crookston. Topic this year is "How Should 4-H Prepare Me for Responsible Citizenship?"

All club members were urged to take part in the Pennington County Seed and Feed Show to be held Friday, February 1, at the Thief River Falls municipal auditorium. Divisions will be provided for food exhibits as well as exhibits of grain, hay and silage. Members carrying agronomy as a project were especially reminded to compete.

Pennington county 4-H'ers will compete February 20 at the RRV Winter Shows at Crookston in dairy, food preparation, bread and health projects. Members must use dairy products or talk on dairy subjects in their demonstrations.

Practice and help day with assistance from the extension agents has been set for Saturday, February 9, in the courthouse meeting room. Members demonstrating must have their names and topics of demonstration in the county extension office by February 4.

Judging Practice

Practice dates for livestock judging teams were also announced with all 4-H club members in the county eligible to participate. Judging teams selected will compete Saturday, February 16, at the Winter Shows.

Dairy judging team candidates will meet at 8 p. m. on Jan. 23 at the Clyde Christensen farm, Jan. 30 at the John Burtness farm, Feb. 6 at the Art Stenberg farm and Feb. 13 at the James Muzzy farm. General livestock judging practice will be held Jan. 26 at the Alfred Solem and L. A. Meyer farms, Feb. 2 at the Don Knutson farm and Feb. 9 at a place to be announced.

Members of county 4-H clubs wishing to participate in the crop show at the Winter Shows may enter an exhibit of 20 potatoes, one of 10 ears of corn or one peck of grain. Crop and potato judging contests will take place on Monday, Feb. 18.

Dates for the Pennington county fair were announced to the council as July 8 through 11. Reports were given on the 4-H leaders institute held at the Northwest School of Agriculture at Crookston by Mrs. James Muzzy, Steiner, and Mrs. Ernest Swanson, Highlanding. Mrs. Muzzy noted that songs being learned by club members this year are "Follow the Gleam", "Good Conductor", "Upward Trail", "4-H Pledge" and "Saraspondo."

Mrs. Swanson noted that recreation is not only playing games at the close of a meeting. Areas of recreation include social recreation and also performing arts, community service, arts and crafts, outdoor recreation and literature, liesure and lore. Mrs. Lloyd Nelon, Silverton, also attended the institute.

Elks Dads and Sons Banquet Tuesday

The 26th annual Fathers and Sons banquet, sponsored by the local Elks lodge, will be held in the lodge hall Tuesday evening, January 22, at 6:30, it was announced today by Edwin Broughton, exalted ruler, who will officiate as toastmaster.

Francis Hamerlinck will speak in behalf of the fathers, while the response for the sons will be made by Roger Wilson, son of Mr. and Mrs. Irvin J. Wilson. The after-dinner program also will include games and the showing of short movies.

A special guest at the banquet will be Floyd Spence of Crookston, deputy grand exalted ruler of the Minnesota North District.

TRF Employment Declines by 149 Since September

Employment in Thief River Falls in mid-December totaled 2,688, a decline of 149 from September, when there were 2,837 jobholders, it was announced last week by R. S. Eldevik, manager of the local office of the state employment service. Biggest drop was in manufacturing, with 121 fewer workers, due largely to the ending of the turkey processing season. Next biggest decline of 51 workers was in the construction industry. Eldevik reported that currently only skilled office help and experienced cooks and waitresses are in short supply.

Blaze Drives out R. Jenkins Family Sunday Midnight

A blaze that started in the rear of the refrigerator, apparently in the electric wiring, caused substantial damage Sunday evening at 11:50 to the Robert Jenkins home at 506 Markley av. S.

The kitchen suffered the greatest damage, while the entire interior of the house was heavily smoked up. The Jenkins family spent the remainder of the night at the Tom Fuller home next door. The temperature was more than 25 below zero at the time.

Another alarm was turned in Saturday afternoon at 4:30 from the Steenerson truck garage at 612 Dewey av. N., where a blaze originated in the ceiling wiring. The damage to the building was not extensive.

Social Security

A representative of the Grand Forks district office of the Social Security administration will be in Thief River Falls at the city Auditorium Tuesday, January 22, at 10 a. m. Individuals who have questions regarding social security or who wish to file claims may contact him on that date.

Jaycee Boss-Employee Banquet To Be Feb. 20

Wednesday, February 20, was announced as the date for the annual Boss-Employee banquet sponsored by the Thief River Falls Junior Chamber of Commerce when the Jaycees met Thursday evening at the Elks club rooms.

Fred Ballou is serving as chairman of the banquet committee which is making arrangements for the annual event. Awards to the community's outstanding young man and outstanding boss will be presented as well as an award to the area's outstanding young farmer. Committees to make the selections are in operation at the present time.

Serving of the banquet will be done by the Veterans of Foreign Wars auxiliary at the VFW club rooms. A special speaker for the evening has been contacted and will be announced later.

Ralph Foster, state director for the local chapter, announced the Jaycee regional meeting to be held Tuesday in Park Rapids and noted that a bus will be chartered to transport local Jaycees who wish to attend. He also noted that a Jaycee DSA meeting would be held February 15 in Bemidji—the first state meeting to be held in Region 2 for many years.

Announcement was made by Warren McIntosh, club president, of the resignation of Douglas Remick as treasurer due to his entering military service. Philip Bergland was appointed to fill the treasurer's position and James Wilson was elected to fill the vacancy created on the board of directors.

Wilson reported that a Valentine pary for Jaycees and their wives has been scheduled for February 9 at the Fireside Room in Noper's Motel and will follow a skating session earlier in the evening. Richard Bjorkman accepted chairmanship of a committee to work on a comunity clean-up, fix-up, paint-up campaign this spring.

Entertainment for the evening was provided by Jerry Joringdal with piano renditions of "Night and Day," "Bumble Boogie," "Lover" and "Saber Dance" and an encore, following standing applause, of "12th Street Rag".

Stephen Man Officer of Contractors Assn.

A Stephen man was elected vice president of the Associated General Contractors (AGC) of Minnesota at the annual meeting of the organization held in Minneapolis Jan. 10-12. Earl Benson of Roy Benson & Son, Inc., after his election, presided at the noon luncheon for highway contractors Friday, and also officiated in other capacities during the convention held at the Radisson Hotel.

1st Lutheran Has Adopted Name of Redeemer Church

Church Now Affiliated with Lutheran Church in America; Board Elected

The congregation of the First Lutheran church, at its annual meeting Wednesday evening, adopted a new constitution and also a new name, the Redeemer Lutheran church, signalizing its affiliation with the Lutheran Church in America, a church body resulting from the merger of the Augustana and three other Lutheran groups.

Under the constitution, Rev. Marvin O. Carlson will be ex officio chairman of the congregation, while elected to serve on the church council were 18 deacons including, one-year terms: Ervin Himmerich, Theodore Hornseth, Arnold Kelley, Irvin Larson, Wilbert Maves and Stanley Mortenson; two years: Dr. Rolland Anderson, Paul Furuseth, Herbert Boethe, Thomas Hughes, Eugene Nesland and Maurits Scholin; three years: Theodore Booth, Dale Folger, Leland Nelson, Arvid Rongen, Melvin Swenson and Bert Thorstad Jr.

Rev. Carlson reported that the church at the end of 1962 had a total of 910 baptized members, of whom 548 have been confirmed. He also stated that the average attendance at Sunday services was 321, and that 249 pupils were enrolled in Sunday school. It was announced that the church had made the final payment of $4,700 on the site for a projected new church edifice in the southeast section of the city. Receipts of the church during the past year aggregated $29,504.

Kathy Hartje To Talk at Knox PTA

Kathy Hartje, senior student at Lincoln high school and American Field Service exchange student to Greece last summer, will show slides and talk on her trip tonight at the regular meeting of the Knox elementary school Parent-Teacher association. The session will be held at 8 p. m. in the school gymnasium. Music will be furnished by students of John Moum, instrumental music instructor.

Farm Families Join in Oklee Short Course

Sessions Will Begin January 23 With 40 Families Participating

Forty young families will participate in a farm management short course at Oklee according to County Agent Paul Stelmaschuk. The course will run five full days with the first class to be held Wednesday, January 23. The cost is three dollars per family. Classes will start at 10:00 a. m. and run to 3:00 p. m.

Presenting lessons at the course will be specialists from the University of Minnesota and county agents of the four counties participating.

The first day will be devoted to a study of national agricultural trends and needs. For example the Americans are consuming more meat and fewer cereals. This and many other trends have a bearing on what the farmer should produce. These trends also point the way as to what lies in the future for some agricultural commodities.

The second day the short course will be held will be February 6. The discussions will center around the home-farm-business relationships.

The third day, March 6, will be on agricultural efficiencies. Here the best methods and practices for getting the best yields and quality of grain, hay, silage, and pasture will be discussed. Also, the best practices in dairying, beef, sheep, and swine production will be aired.

The fourth day, March 20, will deal with farm business analysis. A study of an actual farm with present livestock buildings, and equipment will be undertaken. Then this farm will be analyzed to see what can best be produced on it: beef, sheep, swine, dairy, grain or any combination of these.

The last day, April 3, will be devoted to looking at ways and means of putting farm plans into action.

Emphasis is placed on farmer and homemaker attendance at the short course. Younger families in the 20 to 40 age group will be taking part. Then families from each of the following counties will participate: Pennington, Red Lake East Polk and Clearwater.

School Board To Meet Twice Today

Thief River Falls board of education will meet twice today at postponed regular meetings, according to M. R. Hankerson, superintendent of schools. Postponement was due to the state convention of school boards held last week in Minneapolis.

At 4 p. m. the board will meet to transact the regular monthly business. At 8 p. m. the board will reconvene following an adjournment for supper to hear a report from the T. G. Evensen company, bonding consultants, in regard to the financing of a proposed bond issue for new school construction.

Among items on the agenda for the regular meeting are superintendent's contract; playground resurfacing at elementary schools, union wage requests for bus drivers and janitors, request for an appropriation received from Carnegie Public Library and the hiring of three new teachers to care for increased enrollment at Lincoln high school next year.

Rasmussen Again To Head Trinity Lutheran Church

1963 Budget of $78,977 Approved; Congregation Has Assets of $393,057

Harold Rasmussen was reelected for a one-year term as president and a budget of $78,977 for 1963 was adopted when the annual meeting of Trinity Lutheran church was held last week. Reelected were Arnt Aune, vice president and Ellsworth Jorgenson, secretary. Orville Hanson was elected treasurer to succeed Philip Kays.

Financial report for the past year showed receipts of $75,059 with $61,596 coming from pledges and envelope receipts. Disbursements included $23,185 for salaries, $5,190 for allowances, $17,678 for operating, $2,361 for parish education, $5,949 for mortgage reduction and $19,680 for benevolences. The congregation has assets of $393,057 with liabilities of $77,612.

The pastoral report showed 44 baptisms, 35 confirmations, 16 marriages and 21 funerals conducted by Rev. R. A. Wangberg. Adjusted figures at the end of the year showed a baptized membership of 2,079 and confirmed membership of 1,400. Rev. Harold R. Peterson, visitation pastor, made 4,375 visits to 1,084 individuals during the year.

Other officers elected were Klemens Gigstad, Frank Bond and Emil Heleren, trustees; Francis Hamerlinck, Mrs. Howard Holum, Mrs. Ellsworth Jorgenson and Mrs. Leonard Brekke, board of education; Mrs. David Wefald and Mrs. Thomas Waale, Lutheran social service; Robert Flynn and Gene Belto, auditing committee; Philip Kays, Robert J. Lund and Al Berge, nominating committee; Harry Oen and Charles Holmquist, Bible camp representatives; Ray Oen, Malcolm Magnuson, Fred Sorensen, Ed Sisler and Clayton Restad, board of ushers.

Serving on the nominating committee this year were Wendell Olson, Clarence Isaacson and Raymond Bren.

Mantoux Testing Begins Today in T. R. Falls Schools

Mantoux testing to determine tuberculin reactors began today in Thief River Falls schools, according to Mrs. Margaret Race, school nurse. Students at Lincoln high school are being tested today by Dr. L. H. Flancher of Sunnyrest Sanatorium at Crookston.

Students at the area vocational-technical school and Washington elementary school pupils will be tested Tuesday and pupils at Knox and Northrop schools will be given the tests next Monday, January 28. Tests will be read during the week following the testing and positive reactors will be given chest x-rays to determine if tuberculosis is present. Funds for the x-rays are provided by the Minnesota Tuberculosis and Health association.

PLAQUE presentation to J. B. Holter, right, 1962 president of the Thief River Falls Chamber of Commerce, was made at the annual meeting of the organization Saturday evening at the American Legion club rooms. Making the presentation and offering congratulations on accomplishments of the year is Gene Belto, 1963 president.

Braving extreme sub-zero temperatures and an icy wind, 223 persons turned out for the annual banquet meeting of the Thief River Falls Chamber of Commerce Saturday evening. The 49th annual banquet was held in the American Legion club rooms with the American Legion auxiliary serving the evening dinner.

Otto Stenberg served as toastmaster for the event with Rev. Leland Steen pronouncing the invocation and benediction. Honorary life memberships were presented by Randall Noper, chairman of the banquet committee, and John McGinley, chairman of the membership and finance committee, to Dr. A. E. Jacobson, John Anderson, Norman Holen, Robert Lund, Charles Vorachek, O. E. Taxeraas and Herbert Jung.

J. B. Holter, 1962 Chamber of Commerce president, reviewed the many activities of the organization during his year in office and noted that ". . .we have tried to sell Thief River Falls throughout 1962" and that it has been an interesting experience ". . .working together for the common good of all".

Among the many Chamber of Commerce participant activities listed were the Seed & Feed show, community planning, county fair reorganization, industrial survey, Northwest Dairy Day with Kathleen Hjelle going on to Princess Kay of the Milky Way honors, DHIA tour, athletic banquet, fire safety demonstration, business-clergy day, purebred ram sale, Jaycee Aquacade, practical politics course, scheduling service, cooperation with Jobs, Inc., Minnesota Retail Federation award to Clifford Bjorkman, Town & Country Days, Turkey Days and 4-H club award banquet.

Gene Belto, newly-elected president for 1963, stated that his election to the presidency was a "humbling and challenging experience". He added that he looked forward to a progressive program of work for the coming year through the cooperation of members and work by the standing committees.

Rather than list the many activities expected for the 1963 program of work, Belto listed the chairman of each of the nine standing committees and one of the major programs to be conducted by that committee this year. These were as follows:

Agriculture, Fred Sorensen, chairman, Agri-Business Day promotion; Business and Industrial Development, Leonard Goulet, chairman, locate new business in

Ulferts To Head Carnegie Library

Number of Borrowers Increases To 4,885 During '62 Operation

Raymond Ulferts was elected president of the Carnegie Public Library board to succeed Mrs. Hans Chommie at the annual meeting held recently at the library. Elmer Andersen was elected vice presedinet to succeed Gene Belto and Richard Mabey was reelected secretary.

Report of library activities during the year indicated an increase in the number of borrowers registered and a very slight decline in the total number of volumes lent for home use. Reference questions answered increased by one third to 12,000 during 1962, the report indicates.

Total number of volumes lent for home use was 90,245 as compared with 90,595 in 1961. Adult non-fiction increased from 19,960 to 21,315 in 1962 while adult fiction dropped from 24,624 to 23,420 and children's book circulation declined from 46,011 to 42,510.

One of the major contributing factors to the decline in children's books, reports Librarian Frances Shanahan, was the fact that stations in rural schools dropped from 10 in 1961 to only four in 1962. Stations in rest homes also dropped from four in 1961 to only one in 1962.

Borrowers Increase

Borrowers registered increased from 4,553 in 1961 to 4,885 in 1962 with adults increasing from 1,894 to 2,070 and juveniles increasing

First Federal Reports Assets of $9,002,000

14.5 Per Cent Increase from 1961 Noted in Annual Meeting Report

First Federal Savings and Loan association reported an increase of 14.5 per cent in total assets to 9,002,000 at the annual meeting held last week. The increase from 1961 to 1962 closings was marked by record gains in savings and savers, according to Stanton R. Dahlen, president of the association. Year end total for the institution's savings accounts totaled $7,781,000 or a 5.5 per cent gain of $406,000 and dividend payments to savers for the year totaled $287,000 — and all-time high. Dollar value of the home mortgage loan portfolio increased to $7,732,000 for a gain of 28 per cent. The association's reserves showed a gain of 15.7 per cent to bring the total to $481,000.

H. A. Baumann and R. J. Oen were reelected directors of the association at the annual meeting. Officers reelected included Stanton R. Dahlen, president; F. E. Tunberg, vice president; Milton J. Reierson, secretary-treasurer; Helen Ellingson, assistant secretary; Mrs. Dorothy Morehouse, assistant treasurer; Mrs. Arvilla Hastad and Mrs. Arlene Marcotte, tellers. Stanley N. Mortenson was reelected attorney for the association.

County Aspirant for King Agassiz Title to Be Named

Area Banks Will Receive Nominations of Aspirants until Friday, February 1

Residents of 14 Minnesota counties supporting the Red River Valley Development association will have an opportunity to help select their county's 1963 King Agassiz. The young man, 25 to 40 years old, may be a farmer tilling the soil, or in any area of farming—he may also be a man working in a business, industry or profession allied to farming.

Local banks in the area will display posters with the rules and ballot boxes for receiving names placed in nomination. The deadline for receiving nominations is February 1. An anonymous committee in each county will name the successful nominee by February 8.

The successful nominee will receive the county King Agassiz award at the 1963 Red River Valley Winter Shows, February 16 through the 22. In addition to receiving his county title, he may also be selected for the title of King Agassiz III and be crowned at one of the most interesting and colorful events of the Winter Shows.

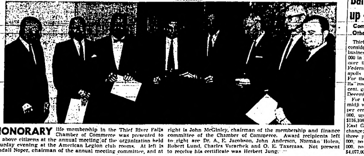
The Red River Valley's King Agassiz has become the symbol of agricultural progress in the region. King Agassiz makes appearances, on invitation, at major events where his representation might sell the Red River Valley area, its people and products.

Bank Debits Here up 4 Pct. in 1962

Compares Favorably with Other Northwest Cities

Thief River Falls bank debits, considered an accurate gauge of business activity, totaled $97,389,000 in 1962, a gain of four per cent over the $93,607,000 in 1961, the Federal Reserve bank of Minneapolis announced late last week. For the month of December, debits rose to $9,115,000, a 12 per cent gain over the $8,153,000 for December 1961.

For the full year, debits in Bemidji were $102,885,000, up four per cent; Detroit Lakes, $100,727,000, up one per cent; Crookston, $116,108,000, down five per cent; East Grand Forks, $64,668,000, no change; Warren, $38,515,000, up three per cent; Roseau, $29,578,000, no change; Hallock, $35,470,000, no change; and Newfolden, $4,077,000, down five per cent.



HONORARY life membership in the Thief River Falls Chamber of Commerce was presented to the above citizens at the annual meeting of the organization held Saturday evening at the American Legion club rooms. At left is Randall Noper, chairman of the annual meeting committee, and at right is John McGinley, chairman of the membership and finance committee of the Chamber of Commerce. Award recipients left to right are Dr. A. E. Jacobson, John Anderson, Norman Holen, Robert Lund, Charles Vorachek and O. E. Taxeraas. Not present to receive his certificate was Herbert Jung.

Monica Loeffler Notes 10th Birthday

Monica Loeffler entertained some of her friends at an after-school birthday party at the home in rural Thief River Falls on January 10. After playing games and opening gifts, the guests enjoyed supper, with the traditional birthday cake and ice cream.

Those helping her commemorate her tenth birthday were Cynthia Grundhaus, Merl Jo Loeffler, Carol Kraemer, Mary Olson, Roberta Bothman, Susan Buck, Debra Kemnitz, Marcy Forsberg, Kathy Ranta, Eunice Wold, Julie Erickson, Debra Holten, Eloise Dimmen, Kathy Jablinski, and Monica's sister, Patricia. Gail Fuller sent a gift but was not able to be present.

Bonnie Figy Is Bride of Lieut. Larry Khron

Miss Bonnie Figy, daughter of Mr. and Mrs. Carl Figy of Pine Island, became the bride of 2nd Lietuenant Larry Krohn, son of Mr. and Mrs. Ray Krohn of Thief River Falls at a 12:30 ceremony on Saturday, December 22, at St. John's Catholic Church in Mankato, with the Rev. John Vincent officiating. Organist was Mrs. Fred George.

Given in marriage by her father, the bride wore a floor-length gown of pure silk rose-embroidered organza. The fitted bodice was fashioned with scoop neckline and long fitted sleeves, the bouffant skirt extending into a chapel train. The bridal veil, of imported silk illusion, was secured by a Borealis rosepoint crystal crown. She carried a cross-shaped bouquet of deep red roses, stephanotis, and holly.

Mrs. William Ness, sister of the bride, was matron of honor. She wore a floor-length gown of red velvet designed with a fitted jacket and long sleeves. She wore a matching halo hat and carried a white fur muff pinned with a red poinsettia.

Donald Thompson of Rockaway, N. J., was the best man. Ushers were James Krohn of this city, brother of the groom, and William Ness of Litchfield.

Following the ceremony, a reception was held at Michael's of Mankato. After the reception, the couple left on a brief wedding trip.

The bride was formerly employed by National Citizens bank in Mankato. The groom, a 1962 graduate of Mankato state college, is now serving in the Marine Corps. Lt. and Mrs. Krohn are at home in Pensacola, Fla., where the lieutenant will be attending flight school.

Co-hostesses at a housewarming shower at the new home of Mrs. Ardell Liden on Friday were Mmes. Duane Liden and Lyle Liden.

The afternoon was spent in social fashion, with the guest of honor taking the guests on a tour of her home. After coffee and lunch were served, Mrs. Liden opened her numerous gifts.

Present were Mmes. Dake Ayers and sons, Mrs. Gordon Olson and children, Harold Matzke, Oscar Liden, Caroline Dow, Donavan Liden, Ben Erolland, George Joyce, Emma Hanson, Carl Lee, and Clardina Terrian. Sending gifts but not able to attend were Mrs. Jim LaCoursiere, Mrs. Marvin Johnson and Mrs. Daryl Lewis.

Mr. and Mrs. Martin Goving of rural Thief River Falls visited at the John Keck home on Wednesday, the occasion of Mrs. Keck's birthday.

Mrs. Einar Barstad, Mr. and Mrs. Edry Leiren and son Earl, went to Fargo, N. D. on Wednesday to attend the funeral of a relative, Milo Hanson, who was killed in an auto accident there. They returned home the same evening.

PROSPECTIVE June bride, Miss Loralie Louise Lucas, whose engagement is being announced by her parents, Staff Sergeant and Mrs. John Willis Paulson of Anchorage, Alaska. The groom-to-be is Wayne Arden Paulson, son of Mr. and Mrs. Kernel Paulson of Grygla.

Miss Lucas is presently residing in Anchorage with her family, where she is a senior at East Anchorage high school. Mr. Paulson is a 1962 graduate of Bemidji atahte college, where he received his bachelor of science degree. He teaches seventh grade in Grygla. The wedding has been set for June 21, in Grygla.

Catholic Ladies Guild Installs

Installation of officers of St. Bernard's Guild took place Thursday night, January 17, before a good representation of members meeting in the church social rooms. Father Patnode, installing officer, opened the meeting with prayer. Outgoing president Mrs. Clarence Gross handed over her office to Mrs. Ames Pederson. Both received corsages, as did Mrs. Roy Langevin; Mrs. Gross received a gift, and a gift was also presented to Father Patnode, pastor of St. Bernard's.

Mrs. John Womack was installed as first vice-president, and Mrs. Lawrence Brown as second vice-president. Mrs. Gordon Markstrom is secretary and Mrs. R. J. Dryden is treasurer of the organization.

Routine business was also transacted, with Father Patnode offering the closing prayer. A social hour and lunch followed. Table centerpiece was fashioned by Miss Bernice Troumbly. The guests of honor were seated at the head table. Lunch was served to the others in attendance at candle-lit tables. Hostesses were Mmes. Bob Protz, Ralph Hunt, Dick LeMoine, Donald Schulz, and Flora Allison.

Rev. Augustines Guests At Farewell Party

Open house held at St. Hilaire on Sunday, January 13 honored the Rev. D. J. Augustines and their two children, Scott and Cindy. Hosts were the David Sorvigs of St. Hilaire.

Over 100 friends and well-wishers joined in the farewell for the family. They were from Red Lake Falls, Thief River Falls, and Plummer, as well as from the St. Hilaire area.

A buffet lunch was served, with Mrs. Paul Sjulson pouring, and Mrs. Otto Baker in charge of the punch bowl.

It was an afternoon of visiting and farewells as the family returned the following day to Minneapolis and St. Paul, from where they will leave again for Tanganyika, East Africa, by jet airliner the early part of March.

Mrs. Carl Swanson Has Birthday Party

Mrs. Carl Swanson was honored on her birthday Saturday afternoon January 12. The afternoon was spent socially, with opening of gifts following, and lunch served at a table graced by a decorated candle-lit birthday cake.

Tommerdahl, Mrs. John Paulson, Mrs. Algot Erickson, Edwin Roos, Mrs. Anna Roos, Emil Bloom, Mrs. Kenneth Dahl, Claudia and Cynthia of Roseau, and George Hammre.

Beginners' Class In Square Dancing Set

A beginning class in square dancing will be held in the area vocational school cafeteria Tuesday evening at 8 p. m. January 22nd. All persons interested in sharing the fun and fellowship of this recreational activity are invited to come and see for themselves why square dancers are so enthusiastic about their favorite activity. Ed DeLap will conduct the classes.

Squares Stage Record Hop Here On Weekend

The Falls Squares "Record Hop" was successfully handled last weekend by disc jockey Ray Ulferts who was kept busy spinning square dance records in addition to numerous rounds, waltzes, polkas, and schottishes.

At the business session conducted by president Randall Noper, it was voted to make the Record Hop an annual occasion; tentative arrangements were made for nationally known caller Jack Livingston of Illinois to call a dance in May.

Two coming events are announced: The St. Paul Winter Carnival January 26th, and the Winter Wonderland Square Dance Festival in Fergus Falls, Minn. Sunday afternoon, February 3, 1:30 to 5:00 p. m., at Roosevelt Park high school auditorium with Lee Newton, Emcee, and featuring area callers, including Thief River Falls caller Ed DeLap.

The evening of dancing fun was concluded with lunch, served by the K. R. Andersons and the George Mostues. Next dance of the Falls Squares will be held Feb. 2nd in the city Auditorium at 8 with Ed DeLap calling.

TLCW Gen'l. Meetings To Be Held This Week

The first general meetings of Trinity Lutheran Church Women will be held on Wednesday evening, January 23, and on Thursday afternoon, January 24.

The theme of the month, Evangelism, will be presented by Rebekah and Elizabeth circles, who will illustrate the four phases of this area of American mission activity. Special music will be furnished by the ladies chorus.

A nursery will be provided on Thursday afternoon. Hostesses are Sarah and Susanna circles and hospitality is in charge of Lois and Faith circles. All women are invited.

Zehlians Receive Art Lesson From D. Lerud

Zehlian Club members met at the home of Mrs. William Holmes on Thursday night, January 17, with Mrs. Tim Conners as co-hostess. Mrs. Conners, as president, conducted a brief business session and reported on the women's council meeting held here recently. Special guest of the group was Donald Lerud. The session was turned over to him for the presentation of a lesson on sketching of still-lifes. Following the presentation, Mrs. Conners served lunch. Mr. Lerud will present another lesson on February 7.

Mr. and Mrs. Dennis Nelson; Mrs. Norton Nelson and Mr. and Mrs. Wayne Olson, were visitors in the Twin Cities this week. Mrs. Norton Nelson received medical attention there, and the Nelsons visited with Mr. and Mrs. Henry Jorgenson in St. Paul. They all returned home on Wednesday.

The Library Corner

by Virginia Gjernes

Books that tell a story and books that tell the facts and give the figures are always much in demand — but books that tell "how to. . ." are also extremely popular. Lucky for Carnegie Public Library borrowers there are a large number of volumes devoted exclusively to working with wood and allied materials.

Those who have not yet developed the know-how on their latest power tool acquisition may just find the right instruction book on the shelves — such as "Fundamentals of Carpentry", "Fundamentals of Shopwork", "Instruction and Information Units for *Hand Woodworking*", "*America's* Handyman", and "Things to Make for the Home". Those are the names of only a few of the volumes ready to be loaned to the individuals interested in the manual arts.

For the more energetic and ambitious there's "Vacation Houses" or "The Complete Book of Basement Improvement" and for the dreamer - not - the -doer - during-winter there's "Patio Book".

When you come into the Library to check out one of the above mentioned books, be sure and take time to examine the articles displayed in the cases for they are the fruits of the labors of students enrolled in Lincoln junior and senior high schools industrial arts classes. J. Arthur Johnson and Dale Knutson, instructors, are extremely proud of the work of their students and they have every right to be — for the workmanship is excellent.

For the reader, not the doer, the poetry of Carl Sandburg's volume, "Honey and Salt" is now available. The 77 poems, published on the 85th anniversary of the poet's birth, divulge the man's deep affection for mankind and expresses his attitude toward the world and its wealth of emotions — especially that of love. Sandburg's first works were published in 1914 and since that time he has authored more than 40 books, has twice won a Pulitzer prize, and is hailed by many as the world's greatest poet. Whether the greatest or not is a matter of individual taste — but his "Honey and Salt" will add flavor to any diet a reader follows in his reading habit.

Then, for action of yet another kind, there's the story of a U. S. Gunboat on the Yangtze River, appropriately entitled "The Sand Pebbles" and it is the first novel of Richard McKenna. There's plenty of good reading in the book for those interested in a historical account of one portion of the 1925-27 revolution that carried China into the modern world.

There might be parts of the effort *a lot of* readers would just as soon skip, unless they are extremely interested in the innards of a ship and are fans of valves, outlets, inlets and whatnots. You'll find the title a fitting and proper one and you'll find the picture of the revolution colorfully drawn. You'll find the book, as a whole, extremely interesting.

"The Hidden Mountain" takes you from the Canadian North to Paris and the French Countryside as you follow a young male artist driven by an intense desire to create a beauty that does not exist. The main character is named Pierre Cadoral and as you travel with him you meet Gedeon, the gold miner; Nina, the shy young girl; Orok, the Eskimo youth; and Big Steve, the trapper. There's Father LeBonniec, the painter Stanislas and the art teacher Augustin Meyrand — and through it all there's Pierre's genius. There's enveloping warmth and gentle simplicity in the convincing work of the book's author — there's enjoyment in every word. You'll like it.

Speaking of new books, which we were, here's something to remember — a total of 1,181 new volumes, including both adult and juvenile selections, were purchased for your use during 1962. One thousand one hundred and eighty one books mean hours of pleasure and reams for reference.

WCTU Speech Contest Medal Given Ivan Ose

WCTU met at the Lester Rood home Friday, January 18. Miss Anna Koglin read an article from the Union's publication, Signal, on the Scent-O-rama display in the Washington Union Station, featuring an exhibit of whiskey barrels. Discussion followed.

Five young people, all in seventh grade except one, contested for the silver speech medal. They were Ivan Ose, ninth grade; Clarice Tollefson, Janell Ness, Charles Larson, and Leslie Peterson, all local young people. The silver medal was given by Mr. and Mrs. R. C. Westacott in honor of Clyde Smith, Port Angeles, Wash., who died recently. He was the father-in-law of Roger Ose. The medal was awarded to Ivan Ose, son of Mr. and Mrs. Tarkel Ose. The meeting closed with lunch served by Mrs. Rood and Mrs. Louisa Anderson.

Rev. Dean Headley Back from Parley

Pastors' Conference Held in St. Paul January 14-16

The Reverend A. Dean Headley, pastor of the Community Methodist church, attended the 30th annual State Pastors' Conference in St. Paul on Jan. 14-16 and heard a national Methodist leader tell of a town and country revolution which concerns the church because "people have changed and people are our business."

Dr. Rockwell C. Smith, professor of rural sociology at Garret Seminary in Evanston, Ill., said that a revolution in technology, institutions, and people, has swept the town and country since he served his first rural parish in 1927. "In 1960 thirty-five per cent less labor and six per cent less crop land produced 23 per cent more crops. . .

Mrs. Headley also attended meetings; the state Youth Council on the weekend, and the Conference Woman's Society Executive Monday and Tuesday.

KITCHEN KARNIVAL

MRS. JAMES ANDERSON

TARTS! Doesn't that sound just a bit British — or perhaps Canadian? Mrs. James Anderson, our recipe source for today, recalls the "heavenly" aroma of these pastries from out of her past as a child in Canada, admitting that, when she smelled them baking at a neighbor's house, she would hang around unashamedly until they were done and she was invited to have a few. When you taste them, you'll know why. They are delightful — shattery and fragile — and with a flavor you will love and remember, as Mrs. Anderson has.

CURRANT TARTS

PART ONE . . . Filling

- 1 cup brown sugar
- 2 eggs
- 1 tablespoon butter
- ½ cup walnuts, chopped (optional)
- 1 cup currants or raisins, chopped
- 1 tablespoon syrup
- 1 tablespoon vanilla

Pour boiling water over the currants. Drain. Combine the other ingredients, lastly adding the walnuts and currants. Spoon the mixture onto pastry rounds as directed below.

Part Two . . . Pastry

- 5 cups flour
- pinch of salt
- 2 tablespoons brown sugar
- 1 egg
- 1 pound lard
- White vinegar and lukedarm water in quantities indicated in directions below.

White vinegar and lukewarm water in quantities indicated in directions below.

Combine flour, salt and brown sugar. Cut in the lard with a knife or pastry blender until the size of very small peas. Beat the egg in an 8-oz. measuring cup. Add lukewarm water to fill the cup ⅔ full. Add white vinegar to fill to ⅞ full. Mix and add to flour mixture. Mix into a dough. Chill When chilled, roll out pastry thinly, using flour on the board. With a large round cooky cutter, cut out twice as many pastry rounds as the number of tarts you wish to make. Fill each tart half full with the currant mixture. Cover each with the second pastry round. Seal edges, crimping in the manner you desire. Lift carefully onto a cooky sheet. Bake in a hot (375 to 400 degree) oven approximately 10 minutes, watching carefully, until they are golden brown.

Mrs. Anderson says that this pastry just won't get tough. The method and recipe are quite common in Canada.

Her husband is a well-known fisherman and softball player. In his working hours he is a brakeman-conductor on the Soo Line. They have three children. Roger, 17, a drummer in the school band; Sheila, 6, and Lynne, 2. Also a member of the household is a foster-child, Delmar, 8, an Indian boy from Beaulieu.

The couple has been foster-parents for the blind children or those visually handicapped who attend special classes in this city because their towns have no such facility. The foster-children go to their homes in summer, and then the Andersons hie themselves off to Springsteel Island, near Warroad, where they live on the lake, all of them avid fishermen, or becoming so as they reach the age where they can cast. Their mother curls and teaches ice skating in winter, knits all year 'round, and sells plastic products in addition to collecting antique clocks, dolls and carnival glass — in fact, if it's antique, she likes it!

She likes America, too—she became a citizen in 1962 at naturalization proceedings in Warren.

Coldest Weather of Season Stays Over Times Area

—28 Reading Is Lowest of Season and Recorded Three Times Last Week

After an unusual warm period in early January which saw nine consecutive high readings above zero and only two low readings below zero, the month has taken drastic steps to bring the average temperature back into line. The warm spell has been followed with 12 consecutive sub-zero lows and only two high temperatures above zero during that period.

For the most part the cold has been made bearable by an absence of wind but strong winds Saturday and early Sunday brought the wind-chill figure to below the —70 degree mark. Wind-chill is computed by combining temperature and wind speed to determine an equivalent reading without wind.

Friday marked the lowest reading of the season with — 28 degrees and Saturday had a duplicate figure. On Sunday the low climbed a couple of degrees to —26 but this morning it was back to —28 again. An inch of snow was recorded late Saturday night and early Sunday morning and the snowfall coupled with high winds reduced visibility to zero in many portions of the area.

We can expect high temperatures of zero to —10 degrees today and lows of —8 to —20 tonight, the weatherman predicts, with colder temperatures again tomorrow. Winds tonight and tomorrow will be 20 to 30 miles per hour with up to an inch of light snow expected this afternoon and evening.

High and low temperatures the past several days included 13 and —18 on Thursday, —4 and —28 on Friday, —8 and —28 on Saturday, —1 and — 26 on Sunday and a low reading this morning of —28 degrees.

Local Students to Receive Degrees at UND Saturday

T&S Implement company of Thief River Falls was awarded special recognition by the J. I. Case company recently for having accomplished the best balanced sales record in the Fargo branch territory during the fourth quarter fall sales program.

Mauritz Scholin, partner in the local implement firm with Ray Thyren, was presented with an engraved electric clock as a symbol of the accomplishment. The award was made at a special awards banquet attended by dealers from Minnesota, North Dakota, Wyoming and Montana.

T. R. Falls Native Is Named to State Savings Bond Post

Don L. Waage Is Serving as Chairman of State Publicity Committee

Don L. Waage, public relations director of Investors Diversified Services, Inc., Minneapolis, and a native of Thief River Falls, has been appointed as chairman of the state savings bonds publicity committee. He will head a working committee comprising representatives of newspapers, radio, television, billboard companies, advertising agencies and public relations people.

In announcing the appointment Rollin O. Bishop, Minnesota savings bonds volunteer chairman said, "We are delighted to have Mr. Waage join the Savings Bonds volunteers in this important post. His background in finance, education and public relations will enable him to provide a valuable service in promoting the sale of savings bonds."

Waage was born in Thief River Falls, Minnesota and received his bachelor of science degree from St. Cloud State college and master of arts degree from American University, Washington, D. C. He served as public relations director for the St. Cloud public school system, also taught journalism and English at the high school there. He has served as director of bank promotion of public relations for the Minnesota Bankers association and as secretary of the finance committee of the U. S. Chamber of Commerce, Washington, D. C.

Prior to joining the public relations staff of IDS, Inc., he was the Assistant to the board of directors, Federal Deposit Insurance Corporation, Washington, D. C.

Waage is married and the father of five children.

CHATTING on a military installation at Okinawa are Congressman Clark MacGregor of the Third Congressional District in Minnesota, and Sergeant First Class Edwin E. Sheridan of rural Goodridge. MacGregor, a Major in the army reserve, was on an active duty tour of U.S military installations in the Pacific when he met Sgt. Sheridan who is stationed on Okinawa with the U. S. Special Forces. Sgt. Sheridan's mother, Mrs. Grace Sheridan, and his sister Christine live in the Mavie community and his brother David lives in Thief Rver Falls.

HUMAN ECHO antics of Rollie Ferrell held the interest of 223 persons who attended the annual meeting of the Thief River Falls Chamber of Commerce in the American Legion club rooms Saturday evening. Demonstrating that his talent for speaking simultaneously with another speaker was not a form of lip-reading, Ferrell positioned Elton Cummings, Thief River Falls police chief, directly behind him for one phase of the program.

Fraternal Group Is Formed Here

Paul Furuseth Named As First President

Paul O. Furuseth was elected president of a new fraternal group which has been organized in Thief River Falls under the auspices of the Equitable Reserve Life Insurance association. The group will be known as Thief River Falls Assembly 300.

Other officers elected were Orville Gillespie, vice president; Lowell Nesse, past president; Norris Ace, treasurer; Mrs. Evelyn Peterson, recording secretary; and Harold G. Rasmussen, advisor.

A benevolent fund in the amount of $188 has been received by the treasurer and the fund will grow monthly for use as the local assembly decides. There is the possibility that a large enough fund will be accumulated so that a scholarship could be made available to children of policyholders in the company.

Next meeting will be held in April at which more of the purposes and aims of the organization will be discussed and it is expected that Gordon Pope of the head office in Neenah, Wis., will be in attendance to present the charter. Entertainment was provided at the intial meeting in the form of group singing and vocal and instrumental numbers.

Police Check on Traffic Mishaps, Larceny of Ring

Two traffic mishaps on Third Street in Thief River Falls were investigated by the local police department early this week. Damage estimated to the three cars involved was $685.

At about 4:10 a. m. Sunday, a car driven east on Third street by Glen Haugen, rt. 4, TRF, skidded out of control near the Piggly-Wiggly supermarket and crashed into a light pole. Damage to the car was estimated at $600 with Haugen charged with careless driving.

At 9:40 a. m. today a car driven by Edward Johnson, city, was traveling west on Third street between Main and LaBree avenues and had stopped to pull into a parking space when struck from the rear by a car driven by Elmer Sorenson, rt. 4, Bagley. About $35 damage was done to the Johnson car and $50 to the Sorenson car with the case under investigation by the police department.

Police also noted a report Friday of the larceny of a diamond engagement ring valued at $110 from a local store. The theft is also under investigation by the police department.

Voyage of Discovery

By Flora Allison

Guiding the sturdy grocery cart
Down the aisles of the Supermart
While shopping leisurely, I saw
The exotic label on an olive jar,
"Packed in Spain," the label said,
And an idea popped into my head:
Why not investigate each name
And learn from whence each foodstuff came?
Spaghetti from Italy, dates from Sudan,
Aromatic spices from Hindustan,
Sardines from Norway, and here too
Bulging cans of Irish stew,
Brazilian coffee, fine Dutch cheese,
And Hawaiian pineapple, if you please!
Bananas from storied Trinidad. . .
(Oh, what flights my fancy had.)
Indian tea, and extracts from Zanzibar
All took my thoughts on journeys far.
And I found a truth that escaped me before:
We have a little UN at the neighborhood store!

Sunday dinner guests at the Clarence Arneson home were Omer Lian and family and Mrs. Hildur Lian of TRF and Mr. and Mrs. Eugene Rondorf and family.

School Officials Plan To Attend Elementary Meet

Annual Institute To Be Held January 31 and February 1 in St. Paul

Principals of the three elementary schools in Thief River Falls and the local director of elementary education will attend the Ninth Annual Minnesota Principals' Institute to be held January 31 and February 1 in the St. Paul Hotel. About 600 elementary school administrators are expected for the institute.

"Guidelines to Excellence and Leadership" is the theme of the convention which is under the direction of Stanley Gilbertson, association president. John Elsbrener, Washington elementary school principal, is serving on the resolutions committee of the association and George Stockman, director of elementary education here, will serve as recorder for a panel discussion on social studies. Also attending will be Miss Olga Bloomsness, principal at Knox, and Kenneth Swenson, principal at Northrop school.

Dr. Shirley Cooper, associate executive secretary of the American Association of School Administrators will give the opening address. Dr. Robert Eaves, executive secretary of the Department of Elementary School Principals of the National Education association will address the Thursday evening banquet.

Fifteen discussion groups will be held Thursday afternoon and eight assembly groups will be held on Friday morning. Assembly topics will include "Legal Aspects of School Administration", "Public Relations", "Patterns of Elementary School Organization", "Continuity and Articulation", "The Changing Curriculum", "Role of Principal in Improving Instruction", "Evaluative Criteria of Elementary Schools" and "The Role of the Teaching Principal in Improving Instruction."

223 At Annual C of C Banquet Saturday Night

(Continued from page 1)

Thief River Falls through use of the industrial survey and cooperation with Jobs, Inc.; Community Welfare, Elton Cummings, chairman, emphasize and expand the community event scheduling service; Education, Dr. A. E. Jacobson, chairman, provide a three-week institute on American organization;

Also Good Government, Ralph Luhman, chairman, form subcommittees for work on better business climate and legislative affairs and political action; Public Relations, Orville Hanson chairman, arrange a large-scale salesmen's banquet; Transportation and Communication, R. J. Dryden, chairman, arrange a special Transportation Day; Retail Trade, Phil Hess, chairman, institute a downtown betterment project; and Membership and Finance, John McGinley, chairman, insure funds for operation of the program of work and develop an assessment formula to be used for dues in 1964.

At the conclusion of his talk, Beito presented past-president Holter with a plaque in recognition for his work in 1962.

Entertainment for the evening banquet was provided by Rollie Ferrell, "The Human Echo", who demonstrated his talent of speaking simultaneously with another person. He performed the feat with several participants from the audience and illustrated his ability to speak in any language and without looking at the speaker.

Farmers Union To Outline Views On Farm Policy

Six-County Conference Arranged February 1 At Red Lake Falls

Farmers from Red Lake, Pennington, Polk, Mahnomen, Clearwater and Norman counties have been invited to attend a farm policy meeting to be held Friday, February 1, at the city auditorium in Red Lake Falls. The session will begin at 1:30 p. m. and is under the sponsorship of the Minnesota Farmers Union.

Edwin Christianson, president of the organization, will discuss the Farmers Union proposal for a new dairy program, using direct payments to producers to assure a fair income from markets of manufacturing milk. He will also review the organization's position on an expressed need for new legislation.

"The direct payment plan is the only real hope for a lasting improvement in income for the community and for greater stability for the local dairy plants," Christianson said in a news release on the meeting. He added that such a program would be more satisfactory than the current program on the part of farmers, consumers, dairy processors and handlers and taxpayers.

The state organization head plans to state at the meeting that the provision for use of direct payments to producers in the 1963 feed grains and wheat programs is one of the most significant improvements in farm legislation in many years and that it points the way to more effective programs for other commodities as well.

Tillie Nestebo Rites Held Today at Eklund Church

Funeral services for Tillie Nestebo, age 89, longtime resident of the Erie and Highlanding areas, who passed away Monday, January 14, at Northwestern Hospital, were held today, Monday, at the Eklund Lutheran Church, with Rev. A. B. Helme officiating. Burial was made in the church cemetery. Sinding's Funeral Chapel handled the arrangements.

Tillie Nestebo was born December 16, 1873, in Norway, where she received her education. She came to Fisher in 1906, and has since 1914 been a resident of Star township. She was a member of Eklund Lutheran Church and of the ladies aid.

Survivors include one son, Gunder, of Goodridge, and several nieces and nephews in Norway.

Preceding her in death, were three sisters.

Mrs. Sena Sundt Interred Here This Afternoon

Rites for Mrs. Sena Sundt, age 86, longtime resident of this area, were held today, Monday, at 2 p. m., at Trinity Lutheran church with Reverend Harold Peterson officiating, and burial in Greenwood cemetery. Sinding's Funeral Chapel was in charge of arrangements.

Sena, daughter of Astrid and Ole Heleren, was born February 4,1876 in Lac Qui Parle county, Minnesota, where she received her education in the rural schools. She was united in marriage to John Sundt at Baxter on July 17, 1901; they spent the following three years in Thief River Falls, then homestaded in Silverton township in 1904. There the Sundt family made their home until the late thirties when they moved to the city again.

Mrs. Sundt has spent the last seven years as a resident of Oakland Park Nursing home. She was a former member of Silverton Lutheran Church and a present member of Trinity Lutheran church. Survivors include one son, Harvey Sundt of Peewawkee, Wis.; one brother, Chris Heleren, Dawson, one sister-in-law, Mrs. Ed Heleren of this city; several nieces and nephews.

Preceding her in death were her husband, one sister and five brothers.

Dr. L. W. Mills, 65, Spouse of Former TRF Woman, Dies

Dr. L. W. Mills, 65, of Grand Forks, died Friday at a hospital there where he had been admitted only a few hours previously.

Dr. Mills, a retired osteopathic physician, was born in Grand Forks Oct. 24, 1897. His father, Edwin A. Mills, is a retired Great Northern Railway man, who will be 100 years of age on Feb. 10.

Dr. Mills was educated in Crookston grade and high schools before he entered the American School of Osteopathy at Kirksville, Mo., in 1916. He was graduated as a doctor of osteopathy in 1921.

Dr. Mills married the former Neva Mae Sumpter of Thief River Falls at Grand Forks on Aug. 12, 1935. She survives, with a daughter by a previous marriage Mrs. Ethel Funk, Washington, D. C.

Mrs. H. Peterson Dies Sunday At Newfolden Home

Mrs. Henning Peterson, who lived in the Newfolden area for a number of years, passed away on Sunday morning, January 20, at her home in Newfolden. She was 88 years of age.

Funeral services will be held on Wedneday afternoon, January 23, at 2 p. m. at Newfolden. Rev. Joseph Swan will officiate and interment will be in Oak Grove cemetery.

The body will lie in state at the Green Funeral Home from Monday evening until 11 o'clock on Wednesday, and at the church for one hour before the time of the services.

A complete obituary will be given in the Thursday's Times.

'62 Savings Bonds Sales Half Quota

Pennington Co. Reached 51 Per Cent of Its Goal

Cash sales of Series E and H savings Bonds in December, in Minnesota totaled $4,710,890, bringing the 1962 total to $60,972,270.

Purchases of E and H Bonds in Pennington county in December amounted to $135,361, according to J. M. Roche, county Savings Bonds chairman. This was 51 per cent of the county quota of $265,000.

Marshall county attained 49 per cent of its goal; Red Lake, 80; Polk, 63; and Roseau, 72.

Savings Bonds volunteers will hold their annual conference at the Lowry Hotel in Saint Paul on January 31. Frederick L. Deming, president of the Minneapolis Federal Reserve Bank, will speak on "The Economic Outlook for 1963."

March of Dimes Helps Save Boy

Here's Johnny at age one after first operation . . . and today, leading a normal life at age four.

At his fourth birthday party, Johnny Wilson's big blue eyes sparkled as his mother carried in the most magnificent cake he had ever seen.

It was shaped like a huge boat plowing its way through mountainous waves of whipped cream and icing. Johnny's winsome smile beamed at friends and he gave out kisses all around.

It was a happy affair. Yet at one time, Johnny's parents had little hope he would live to celebrate even his first birthday. For he was born with the often fatal birth defect of water on the brain, or hydrocephalus.

Surgical treatment saved Johnny's life when he was three months old. At that time, doctors performed what is known as a shunt operation. They inserted in Johnny's head a plastic tube which allowed excess fluid from the brain to be harmlessly absorbed by the youngster's body.

Without the operation, fluid within the brain is prevented from taking its normal course, and causes the head to swell enormously. This is what had happened to Johnny. (If shunt surgery is not performed in time, mental retardation and blindness may ensue, even death, in certain cases.)

Since 1958, doctors have performed two other shunt operations and have treated Johnny for gastroenteritis and septicemia.

Today, Johnny leads a relatively healthy, happy and carefree life. Like any other little boy who lives on a farm, he loves to hug lambs, chase cows and tease chicks on the family's 100 acres near Columbus, Ohio.

He is a good example of thousands of afflicted children being helped to live nearly normal lives through a unique medical care program financed by The National Foundation-March of Dimes.

Babies with birth defects are born every other minute in the United States, 250,000 of them each year, almost 700 each day.

Johnny goes regularly to a special Birth Defects Clinical Study Center at Children's Hospital, Columbus, supported by March of Dimes funds.

It is one of more than 30 similar centers across the nation set up for the study and treatment of birth defects.

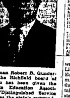
At the center, trained specialists work together to help children with many kinds of birth defects. They include a neurosurgeon, orthopedic surgeon, internist, psychiatrist, physical therapist and medical social worker. They have put their skilled hands and minds to work on Johnny's behalf.

Every four months, Johnny's mother drives him to the center for his check-up. A doctor always measures his head to make sure there is no change in size. Since 1959, his head size has remained relatively constant.

Johnny is growing up to be an impish, energetic and friendly little boy who likes to do everything and go everywhere. Especially, he likes to wheedle rides on a pony at the next farm. He'll settle, though, for a tour on the tractor with his mother or father, Julia and John Wilson.

Like Johnny, other afflicted children who receive proper treatment may live to enjoy shooting cap pistols, watching television, singing songs or playing a toy banjo—with the best of four-year-olds.

MEA Names Gunderson Outstanding Minnesota School Board Member



Chairman Robert B. Gunderson of the Richfield board of education has been given the Minnesota Education Association's "Distinguished Service Award" as the state's outstanding school board member. This year's award, presented during the annual convention of the Minnesota School Boards association, is the 19th in the series initiated by the MEA in 1944 to recognize service to schools by laymen.

May Jahr vs. Lois Amundgaard.

In last week's matches in the women's curling league, the Fern Liden rink, scoring a win over the Edith Nabben rink on the 7:00 p. m. draw on Thursday, marked up their second win of the season to take over first place in the league standings, holding a one-game margin, in the win column, over the Lois Amundgaard foursome.

In one of the feature matches on Thursday night's schedule, the Helen Olson rink marked up a win over the highly-rated May Jahr rink.

In this week's play the Fern Liden rink will meet the Clara Mae Swanson rink in an important match slated for the 7:00 p. m. draw. On the 9:00 p. m. draw, the Lois Amundgaard rink will be tested by the May Jahr rink.

Lester Borning Will Be Warden Supervisor Here

Lester Borning, a veteran of 15 years in the warden service of the Minnesota Department of Conservation, has been named game warden supervisor for northwestern Minnesota. His area covers 13 warden stations from Clay and Becker counties north to the Canadian border.

Borning replaces Elmer Lenzen of Crookston as supervisor for the area and will be stationed in Thief River Falls. For the past 10 years he has served as warden at Slayton and previous to that time was stationed at Bemidji for five years.

The appointment was effective last week and Borning is now performing his duties in the area. He will be joined by his wife, Ann, and sons Jeffrey, 9, and David, 5, when the family disposes of its residential property at Slayton and makes suitable arrangements in this city. Thief River Falls is one of the 13 warden stations in the area with Don Fearn, formerly of Hallock, serving as warden here since the transfer of Carl Sundstrom.

Prowler 'B' Cagers Add Two Victories

Locals Take EGF 49-36 and Climax 'B's 33-29

Coach Joe Mrkonich's Prowler 'B' cagers added a pair of wins to their record this past week and boosted their season's mark to seven wins and two losses.

On Friday night, on the local court, the Prowler 'B' squad, with center Rich Nelson scoring 22 points, defeated coach Ron Thompson's East Grand Forks 'B' team, 49 to 36.

On Saturday night, in an overtime game played at Climax, the Prowler B's edged out the Climax B's, 33 to 29. In the overtime period, Dave Gustafson scored a field goal and Nelson added a pair of points from the free-throw line to give the Prowler B's their win.

The Climax B's held a 15 to 11 lead at the intermission, and a 25 to 22 lead at the end of the third period. The Prowlers outpointed the Vikings, 7 to 4, in the third period to knot the game and force an overtime period.

Prowler Quint Whips EGF 65-39; Climax To

Coach Jack Junker's basketball Prowlers scored a pair of important wins in District 31 conference play this week. On Friday night, on the local floor, the Prowlers defeated coach Larry Selk's East Grand Forks team, 65 to 39; and on Saturday night, playing at Climax, the Prowlers defeated the Vikings, 66 to 43. The two victories boosted the Prowlers' district conference record to four wins and no losses, and an over-all mark of seven wins and three losses.

On Friday, Jan. 25, the Prowlers will meet the Fargo Central squad at Fargo.

After being held to a 12 to 10 score at the end of the first period, and holding a 28 to 20 margin at the intermission, the Prowlers, in Friday's tilt against East Grand Forks, turned in a strong second half to defeat the Green Wave, 65 to 39.

East Side, on field goals by Louis Lopez, Gary Raymond, and Dick Haugsleben, moved into a 6 to 1 lead in the opening minutes of the game, but the Prowlers came back to take a two-point lead, at the end of the period.

With Tom Lindberg, Bob Olson, and Paul Klungness controlling the boards, the Prowlers moved ahead by a 28 to 20 score at the half. And then maintained control throughout the second period.

Playing at Climax on Saturday night, the Prowlers, with Rick Jensen tossing in four field goals and a free throw, took a 23 to 11 first-period lead over the Vikings. And in the second and third periods, with Klungness hitting on six field goals and three free throws, coach Junker's club went on to a 35 to 22 lead at the half, and a 54 to 33 lead at the third period stop.

Although coach Junker sent numerous reserves into the Prowler lineup in the fourth period, the locals outpointed the Vikings, 12 to 10, to record their 66 to 43 win.

Hockey Prowlers Lose Pair of Tilts

The hockey Prowlers had their hopes of gaining second place in the Region Eight standings dimmed considerably this past weekend when they dropped a pair of games. On Friday night, playing at Crookston, the Prowlers lost to coach Bob Strand's Pirates, 6 to 3. And on Saturday night, on the Arena ice here, coach Gene Sack's squad dropped a heartbreaker to the Baudette Bears, losing by a 6 to 5 score.

The Prowlers will travel to Warroad this evening, for a game against coach Myron Grafstrom's Warroad Warriors. On Wednesday night, Jan. 23, on the Arena ice, the locals will meet coach Jerry Walford's surprising East Grand Forks Green Wave. And on Saturday night, Jan. 26, coach Rube Gustafson's powerful St. Paul Johnson high school squad will play the Prowlers on the Arena ice.

In Friday night's tilt at Crookston, the Prowlers, on a first-period goal by Tony Poole, held a 1 to 0 lead entering the second period. But in this second period the Pirates, with their fine all-round player Jim Brolsma leading the attack and scoring three goals, erupted for five goals to take a 5 to 1 lead.

The Prowlers, after that sluggish second period, came back to tally twice on goals by Elroy Froiland and Don Mathieu, but they could not overcome that Crookston lead. Brolsma closed out his stellar exhibition by scoring the game's final tally at the 10:22 mark of the period, giving the Pirates their 6 to 3 win.

On Saturday night, in a game played here, the Prowlers twice held a two-goal lead over the Baudette Bears, but coach John Tingstad's club rallied for four goals in the third period to gain their 6 to 5 win.

In the first period, Dennis Sullivan and Elroy Froiland scored to give the Prowlers a 2 to 0 lead. And in this period the locals played an impressive brand of hockey, and it was some adept goal-tending by Roger Koster that kept the Prowlers from gaining a larger lead.

Late in the second period, scoring by Ken Grund at the 9:42 mark and by Dick Thompson at the 11:25 mark, the Bears knotted the game at 2-all.

Sullivan, intercepting a clearing pass at the 1:57 mark of the third and, from ten feet out, beat goalie Koster to give the Prowlers a 3 to 2 lead. And at the 2:58 mark, Don Mathieu slapped a shot into the south net, and the Prowlers had a two-goal lead. But four Baudette goals, with Gary Lyons scoring a pair and John Amundson and Dick Thompson scoring singles, pushed the Bears into a 6 to 4 lead. Tony Poole, at the 7:31 mark, scored the game's final tally to pare the Baudette lead to 6 to 5. The Bears protected that one-goal lead during the final four and a half minutes of play. One of the Baudette goals in this period was somewhat "tainted", that being a rink-length shot by Dick Thompson that goalie Dave Erickson misjudged and deflected the puck into the north goal.

In preliminary games played, the Prowler 'B' squad scored a pair of wins, defeating the Crookston Central 'B' team 10 to 2 at Crookston on Friday night, and defeating the Crookston Cathedral 'B' squad, 5 to 0, on Saturday night.

Getting Into Position

With most of the basketball teams in Region Eight having reached the half-way mark of their 1962-63 schedules, it is becoming apparent that several of the teams are posting records that will give these teams favored positions when tournament time arrives.

Four of the teams, Bemidji in District 29, Hendrum in District 30, Thief River Falls in District 31, and Lake Bronson in District 32, are unbeaten in competition in their respective districts.

And of these four teams only Bemidji was a district winner last season. The Ada Vikings, who were beaten by Hendrum this past week by a 76 to 46 score, was the District 30 champion last year, and the Region Eight champion, too. Coach Irv St. John's Warren Ponies won the District 31 title last season; and the Kennedy Rockets won the championship of District 32 last year. In an important game which was played at Kennedy, coach Jerry Furuseth's Lake Bronson Braves defeated Kennedy, 43 to 33. And the Braves were without the services of one of their better scorers, Frank Larson, who has been sidelined by a back ailment.

The Prowlers, in their four district games, have scored wins of 77 to 60 over Warren, 75 to 47 over Crookston, 65 to 39 over East Grand Forks, and 66 to 43 over Climax. Coach Jack Junker's squad has three conference games remaining, against Crookston, on Feb. 1, East Grand Forks on Feb. 15, and Warren on Feb. 22.

The District 31 tournament will be played on the UND fieldhouse floor at Grand Forks on March 4, 5 and 6. And the Region Eight tournament, with District 29 playing District 30, and District 31 playing District 32, is slated for March 15 and 16, and at Grand Forks. And it could well be that Bemidji, Hendrum, Thief River Falls, and Lake Bronson will be representing their respective districts. That's the way it looks at mid-season.

Honored Again

Named to the 17-man hockey squad that will represent the United States in the World's Amateur hockey tournament at Stockholm, Sweden, in March were seven players from Minnesota. And included in this Minnesota contingent was Jackie Poole, the former Prowler co-captain of the 1956 Minnesota state champions, and an all-state tournament selection at center that year.

Being named to the United States Nationals isn't a new honor for Jack. He was member of the squad last year that played in the world's tournament at Colorado Springs; and he was also a member of the squad two years ago, and played in the world's tournament held in Switzerland.

Jack, according to a telephone conversation he had with his dad Elmer last week, said that he had injured a leg, pulling a ligament, but that he expected to be sidelined for only a couple of weeks.

The team is scheduled to leave New York on Jan. 29, and will visit Brussels, Prague, Moscow, Warsaw, Vienna, Zurich, Munich, Copenhagen, Gottebog and Oslo before going to Stockholm on March 5. The squad will return on March 18.

Still a Flicker

Although the hockey Prowlers dropped a pair of games this past week, losing to Crookston and Baudette, and as a result had their chances of gaining second place in the Region Eight conference standings dimmed plenty. But there is still a flicker of hope that the boys of coach Gene Sack may bounce and become a factor in the race for second place.

And this week's schedule will be, for the Prowlers, the "Moment of truth". On Monday night the Prowlers will meet Warroad at Warroad; and on Wednesday night, in a game which will be worth two points in the standings, the Prowlers will meet the East Grand Forks Green Wave on the Arena rink here. The Prowlers will need victories in both games.

That East Grand Forks club is proving to be quite a surprise in Region Eight competition. On Saturday afternoon, in a game played on the ice sheet in the Winter Sports Building on the UND campus, the Green Wave forced the powerful Roseau Rams into an overtime period before coach Oscar Almquist's Region Eight champions could gain a 2 to 1 win. Larry Skime's goal in the overtime period provided the Rams with their winning margin.

The Roseau team, heavily favored to gain the rating as the Region Eight's number one team, suffered a player loss on Friday when, in a game played at Hallock, veteran defenseman Jerry Swenson fractured an ankle. While the loss of a player of Swenson's caliber will undoubtedly be evident, it is a fact that Roseau is well-supplied with hockey talent and the Rams can absorb such a loss with less hardship than any other team in Region Eight.

Roy Oen to Attend Oil Convention

More than 3,500 petroleum dealers and jobbers are expected to attend the 40th annual Northwest Petroleum association convention in Minneapolis Jan. 22-24 in Radisson Hotel. Roy Oen, owner of Oen's Fuel Service, is a director of the association, and plans to attend.

According to H. F. Horning, executive secretary, the three-day event will be highlighted by talks from merchandising experts, a west coast private brand executive and an official of the American Petroleum Institute.

Crookston Trips Thieves Six 8-5

Coach Bud Salem's Crookston Pirates erupted for five goals in the first period to gain a commanding lead, and then held off the Thieves to win an 8 to 5 decision in Northwest Hockey league encounter played on the Arena ice here Sunday afternoon.

The win, which was the third in league play for the Pirates, boosted Crookston within two points of the league-leading Thieves. The Thieves, with a mark of four wins and three losses, have eight points, while the Pirates, with three wins and two losses, have six points.

The Thieves next league game will be against the Roseau Cloverleafs, who will play here on next Sunday afternoon, Jan. 27.

Leading the Crookston attack in Sunday's tilt here was center Dave Hendrickson and right-wing Tony Schmitz, with each player turning in a three-goal "hat trick" performance. The other two Crookston goals were scored by Jerry Brekken and Larry Brekken.

The Thieves, who were handicapped considerably by the fact that they were skating two lines against the three lines that the Pirates were able to put on the ice, were unable to overcome the first period bulge that Pirates held. Eddie Holmes and Arlan Hjelle tallied Thieves' goals late in the period to pare the Pirates' lead to 5 to 2 at the end of the period.

And when Holmes, who scored three tallies for the Thieves, hit the mesh at the 7:08 mark of the second period, the locals trailed by two goals. But Schmitz and Hendrickson, at the 13:05 and 14:10 mark, boosted the Crookston lead to four goals.

The Thieves, with Mike McMahon and Holmes scoring, picked up two tallies in the third period, while Crookston, on Schmitz' third goal, raised their score to 8 to 5, and a well-earned win.

North Central Leads All Regional Airlines In 1962 Passengers

North Central again led the nation's 13 regional airlines by enplaning 1,123,393 passengers during 1962, the third consecutive year the Minneapolis-St. Paul based airline has exceeded the million mark.

"This sets a new record for the regional airline industry," said Hal N. Carr, North Central president. "The airline carried 1,716,468 ton miles of cargo in 1962 for a 15 per cent gain over the previous year. Mail totaled 591,626 ton miles, an increase of two per cent over 1961."

During 1962 North Central purchased eight more 44-passenger Convair 440's, bringing its fleet to 18 Convairs and 29 DC-3's. "The addition of these Convairs improves North Central's service to the traveling public, increasing its available seat miles by seven per cent," Carr explained.

"Besides carrying a record number of passengers, we continued to maintain one of the best on-time performance operations in the entire airline industry," he added. "Of our 188,838 scheduled arrivals last year, 81 per cent were on time, compared with 77 per cent in 1961."

The airline flew 191,112,756 passenger miles in 1962 and operated 99 per cent of its 15,164,587 scheduled miles last year.

The carrier continued to maintain its perfect safety record. Since starting scheduled service in 1948, North Central has carried nearly 7,500,000 pasengers and flown over 1,210,000,000 passenger miles without fatality or injury to passengers or crew members.

1,220 Areas Open to ARA Projects

Redevelopment Program Extended to New Areas

A total of 1,220 areas across the nation currently are eligible for job-generating projects under the Accelerated Public Works program, it was reported today by William L. Batt, Jr., Administrator of the Area Redevelopment Administration, U. S. Department of Commerce.

This marks a net increase of 151 areas since the Accelerated Public Works program was signed into law by President Kennedy on September 14, 1962. The Area Redevelopment Administration has added 54 areas to its own list of eligible areas on the basis of low income or continuing high joblessness.

ARA areas automatically are eligible for assistance under the Public Works program. The Department of Labor, during the past four months, has added 106 areas because of relatively continuous substantial unemployment, and has removed 19 areas from the list because of improvements in their job picture.

The Accelerated Public Works program is designed to speed up activity on essential local, state, and federal public works projects in order to provide worthwhile employment for the jobless in areas which have not shared equally in the nation's recovery from the 1960-61 recession.

St. Paul Winter Carnival Slated Jan. 25 to Feb. 3

Competition in a number of forms will provide the framework for activities at the St. Paul Winter Carnival to be staged January 25 through February 3. Virtually every sport which depends upon snow and cold weather plus winter time activities which are forced indoors by rugged weather will be part of the program.

Among the events are national outdoor speed skating championships, national majorette tournament, state indoor archery tournament, Winter Carnival ski jumping tournament, world's original ice fishing contest at White Bear Lake, a hockey game, junior ski jumping meet, dog sled racing, curling bonspiel, doubles handball tournament, midget hockey tournament, slalom ski races, Queen of Snows competition among 27 candidates and a duplicate bridge tournament.

Other events of interest will be the Grande Parade at 2 p. m. January 26 and the torchlite parade at 8 p. m. February 2. Both parades will make their way through the city's streets and into the St. Paul auditorium arena where admission will be sold.

SBA Makes Loans of $4,373,000 in 1962 Operation

Management Assistance To Receive Attention for Coming Year's Work

Fargo branch office of the Small Business Administration made loans totaling $4,373,000 during 1962, continuing its pattern of about $1 million annual increase since the first year of operation in 1960, according to Paul Olander, manager of the office.

Programs include excess rainfall disaster loans, limited loan participation, simplified bank loan plan, early maturity plan and plain business loans. The SBA attempts to work closely with banks to assist them in serving the needs of their customers.

"The most encouraging thing in our work in North Dakota and northwestern Minnesota has been the cooperation and assistance of the banks in the area," Olander said. "Under our simplified bank loan plan, the SBA relies very heavily on the bank's credit judgment. This has worked so well that since the program was set up in the fall of 1961, 78 applications have been received and all were approved."

Plans for 1963 by the SBA include more emphasis on management assistance. A series of classes to develop better management methods has been arranged for four North Dakota communities this spring and more are planned in the fall.

"In 1963," Olander said, "we want to do even more in this area to be of service to the banks and businesses that are so important to everyone."

DOUBLE BIRTHDAY CAKES celebrating the 25th anniversary of the March of Dimes organization and the 4th birthday of pretty Valorie Birosh, Minneapolis, 1963 Minnesota March of Dimes poster girl, are held by Jay P. O'Connor, St. Paul, state chairman, and Janice Cox, Princeton, state teenage chairman for the drive. Born on New Year's Day, Valorie is receiving March of Dimes financial assistance to help correct an open spine birth defect. The National Foundation, founded in 1938 by President Franklin Roosevelt, conducts the month-long January drive in the 87 Minnesota counties for funds to help battle birth defects, arthritis and polio, along with other broad-scale research programs.

Physical Fitness to Be Stressed by Guard

The Minnesota National Guard, in cooperation with President Kennedy's national physical fitness program, will conduct a physical exercise program throughout the state beginning February 1, and will require that all guardsmen, from commanding general on down, participate in the exercises.

Major Jacob J. Strouse, Anoka, was appointed by the state adjutant general to develop a sequence of exercises that would be safe to do regardless of a man's present physical condition.

The exercises developed by Major Strouse were recently approved by the adjutant general and senior guard commanders and all Army guard units in the state have been ordered to begin the program during their first February drill period.

Because present drill period time is committed to training schedules, 20 minutes will be added to allow time for preparation and the exercises. The exercises, consisting of push-ups, sit-ups, running in place, front body lifts, leg lifts, squat thrusts, and deep knee bends, will be conducted with rest periods of from 30 to 60 seconds between each exercise.

Monthly progression will adjust the exercises so that the exercise periods will be lengthened and the rest periods shortened. During the first month the total exercise sequence will last eight and one half minutes. This time will increase each month until the fourth month, when it reaches a stable time of 11 minutes.

In connection with the exercises, a program of testing the guardsman's progress was developed by Major Strouse. Tests will be made based on pulse rate. The first test will be made at intervals of three months and then, every six months.

Guardsmen will be required to repeat the exercises at their homes three times a week and encouraged to exercise each day. It is hoped that by participating in the program as recommended, guardsmen will enjoy better health and longer life and be more capable of performing their mission during any emergency.

Doctors Cite Facts on Sleep and Dreams

Did you ever wonder what sleep is, why we need it, or what dreams are? Of course you have. These are questions we have all asked ourselves at one time or another.

Of the first two questions, however, the Minnesota State Medical association says little is known. Somewhere in our brain each day there is produced by some strange mechanism, consciousness. We become aware of things arond us, we become conscious of the fact that we are alive. How consciousness is produced is unknown, but whatever it is, it's not produced when we are asleep.

Before we get to sleep, the Association says we enter a sort of "fantasy" land. For a few moments we are removed from reality and our secret fondest wishes come true. This is because our higher brain centers, which are concerned with everyday practicalities, have stopped functioning. Lower, more emotional centers are then restricted, and they can carry us anywhere we want to go, make us anyone we want to be. This is perhaps why so many people like to sleep. It gives them an escape from reality.

These fantasies go on periodically all night long. They are called dreams. Previously, says the Association, it was thought that dreams lasted only an instant, but now it is believed that they last anywhere from a few minutes to an hour. Between dreams are deeper periods of sleep, when these lower centers are inactive.

Our night starts out by dismissing reality from our minds and entering into a fantasy or dream. Then dreams are alternated with periods of deep sleep. During the morning, says the Association, dreams get longer and somewhat more realistic, until finally it takes only a very slight outside stimulus to return us to reality.

The old notion that we must blot out everything from our minds before going to sleep is untrue, says the association. In fact, it's not only untrue, but impossible. The best way to go to sleep, they say, is to put aside reality for a time and send our mind off on a fantasy. Eventually our fantasy will be a dream and we will be off on *another night's journey into sleep.*

Young GOP's Get Reduced Rate for $100 Judd Dinner

Several thousand young Minnesota Republicans will participate in their party's annual $100 dinner honoring Dr. Walter H. Judd January 26 but at a price well within their budgets. A special section of the auditori willbmuesedvrr e e the auditorium will be reserved for the young people at $1.00 per person admission.

General Chairman, John S. Pillsbury, Jr. in announcing the plan said, "The special invitation to our Young Republican associates recognizes the many enthusiastic contributions of time, talent and energy which they regularly make to the cause of sound government and emphasizes the importance of these young GOP stalwarts in advancing the future welfare and prosperity of Minnesota".

"Wise men learn by others' harms, fools scarcely by their own.—Pride is as loud a begger as want, and a great deal more saucy—If you would know the value of money go and try to borrow some, for he that goes a borrowing goes a sorrowing—'Tis easier to suppress the first desire than to satisfy all that follow it."

—Benjamin Franklin

First Things First

The Chicago Tribune objects to the proposal of Defense Secretary Robert S. McNamara's recommendation to downgrade the Reserve Officers Training Corps. According to the Tribune he would "drastically revise and cut back the senior R.O.T.C. in colleges and universities and completely abandon the junior R.O.T.C. in the nation's high schools."

The R.O.T.C., along with our National Guard, and the Reserves, provide the training for our civilian army which is a very vital part of our national defense organization. We must have a professional military organization that can be rapidly expanded for emergency needs. Such a rapid expansion would not be possible without the trained personnel and the organized units that are prepared for emergency action.

This nucleus of our civilian army should be maintained even if it means the postponement of our landing a man on the Moon for several weeks.

Schools and the Public Purse

Most of us have learned the hard way that there is no easy way to pay a debt. The interest dollars, and the dollars that are paid to reduce the principal, require a sacrifice. The person who pays a debt must give up something else that those dollars could be buying. Debt should not be incurred except for necessities. Public debt can be just as burdensome as private debt.

Interest at one per cent on a million dollars costs $10,000. At five per cent the cost would be $50,000. If the debt were a million and a half, the interest cost at five per cent would be $75,000. And if the principal were reduced in twenty equal annual installments the annual payment would be $75,000 plus the interest.

Our present school district debt is $1,235,000 and debt service this year, including principal and interest, will cost us $127,268.56. Most of our present debt is the $1,200,000 bond issue authorized by the voters to provide for "all of the forseeable needs of the district" a few years ago. Since that time there has been a substantial gain in enrollment only in the vocational school.

The building program that has been submitted to the voters twice and, it seems likely, will be submitted again, is unrealistic and extravagant. It is not fair to say that the people who have opposed this program are against education. We are sure that, with few exceptions, they want the best system of education we can afford, and we can afford what is necessary. We cannot afford to be wasteful even in a cause which we recognize in general as being good.

The actual building needs of the district are not great, and can be provided at comparatively little cost. We are sure that a realistic program, that would provide adequately for our needs, would have the overwhelming support of the people of our community.

Incidentally, ours is not the only community in which school bond issues have been opposed. In several communities, as here, building proposals have been rejected several times. Among other places, this happened at Montevideo, a city of about our size in central Minnesota, which prompted the editor of the News to come up with the following interesting observations:

"There have been a number of reasons advanced why voters of the school district have repeatedly turned down proposals for more high school facilities. The reasons are varied some on target, others irrelevant. We have pondered on the matter and talked with those who were for a bond issue and with those who were against. Can't say that we discovered anything other than that the anti's are determined, are in the majority, and are not convinced of the urgent need.

"In our purely speculative opinion, the school district members have lost confidence in the educational authority. Education, once a majic word that opened up purses, has lost a lot of its power. It makes one wonder if the voters are not unconsciously dissatisfied with what's being turned out of our high schools. Much of the criticism is without valid foundation, but there is enough well-founded criticism to cause a person to wonder.

"Perhaps the school critics are indirectly panning the educational program and philosophy. Perhaps we should be doing some revising there.

"No matter how good an educational program is at hand, adequate housing and allied educational facilities are obviously a local must. To get them the people must be convinced of the need. They have to see results and to understand. They have become wary of the State Department's suggestions and demands. Frills are associated with the department and not sound, effective educational practices and programming.

"The local school board and superintendent face the task of dispelling a harmful image and of restoring confidence. This they must do, in our opinion, if they hope to get the green light."

The Montevideo News editor is very much right in saying that, "education, once a magic word that opened up purses, has lost a lot of its power." It has lost that power, not because the interest of the people in education has diminished, but rather because their confidence in run-of-the-mill educators at all levels has been shaken.

Why Retreat?

Minnesota's laws which prohibit the sale of colored oleo and impose a special tax on uncolored oleo, would be repealed if bills now introduced in the legislature were adopted. The present laws have little popular support except among those who have a personal or sympathetic interest in the state's dairy industry.

We have such an interest, both real and sympathetic, because some of the dollars in our take-home pay come to us through the earnings of our area's important dairy industry. That is our real interest. Our sympathetic interest is based on our respect for the rights of those who produce an exceptionally good product, who must defend themselves in the market from an imitator who strives in every way to make the imitation *look like the product that is genuine.*

For these reasons we like the following editorial conclusions of Hoard's Dairyman, a weekly magazine that still believes the dairy industry should do a better job in managing its own affairs. Says Hoard's Dairyman:

"Wisconsin and Minnesota are the only two states which still prohibit the sale of colored oleo. In addition, Wisconsin levies a tax of 15 cents per pound and Minnesota 10 cents per pound on uncolored oleo.

"Each year many proposals are made to wipe out the bans and the taxes. Even some farm and dairy organizations are committed to throwing in the towel in the long standing battle against fraud and imitation.

"For the life of us, we cannot justify a weak-kneed, bow-and-retreat position on this issue. Admittedly, it is difficult to defend the tax on the uncolored product; at least, it is parading in its own clothes and under its own identity. But a ban on the yellow product, in our opinion, is morally and legally justified. The mistakes of other states in no way support their extension to Minnesota and Wisconsin.

"Our files are filled with the history of fraud, deception, subterfuge, and stealth which has characterized the oleo industry from its inception. It has lacked pride, ethics, and character from its very beginning.

"If a cause is right, then why fail to fight for it? It's time some of our farm and dairy groups got off their backs and on their feet."

A Formula of Folly

President Kennedy's tax revision proposals have universal appeal. Honest-to-goodness tax reduction would be wonderful, and the present hodge-podge tax structure certainly needs an overhauling. And wouldn't it be wonderful if his new formula would work and we actually could spend ourselves rich?

But there always is that same old "if" that always keeps bobbing up to discourage us from believing in the improbable. If we can spend ourselves rich now, if deficit financing is the answer to our problem of how to do a little better than merely making both ends meet, then why hasn't this pleasant plan worked successfully before. Certanily, thruout the ages, it has been tried again and again.

A couple of weeks ago our government shipped another boatload of dollars down to Brazil to help the good people of that country to restore their economy. Why didn't our government reveal to them our new secret of how to get rich? All Brazil needs, presumably, is a cut in taxes, an increase in expenditures and much bigger deficits. The little defiicts are no good.

Well, we didn't reveal our new secret to Brazil because the formula that President Kennedy is now prescribing for us is the formula that has failed not only in Brazil but thruout So. America and thruout the world. It is the formula of folly that most nations, and many of us as individuals, have had to learn the hard way. Lower taxes and increased spending will not help us make both ends meet.

But it is a pleasant dream.

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Approval for the $339,800 Zippel Watershed Project in Lake of the Woods County was announced recently by State Conservationist Herbert A. Flueck of the U. S. Soil Conservation Service. Local interests will provide $309,000 of the costs, including land, easements, rights-of-way and maintenance of the completed project. Designed to provide watershed and flood protection for 51,964 acres and to improve 16 miles of channel, the project will return $2.20 in direct benefits for every dollar spent.

Water level can be raised or lowered four feet in a 20-acre slough on the Alfred Stenzel farm in Carver County. Stenzel installed a water control structure with corrugated metal drain and wood stop logs on the slough. It is the first of its kind in the state. Stenzel will use waterfowl management area for wild ducks and geese. More information on the structure can be obtained from Dale Smith, county agricultural agent, Waconia Minnesota.

"Contour strips I laid out during the past four years have checked all my serious erosion and nearly doubled my crop yields." That's what Arleigh Zemke told judges just before he was named outstanding conservationist of the year in the Goodhue County SWCD. He has a dairy and hog enterprise on his farm. His 120 acres of cropland all are laid out in contour strips. He has built a waterway and gully control structure, renovated a pasture and set aside an odd area for wildlife.

Land forming in the Red River Valley is more a water spreading device than a surface drainage practice, according to USDA Agricultural Research Service reports. Soil moisture is more uniform on land formed plots so it is easier to operate farm machinery. Seeding is possible earlier in the spring and tilling can be done sooner after it rains. Land forming increased yields, too, both by increasing yields in former depressed areas of the fields and by permitting more timely farming on the remainder of the fields.

THE ANDERSEN LETTER

from Gov. Elmer L. Andersen

Two Important Reports.

Last week most of the legislative activity surrounded organization matters, appointment of committees, and other preliminary matters. Two very important reports were announced and released of great significance to the state.

One was a report of the Governor's Advisory Committee on Tax Reform which I had appointed in early 1961. The members of this group were selected for their knowledge of taxation rather than as being supporters of any particular solution to certain problems. They took an overview of our whole tax structure, its organization, administration, as well as looking at various types of revenue measures. The net result is a splendid document that in a clear concise way reviews the situation and brings much good information to every legislator. The Chairman was Dean Paul Grambsch of the School of Business Administration at the University and he like all of the rest simply wanted to face the facts as objectively and as effectively as they could and make suggestions based on those facts.

For those people who like things black and white, and want yes or no answers to important problems, the report will not be completely satisfying. Many of these matters are too complex to discuss in such simple terms. But if anyone will read the report they will have a much better understanding of Minnesota's tax situation and the kind of decisions that should be made if reforms are to take place.

They stress the very heavy burden that Minnesota taxpayers pay on real property. They singled out farmers as carrying a particularly heavy property tax burden. One of their key recommendations is to eliminate the state property tax levy, at least that portion of which is placed on property to finance building programs. They also felt the whole property tax system should be revamped to provide fairer and more professional assessing, reducing the number of property classifications, and the appointment of assessors rather than their election.

The committee also felt that the $10 minimum income tax payment was unfair and ought to be repealed. Under this, any person filing an income tax whose tax figures out to be less than $10 must pay a minimum of $10.

They certainly recognize the burden that the personal property tax is on manufacturers' inventories, on farmers' machinery and equipment, and on wholesale and retail trade. They feel that any reform that could be made in this area would be a great help.

They also brought out that if there should be any need for substantially increased state revenue that it could hardly be placed on income or property as Minnesota was already very high in tax in these areas. They made pretty plain they felt there was no alternative to a sales tax if there were to be any substantial increase in new revenue required to finance state government or if some of the recommended reforms were to be achieved.

Copies of the document are available from the Document Section, Department of Administration, State Capitol, St. Paul.

The second very important report is that recommending an expenditure in the next ten years of $55 million to develop Minnesota's natural resources for a broad outdoor recreational program for our citizens and to handle the tourist trade.

This would be launched in this biennium with a $10 million expenditure to acquire park land, Minnesota hardwood forest land, wetlands, lake public access, picnic ground area, and then develop much of this, and that we already have.

This is based on the report of the Natural Resources Council *earlier released. I can tell you* that the first biennium of this bond issue program, which I believe could be an enormous step forward in our state's development, can be financed without additional taxation.

In fact as previously reported and I think it should be emphasized, the complete budget program that I am recommending to the legislature including this substantial natural resource development program will be financed from present taxes without increases of any kind and no new taxes.

Any new tax consideration should only be in the area of tax reform. Obviously, if we're going to remove or reduce taxes we now have, we'll need new ones to replace them. But the budget that I am submitting to the legislature is based on living within our present income but yet forwarding important programs in a very substantial way.

QUESTIONS Answered for VETERANS

Additional information or assistance on veterans' benefits may be obtained by visiting or writing the VA Contact Office at the Fargo VA Center, Fargo, North Dakota.

Q—Who is entitled to Veterans Administration guardianship service?

A—The VA provides guardianship service for minor children of deceased veterans, for incompetent veterans, and for certain other veterans' dependents who are not capable of managing their own affairs. During fiscal year 1962, more than 510,000 persons received this guardianship service. Their combined estates amounted to more than $757 million.

Q—Are World War II veterans able to apply for insurance from the Veterans Administration?

A—No. Bills introduced to permit World War II veterans to apply for NSLI insurance for a period of one year did not pass the 87th Congress.

Q—Is it true that a married girl can qualify under the War Orphans Education program if otherwise eligible?

A—Yes. Marriage is not a barrier. Educational rights are open to all children of a deceased war or peacetime veteran whose death resulted from service connected causes. They generally must be between the ages of 18 to 23 but there are occasional exceptions. They may be single or married.

Q—I have moved and left a forwarding address with the local post office. Will my GI insurance dividend due in January be forwarded?

A—Yes. Postal regulations now permit the forwarding of your dividend check.

Q—I understand a new law provides for GI Bill education and training for peacetime veterans. What should I do to find out if I am eligible to take advantage of this?

A—If you have a service-connected disability, you should register as soon as possible with your nearest Veterans Administration office for an appointment with a VA counselor. This is the required first step.

Q—*I am a Korean Conflict veteran. How much longer do I have to apply for a GI home loan?*

A—The minimum deadline for Korean Conflict veterans is January 31, 1965, and the maximum deadline is January 31, 1975. For all dates between, the deadline is governed by the individual veteran's length of active service.

MAVIE . . .

Mr. and Mrs. A. B. Weigel, Gene and Donovan were Sunday afternoon visitors at the Thad Szymanski home.

The Mavie 4-H club met Wednesday, Jan. 9 at Grandplain Town-hall. For complete program details, see the "4-H Club News" column elsewhere in the Times. The next meeting will be Feb. 13 and will feature the home agent, Miss Laura Duerst, speaking on judging.

Mr. and Mrs. Marv Mathieson and family were Monday evening visitors at the Thad Szymanskis.

Mrs. Harvey Troska and children and Mr. and Mrs. Kasmir Troska and Carl of Stephen helped Sullivan Troska celebrate his birthday Sunday.

Mr. and Mrs. Billy Wayne and John were Friday evening visitors at the Albert Johnson home.

Mr. and Mrs. Melvin Wilkens of Grygla were Monday dinner guests at the home of Mr. and Mrs. Billy Wayne.

Thursday supper guests at the Lowell Hanson home were Mr. and Mrs. Kermit Maldment and family, E. H. Pomeranke, Hulda Stock, and Reuben Stock of Arizona.

Toasts 'n Tidings by Your Minnesota Hostess

Famed French scientist Louis Pasteur was once toasted by brewers for his "Etudes Sur La Biere," in which he explained how to control yeast in beer-making. Pasteurization (the process which bears his name) also made canning and bottling of beer possible. That great man would be pleased to know a simple derivative of brewers' yeast has now been found to combat "staph" bacteria. And, of course, brewers' yeast is added to the diets of many of America's healthiest farm animals.

Century of Toasts and Taxes

The year just past marked the 100th anniversary of the United States Brewers Association . . . founded November, 1862, as a result of the first federal tax on beer. (A dollar per barrel, to help defray Civil War Costs.) Today the Association estimates total state and federal tax at about $12 per barrel of beer. In 1962, this added up to some $275,000,000 in state taxes and over $180,000,000 in federal taxes — more than one billion dollars!

Beer and Honey Ribs
6 lbs. young spareribs; cut in individual pieces
2 tsp. salt
½ tsp. fresh-ground pepper
1½ tsp. dry mustard
2 tsp. powdered ginger
1 clove garlic, minced
2 cups beer
1 cup honey
1 cup beef broth
2 tbsp. cider vinegar
½ cup orange marmalade

Combine in large bowl all ingredients except meat. Marinate ribs in this mixture at least 4 hours, turning frequently. Then drain ribs, reserving marinade. Place ribs on rack in shallow roasting pan; roast 15 minutes at 400 degrees. Now pour off fat, remove rack, and pour marinade over ribs. Reduce heat to 350. Roast at least 45 minutes longer, (till tender), basting often. Serves 6 amply. Send your name and address to Minnesota Hostess, 353 WCCO Bldg., Minneapolis, Minn.; I'll send my "Favorite Recipes" free.

HAPPY HOMEMAKING

by Laura Duerst

PENNINGTON COUNTY HOME AGENT

Floors and floor coverings last longer and look better if they are cared for properly. Ground-in grit and grime wear away, scratch and roughen the surface of floors, making them increasingly harder to keep looking good.

Floor care falls into three types:

1. Daily cleaning after meals or work sessions, picking up litter or soil on floors before it is tracked into other areas;
2. Weekly or bi-weekly aids in preventing the surface from becoming damaged; and
3. Periodic thorough cleaning.

How well the first two are done will determine how often the thorough cleaning will be necessary.

About Floor Waxes

A smooth floor is easy to maintain and floor wax is used to keep it smooth, make it more attractive and protect the surface. Polishing waxes are available in liquid or paste form. They must be polished to bring out the luster. They should be used on wood floors and cork tile. They can be used on all other floors except asphalt and rubber.

Self-polishing waxes can be used on any floor except wood or cork. Asphalt and rubber must be waxed with this type.

Protective Measures

To prevent dents from damaging your floors, use furniture cups under the legs or large casters on pieces that must be moved often and replace metal glides with flat nylon ones. If glides are causing black marks on your floors, replace them with flat nylon glides.

GOODRIDGE . . .

The Little River Farmers Union Local Action Officers met at the Lloyd Wiseth home Tuesday evening, Jan. 8. Plans were made for the Budget fund. It was decided to have an old time dance on February 16. A dance committee was appointed; Kenneth Wiseth, LeRoy Johnson and Palmer Paulson.

The Farmers Union monthly meeting will be held Jan. 18, at the Goodridge school. Slides of Norway will be shown by Lowell Vraa. Lunch will be served by Mrs. Erling Lundeen and Mrs. Kenneth Iseth.

# of Rhyme & Reason

BY [illegible]

ONE HOT TOPIC OF DISCUSSION the past week has been the cold weather. There isn't much question about whether some of the past mornings have been a little bit chilly or not; Compared to the frigid misfortunes some other areas have experienced during the past week, however, Minnesotans in this area of the state really don't have much grounds for legitimate complaint.

Certainly it couldn't be as bad as the winter of the blue snow from the Paul Bunyan era. History relates that winter was so cold that the words froze as they left the mouths of the lumberjacks and were stacked up to be thawed out in the spring. I think that was probably the same year the snow was so deep that a half moon had to tilt on edge to get over the horizon. This year, however, one thoroughly chilled walker-to-work commented that it was "so cold last night that deFahrenheit deCentigraded."

What made last week's cold bearable, however, was the almost complete absence of wind on the coldest days. Wind has a bearing on the "chill factor" which cold provides. In his "Moss I Gather" column in the Winnipeg Tribune, Victor V. Murray notes that he called the weather bureau to find out how the wind chill factor is figured. A weather-lady explained the simple formula as follows:

"First you get ten-point-nine times the square root of 'V'—which is the windspeed in meters per second—plus nine-point zero minus 'V' multiplied by thirty-three minus 'T'—which is the air temperature in degrees centrigrade: That gives you 'H' which is the cooling factor in kilogram calories per square meter per hour." To which Murray commented, "Thanks, that's mighty handy to know."

During Wisconsin's cold spell, one resident of that state was peeved when his car failed to start one chilly morning. He called a tow truck and was given a lengthy push around the city to no avail. A check under the hood revealed that the battery was missing. Thieves? No, the man had taken the battery in the house the night before so he wouldn't be delayed in starting his car the next morning.

This excerpt is taken from a speech by Dr. T. H. Fenske of the University of Minnesota institute of agriculture: "A young boy a generation ago worked on a farm. After the milking was done, his mother strained the milk and set it in a pan for the cream to rise. Then the boy went out and sold it for five or six cents a quart. The price was a private matter. Regulation was unknown.

"Now the boy has grown to manhood and there is a different story. The Department of Agriculture is mobilized; the stable is sterilized; the cows are immunized; the milk is homogenized; the butter is subsidized; the dairymen are organized; the milkmen are unionized; the voters are anaesthetized; and the public is victimized."

Tonight the Thief River Falls board of education is meeting with bonding consultants in regard to a method of financing a bond issue for construction of new school facilities. This meeting, as is the case in all school board meetings, is open to the public. It will be an opportunity to learn more about the forthcoming bond election, and an informed public is a necessity in making the right decision when election day arrives.

Mrs. Eric Derocher would like help from some of the community's "bird brains" to find out what kind of feathered friend has been recently feasting on table scraps at her yard. She described the birds as almost black in color with a cream-colored fleck, full breast similar to a robin, long needle-type beak and short, stubby tail. If you can help her out, call MU 1-1163. To this writer the description fits a hybrid cross between a hummingbird and bald eagle, but this explanation is highly improbable.

Here is your DAKOTA MAID

32% Pig Builder — 40% P & H

How do you like to have odds in your favor? It costs about 6/10's of a cent per pound of ration for Dakota Maid Pig Builder to supplement a sow's feed from flushing to farrowing. It is a pretty good bet that you will come up with at least one extra live pig per litter, and the rest of them will be healthier and stronger, because of using a good supplement to balance the sow ration.

Dakota Maid Pig Builder is designed to provide the high quality protein, the ample quantities of Vitamins, minerals, antibiotics and trace elements to do just that.

Now that the nutrition is taken care of, it's up to you to carry on, by careful handling of the sow, good building of farrowing crate and plenty of water.

It is recommended that you provide thoroughly disinfected pens, give the little pigs iron shots within 10 days, and consult your veterinarian for information on disease prevention and control.

When feeding home-ground feeds keep Dakota Maid Pig Builder in the ration until the pigs reach 100 lbs. in weight and then switch to Dakota Maid 40% Pig and Hog Supplement from 100 lbs. to market.

Feed Grain Program for 1963 Explained

Major provisions of the 1963 feed grain program have been spelled out by the U. S. Department of Agriculture.

Participants become eligible for three kinds of benefits — diversion payments, payments-in-kind, and price support loans and purchase agreements. The payment-in-kind is a new feature of the 1963 program.

Participation involves diversion from a feed grain base acreage. But to decide whether to take part, you need a good understanding of each provision. Here is a brief look at the major ones:

Amount of Diversion: Growers of corn, barley and grain sorghum *may participate by reducing their* farm base acreages of these crops a minimum of 20 per cent. Or they may reduce it up to 40 per cent, or 25 acres, whichever is greater. The diverted acres may be any combination of these crops to the extent that they are included in the base.

Diversion Payment: Payments for the 20 per cent minimum diversion will be based on 20 per cent of county support rates on the normal production of diverted acres. On diversion above the 20 per cent minimum, and up to 40 per cent, or 25 acres — whichever is larger — payment is at 50 per cent of the county support rate. On farms with a base of 25 acres or less, the entire base may be diverted — and the payment will be figured at the 50 per cent rate.

Payment-in-kind: Rates are 18 cents per bushel for corn, 29 cents per hundredweight for grain sorghum and 14 cents per bushel for barley. These rates apply to the normal production of acreages of feed grain grown in 1963 and apply to all participating farms. This payment is made even though the grain is fed on the farm.

Price Support Loans and Purchase Agreements: Price support loans and purchase agreements are based on national averages. The rates for the eligible grains are as follows: Corn, $1.07 per bushel; grain sorghum, $1.71 per hundred; barley, 82 cents per bushel; oats, 65 cents per bushel, and rye, $1.07 per bushel.

Although oats and rye are not included in the 1963 feed grain program, they still qualify for price support loans.

Use of Diverted Acreage: Diverted acres are to be put to conserving use. However, certain exceptions have been made for those wishing to plant diverted acres to sesame, guar, safflower, sunflower and castor beans. But diversion payments will be less.

Here are some other highlights of the 1963 law.

Base acreages of corn, grain sorghum and barley (1959-60 average acreage, as adjusted) will be combined into one feed grain base for each farm.

A farmer who participates in the program may put all of his 1963-crop corn, grain sorghum and barley under price support loans—1961 and 1962 programs limited price support loans to normal production of harvested acreages.

Payment-in-kind certificates may be redeemed from Commodity Credit Corporation stocks. Or, farmers may choose cash and have CCC assist them in marketing grain covered by the certificates.

Participants can take home a portion of their payment when they sign up to participate in the program.

Veterans Warned to Return Income Questionnaires

Many to Lose Benefit Payments Unless Reports Are Filed by January 31

Veterans and dependents on the Veterans Administration nonservice-connected pension rolls and parents of deceased veterans receiving dependency and indemnity compensation who do not return their income questionnaires by January 31 will not receive any more checks and may even have to pay back the money received in 1962.

John R. Parrish, director of the Fargo Veterans Administration center, issued this warning although the questionnaires were mailed a month earlier than usual this year. The income information forms were sent out by the VA with the November 30 checks but the return dealine remains January 31.

Parrish pointed out that the questionnaire carries a printed warning which reads: "Important. Failure to return this card before January 31, 1963, will result in discontinuance of payment. You would also be required to pay back all pension you received last year."

Since these benefits are paid only to those veterans, their widows, dependent parents or minor children whose incomes are below certain limits, the VA is required by law to receive an income report each year to support the payments.

Parrish asked that all blanks on the card be filled in wherever applicable and that the card be signed before it is sent back to the Veterans Administration.

Radio Free Europe Fund Drive Opens

Seeks to Raise $140,000 from Minnesota Donors

The 1963 Minnesota Radio Free Europe Fund campaign is under way with this year's goal set at $140,000 Arnulf Ueland, Minnesota RFE chairman, said today. National goal is $11,000,000.

Ueland emphasized Radio Free Europe's dependence on support from individuals, corporations organizations and foundations.

"Because Radio Free Europe is a privately owned radio station, supported entirely by private contributions, its existence depends on funds contributed by the American people," Ueland said.

Radio Free Europe broadcasts regularly to the 80 million captive people in Czechoslovakia, Poland, Hungary, Bulgaria and Romania and is one of the free world's best instruments for "getting the truth across" to the people behind the Iron Curtain, Ueland said.

Persons not contacted by individuals or groups participating in the fund drive may mail contributions to the postmaster in their communities, Ueland said.

Factory Workers Buying Power up 38 Pct. Since '49

Employment Security Department Says Wages Rose Faster Than Costs

In spite of inflating costs of living, the average Minnesota factory worker has realized a 38 per cent real gain in purchasing power since 1949, it was revealed in a study released this week by Frank T. Starkey, commissioner of employment security for Minnesota. The study was based on income and taxes of the average factory worker with three dependents.

In Minnesota, the average weekly earnings of manufacturing production workers was almost $105 per week in December 1962, as noted on the table. By subtracting federal income and social security taxes from the gross earnings we arrived at the estimates of take-home pay, said Starkey.

The weekly take-home pay of the typical factor worker with a wife and two children was $92.53 in December 1962, compared to $90.95 a year earlier. The average for the years 1947 through 1949 was $50.85 per week.

Then, to compare earnings over the past 13 years in terms of actual purchasing power, said Starkey, we have deflated the take-home pay estimates by the change in the cost of living, as measured by the Minneapolis Consumer Price Index (1947-49 equal 100). In the base period 1947-49, purchasing power was held equivalent to take-home pay at $50.85 per week. However, over the past 13 years, due to higher living costs, purchasing power has risen but 38.3 per cent while take-home pay rose by 82 per cent.

So, in terms of 1947-49 dollars, the purchasing power of the average paycheck was $70.32 in December 1962. On the average, purchasing power has climbed approximately three per cent a year.

Year-end Nonfarm Jobholders Stood at Peak in State

State Employment Office Reports 990,600 Workers, 19,400 More Than Dec. '61

Minnesota's nonfarm employment in December reached 990,600, a record for the month, according to employment security Commissioner Frank T. Starkey. Although the figure dropped 4,600 from the November level, the toal was 19,400 more than were employed in December, 1961.

Industries most involved in the decline between November and December were construction (—8,000), transportation (—1,000), food and kindred products (—1,000), mining and quarrying (—1,300), government (—500), and other durable goods (—500). Partially offsetting these losses was the seasonal gain of 8,500 workers in trade which resulted from the holiday business upsurge, Starkey said.

The above noted losses were seasonal in nature and about normal for this time of year. He pointed out, however, that the mining industry laid off approximately 2,000 additional workers, in late December, (after the employment count was made).

Compared to a year ago, December figures showed increases in manufacturing (5,200), construction (1,200), trade (3,300), services (4,000) and government (5,700).

Production workers in Minnesota's manufacturing industries earned an average of $104.96 per week in December. This represented a gain of $.72 from the previous month and $1.92 from a year ago.

The rate of unemployment in December was 5.5 per cent compared to 4.2 per cent in November and 6.3 per cent in December, 1961.

Etzell To Speak at YRL Meeting In Walker Feb. 2

George Etzell, Minnesota Republican national committeeman, will be keynote speaker at the annual convention of the Seventh District Young Republican League to be held February 2 at 2 p. m. in the Walker armory, Peter Hengel is district YRL chairman.

"Is There Room for Youth?" will be the topic of the address in which Etzell will analyze the opportunity that young people have in Republican party work and their role in winning elections.

Speaking program of the convention is open to the public but a charge of $2.50 is being made to help cover the cost of the convention arrangements, Hengel said. The speech will take place at the 2 p. m. session with the public to be seated as space is available after delegates and alternates to the convention are seated. James Nelson is convention chairman.

Farm Youth Feted at Winter Shows Feb. 16

The seven-day midwinter Farm Show and Northwest School Farmers' Week, Crookston, kicks off on Saturday, February 16, with a gala day for farm youth.

Over 500 4-H and F. F. A. farm boys and girls will be in attendance, according to V. F. Hodgson, executive director of the Red River Valley Winter Shows.

The gates for the 1963 show will officially open at 7:30 a. m. on February 16 with a ribbon-cutting ceremony by King Agassiz III and Princess Kay of the Milky Way. Immediately following, 4-H and F. F. A. boys, young farmer, and sub-collegiate students will judge all classes of livestock in the Winter Shows Arena.

According to O. C. Soine of the *Northwest School, the Future Farmers* crop judging teams will begin promptly at 8 a. m. with their crops judging work in the Hill building at the Northwest School. B. C. Beresford of the Northwest Experiment Station and Orrin C. Turnquist of the Department of Horticulture, University of Minnesota, St. Paul, will conduct the potato judging and identification contest for 4-H, F. F. A., and sub-collegiate students. This contest will begin at 1:30 p. m. in the Hill building, Northwest School.

Also on Saturday, the F. F. A. and 4-H public speaking contestants will gather at the Northwest School and vie for honors in the public speaking activity. Young livestock breeders who are in the early stages of developing foundation animals for livestock flocks and herds will enter into Futurity p. m., when their animals will be judged in the livestock arena of the Winter Shows building.

Farm Youth Day was especially set up in cooperation with the superintendents of schools from Northwestern Minnesota who expressed the hope that some of the Winter Shows activities could take place on Saturday which would help the school attendance problems.

Farm Youth day will wind up with a top-level Farm Youth banquet to be held at the dining hall of the Northwest School. E. C. Frederick and Conrad Kvamme are in charge. The governor of the State (whoever wins the election) will be the speaker for the banquet. Top-level entertainment will be at hand- also, the many awards as a result of the judging contests and speaking contests — will be presented.

Hospital Addition Job Awarded to Witcher

Contract Was Let Wednesday to Low Bidder at $628,280

Bids were opened Wednesday afternoon for the addition to Northwestern Hospital and Dean L. Witcher, Inc., of Minneapolis, was the low bidder for the general contract with an offer of $628,280. This general contract included plumbing and electrical installations and millwork, which will be sub-let, and also an addition to the power plant which will enlarge the boiler room, provide one additional boiler and an emergency diesel power generator.

Nine bidders participated in the letting, the second lowest bid being offered by Kileen, Reijo, Schanen, of Superior, Wisconsin, at $655,797. Seven of the bids were close, the top one of the low seven being $687,245. Otto J. Eickhof and Sons of Crookston were third low with an offer of $650,077.

Total cost of the expansion program, including equipment, architect fees and an allowance for contingencies is estimated at $819,000, of which one-half will be a local obligation, the other half being made available by Hill-Burton funds and contributions from the federal accelerated public works program.

The Witcher bid was accepted at a special meeting of the board of trustees of the hospital Wednesday night and the contract has been forwarded to Washington for approval. Representing the state and federal authorities at the letting were Charles J. Russell, chief of the section of engineering technical services, division of hospital service, of the Minnesota department of health, and Raymond T. Burrows, public health engineer of the state department of health, division of hospital services. The firm of architects, Bettenburg, Townsend, Stolte and Comb was represented by Gordon M. Comb.

Thirty-six additional beds will be provided for in the new convalescent and nursing care addition to th ehospital, along with improved facilities for physical therapy, making possible a well equipped and expanded health service. The program has already been approved by state and federal health authorities and approval of the building program is expected within a week.

Actual construction will be started as soon as weather conditions permit and in the meantime materials that will be needed will be on order and in the process of manufacture.

Rotarians View Magazine Film

Members of the Thief River Falls Rotary club viewed a filmstrip on the Rotarian magazine at the regular meeting Monday noon at the Elks club rooms. M. C. Gulbranson, program chairman, introduced the program and was assisted in its presentation by Richard Edlund and George Stockman.

Hospital Board Elects Lawrence Bjorkman as Head

Lawrence Bjorkman, veteran member of the board of trustees of Northwestern Hospital who has served as vice president, was elected president to succeed the late James Winjum at the regular meeting of the board Monday night. He will serve the unexpired term of Mr. Winjum.

The board appropriated $300 to the Thief River Falls Foundation for the James Winjum memorial fund to be made available as student loans in the field of hospital service. Similar grants had been made honoring former presidents Paul A. Lundgren and Frank A. Rinkel.

Jaycees Attend Region 2 Meeting

Six members of the Thief River Falls Junior Chamber of Commerce attended the Region 2 meeting held Tuesday evening in Park Rapids. Donald Anderson, president of the Minnesota Jaycees, was guest speaker at the event.

Detroit Lakes was selected as the site of the next regional meeting to be held prior to April 15. Eighty-three Jaycees were in attendance at the meeting from Crookston, Thief River Falls, East Grand Forks, Ada, Moorhead, Detroit Lakes, Park Rapids, Walker and Bemidji.

Attending from Thief River Falls were Warren McIntosh, president; Marvin Lundin, first vice president; William Ness, director; Maynard Troland, Barry Thompson and Lloyd Mattson.

President Anderson based his address on his experiences while attending the Jaycee International meeting in Hong Kong. "To be born free is an accident," he said, "to live free is a privilege and to die free is a responsibility." He cited the problems of taking a stand for free enterprise in many countries where communism has made deep inroads into the way of life.

Will Offer Adult Home Ec. Course At Newfolden H.S.

Choice of 3 Subjects Offered Homemakers by Home Economics Teacher

Mrs. Jan Breiland, hom economics instructor for the Newfolden community school, is planning a course in some phase of homemaking for ladies and out-of-school girls of the Newfolden high school area. The course would consist of six two-hour meetings and would be tuition free to those wishing to attend.

Mrs. Breiland has sent out a questionnaire with the students to find out which of the following three topics homemakers would be interested in taking:

(1) Food for Better Living—To gain a better understanding of the foods we eat; preparation skills and techniques and many recipes. The lessons would include milk dishes, meats, fruits - vegetables and breads - cereals.

(2) What's new in fabric and Finishes?—To gain know-how of the advantages and disadvantages, buying, caring for and special construction tips for the new fabrics and finishes in our stores.

(3) Add "Charm" to Your Home—To gain helps in buying and arranging your furniture, color and design in your home and accessories that can add your personality and charm.

Homemakers in the Newfolden high school area who did not receive a questionnaire but are interested in taking a course, could phone Mrs. Breiland between 10 and 10:30 a. m. at the school (874-2225). Scheduled time for classes would be either between 7 and 9 p. m. on Tuesday evenings or 7:30 and 9:30 p. m. on Thursday evenings.

This homemaking course will be part of the vocational home economics course of the Newfolden high school and it is hoped that a large number of homemakers will enroll.

237 Persons at Elks '63 Fathers and Sons Banquet

In spite of subzero temperatures Tuesday evening, 237 men and boys turned out for the 26th annual Elks Fathers and Sons banquet held in the lodge rooms.

Edwin Broughton, exalted ruler, served as toastmaster, and called on Francis Hamerlinck to speak for the fathers and Roger Wilson, who responded for the sons.

Games and the showing of short movies completed the entertainment programs.

Mrs. Minnie Geske returned on Tuesday from Grand Forks, N. D. where she was a patient at St. Michael's hospital for several weeks.

N.C. Airlines Gains Favor of State Dep't.

Aeronautics Dep't. Withdraws Protest Of Convair Service

Following a meeting with officials of North Central Airlines, the Minnesota Department of Aeronautics has conditionally withdrawn its objection to Convair service by the carrier, according to word received here. Lawrence E. McCabe, commissioner of aeronautics for Minnesota, met with Thief River Falls officials last week and discussed the withdrawal of protest then being considered by the department.

North Central has asked the national Civil Aeronautics Board for permission to use Convair service on its Minneapolis to Minot run. Thief River Falls and Brainerd in Minnesota and Devils Lake, N. D., would be unable to use the Convair service since runways at airports in these cities are too short. For Thief River Falls it was believed this would mean only one round-trip daily with the use of existing DC-3 aircraft.

The withdrawal by the Minnesota Department of Aeronautics came following a conference with Hal N. Carr, president and general manager of North Central; Frank N. Buttomer, vice president in charge of traffic and sales; and A. W. Hinke, chief pilot. North Central told the state department that it would:

Schedule a second DC-3 round trip serving Brainerd, Bemidji and Thief River Falls during the summer season; continue to provide extra sections as needed between Minneapolis-St. Paul and Brainerd on peak days during the summer; start Convair service at Thief River Falls and Brainerd as soon as runway extension is accepted by FAA rather than 60 days after completion; and serve Thief River Falls without intention of filing for withdrawal should traffic decline during the period of reduced service.

North Central estimated that 80 to 90 per cent of the Thief River Falls traffic would be retained during the period of reduced service and agreed that it would cooperate in keeping the temporary reduction in service to Brainerd and particularly to Thief River Falls to a minimum.

The airline further expressed the opinion that the board would be inclined to view any loss in Thief River Falls traffic as a temporary phenomenon caused by the reduction in service and therefore it would be unlikely that Thief River Falls would become involved in an investigation threatening the city with loss of service, the department withdrawal noted.

"Therefore, on the assumption that Thief River Falls, Minnesota, will not be threatened with loss of airline service," the withdrawal states, "we withdraw our opposition to this application and request that it be granted."

Thief River Falls, by action of the city council, objected to the use of Convair aircraft until such time as the municipal airport could be served by such airplanes. The objection has been filed with the Civil Aeronautics Board and no withdrawal is being planned.

50 School Patrol Youngsters Given Free Activities

Fifty out of 56 school patrol youngsters in Thief River Falls were provided with a free movie and dinner in recognition and appreciation of their services on Saturday. The boys and girls represented Washington, Northrop and St. Bernard schools.

Included in the activities for the safety-minded students were a free movie provided by the management of the Falls Theater and a free hot beef dinner, ice cream, pop or milk provided by the Thief River Falls Police Relief association. Accompanying the patrol members were Police Patrolman Ray Bren, juvenile officer working with the school patrol, and Police Patrolman Richard Nelson.

Conlon, manager of the Minnesota Dairy Industry Committee, will report on state activities of regional dairy days. Stuart McLeod is president of the organization.

Only Two Cases In City Court

Only two cases were tried in Thief River Falls municipal court on Monday with Judge Stanley N. Morjenson presiding. There was one plea of not guilty and one defendant failed to make an appearance.

In cases tried, both brought by the city police department, Vern Nelson of Plummer was fined $19 on a speeding charge and Cy Thompson, city, was fined $15 with $7.50 suspended on a charge of driving through a school stop sign.

Penney Company Approves Rental

Milton Swedberg, Detroit Lakes contractor, owner of the building formerly occupied by the Montgomery Ward store and holder of options on several adjoining properties, told the Times this morning that he had been notified by the J. C. Penney co. that rental arrangements for a new store on Main Ave., extending 100 feet south from the corner of Third Street, had been approved and that he was authorized to proceed with preliminary arrangements for construction. He stated that the plans were not complete as yet in all details but expected that a complete report would be released shortly.

Morris Goddard, manager of the local Penney store, confirmed the statement made by Swedberg, stating that plans are not yet complete but that he expected a news release from the New York office shortly outlining the company's expansion program in Thief River Falls.

C of C Committees Lay Plans for '63

All nine standing committees of the Thief River Falls Chamber of Commerce organized and reviewed their program of work for the coming year at meetings held recently, according to a report from Roland K. Larson, executive secretary of the organization. Several items of community significance were transacted at the committee business sessions.

A total of 65 committee members attended the nine sessions involving committees on agriculture, business and industrial development, community welfare, education, good government, membership and finance, public relations, retail trade and transportation and communication. A summary of the most significant plans by the various committees follows:

Agriculture—Under the chairmanship of Fred Sorensen, the committee listed support of the were discussed and immediate emShow, FFA crop and fertilizer plots to be visited on an agri-business day, Northwest Town and Country Days, 4-H banquet and purebred ram sale. Vern Nelson was named to attempt arranging a delegation tour of the Red River Valley Winter Shows in February. Mrs. G. Milford Peterson, Crookston, district chairman of the Make-It-Yourself-with-Wool contest, was named an ex-officio member of the committee. John Lang, Paul Stelmaschuk and Kenneth Onken were named to the Northwest Town & Country Days committee and Klemens Gigstad was appointed to investigate the possibility of a DHIA tour.

Business and Industrial Development—Discussion of the industrial survey was held with Leonard Goulet serving as chairman of the committee. A subcommittee comprised of Gary Forsberg, Dr. S. E. Pollman, Sig Quam and Norris Melander was named to investigate ways and means of improving the Thief River Falls Industrial program and to report back to the standing committee with their findings.

Moran Secured As Speaker for J.C. Banquet

Boss-Employee Event Slated February 20 At VFW Club Rooms

David Moran, vice president of traffic and sales for North Central Airlines, will be featured speaker at the annual Boss-Employee banquet of the Thief River Falls Junior Chamber of Commerce on Wednesday evening, February 20. The event will be held in the Veterans of Foreign Wars club rooms in Thief River Falls.

Three major distinguished service awards will be presented at the banquet to the community's outstanding young man, outstading boss and outstanding young farmer. The public is invited to participate in the selection of the outstanding young man, who does not need to be a Jaycee, by submitting a nomination on forms provided for that purpose. They will be available early next week at Northern and Union State Banks and First Federal Savings & Loan association.

Selection of the outstanding boss of a Jaycee member will be accomplished through nominations by Jaycees and a selection committee. Consideration is now being given by a third committee to the selection of a young farmer in the Thief River Falls trade territory for the outstanding young farmer award.

Candidates for the outstanding young man award must be between the ages of 21 and 35 years of age inclusive, must be residents of Thief River Falls or immediate area and need not be members of the Junior Chamber of Commerce. They will be judged on occupational development; church and community activity, service and improvement; evidence of leadership ability; and outstanding endeavor.

Tickets will go on sale early in February, according to Fred Ballou, general chairman of the banquet.

Bond Consultant Reviews Payment Schedule Monday

To give residents of Thief River Falls School District an opportunity to vote on two questions for new school construction, the board of education adopted a resolution calling for a two-part ballot at its postponed regular meeting Monday evening. All board members were present and the resolution presented by Morris Owne was adopted by a 6-1 majority with K. Russell Anderson casting the only dissenting vote.

Donald E. Swenson, representing the bonding consultant firm of T. G. Evensen & Associates, explained that a two question ballot is well within the bounds of legality and had been used by a number of school districts. Swenson also presented five possible debt retirement programs for consideration by the board.

The two-part ballot as requested by the board Monday would, in essence, include the following basic questions: Part One would pose the question, "Shall School District 564 sell bonds not to exceed $1,195,000 for construction of a new junior high school, . ." and Part Two would ask, "Shall School District 564 sell $300,000 additional bonds for construction of a 10-room elementary school and improvement of schoolhouses and sites if Part One carries by a majority vote?"

Discuss 2-Part Ballot

Board members deliberated on the value of a two-part ballot, noting that an elementary building, if not approved with the junior high school, would have to be constructed with a second bond issue within a few years. A show of hands among about 25 interested persons attending the board meeting indicated a decided preference for a two-question ballot.

In reviewing the debt retirement analysis prepared by his firm, Swenson said that it would be possible to retire the debt with a three-mill increase on taxes but that he would not recommend this procedure. The penalty paid for increased interest rate and deferred principal payments would be greater than he believed the district would prefer to pay.

Propose 6-Mill Levy

Swenson proposed a six-mill increase in tax levy for new construction which would still result in a somewhat end-loaded payment schedule but would save about $150,000 in interest as well as permitting the district to retire

Motion for New Trial in Wangberg Case Is Denied

Defense Attorneys Plan Appeal to Minnesota State Supreme Court

Denial of a motion for a new trial in the case of Paul Wangberg, Thief River Falls, was announced this week by Hon. Lyman A. Brink, judge of Ninth District court. Defense attorneys H. O. Chommie of this city told the Times this morning that the court decision would be appealed to the Minnesota Supreme Court.

Wangberg was convicted of second degree murder by a Marshall county jury in December and the motion for a new trial was filed with Judge Brink and formal argument held on January 14. In his concluding statement denying the new trial, Judge Brink stated the following:

"The court is of the opinion that the defendant was afforded a fair and impartial trial; that the jury gave all of the evidence and testimony consideration. They deliberated 12 hours; they had four verdicts to consider — guilty of murder in the second degree, guilty of murder in the third degree, not guilty by reason of insanity and not guilty.

"By finding the defendant guilty of murder in the second degree the jury found that the defendant shot with a design to effect the death of the deceased. The court feels that the jury's verdict should stand."

Myrna F. Peterson Bride of Marvin Espe at Gatzke

Marriage vows spoken at United Lutheran Church at Gatzke on December 22 united Miss Myrna Faye Peterson of Gatzke, and Marvin Odell Espe of Pencer. Rev. John DeBoer prompted the vows, using the double-ring ritual.

The couple's parents are Mr. and Mrs. Gene Peterson of Gatzke and Mr. and Mrs. Omer Espe of Pencer.

Red poinsettias and gold vases and lighted candles provided the setting as the sacred processional music was played by Miss Mardell Shager, a student of Concordia college, Moorhead. About 200 guests witnessed the ceremony. A trio composed of the groom and his two brothers, Glenn and Duane, sang, "Together Life's Pathway We Tread." Solos were sung by Glenn Espe.

The bride, whom her father gave in marriage, wore a floor-length gown of Chantilly lace over satin. She carried a white Bible covered with red sweetheart roses. A crown of pearls and sequins held her net veil in place. She wore a white cross pendant, her gift from the groom.

Maid of honor was Maureen Peterson, the bride's sister. Bridesmaid was Evadell Espe, Pencer, a sister of the groom. They wore dresses of red velveteen in street length and carried bouquets of white roses. Their red headpieces were of matching velveteen. Black heels and white gloves completed their costumes. The bride's small sister, Joni Peterson, was flower girl. Wearing a white dress, she carried red and white sweetheart roses. Carrying the rings was Fathon Bjornlie, Fergus Falls, a second cousin of the groom.

Duane Espe, Roseau, the groom's brother, served as his best man, and the groomsman was Gary Peterson, a brother of the bride. Ushers were brothers of the bride and groom respectively, Dwight Peterson, and Miles Espe.

Mothers of the couple had dresses of green wool, the bride's mother accenting her dress with black accessories, and the groom's mother with accessories of beige. Both wore corsages of white carnations and red roses.

A reception, given by the bride and her parents, followed the ceremony. It was held for 200 guests in the church parlors. At the bridal table were the bridal party, parents and grandparents, the pastor and his wife, and the pianist and soloist. Guests were in attendance from Minneapolis and Chicago, Ill., from Viking, Wannaska, Red Lake Falls, Crookston, Fergus Falls, Middle River, Roseau, Karlstad, Pencer, Deer River, Grygla, Holt, Badger, and Thief River Falls.

Hostesses were Mrs. Erving Engevik and Mrs. Ingwald Anderson. In charge of the gifts were Lloyd Wagner and Bruce Dalager. Mrs. Duane Espe attended the guest book. Pouring were Mrs. Herb Holmstrom and Miss Alma Wagner, aunts of the bride and groom respectively. Waitresses were Mrs. Kenny Wagner and Marjorie Engevik. At the gift table were Hardys Westman, Gloria Tiegland, and Barbara Johnson. The four tiered wedding cake, decorated with red roses and topped with a miniature bridal couple, was baked and cut by the groom's grandmother, Mrs. Peter Espe.

Following a brief honeymoon, the couple are making their home at Fergus Falls temporarily while they attend the Lutheren Brethren School.

The bride graduated from the Middle River high school, attended teacher training classes in Thief River Falls, and taught school in Holt for several years.

Mr. Espe is a 1958 graduate of Roseau high schoo, teacher training class of 1959, and taught school at Bemidji State college, and will attend the second semester at the Lutheran Brethren school at Fergus Falls.

Carol Carpenter and Vernon Hovet Exchange Vows

At a simple wedding ceremony held at Goodridge Lutheran church on January 19, Miss Carol Carpenter, daughter of Mr. and Mrs. Eugene Carpenter of Goodridge, became the bride of Vernon Hovet, Minneapolis, son of Mr. and Mrs. George Hovet of Goodridge. About 30 guests were in attendance.

The wedding march was played by Mrs. Gust Skreland of Goodridge. The bride's wedding attire was a bone beige dress of textured boucle, with a jewel neckline and three-quarter length sleeves. With it she wore brown accessories and a corsage of red sweetheart roses in a setting of carnations.

Miss Judy Carpenter, Plummer, sister of the bride, was her maid of honor. Her costume was a two-piece sheath of aqua wool accessorized with brown. Her corsage was of pink sweetheart roses with carnations.

Attending the groom as best man was his brother, Ronald Hovet, of Milwaukee, Wis.

The bride's mother chose a two-piece dress of black and white taffeta with black accessories. Mrs. Hovet wore a dress of brown print with brown accessories. Both wore corsages of red roses and white carnations.

A wedding reception at the home of the groom's parents and given by both families, honored the couple after the ceremony. It was attended by close relatives and friends from Milwaukee, Wis., Minneapolis, Plummer, Mentor, and Thief River Falls.

The bride was a student at Plummer high school and the groom is a graduate of Goodridge high school, class of 1960 and is employed by Brinkton Mfgrs., Minneapolis. The couple will be making their home in that city.

Wm. Grundhaus' Honored on Their 25th Anniversary

Honored on the occasion of their silver wedding anniversary with a buffet supper on Sunday, January 21, were Mr. and Mrs. William Grundhaus of rural Thief River Falls. Approximately 50 guests shared the event with them.

Hostesses for the occasion were Mmes. Adolph Kleinvachter, Bob Kraemer, Jack Grundhaus, Dominic Kalinoski, Dave Bruggeman, Earl Tripp, Ray Schindler, John Norbeck, Fred Bruggeman, Mark Olson, and Roger Duden. The Grundhaus home was decorated in pink and white, with silver bells for accent. The color theme of white and silver was carried out also in the tiered anniversary cake which was baked by Mrs. Gil Sannes and presented to the couple as a gift. Table centerpieces were fashioned by Miss Bernice Troumbly, and the money-tree centerpiece by the Ray Schindlers.

The honored couple were seated at the head table along with Rev. Keough Patnode, pastor of St. Bernard's Catholic Church of which they are active members. Other special guests were Father G. Robert Pryor, assistant at St. Bernard's; the couple's son, Roger, who is a seminarian at St. Paul's, St. Paul, Minn.; Mrs. Grundhaus' mother, Mrs. Alfred Ranum of Viking. Other out-of-town relatives were the brother and sister-in-law of Mrs. Grundhaus, Mr. and Mrs. Maynard Ranum, and her brother, Sam Ranum, all of Viking.

A corsage was pinned on Mrs. Graundhaus, and a boutonniere on her husband. Father Patnode led in prayer before the guests were seated. Supper was served buffet style.

Miss Jane Grundhaus, the couple's daughter, registered the guests; Miss Karen Grundhaus served punch, and a sister-inlaw of Mrs. Grundhaus, Mrs. Maynard Ranum, cut the cake. Mrs. Gil Sannes poured.

Supper concluded, a closing prayer offered, and the honored guests having been presented with gifts, the remainder of the evening was spent in playing cards.

Golden Wedding Is Celebrated By S. S. Nelsons

A golden wedding anniversary reception was held in honor of the S. S. Nelsons Sunday, January 13, with their three daughters, Mrs. Martin Rehm and Mrs. Herman Loberg of this city and Mrs. Louis Lackavick of Seattle, Wash., as hostesses. The affair was in the nature of an open house and was held in Trinity Lutheran Church dining parlors.

The couple's only son, Gerald Nelson of Colton, Calif., was unable to be present for the occasion, which was attended by a host of friends and relatives of the honored couple. Mrs. Nelson received a corsage of yellow mums and roses, and a boutonniere was pinned on her husband's lapel.

Decorations contributed by the DeCor club included a gold centerpiece with tapers. The three-tiered anniversary cake was decorated in the style traditional for such occasions, and topped with a golden emblem.

Rev. Harold Peterson made a few remarks and led the table prayer. Lunch was served buffet style by the altar circle of the Trinity ladies aid. Cutting the cake was Mrs. Bert Johnson, and Mrs. Walter Lendobeja poured.

The couple, who received numerous gifts and congratulatory cards from friends and relatives in attendance and from those unable to be present, were married in this city in 1913.

Sub-Zero Cold Hits —32 Record On Monday Night

Sub-zero cold continued to plague the Times area during the past several days and the lowest reading of the season was reached with —32 degrees on Tuesday. Sub zero readings of 10 degrees or more below zero have been recorded for 15 consecutive days with —12 being the highest low reading.

Low temperature recorded last night was — 15 degrees with the high expected today being —5. Lows tonight will be from —12 to —20 with slowly increasing cloudiness and increasing northwest winds again expected to create blowing dust.

Strong westerly winds Wednesday whipped a mixture of snow and dust into the air, leaving the area landscape covered with a dirty, gray appearance. Only an inch of snow has been received this month and the cold has been tempered by the lack of snow and the traffic inconvenience it can cause.

High and low temperatures the past several days include —7 and —28 on Monday, —9 and — 32 on Tuesday, —3 and —23 on Wednesday and —15 last night.

Sunnyrest Sanatorium Costs Decline in '62

Considerable reduction in the cost of operating Sunnyrest Sanatorium at Crookston, during 1962 was reported by Dr. L. H. Flancher, superintendent, at the regular commission meeting. Cost of operation in 1961 was $110,203.42, while in 1962 it was $88,867.62 — saving of $21,335.91.

Number of patient days was almost identically the same with 46 patients treated during 1962. Total cost to the various counties was $54,488.42; the balance being for x-rays, care of patients outside of the sanatorium district and receipts of state aid.

Largest saving ($12,250.71) was due to not having so many cases for surgery and hospital care at Glen Lake and other hospitals. Further savings were made in various departments of the institution.

The superintendent stated that "... the fact that 46 patients were cared for in 1962 indicates that there is still a need for our institution to take care of tuberculosis in this area." Discharged patients are kept under drug therapy for one year after discharge, the sanatorium supplying the drugs free of cost. This makes sure that the disease is under control and lessens the chance of an early "break down" of the patient on returning to his or her former occupation.

All discharged patients are x-rayed two months after discharge, then every three months for the first year, every six months the second year, and once a year thereafter unless it is considered desirable in certain cases to keep them under closer observation. Patients are shown x-rays and advice is given at the time of x-ray when possible. Copies of readings are sent to patients' private physicians and to themselves.

Hospital patients receive regular x-rays at stated intervals and x-rays whenever indicated.

Mantoux testing has been carried on as usual, giving the tests to all grades in school. This year Roseau, Marshall and Pennington counties were tested with approximately 13,000 tests being given. Tests were also given to patients that report for x-ray and do not have a positive (previous) test.

In addition to x-ray of ex-patients, positive Mantoux-test cases, suspects and contacts of known cases of tuberculosis are also x-rayed. The x-ray department is open each day from 8:30 to 11 a. m. and 2 to 4 p. m., except Saturday afternoon, Sundays and holidays.

Superintendent Flancher reported that he was very well pleased with the cooperation received, not only from discharged patients and contacts, but especially from the private physicians in the area, reporting cases for treatment and observation. He wishes to thank everyone that has been cooperative in carrying on this very important work.

Civil Defense Course Offered

Survival Preparedness Class To Open Jan. 30

"Survival Preparedness" is the title of a special course for adults to be offered beginning Wednesday, January 30, at 7:30 p. m. in room 124 at Lincoln high school, according to M. R. Hankerson, superintendent of schools. The course will be taught in 2½ hour sessions one night a week for five weeks.

No tuition fee will be charged and the course is open to all adults in the community. Purpose of the course is to teach basic information needed in order to prepare for natural, man-made and enemy-caused disasters. Ellsworth Jorgenson, deputy director of the Pennington County Civil Defense unit, who has completed a special training course taught by the state department of education civil defense staff, will be the instructor.

This survival preparedness course is a phase of the general civil defense preparedness requested by President Kennedy in his speech to the nation on July 26, 1961. It includes such topics as fallout, effects of nuclear weapons, how to plan and build a home shelter, Minnesota natural disasters, federal, state and local civil defense organization and other emergency preparations for the family and the individual.

Ringstad To Head Officer School for VFW Post Here

Past State Commander Participates in State "Traveling Schoolhouse"

Arnold Ringstad

Arnold Ringstad of East Grand Forks, past Department Commander of the Minnesota Veterans of Foreign Wars, will conduct an officer training session for the local post Friday at 7:30 p. m. in the club rooms, according to Howard Comstock, post commander.

The event is part of the statewide VFW "Traveling Schoolhouse", the purpose of which is to provide better training of local officers in carrying out their duties and serving their community. Particular attention will be given to parliamentary procedure, proper handling of funds, laws applicable to veterans organizations and methods of serving the community. Any VFW member is welcome to attend.

Past-Commander Ringstad was born and reared at East Grand Forks, attended the University of Minnesota and University of North Dakota, is married and has four children. He entered military service in 1941 and served overseas for three years with action in British New Guinea, Dutch New Guinea, Luzon and Halmaheras with the 38th Army Division. He was discharged as a staff sergeant.

He joined the VFW Post 3817 of East Grand Forks in 1945 and has served as adjutant, senior vice commander and commander of the post. He also served as judge advocate, junior vice, senior vice and commander of the Ninth District and chief of staff, judge advocate, junior vice and senior vice of the Department of Minnesota before his election as commander in 1961.

Ringstad was honored by the VFW as a member of the "All American Team of Past Department Commanders" at the national convention held in Minneapolis in 1962 and is presently serving as a member of the national community service committee. He is employed as office engineer by Minnkota Power Cooperative at Grand Forks, N. D.

AMBITIOUS BIRD

Thief River Falls police finally caught up with an ambitious woodpecker Tuesday morning after the feathered fellow virtually ate himself to death. Apparently finding insects to his liking after tapping a boxelder tree on the front lawn of T. A. Stark, 102 Spruce av. S., he apparently didn't know when to stop. Mrs. Stark called police Monday morning to report the damage being done by the bird but the woodpecker was gone when patrolmen arrived. An afternoon call found the same result. Tuesday morning the bird was having a late and noisy breakfast when Patrolman Wallace Heaton (left above) issued a coup de grace with a .410 shotgun. He shows the bird, a Pileated Woodpecker which weighed three-quarters of a pound, to Don Fearn, game warden stationed here. In the photo below is the hole made in the 12-inch diameter tree which will have to be taken down. The bird, which is one of a relatively rare species, was taken by the wardens and sent to state authorities.

Marshall Farmers Net $1,000,000 in Wheat, Feed Plans

Signup Period for 1963 Program on Feed Grain and Wheat Starts Feb. 1

Payments to farmers who took part in the 1962 feed grain and wheat stabilization programs are just about completed, according to Edward A. Johnson, chairman of the Marshall county Agricultural Stabilization and Conservation committee.

As of January 22, 1963, program payments made to producers in Marshall county for diverting 42,625.8 acres from production into conserving uses totaled $1,017,084.63 under both programs. Farms participating in the feed grain program totaled 778, and those taking part in the wheat program totaled 1401.

Nationally, 1.3 million farms participated in the 1962 feed grain program and 800,000 in the wheat stabilization program. Altogether, about 45 million acres were signed for diversion.

The chairman pointed out that the diversion-program payments helped farmers maintain their income during the period of adjusting production to more realistic levels, thus continuing the trend started with the 1961 feed grain program to bring about a better balance between feed grain production and needs. By Oct. 1, 1963, feed grain stocks are expected to be about 28 million tons below the 84.7-million-ton level of Oct. 1, 1961 and wheat stocks will be down about 100 million bushels next July 1.

Similar programs are available for 1963-crop wheat and feed grains. The signup period is scheduled for Feb. 1 through March 22 for wheat growers in spring-wheat areas and for producers of corn, grain sorghum, and barley. The signup period for wheat in winter wheat areas ended Dec. 14.

Public Opinion

Editor Times:

First of all I want to make this clear—Thief River Falls needs more classrooms, but not at the cost our board wants the taxpayers to pay. We feel it is not necessary to ride in a Cadilac when a Chevrolet will carry us to our destination.

Districts in our surrounding "trade area" are building lovely new schools—far above state minimum requirements at only half the cost we are asked to pay.

Why? Because the majority of our board fails to realize the possibilities of additions to our present schools and the use of less expensive materials in a new school. Less expensive material would not mean a less adequate school—either in facilities or upkeep.

Lets take Northrup for example. There is space there for classrooms which could relieve the pressure at Knox caused partly by rural students.

As far as playground space the state recommends a certain sq. ft. space per child. In an urban area like ours, where children have yards at home to play in, it hardly seems fair to let school playgrounds stand in the way of classrooms.

Perhaps, if we all had an income of $13,000 we wouldn't be so concerned.

Perhaps if we had no children we wouldn't care—but we do have children and we are becoming irate at having to feel apologetic for creating a classroom problem which could be ended sensibly and economically.

Don't be fooled by weird explanations. Remember what is bought must be paid for.

In all Sincerity,
A parent, PTA member and Tax Payer.

Peace Corps Tests Set Here Saturday

To Be Held in Morning at T. R. Falls Postoffice

A new battery of Peace Corps placement tests will be given throughout the nation on Saturday, January 26, at 8:30 a. m.

The tests will be held at 823 U. S. Civil Service Commission testing centers, including the postoffice in Thief River Falls.

Those who take the tests will be considered for many new Peace Corps projects in Latin America, Africa, the Far East, and in the Near East and South Asia.

Peace Corps opportunities cover hundreds of different kinds of jobs. Most of them fall into the major fields of education, agriculture, health, construction and community development.

Applicants must be American citizens who are at least 18 years of age. There is no upper age limit. Married couples without dependent children may apply providing both qualify for Peace Corps service.

Two types of placement tests will be given. One is for men and women who would like to teach in the Peace Corps at the secondary school and college levels. For this, a bachelor's degree is usually required, although the applicant need not be an accredited teacher. The general examination is for all other Peace Corps assignments.

ADVENTIST WELFARE CENTER OPEN JAN. 28

North Dist. Board of Missouri Synod Has First Meeting

Rev. Alfred Seitz, New President of District, Presides at Brainerd

The first regular board of directors meeting of the new Minnesota District North of The Lutheran Church-Missouri Synod was held at Zion Church in Brainerd Thursday, January 24. Chairman of the board, which will meet once a month, is the district's first president, the Rev. Alfred C. Seitz of Thief River Falls. Secretary is the Rev. K. K. Hill of Alexandria.

The regional vice president of the Park Region area which includes Thief River Falls is the Rev. R. L. Bode of International Falls. Others who were elected to membership on the board of directors from the Park Region conference are the Rev. R. G. Troeger of Detroit Lakes, Ken Engelhardt of Ada, H. Nelson of Park Rapids, Amos Ross of Fisher and Art Steinhorst of Bagley.

Heading the stewardship department of the new district will be the Rev. Eyrich Hansen of Crookston. The circuit counselor of the Crookston - Thief River Falls Circuit is the Rev. Ed Bentrup of Fisher.

A full-time executive counselor who will guide the work of the five departments of the board, stewardship, education, missions, public relatoins and welfare, will be appointed by the board. The convention engaged the Rev. E. H. Bohren of Minneapolis, coordinating counselor of the former Minnesota District and now continuing in that capacity for Minnesota South, to serve the North on a part-time basis till a permanent counselor has been obtained.

The Minneapolis convention of the new district last week adopted a work program of $1,014,885.00 of which $746,953.00 is assigned to the national and world-wide work of The Lutheran Church-Missouri Synod. Brainerd was chosen as the business center of the new Minnesota North district, and in that city office space will be provided for its president, executive counselor, treasurer, office workers, and it will also be the home city of the president and the executive counselor.

Maynard Mehrkens, delegate to the convention of the St. John-Thief River Falls and of the Redeemer-Plummer churches, will render reports to the congregations on coming Sundays.

PROMOTED by the Union State bank board at its annual meeting last week were Robert D. Flynn, manager of the bank's insurance department, who was appointed assistant cashier, and Mrs. Dolores Johnson, who was named auditor.

School Board To Put 2 Questions On Bond Ballot

(Continued from page 1)

bonds three years earlier than the other schedule.

Comparison was made with a flat maturity schedule which the board felt would be difficult to handle until the present debt retirement schedule was substantially reduced. Swenson was directed by the board to prepare a compromise schedule for presentation and study at a meeting to be held early next week.

Transaction of other business relative to operation of the district took place at a meeting of the board in a 4 p. m. session. Letters from John P. Skeate, union representative for the local Municipal Driver and Helpers union, were read to the board. They requested salary increases for school bus drivers and school custodians.

Reply to Union

Supt. M. R. Hankerson was instructed to write the representative a letter reviewing the stand taken by the board last September that no wage increases would be granted. The letter was also to remind the union that bus drivers are, according to state law, on probation for two years following their strike last fall and that according to the same law, their wages can not be increased for at least one year as a result of the strike.

A report from L. W. Rulien, school attorney, indicated that low spots on elementary playgrounds surfaced in 1961 would be repaired by the contractor this summer. Payment for the work has been withheld pending completion of the project to the satisfaction of the board. Supt. Hankerson was also hired by the board for the 1963-1964 school year.

Authorization was given to the superintendent to hire three secondary school teachers for the 1963-1964 school term to handle increased high school enrollment. A request from the Carnegie Public Library board for $1,500 to assist with operation of the library was read but no action was taken.

C of C Committees Plan Program for 1963 Activities

(Continued from page 1)

Community Welfare—Elton Cummungs is chairman of the committee which discussed the Better Business Bureau section of the Chamber of Commerce and named Charles Richards, James Geisen, Milton Schlechter and Carl Gustafson to the BBB sub-committee. Justus Larson, James Parkins, Sig Sinding and Orin Green were named to a sub-committee to plan improvements in the event scheduling service. Also discussed were United Fund, highway billboard program, promotional brochure for the city and Fire Prevention Week project.

Education—Possibilities for an Institute on American Organization were discussed in this committee headed by Dr. A. E. Jacobson. The Institute would be in three sessions covering American political party organization, governmental organization and the competitive, free enterprise economic system. Named to a sub-committee on the project were Donald L. Olson, C. L. Charlson and Dr. O. D. Belch. The committee recommended that the board of directors of the organization take a positive action on the forthcoming school bond issue. Other projects aired were Business-Clergy Day, Chamber-Faculty coffee hour, Business Education Day, Career Day and American Education Week.

Good Government—Following the reviewing of a movie, "More Jobs for Minnesota", Ralph Lahman's committee adopted the film as a public information project with Walt Larson appointed chairman. Also reviewed were the Congressional Action Aircade in Fargo, legislative affairs and congressional action sub-committees and public affairs and public information committees.

Membership and Finance—Formulation of a "Fair Share Formula" for assessment of dues in 1964 was the main discussion of this group headed by John McGinley. Selections were made for Honorary Life Membership awards at the annual banquet and the members agreed to continue the Life Membership program. Expansion of the Redcoats and Red Carpet projects was also approved.

Public Relations—Athletic banquet, convention promotion and party for salesmen traveling out of Thief River Falls were main topics of discussion for the committee headed by Orville Hanson. Cooperation with the Newcomers Club in its welcoming program for new residents was stressed. Also discussed were the regional high school music festival with luncheon and window displays, banners, booths and parade float, downtown beautification program and a Clean-up, Paint-up, Fix-up campaign were major topics for review by the committee headed by Phil Hess. Retail promotions were discussed and immediate emphasis was placed on a Washington's Birthday promotion.

Transportation and Communication—R. J. Dryden's committee discussed Operation Airlift and general traffic on North Central Airlines. Transportation Day was discussed as an event to pay tribute to all facets of the local transportation industry. Growth figures by Northwestern Bell Telephone company last year were provided by manager James Wilson and it was noted that the company planned an open house for later this year.

Sadie Ayers, 76, Succumbs Tuesday; Services Friday

Mrs. Sadie Ayers, a resident of Pennington County for 46 years, passed away on Tuesday evening, January 22, at Northwestern Hospital at the age of 76 years.

Funeral services will be held on Friday afternoon, Jan. 25, at 2:00 p. m. in the Redeemer Lutheran Church, formerly the First Lutheran Church. Reverend Marvin O. Carlson will officiate and interment will be in the Park Ridge Cemetery.

The body will be reposing at the Green Funeral Home from noon on Thursday until 11:00 o'clock Friday and at the church for one hour prior to the time of services.

Sadie Sarah Ayers was born on September 23, 1886 at Nevada, Iowa, where she received her education, and taught school. In 1907 she was united in marriage to Dake W. Ayers at Nevada. Three years later the family moved to Freeborn county, Minn., living there until 1917 when they moved to Pennington county, settling in Norden township. She had resided there since.

Her husband passed away on June 12, 1928. She was a member of the Norden Lutheran Church and had served as a Sunday school superintendent for many years. She had also served on the school board in Norden township, and was a charter member of the Good Cheer Club. She also served on the county welfare board for one year.

She is survived by three daughters; (Eva) Mrs. Arnold Peterson of Minneapolis; (Ardis) Mrs. Merle Wakefield, Hartland; (Iris) Mrs. Paul Furuseth of Thief River Falls; two sons: Eldred W. Ayers of Washington, D. C.; and Dake W. Ayers of Thief River Falls. 20 grandchildren and 11 great-grandchildren also survive her as well as one brother William Wise Taylor of Albert Lea.

She was preceded in death by her husband and 2 sisters.

Mrs. Benny Dahl, Former Résident, Dies At St. Paul

Mrs. Benny (Mary) Dahl, 67, former resident of Thief River Falls, and lately of St. Paul, died unexpectedly in that city on January 22. Funeral services will be held in St. Paul, but the date is uncertain at this time. A complete obituary will be found in a later edition of the Times.

Rites Held For Mrs. H. Peterson In Newfolden

Mrs. Henning Peterson, a resident of Newfolden for many years, died on Sunday morning, January 20, at her home at the age of 88 years.

Funeral services were held on Wednesday afternoon, January 23 in the Evangelical Free church in Newfolden. Reverend Joseph Swan officiated, and interment was in the Oak Grove cemetery. Arrangements were in charge of Green Funeral Home of this city.

Mrs. Peterson was born on December 9, 1874, in Flekkefjord, Norway, where she attended school and grew to womanhood, coming to American at the age of 23, and settling in Donaldson. She also worked at Argyle for some time.

In 1905 she was united in marriage to Henning Peterson at Hallock. Shortly thereafter, they moved to Thief River Falls and lived here until 1914, when they moved to Newfolden, where they since made their home.

Mrs. Peterson was a member of the Evangelical Free Church at Newfolden for many years, and had served as president of the Ladies aid for a long period of time, as well as being a Sunday school teacher for many years. Last week Mr. and Mrs. Peterson celebrated their 58th wedding anniversary.

She is survived by her husband, Henning, and two daughters, (Gladys) Mrs. Ted Eide of Langdon, N. D. and (Pearl), Mrs. Gordon Elseth of Newfolden. Two grandchildren, James Elseth, and (Lois) Mrs. Warren Stone, also survive, along with one sister, Mrs. Sena Golden of Warren, and one brother Andreas Williamson in Norway.

Two brothers preceded her in death.

Local Lions Hear Explanation of Income Tax Laws

Philip Kays and Eugene Nesland, local public accountants, supplied the program at the Lions club luncheon meeting Wednesday noon in the Elks club rooms.

Introduced by L. A. Ihle, program chairman, the two men discussed federal income tax regulations and explained recent changes in the laws, including limitations on deduction of entertainment expenses for business purposes.

James Parkins, in charge of arrangements for the Lions midwinter district conference in Thief River Falls February 16 and 17, urged committee members to carry out their assignments.

Roseau Man Heads Medical Society

Dr. Arnold Berg Elected President Tuesday Night

The annual meeting of the Red River Valley Medical Society was held on Tuesday, January 22, at Sidney's Cafe in Crookston.

The speaker was Dr. Raymond N. Bieter, director, division of special educational service, college of medical sciences, and professor of pharmacology at the University of Minnesota, who discussed his new appointment which entails the contacting of various secondary schools to discuss with them the possible advantages of studying medicine and the related medical sciences. He also discussed tranquilizers and related drugs.

Dr. Arnold Berg of Roseau was elected president of the society, replacing Dr. Rudolph B. Skogerboe, *of Karlstad. Dr. Howard* Wikoff of Crookston was named vice president, and Dr. R. O. Sather of Crookston, secretary - treasurer.

Dr. George Martin of Thief River Falls was named a delegate to the representative body of the Minnesota State Medical association. His alternate is Dr. John Jensen of Crookston. Dr. Clifford J. Stadem of Twin Valley was named as an alternate for Dr. L. N. Dale of Red Lake Falls. Dr. Glenn Brown of Halstad was named to the Board of Censors replacing Dr. Rudolph Skogerboe whose term expired.

After the dinner meeting, the women at the dinner attended a meeting of the women's auxiliary at the home of Dr. and Mrs. R. O. Sather.

Angling For Prizes . . .

Fishing Derby On R. L. River Sunday

St. Bernard's Men's club is appealing to all area sportsmen to participate in the sixth annual fishing derby to be held Sunday from 1 to 4 p. m. at Tindolph Point in Thief River Falls. Proceeds from the event will be used in the sponsorship of Boy Scout Troop 57 which is sponsored by the organization.

Scouts will assist with the derby by serving coffee and doughnuts at a lunch stand to be placed at the fishing site. Admission for anglers will be one dollar and prizes will be awarded for the largest fish (electric drill kit), first fish (axe and knife), smallest fish (2-burner camp stove), oldest fisherman, youngest fisherman and contestant from the farthest distance. Prizes will be awarded every half-hour and many other prizes are offered.

In addition to the contest itself, activities will be provided for youngsters. Two Arctic Cat snow vehicles and the Bridgeman Creameries sleigh will be available for free rides. In the event of a storm, cancellation will be announced on radio station KTRF.

Large fish have been taken from the Red Lake River here, many of which have not received wide-spread publicity. In October L. G. Hetland landed a northern pike following a 20-minute struggle and the fish weighed 20 pounds and was 41 inches in length. Three days later, again fishing near the Eighth street bridge, Hetland caught a 13-pound northern.

Several other reports of northerns in the five to 10 pound class and heavier have been received and large walleyes are also taken on occasion. The fish are there, according to local angling enthusiasts, and the person who coaxes them to bite can pick up some fine prizes at the Sunday derby.

4,689 Fish Houses on Mille Lacs Lake

Number Has Increased from 918 Ten Years Ago

The conservation department has taken its yearly count of ice fishing houses on Mille Lacs Lake. Jerome Kuehn of the department's research and planning section said that an aerial survey on January 12 showed 4,689 houses, probably the largest number of ice fishing shacks to be found on any lake in the state.

Game warden pilot Bill Morris flew the aircraft with Rich Joarnt, creel census clerk, as observer.

Aerial counts of ice fishing houses on Mille Lacs have been made nearly every year since 1952. The counts reveal the tremendous increase in popularity of the sport since the counts began:

In 1952—621 houses; 1953—918; 1956—3,393; 1958—3,027; 1959—3,671; 1960—4,295; 1961—5,069; 1962—3,574.

Newfolden Quint Wins Two Games

Takes Greenbush 65-52 and Roseau Rams 45-31

Coach Frank Kahoutek's Newfolden Nordics moved into contention for a top spot in the Border basketball conference by scoring a pair of victories during the weekend. In a game played at Newfolden on Friday, the Nordics, with Jerry Strandquist scoring 16 points and Jim Dahl adding 14 points, defeated the Greenbush Tigers, 65 to 52. And on Saturday, Newfolden, in a game played at Roseau, defeated the Rams, 45 to 31. The Nordics boast a seven wins and two losses mark in conference plays.

Coach Sheldon Elseth's Newfolden 'B' squad dropped two decisions, losing to Greenbush, 36 to 33; and to Roseau, 39 to 29.

The Nordics varsity will have a "recess" this week from conference competition, but coach Kahoutek will send his varsity squad through intensive drills in preparation for the five games that remain on the schedule. The next game on the Nordics' schedule will be against the Middle River Skippers, and will be played on the Newfolden court on Tuesday, Jan. 29. The Skippers scored a win over Newfolden in previous games between the two clubs, marking up a 36 to 33 win in a thrill-packed encounter on the Middle River floor. On Friday, Feb. 1, the Nordics will entertain the Roseau Rams in a conference game.

Goodridge Quint Trims Oslo 72-63

Huskies Slated to Play Alvarado Team Friday

The Goodridge Huskies gained a point on the league-leading Fisher Flyers on Friday by scoring a 72 to 63 win over the Oslo Bobcats in a Polar basketball conference game played on the Goodridge court. The game was worth two points to the Huskies in the league standings. On Friday, Jan. 25, the Huskies will meet the Alvarado Indians at Alvarado.

The Huskies vs. Bobcats tilt was an evenly-played contest, with the two teams entering the final period with Goodridge holding a one-point edge, 49 to 48. In the final period, the Huskies outpointed the Bobcats, 23 to 15, to record their 72 to 63 win.

Dave Michalski, Oslo's fine guard, gained the game's high-point honors, racking up 24 points on nine field goals and six free throws. Dick Saurdiff led the scoring for the Huskies with 22 points, notching six field goals and ten free throws. Roger Holte, at forward, played a strong all-round game for the Huskies, and scored thirteen points on six field goals and a free throw.

SCHOOL BOARD PROCEEDINGS

REGULAR MEETING
December 10, 1962

Regular meeting of the Board of Education was held in the High School cafeteria at 8:00 P. M. on Monday, December 10, 1962.

Members present: Howick, Bredeson, Owen, Burtness, Hoel, Olson and Superintendent Hankerson.

Members absent: Anderson.

Mrs. Richard Hammel of Hammel & Green Inc. and several interested citizens were also present. Chairman Howick presided.

The minutes of the regular meeting of November 12, 1962 and the special meeting of November 28, 1962 were read and approved as read.

Motion by Owen, seconded by Olson and carried to pay the following bills:

General Fund	$ 25,640.21
Hot Lunch	4,609.48
N D E A	33.11
Capital Outlay	8,929.57
Debt Redemption	37,848.21

Motion by Bredeson, seconded by Hoel and carried to enter into a transportation contract with District No. 1546.

Motion by Bredeson, seconded by Owen and carried to deny the request for dependency allowance for Mr. Al Shaff.

Motion by Owen, seconded by Hoel and carried to employ Mrs. Harry Ranum as clerk-helper to the school nurse starting after the Christmas holidays.

Motion by Hoel, seconded by Owen and carried that authorized mileage by all school personnel be set a 7½ cents per mile effective January 1, 1963.

Chairman Howick appointed the following committee to represent the school board in working with the teacher's salary committee: Howard Hoel, chairman, Morris Owen and Robert Bredeson.

Motion by Owen, seconded by Hoel and carried that the school district supply supervision for the skating rinks at Knox and Northrop Schools, that the warming house at the Northrup School be maintained by the school district, and that a warming house be constructed by the vocational department at a cost not to exceed $300. The said warming house at Knox also to be maintained by the school district.

Superintendent Hankerson gave an oral report to the board concerning figures used in an editorial by Editor Dahlquist. In his report he read a letter received from Guy Tollerud of the State Department concerning misquotes in another editorial. Motion by Bredeson, seconded by Olson and carried that the superintendent's report and Mr. Tollerud's letter be included in the official minutes. The report and the letter follows:

"I should like to report to the board of education in answer to a recent editorial that appeared in the Times. I should like to emphasize that I neither intend nor wish to become involved in an emotional and bitter verbal exchange with anyone concerning the school issue. Facts and reason should be the guide for all deliberations.

I do, however, resent deeply the general tone and implications of the editorial that the Board of Education and its professional staff are not telling the story correctly. This borders on questioning such things as competency and integrity and honesty. I believe that facts in all issues should be stated correctly and fully.

The new Washington School was filled to over its capacity the day it opened. Rental of the Armory for additional classrooms was started in 1958-59. Since 1958-59 special departments such as the blind department have been started. The laws of the state now require that school districts educate all of their children. These departments require rooms.

To understand the room situation one has to understand the growth of the school in numbers of students, its curriculum, and the facilities actually constructed in the past. The editorial starts with the year 1937-38 and assumes that Thief River Falls, at this time, was building for the foreseeable future rather than a catch-up program. Let's investigate a little deeper. In 1940-41 the new Lincoln High School was ready for occupancy. The total school enrollment was 1702 as opposed to 2542 in 1957-58 and 2828 in 1961-62. There was a total of only 280 vocational school students in 1961-62 and these students were not in school all at the same time. Now, with the adding of the eleven rooms (including labs and home economics rooms and the subtraction of the eight rooms of the old Central School and with the adding of pupils and rooms constructed since that time, we are actually in worse shape than the school was in 1941. The trouble seems to be that no one considers rooms that have been removed from service, such as the old Central.

The editor, in determining his figures for pupil-teacher ratio in the elementary school has used non-teaching personnel as teachers. The total number of elementary students in grades 1-6 is 1184 rather than 1174. His figures, in addition to including 3 one-half time principals and their one-half time teacher substitute replacements, also include the elementary music supervisor, the librarian, the physical education supervisor, the teacher of the blind (who has 5 pupils), and the two teachers of the special mentally retarded (with their total of eleven pupils). This of course does something to averages. This makes the number of our classroom teachers 40 rather than 49. The averages for kindergarten is 28.7, and for grades 1-6 is 28.9. It is interesting to note that in 1940-41 there were 695 pupils with 25 actual classroom teachers for 27.8 average total per class. This is from a signed annual state report and is available in the superintendent's office. Not that this is important, for it still is way too high for an average. The editor, is in my opinion, not the person to judge what class loads should be nor is he qualified to do so. But the fact remains, when he uses figures and facts to insinuate that boards of education and their staffs, Universities, and state officials do not know their business, he should at least make sure his facts are correct and complete. The editor has not been in my office to check records, nor has he asked for verification of attendance records as he has them.

The same thing is true in his high school figures. He has again used the total staff including an administrator (the attendance officer), school nurse, librarian, two counselors, two vocational teachers who teach only part-time in high school, one music teacher who has no regular classes but rather spends his entire day teaching music groups in both the high school and the elementary schools, 2 music teachers who teach classes only part time and spend the rest of the time with large groups, and one teacher who teaches one-half time only and that with a special group of six retarded pupils. He also used this year's number of teachers (2 additional) with last year's pupil enrollment. If the correct figures are used the average would be 27.3 rather than 19. Again let me emphasize that averages are a poor measure and especially so in high school because of grouping, scheduling, courses offered, special departments, size of rooms, and many other reasons. The class load of each teacher shows a truer picture. In the elementary school one teacher usually has the same pupils all day. Because all high school students do not take the same number of classes and because all teachers do not have the same number of pupils each period, one should add the total number of pupils during the day and then divide by the number of class periods to arrive at an average class load.

As to the "Old Washington School" issue. It is indeed unfortunate that it became an issue. The evidence is overwhelming from all sources that its use should be discontinued. Regardless of whether or not it should be remodeled it would still add no new classrooms. The money spent in remodeling would not take care of the problem. I have a recent letter from Mr. Guy O. Tollerud, the Director of School Building Planning of the State Department, which ought to dispose of this question for once and for all. It follows in full:

STATE OF MINNESOTA
Department of Education
Centennial Office Building
St. Paul 1, Minnesota

November 23, 1962

Mr. M. H. Hankerson
Superintendent of Schools
Thief River Falls, Minnesota

Dear Mr. Hankerson:

Recently I had an opportunity to read an editorial that appeared in the Thief River Falls Times, concerning your school building problems. The contents of the second paragraph disturbs me because of what is stated. I am rather certain that the state school official referred to was very probably myself, and infers that I thought the Washington building could serve another ten years as a school facility.

This statement is not in accordance with the thought or statement I made. What I said was that the building might stand for another ten years, but that it was not suitable as a school building. I am sure I either elaborated then or had stated previously that this building has passed its usefulness as a school building and that it should soon be demolished and removed.

A school building must be safe for pupil and teacher occupancy. Pupils are required by Minnesota Statutes to attend school from the ages of 6 to 16. Since they are required by law to attend, it is therefore incumbent on school boards to make certain that the buildings to which they go are therefore safe.

No one can say that the Washington building is a safe structure. It is neither fire safe nor structurally safe. It can perhaps be renovated and remodeled to become both structurally and fire safe, but this would cost too many dollars to be considered as a frugal expenditure of school district funds. I am quite sure that I stated too that I was in complete accord with the non use of the second floor for educational purposes.

The editorial infers that I thought the building was suitable for perhaps another ten years. This is definitely not the case.

I believe that in the radio program that was aired several days later that in answer to a question raised by the program announcer that I made substantially these same statements to the public.

I certainly hope that the people of your district and the editor of your paper will come to a better understanding of your school plant needs, and that you and your school board will be able to proceed with the construction so badly needed.

Very truly yours,
Guy O. Tollerud, Director
School Plant Planning

GT:jt

As to remarks on taxes and finances and good management. One must realize that taxes are always an unpleasant subject. However, one must again know the whole picture and make comparisons of other communities and with consideration to their offerings. The following are copied from state reports for the 1961 rates payable in 1962. This is the latest date of the publication available at this time and are therefore the latest available figures. Tax rates for these schools and all others in the state show that Thief River Falls is very average on a state wide basis. Some comparative levies are: (non-agriculture levies including capital outlay and debt redemption are used because they are the highest possible levy).

Thief River Falls	133.6
East Grand Forks	133.1
Grand Rapids	165.7
Hallock	138.65
Eveleth	263.44
Warren	139.05
Alexandria	138.43
Moorhead	133.3
Bemidji	146.35
Crookston	125.44
Plummer	134.3
Roseau	126.3
International Falls	201.45
Warroad	138.06

It should be remembered that Thief River Falls also maintains an area-vocational school and Eveleth a junior college and that these do affect costs.

It should be remembered that taxes are not always an indication of effort as there are so many variations in assessing from community to community. Another way of comparison is to compare per pupil costs of various schools. The following is from a 1962 study made by the state school board association and includes maintenance and capital outlay costs. It also shows that we are just over the 80% mark for the state as a whole. The data is for 1961.

	per pupil unit cost
Thief River Falls	$402
East Grand Forks	382
Bemidji	392
Grand Rapids	434
International Falls	380
Hallock	458
Eveleth	475
*Crookston	410
*Mankato	483
*St. Cloud	416
*Winona	425
*Austin	482

Mankato, St. Cloud, Winona, and Austin are used here since they also have Area-Vocational Schools. Austin in addition has a Junior College. This is a truer picture than the others because Area-Vocational Schools do add to the costs.

I have great faith in the future of Thief River Falls. I believe that the people here want the best possible for their children. Facts must be presented accurately and in full. Facts and complete figures are always available for those who seek them. I feel that it is time to stop confusing statements and attempts to split the community. It is time to stop belittling public officials who are attempting to do a job so badly needed. It is time that all people in the community get together and work for the answer to the problem — which is simply this, we do not have enough school buildings and classrooms for the number of pupils that we have."

Mr. Hammel reported his findings on costs of various proposals. A discussion followed his report.

A motion was made by Owen, seconded by Burtness that since the entire board was not present that the meeting be adjourned until Monday, December 17th. The motion was carried.

Signed: Robert Bredeson,
Clerk.

Approved: Lloyd Howick,
Chairman.

Special Meeting
December 19, 1962

A special meeting of the school board was held on December 19th at 8:00 P.M. in the Home Economics Room.

Members present were: Howick, Bredeson, Owen, Anderson, Hoel, Burtness, Olson, and Superintendent Hankerson.

A motion was made by John Burtness and seconded by Rufus Olson to postpone the regular January meeting from January 14th to January 21st so as not to conflict with State School Board meeting at St. Paul on January 14th, 15th, and 16th.

Mr. Rufus Olson offered the following resolution and the motion was seconded by John Burtness:

1. Present facilities are overcrowded even with rented space.

2. Projected enrollments indicate that we need junior high facilities for about 630 students. Also a need for a minimum of 8 additional elementary class rooms.

3. The vocational director of the State Department has indicated that it will be necessary for this district to provide district owned buildings to house vocational classes and also to upgrade our facilities for home economics. We therefore propose the following resolution.

1. This board has again investigated the facts concerning the building needs of this district, and does hereby find, determine and declare that it is necessary and expedient for said school district to bond the district in an amount not exceeding $1,495,000.00 for the purpose of construction of a junior high school and elementary facilities and the betterment of school houses, garages, and sites. Of this sum an amount not exceeding $1,195,000.00 shall be used for junior high school and the betterment of school houses and sites, and also the sum not to exceed $300,000.00 for the construction of an elementary school to contain 10 class rooms and supporting facilities plus improving school facilities and garages.

2. That the Superintendent be instructed to contact the T. G. Evenson Company for the purpose of working out details of a proposal of payment to present at a special school board meeting on January 7, 1963.

3. That the school architects Hammel & Green Inc. be instructed to prepare a revised preliminary sketch of the general plans to them by the school board and present these to the board at a special school board meeting, date to be set later.

Roll Call: Howick, Bredeson, Owen, Burtness, and Olson voted for. Anderson and Hoel voted against.

A motion was made by Bredeson and seconded by Olson to organize a meeting on January 7, 1963 with T. G. Evenson, bond consultant. For: Howick, Bredeson, Owen, Burtness and Olson. Against: Anderson and Hoel.

Mr. Anderson made a motion that all minutes should be published in the first newspaper publication after the regular meeting at which time the minutes are read and approved. Owen seconded and motion carried.

Mr. Hoel moved for adjournment, M. Owen seconded. Carried.

Signed: Robert Bredeson, Clerk
Approved: Lloyd Howick, Chairman

Special Meeting
January 7, 1963

A special meeting of the school board was held at 8:00 P.M. in the Home Economics Room of the Lincoln School Building on Monday, January 7, 1963.

Members present were: Howick, Bredeson, Owen, Olson, Burtness, and Superintendent Hankerson. Absent were Hoel and Anderson.

Chairman Howick presided.

Superintendent Hankerson reported on the building of warming house facilities at Knox Elementary. The following estimates were presented which were all above the authorized figure of $300.00.

Home Lumber Co.	$385.00
Robertson Lumber Co.	371.04
Lampert Lumber Co.	350.00

A motion made by M. Owen and seconded by John Burtness to increase the amount to $375.00 for construction of the warming house facilities at Knox Elementary playground.

Mr. Rufus Olson reported to the board on the present bond retirement schedule stating that the bond retirement schedule for a new building program would require only slight increased cost to taxpayers. Mr. Olson's reasoning was based on present and future rental costs and the decrease in present debt retirement payments.

Mr. Lyle Olson, representing T. G. Evenson, Bond Consultants, was present and agreed to check the information which Mr. Rufus Olson presented regarding the bond retirement schedule for the proposed future bond payments. He was also instructed to prepare any other practical methods and was asked to present these at the regular board meeting January 21st.

A motion for adjournment by Bredeson and seconded by M. Owen.

Signed: Robert Bredeson,
Clerk

Approved: Lloyd Howick,
Chairman

Prowler Six Defeats Warroad & E. G. Forks

Coach Gene Sack's hockey Prowlers picked up some valuable points in their Region Eight conference standings by scoring a pair of wins this week. On Monday night, in a game that was forced into overtime, the Prowlers defeated coach Myron Grafstrom's Warroad Warriors, 5 to 4, at Warroad. And on Wednesday night, on the Arena ice here, the Prowlers edged out a stubborn East Grand Forks team, 2 to 0.

On Saturday night, on the Arena rink, the Prowlers will meet the St. Paul Johnson team, the club *that is currently rated as the* state's top high school team. On Tuesday night, Jan. 29, the Hallock Bears will play the Prowlers on the Arena ice in a Region Eight conference game.

Playing at Warroad on Monday night, the Prowlers, with a fine exhibition of hockey, held a 4 to 1 lead at the 3:26 mark of the third period, but the Warriors, with Churck Marvin, Vern Hodgson, and Jim Jaros pulling the trigger on the scoring plays, racked up three goals to force overtime play. And in the fourth overtime period, Tony Poole, from ten feet out and at an angle, took a pass from Elroy Frolland and beat goalie Gordy Marshall.

On Wednesday night, on the Arena ice, the Prowlers met the surprising East Grand Forks Green Wave in a "must win" game. After a scoreless first period, and which found the Prowlers testing Green Wave's stellar goalie Dennis Nelson with nine shots, the locals broke through his defense a tthe 6:02 mark of the second period when Don Mathieu, on a partially screened shot from out in front, backhanded the puck into the right hand corner of the south goal. Mathieu had missed the game at Warroad, being sidelined by a touch of the flu.

The Prowlers gained an "insurance" at the 7:21 mark of the third period when, following a face-off in the Green Wave zone, Frolland, with Mathieu assisting, banged a goal into the north net.

David (Nobby) Erickson registered his first shutout of the season, having eleven stops during the game.

Full Schedule of Basketball Games Set This Weekend

The weekend's schedule for the area's high school basketball teams:

Friday, Jan. 25:
Thief River Falls at Fargo Central
Crookston at East Grand Forks.
Climax at Warren.
Goodridge at Alvarado.
Fisher at Plummer.
Erskine at Oklee.
Oslo at Red Lake Falls.
Ada at Mahnomen.
Waubun at Twin Valley.
Baudette at Greenbush.
Bagley at Fosston.
Gonvick at Clearbrook.
Strandquist at Karlstad.
Lancaster at Lake Bronson.
Kennedy at Stephen.
Mentor at McIntosh.
Saturday, Jan. 26:
Bagley at Crookston.
Detroit Lakes at Bemidji.
Fosston at Clearbrook.
Erskine at Warren.
Twin Valley at Halstad.

PROOF that the Red Lake river offers inspiration to anglers is this 20-pound northern pike caught by L. G. Hetland near the Eighth street bridge. True, the catch was made in October, but ice fisherman have been doing well this winter also. A fish like this would quite likely win the fishing derby at Tindolph Point on Sunday. The derby is sponsored by St. Bernard's Men's club for the benefit of Boy Scout Troop 57.

State's Deer Herd in Good Condition

If Snow Holds Off, Little Starvation Is Expected

Minnesota's deer herd has gone into the winter season in the finest condition in recent history, according to a report from the state game and fish division. Due to an unusually mild fall with warm temperatures and little snow, the animals have been able to range and feed freely with no loss in body weight.

At this time there is still comparatively little snow on the major deer range in northern Minnesota and so the prospects are very bright for continuing the six year record of little or no deer starvation.

This should mean that the animals are "over the hump" and only very severe winter weather continuing through March and into April would cause unusual winter mortality.

With every passing day of snowless weather over the main deer range, the prospects of no winter mortality become brighter. To date the deer have not yet begun to yard up.

Game managers participating in the annual moose census report seeing as many deer as at the same time last year. A midwinter aerial deer census is now underway in southern and south-central Minnesota to determine the effects of the 1962 season on the herd in special areas.

This survey will be completed by mid-February if snow conditions are adequate.

TURN TO PAGE 6 FOR ADDITIONAL SPORTS

Keeping Score with "Huck" Olson

One for the Book

As far as local league curling is concerned, a record was established last Friday night when, in Glenbarr league competition, the Harland (Skippy) Knutson rink scored an eight-ender. Such a feat is comparable to a 300 game in bowling, or a no-hit, no-run game in baseball. It was on the second end of their match with the Morris Roadfelt rink that the Knutson's marked up their big bundle of rocks. On the Knutson rink on Friday were Ev. Amundgaard, Rudy Rude, and Knutson. The rink was shy one member, but Ev and Rudy tossed the extra rocks.

The match was played on sheet one in the Fair Grounds arena, and Knutson, the skip, had last rock. He was told there were seven Knutson rocks in the rings, and if he put his last rock in the rings they would mark up an eight-ender. Skip handled the situation calmly, and laid his last rock into the four-foot. The rink members have hired an attorney and a business manager, and are awaiting the endorsements that are sure to come.

And the Jon Larson rink—Shorty Perkins, Mark Larson, Roger Nygaard, and Jon Larson — did real well in the bonspiel held at Roseau on Sunday. The rink, winning four matches and losing one, reached the finals in the first event, where they were beaten by the Jack Lundohm rink of Roseau, losing by an 11 to 5 score.

Picking up the Spares

The Schenley's team of the Friday night City Bowling league participated in the tournament being held at Ada, and the local bowlers moved into first place in the team event, posting an aggregate of 3006. The tournament will conclude this weekend, and the Schenley's hold a considerable lead.

For the Schenley's, Lloyd Samuelson turned in games of 194-247-209, and, with a handicap of 18 pins, had an aggregate of 668. Elton Cummings had games of 187-210-168, and a handicap of 12 pins, for a total of 577. Emil Dosfol rolled games of 166-136-157, and had an aggregate of 470; Carl Ohkka had games of 236-168-225, and an aggregate of 644; and Marv Washnesky, with games of 159-160-170, had an aggregate of 497.

The bowler in the Washnesky family, though, appears to be Marv's wife Mary. In Women's Nite Hawk league bowling last week, Mary rolled games of 213-211-178, for a 602 total.

And there should be considerable excitement one of these Monday evenings at the Family Bowl lanes when the Daleford Farms and the T. & S Implement teams meet. The two teams are battling for first place in the Service league. It would be worth a modest admission fee to watch Helmer Skomedal of the Dalefords bowl against Red Thyren of the T & S, and to witness Jimmy Muzzy of the Dalefords matching Mel Scholin of the Implement.

Youth Hockey Week

This week, starting on Saturday, Jan. 26, the hockey-minded Americans will be promoting "Youth Hockey Week"; and across the border, in Canada, our northern neighbors will be promoting "Minor Hockey Week."

Says Vince Leah, the hockey columnist of the Winnipeg Tribune, a man who has been instrumental in leading a number of Winnipeg players on to fame and fortune: "Hockey is just a part of the great heritage which belongs to every Canadian youngster. Somehow at this time it does not really seem important whether we can overpower the Czechs, Russians, and the Swedes as long as every kid is encouraged to take part in our truly national pastime, in an atmosphere of decency and morality, truly, as the Good Book says, growing in stature and favor with God and man".

SLOW DOWN AND LIVE!

Next Week Noted Here as Youth Hockey Week

The Amateur Hockey Association of the U.S.A. has designated this coming week as Youth Hockey Week. The senior hockey Thieves organization, in conjunction with the school authorities, the Eagles, the V.F.W., and the American Legion, have arranged a busy schedule of hockey activities.

On Saturday, Jan. 26, at 2:30 p. m. the Eagles Bantams will play the Red Lake Falls Bantams at Red Lake Falls; at 6:30 p. m., on the Arena rink, the Red Lake Falls high school 'B' team will play the Prowler 'B' team; and at 8:00 p. m. coach Rube Gustafson's top-ranked St. Paul Johnson high school team will play the Prowler varsity.

On Sunday, Jan. 27, the senior hockey Thieves will play the Roseau Cloverleafs in a Northwest Hockey league game. And prior to this game, at 1:00 p. m., the Grand Forks V.F.W. Midgets will meet the local V.F.W. Midgets. The Eagles Bantams team will play the East Grand Forks Bantams at East Grand Forks.

On Tuesday, Jan. 29, the Hallock Polar Bears will play the Prowlers in a Region Eight conference game. A preliminary game between the Hallock 'B' squad and the Prowler 'B' squad will be played, with face-off time at 6:30 p. m.

On Friday, Feb. 1, the Prowler A and B squad will be playing at Roseau.

On Saturday Feb. 2, the Earl Grey community center juvenile and bantam hockey squads from Winnipeg will play the local V.F.W. Midgets and the Eagles Bantams on the Arena ice.

"Remember, this is Youth Hockey Week, U.S.A. Don't send, TAKE your boy to the rink."

Stop! Now sell every drop of your milk from the fourth day
Land O'Lakes Calf Milk Replacer lets you sell all your whole milk and still raise a good, healthy calf. This milk product is highly digestible—contains 10% extra fat for 22% more calories, vitamins, trace minerals and antibiotics. It does *not* contain cereals which the young calf is unable to efficiently digest at an early age.
You'll save money by selling whole milk and switching the four-day-old calf to Land O'Lakes Calf Milk Replacer. Costs you less than $2 a cwt. reliquefied. Difference between this and what you get for milk is profit. Calves are properly fed.
It's the nation's No. 1 Calf Milk Replacer! In 1961, 1,500,000 calves were raised on Land O'Lakes Calf Milk Replacer. Research proves it puts on a pound of gain for 16¼¢—a dime less than 50% cereal products. Calves gained 94% faster, needed 46% less food. See your dealer. Lay in a supply now.

Everything piles up handsomely in a Chevy II including savings
Imagine a low-loading wagon roomy enough to handle most anything you can heft—and still trim enough to slip into cramped parking spots. We imagined it, built it and called it Chevy II. Made it as dependable as a wagon can get. And made it so it'll keep piling up savings over the years. Those show up in the way this one goes and goes on a gallon. They grow with brakes that adjust themselves. An exhaust system that lasts longer. And a Delcotron generator that keeps battery reserve power up. Want to hear more? How about a low price, natty interiors, Body by Fisher craftsmanship—and a talk with your Chevrolet dealer soon!

Prowler Six Defeats Warroad & E. G. Forks

Coach Gene Sack's hockey Prowlers picked up some valuable points in their Region Eight conference standings by scoring a pair of wins this week. On Monday night, in a game that was forced into overtime, the Prowlers defeated coach Myron Grafstrom's Warroad Warriors, 5 to 4, at Warroad. And on Wednesday night, on the Arena ice here, the Prowlers edged out a stubborn East Grand Forks team, 2 to 0.

On Saturday night, on the Arena rink, the Prowlers will meet the St. Paul Johnson team, the club that is currently rated as the state's top high school team. On Tuesday nigh,t Jan. 29, the Hallock Bears will play the Prowlers on the Arena ice in a Region Eight conference game.

Playing at Warroad on Monday night, the Prowlers, with a fine exhibition of hockey, held a 4 to 1 lead at the 3:26 mark of the third period, but the Warriors, with Churck Marvin, Vern Hodgson, and Jim Jaros pulling the trigger on the scoring plays, racked up three goals to force overtime play. And in the fourth overtime period, Tony Poole, from ten feet out and at an angle, took a pass from Elroy Froiland and beat goalie Gordy Marshall.

On Wednesday night, on the Arena ice, the Prowlers met the surprising East Grand Forks Green Wave in a "must win" game. After a scoreless first period, and which found the Prowlers testing Green Wave's stellar goalie Dennis Nelson with nine shots, the locals broke through his defense a tthe 6:02 mark of the second period when Don Mathieu, on a partially screened shot from out in front, backhanded the puck into the right hand corner of the south goal. Mathieu had missed the game at Warroad, being sidelined by a touch of the flu.

The Prowlers gained an "insurance" at the 7:21 mark of the third period when, following a face-off in the Green Wave zone, Froiland, with Mathieu assisting, banged a goal into the north net.

David (Nobby) Erickson registered his first shutout of the season, having eleven stops during the game.

Twin Valley at Halstad.

PROOF that the Red Lake river offers inspiration to anglers is this 20-pound northern pike caught by L. G. Hetland near the Eighth street bridge. True, the catch was made in October, but ice fisherman have been doing well this winter also. A fish like this would quite likely win the fishing derby at Tindolph Point on Sunday. The derby is sponsored by St. Bernard's Men's club for the benefit of Boy Scout Troop 57.

State's Deer Herd in Good Condition

If Snow Holds Off, Little Starvation Is Expected

Minnesota's deer herd has gone into the winter season in the finest condition in recent history, according to a report from the state game and fish division. Due to an unusually mild fall with warm temperatures and little snow, the animals have been able to range and feed freely with no loss in body weight.

At this time there is still comparatively little snow on the major deer range in northern Minnesota and so the prospects are very bright for continuing the six year record of little or no deer starvation.

This should mean that the animals are "over the hump" and only very severe winter weather continuing through March and into April would cause unusual winter mortality.

With every passing day of snowless weather over the main deer range, the prospects of no winter mortality become brighter. To date the deer have not yet begun to yard up.

Game managers participating in the annual moose census report seeing as many deer as at the same time last year. A midwinter aerial deer census is now underway in southern and south-central Minnesota to determine the effects of the 1962 season on the herd in special areas.

This survey will be completed by mid-February if snow conditions are adequate.

Keeping Score with "Huck" Olson

One for the Book

As far as local league curling is concerned, a record was established last Friday night when, in Glenbarr league competition, the Harland (Skippy) Knutson rink scored an eight-ender. Such a feat is comparable to a 300 game in bowling, or a no-hit, no-run game in baseball. It was on the second end of their match with the Morris Roadfelt rink that the Knutson's marked up their big bundle of rocks. On the Knutson rink on Friday were Ev. Amundgaard, Rudy Rude, and Knutson. The rink was shy one member, but Ev and Rudy tossed the extra rocks.

The match was played on sheet one in the Fair Grounds arena, and Knutson, the skip, had last rock. He was told there were seven Knutson rocks in the rings, and if he put his last rock in the rings they would mark up an eight-ender. Skip handled the situation calmly, and laid his last rock into the four-foot. The rink members have hired an attorney and a business manager, and are awaiting the endorsements that are sure to come.

And the Jon Larson rink—Shorty Perkins, Mark Larson, Roger Nygaard, and Jon Larson — did real well in the bonspiel held at Roseau on Sunday. The rink, winning four matches and losing one, reached the finals in the first event, where they were beaten by the Jack Lundohm rink of Roseau, losing by an 11 to 5 score.

Picking up the Spares

The Schenley's team of the Friday night City Bowling league participated in the tournament being held at Ada, and the local bowlers moved into first place in the team event, posting an aggregate of 3006. The tournament will conclude this weekend, and the Schenley's hold a considerable lead.

For the Schenley's, Lloyd Samuelson turned in games of 194-247-209, and, with a handicap of 18 pins, had an aggregate of 668. Elton Cummings had games of 187-210-168, and a handicap of 12 pins, for a total of 577. Emil Dosfol rolled games of 166-136-157, and had an aggregate of 470; Carl Ohkka had games of 236-168-225, and an aggregate of 644; and Marv Washnesky, with games of 159-160-170, had an aggregate of 497.

The bowler in the Washnesky family, though, appears to be Marv's wife Mary. In Women's Nite Hawk league bowling last week, Mary rolled games of 213-211-178, for a 602 total.

And there should be considerable excitement one of these Monday evenings at the Family Bowl lanes when the Daleford Farms and the T & S Implement teams meet. The two teams are battling for first place in the Service league. It would be worth a modest admission fee to watch Helmer Skomedal of the Dalefords bowl against Red Thyren of the T & S, and to witness Jimmy Muzzy of the Dalefords matching Mel Scholin of the Implement.

Youth Hockey Week

This week, starting on Saturday, Jan. 26, the hockey-minded Americans will be promoting "Youth Hockey Week"; and across the border, in Canada, our northern neighbors will be promoting "Minor Hockey Week."

Says Vince Leah, the hockey columnist of the Winnipeg Tribune, a man who has been instrumental in leading a number of Winnipeg players on to fame and fortune: "Hockey is just a part of the great heritage which belongs to every Canadian youngster. Somehow at this time it does not really seem important whether we can overpower the Czechs, Russians, and the Swedes as long as every kid is encouraged to take part in our truly national pastime, in an atmosphere of decency and morality, truly, as the Good Book says, growing in stature and favor with God and man".

Next Week Noted Here as Youth Hockey Week

The Amateur Hockey Association of the U.S.A. has designated this coming week as Youth Hockey Week. The senior hockey Thieves organization, in conjunction with the school authorities, the Eagles, the V.F.W., and the American Legion, have arranged a busy schedule of hockey activities.

On Saturday, Jan. 26, at 2:30 p. m. the Eagles Bantams will play the Red Lake Falls Bantams at Red Lake Falls; at 6:30 p. m., on the Arena rink, the Red Lake Falls high school 'B' team will play the Prowler 'B' team; and at 8:00 p. m. coach Rube Gustafson's top-ranked St. Paul Johnson high school team will play the Prowler varsity.

On Sunday, Jan. 27, the senior hockey Thieves will play the Roseau Cloverleafs in a Northwest Hockey league game. And prior to this game, at 1:00 p. m., the Grand Forks V.F.W. Midgets will meet the local V.F.W. Midgets. The Eagles Bantams team will play the East Grand Forks Bantams at East Grand Forks.

On Tuesday, Jan. 29, the Hallock Polar Bears will play the Prowlers in a Region Eight conference game. A preliminary game between the Hallock 'B' squad and the Prowler 'B' squad will be played, with face-off time at 6:30 p. m.

On Friday, Feb. 1, the Prowler A and B squad will be playing at Roseau.

On Saturday Feb. 2, the Earl Grey community center juvenile and bantam hockey squads from Winnipeg will play the local V.F.W. Midgets and the Eagles Bantams on the Arena ice.

"Remember, this is Youth Hockey Week, U.S.A. Don't send, TAKE your boy to the rink."

1st Four Days of RRV Shows to Be Devoted to Dairy Activities

The first four days of the Red River Valley Winter Shows in Crookston will be generously sprinkled with dairy activities. There is an increase in the dairy cattle show. Personalities of the dairy industry — "Princess Kay" (Kathy Hjelle) of Argyle; Lew Conlon, manager of the Minnesota dairy industry committee; and C. L. Cole, head of the dairy department at the University of Minnesota, will take part in the programs.

The open class judging of dairy cattle and the approved Black and White show for District 9 of the Minnesota Holstein Association will be held on Monday, February 18. That same evening, the livestock breeders will gather for their annual banquet.

The highlights of the dairy activities will be on Tuesday, February 19. Considerable effort is being expended to make this a special day for dairymen.

A "show style" dairy clinic will be conducted between 10 a.m. and 4 p.m. on Tuesday in the Winter Shows arena. Special display booths are being set up on mastitis, breeding problems, feeding problems, solids-not-fat testing, and labor-saving devices. Experts from the dairy department and agricultural extension service of the University of Minnesota will man the booths. Dairymen will have an opportunity to ask questions and discuss the display materials. During the clinic, dairymen will also have an opportunity to register for a purebred dairy calf which will be given away at the end of the afternoon program.

Tuesday afternoon's program will start at 12:30 p.m. and include a parade of champion dairy animals, presentation of dairy animals, and a dairy sale. In the evening, a program of general interest to the public will be held in the livestock arena of the Winter Shows building. The program will include a cow milking contest involving, among others, Princess Kay and King Agassiz III.

Langen Calls for Cut in Spending

Sees Staggering Deficit in $98.8 Billion Budget

"A budget of this size would be no problem if we just knew where the money was coming from," commented Congressman Odin Langen last week after noting that the Administration's budget message calls for a record-breaking $98.8 Billion.

Langen, who will get a chance to act on spending programs as a member of the House appropriations committee, noted that the proposed budget shows an anticipated $10.3 Billion deficit for the next fiscal year. "Last year," said Langen, "they forecast a surplus of half a billion dollars, which has now been revised to an expected deficit of over $8 billion. If this new budget is under-estimated by the same degree, the deficit next year could be staggering."

Langen said that Congress now has a clear-cut responsibility to take a close look at fiscal problems facing the nation and to act constructively. "One thing is sure," he said, "that it's inconceivable that you can dangle a tax cut before the pepole with one hand and a record-breaking budget before them with the other."

Langen noted that predictions indicate Congress will be asked at an early date to increase the so-called "temporary" national debt limit well beyond the current ceiling of $308 Billion. "We all want a tax cut," said Langen, "but let's see some economy first."

Federal Aid Big Factor in State Highway Program

Federal Aid Funds Paid to Minnesota in '62 Was Twenty Times 1940 Total

The vastly increased role which federal aid plays in the Minnesota highway program is sharply pointed up in a report compiled by the financial services section of the state highway department. The figures cover the 25-year-span of 1940-64.

Back in 1940 Minnesota received a total of only $3.6 million in federal aid, which was used for primary and secondary roads on a 50-50 matching basis, and for grade crossings, then on a 100 per cent federal aid grant.

This figure is contrasted with the amount allotted for fiscal year 1962 (ended June 30, 1962) when the federal aid allotments to Minnesota totalled $62.7 million —distributed over primary, secondary and urban roads on the 50-50 basis but with $41 million of this amount allotted for Interstate highways.

Although the idea of an Interstate system was envisaged as long ago as 1939, the program did not become a legal actuality until passage of the Federal-Aid Highway Act of 1956.

For the fiscal year 1963, the Minnesota federal aid allotments total $83.5 million, with the Interstate portion almost $62 million. For 1964, the allotments are $89 million and the Interstate portion $67 million.

The 25-year federal aid total for Minnesota is more than $691 million, of which more than $360 million is for Interstate.

Newfolden Board of Education at State Convention

Peter Tandberg, Harvey Stokke and Ervin Strandquist attended the Minnesota State School Boards Association state convention at the St. Paul auditorium recently as delegates of Independent School District No. 441 at Newfolden. In addition to the viewing of a large exhibit of school supplies of all types, the convention presented noted speakers on topics of interest for school boards, round table discussions, workshops and a banquet. The last morning was the business session of the organization when action was taken on the legislative program which the MSBA will present to the Legislature.

Supt. John P. Halvorson also accompanied them to the convention.

COOL RECEPTION. Singer Ricky Nelson probably expected anything but an ice cream cone when he arrived in the Twin Cities in near-zero weather Jan. 18. But that's exactly what the young television and recording star received on a wind-swept Wold-Chamberlain runway from Minnesota's Princess Kay of the Milky Way, Kathleen Hjelle of Argyle. The two teenagers shared a laugh and a lick over the frozen treat and then checked notes on activities of the Upper Midwest Auto Show at which both appeared. Another subject of mutual interest was the dairy industry.
Kathy's activities are sponsored by the Minnesota Dairy Industry Committee, state unit of the American Dairy Association. ADA is the current sponsor of the weekly television show in which Ricky stars with other members of his famous family.

State Registers 35 Fewer Traffic Deaths

Three Minnesota counties were able to report "Death-free" traffic records and 10 other counties had traffic records that were marred by only one traffic fatality as the state recorded one of its safest years in history in 1962, according to a release today from the Minnesota Highway department.

Counties free of 1962 traffic fatalities were Mahnomen, Marshall and Pennington.

Those that recorded only one fatality each were Chisago, Dodge, Kanabec, Kittson, Lake, Murray, Pope, Red Lake, Stevens and Swift counties.

None of the state's counties recorded a "death-free" traffic record for the previous year of 1961 when 724 persons died in traffic. Last year, 689 traffic deaths had been recorded as of December 31.

The 1962 death rate for the state was 4.6 compared with a rate of 5.0 recorded in the previous year, and a rate of 5.2 for 1960. The fatal accident rate also dropped to 3.1 in 1962, compared with rates of 4.3 and 4.4 for 1961 and 1960 respectively.

It also was significant to note that the state's traffic death rate was only one-third of that 18 years earlier when there were fewer vehicles traveling fewer miles. The reason for the drop in death rates was contributed largely toward the cooperative efforts of endorcement engineering and education, according to the Highway department.

Although death and fatal accident rates showed steady declines the overall picture in 1962 showed a high increase in the number of accidents. More than 76,000 accidents are expected to be included in the final count for 1962, compared to a total of 71,646 for the previous year.

The personal injury tally for 1962 is also expected to be much higher than for the previous year. In 1961, 34,709 persons were hurt in traffic while more than 34,000 persons were injured in mishaps in the first 11 months of 1962. Due to late reporting on the part of those involved in 1962 accidents, the final official tally is not expected until next month.

N.D. Playmakers To Give Play at Newfolden School

Charles O. Fisher, principal at Newfolden high school, has made arrangements with the Dakota Players from the University of North Dakota to present Moliere's one-act play, "The Docotr in Spite of Himself" to the student body of the school at 3 p. m., Monday, January 28.

The play will be a theatre-in-the-round presentation since it will be staged in the center of the basketball court with the audience seated on bleachers on both the stage and permanent bleachers. Newfolden high school is encouraged that the Playmakers included them in their itinerary now, since Mrs. May Larson, speech and drama coach, is preparing three one-act plays for local audiences on February 22, one of which will be selected by the judges to represent the school in sub-district drama competition.

Prowler Six Defeats Warroad & E. G. Forks

Coach Gene Sack's hockey Prowlers picked up some valuable points in their Region Eight conference standings by scoring a pair of wins this week. On Monday night, in a game that was forced into overtime, the Prowlers defeated coach Myron Grafstrom's Warroad Warriors, 5 to 4, at Warroad. And on Wednesday night, on the Arena ice here, the Prowlers edged out a stubborn East Grand Forks team, 2 to 0.

On Saturday night, on the Arena rink, the Prowlers will meet the St. Paul Johnson team, the club that is currently rated as the state's top high school team. On Tuesday night, Jan. 29, the Hallock Bears will play the Prowlers on the Arena ice in a Region Eight conference game.

Playing at Warroad on Monday night, the Prowlers, with a fine exhibition of hockey, held a 4 to 1 lead at the 3:26 mark of the third period, but the Warriors, with Churck Marvin, Vern Hodgson, and Jim Jaros pulling the trigger on the scoring plays, racked up three goals to force overtime play. And in the fourth overtime period, Tony Poole, from ten feet out and at an angle, took a pass from Elroy Froiland and beat goalie Gordy Marshall.

On Wednesday night, on the Arena ice, the Prowlers met the surprising East Grand Forks Green Wave in a "must win" game. After a scoreless first period, and which found the Prowlers testing Green Wave's stellar goalie Dennis Nelson with nine shots, the locals broke through his defense a the *6:02 mark of the second period* when Don Mathieu, on a partially screened shot from out in front, backhanded the puck into the right hand corner of the south goal. Mathieu had missed the game at Warroad, being sidelined by a touch of the flu.

The Prowlers gained an "insurance" at the 7:21 mark of the third period when, *following* a face-off in the Green Wave zone, Froiland, with Mathieu assisting, banged a goal into the north net.

David (Nobby) Erickson registered his first shutout of the season, having eleven stops during the game.

PROOF that the Red Lake river offers inspiration to anglers is this 20-pound northern pike caught by L. G. Hetland near the Eighth street bridge. True, the catch was made in October, but ice fisherman have been doing well this winter also. A fish like this would quite likely win the fishing derby at Tindolph Point on Sunday. The derby is sponsored by St. Bernard's Men's club for the benefit of Boy Scout Troop 57.

State's Deer Herd in Good Condition

If Snow Holds Off, Little Starvation Is Expected

Minnesota's deer herd has gone into the winter season in the finest condition in recent history according to a report from the state game and fish division. Due to an unusually mild fall with warm temperatures and little snow, the animals have been able to range and feed freely with no loss in body weight.

At this time there is still comparatively little snow on the major deer range in northern Minnesota and so the prospects are very bright for continuing the six year record of little or no deer starvation.

This should mean that the animals are "over the hump" and only very severe winter weather continuing through March and into April would cause unusual winter mortality.

With every passing day of snowless weather over the main deer range, the prospects of no winter mortality become brighter. To date the deer have not yet begun to yard up.

Game managers participating in the annual moose census report seeing as many deer as at the same time last year. A midwinter aerial deer census is now underway in southern and south-central Minnesota to determine the effects of the 1962 season on the herd in special areas.

This survey will be completed by mid-February if snow conditions are adequate.

Keeping Score with "Huck" Olson

One for the Book

As far as local league curling is concerned, a record was established last Friday night when, in Glenbarr league competition, the Harland (Skippy) Knutson rink scored an eight-ender. Such a feat is comparable to a 300 game in bowling, or a no-hit, no-run game in baseball. It was on the second end of their match with the Morris Roadfelt rink that the Knutson's marked up their big bundle of rocks. On the Knutson rink on Friday were Ev. Amundgaard, Rudy Rude, and Knutson. The rink was shy one member, but Ev and Rudy tossed the extra rocks.

The match was played on sheet one in the Fair Grounds arena, and Knutson, the skip, had last rock. He was told there were seven Knutson rocks in the rings, and if he put his last rock in the rings they would mark up an eight-ender. Skip handled the situation calmly, and laid his last rock into the four-foot. The rink members have hired an attorney and a business manager, and are awaiting the endorsements that are sure to come.

And the Jon Larson rink—Shorty Perkins, Mark Larson, Roger Nygaard, and Jon Larson — did real well in the bonspiel held at Roseau on Sunday. The rink, winning four matches and losing one, reached the finals in the first event., where they were beaten by the Jack Lundohm rink of Roseau, losing by an 11 to 5 score.

Picking up the Spares

The Schenley's team of the Friday night City Bowling league participated in the tournament being held at Ada, and the local bowlers moved into first place in the team event, posting an aggregate of 3006. The tournament will conclude this weekend, and the Schenley's hold a considerable lead.

For the Schenley's, Lloyd Samuelson turned in games of 194-247-209, and, with a handicap of 18 pins, had an aggregate of 668. Elton Cummings had games of 187-210-168, and a handicap of 12 pins, for a total of 577. Emil Dosfol rolled games of 166-136-157, and had an aggregate of 470; Carl Ohkka had games of 236-168-225, and an aggregate of 644; and Marv Washnesky, with games of 159-160-170, had an aggregate of 497.

The bowler in the Washnesky family, though, appears to be Marv's wife Mary. In Women's Nite Hawk league bowling last week, Mary rolled games of 213-211-178, for a 602 total.

And there should be considerable excitement one of these Monday evenings at the Family Bowl lanes when the Daleford Farms and the T & S Implement teams meet. The two teams are battling for first place in the Service league. It would be worth a modest admission fee to watch Helmer Skomedal of the Dalefords bowl against Red Thyren of the T & S, and to witness Jimmy Muzzy of the Dalefords matching Mel Scholin of the Implement.

Youth Hockey Week

This week, starting on Saturday, Jan. 26, the hockey-minded Americans will be promoting "Youth Hockey Week"; and across the border, in Canada, our northern neighbors will be promoting "Minor Hockey Week."

Says Vince Leah, the hockey columnist of the Winnipeg Tribune, a man who has been instrumental in leading a number of Winnipeg players on to fame and fortune: "Hockey is just a part of the great heritage which belongs to every Canadian youngster. Somehow at this time it does not really seem important whether we can overpower the Czechs, Russians, and the Swedes as long as every kid is encouraged to take part in our truly national pastime, in an atmosphere of decency and morality, truly, as the Good Book says, growing in stature and favor with God and man".

Next Week Noted Here as Youth Hockey Week

The Amateur Hockey Association of the U.S.A. has designated this coming week as Youth Hockey Week. The senior hockey Thieves organization, in conjunction with the school authorities, the Eagles, the V.F.W., and the American Legion, have arranged a busy schedule of hockey activities.

On Saturday, Jan. 26, at 2:30 p. m. the Eagles Bantams will play the Red Lake Falls Bantams at Red Lake Falls; at 6:30 p. m., on the Arena rink, the Red Lake Falls high school 'B' team will play the Prowler 'B' team; and at 8:00 p. m. coach Rube Gustafson's top-ranked St. Paul Johnson high school team will play the Prowler varsity.

On Sunday, Jan. 27, the senior hockey Thieves will play the Roseau Cloverleafs in a Northwest Hockey league game. And prior to this game, at 1:00 p. m., the Grand Forks V.F.W. Midgets will meet the local V.F.W. Midgets. The Eagles Bantams team will play the East Grand Forks Bantams at East Grand Forks.

On Tuesday, Jan. 29, the Hallock Polar Bears will play the Prowlers in a Region Eight conference game. A preliminary game between the Hallock 'B' squad and the Prowler 'B' squad will be played, with face-off time at 6:30 p. m.

On Friday, Feb. 1, the Prowler A and B squad will be playing at Roseau.

On Saturday Feb. 2, the Earl Grey community center juvenile and bantam hockey squads from Winnipeg will play the local V.F.W. Midgets and the Eagles Bantams on the Arena ice.

"Remember, this is Youth Hockey Week, U.S.A. Don't send, TAKE your boy to the rink."

1st Four Days of RRV Shows to Be Devoted to Dairy Activities

The first four days of the Red River Valley Winter Shows in Crookston will be generously sprinkled with dairy activities. There is an increase in the dairy cattle show. Personalities of the dairy industry — "Princess Kay" (Kathy Hjelle) of Argyle; Lew Conlon, manager of the Minnesota dairy industry committee; and C. L. Cole, head of the dairy department at the University of Minnesota, will take part in the programs.

The open class judging of dairy cattle and the approved Black and White show for District 9 of *the Minnesota Holstein Association* will be held on Monday, February 18. That same evening, the livestock breeders will gather for their annual banquet.

The highlights of the dairy activities will be on Tuesday, February 19. Considerable effort is being expended to make this a special day for dairymen.

A "show style" dairy clinic will be conducted between 10 a.m. and 4 p.m. on Tuesday in the Winter Shows arena. Special display booths are being set up on mastitis, breeding problems, feeding problems, solids-not-fat testing, and labor-saving devices. Experts from the dairy department and agricultural extension service of the University of Minnesota will man the booths. Dairymen will have an opportunity to ask questions and discuss the display materials. During the clinic, dairymen will also have an opportunity to register for a purebred dairy calf which will be given away at the end of the afternoon program.

Tuesday afternoon's program will start at 12:30 p.m. and include a parade of champion dairy animals, presentation of dairy animals, and a dairy sale. In the evening, a program of gener*al interest to the public will be* held in the livestock arena of the Winter Shows building. The program will include a cow milking contest involving, among others, Princess Kay and King Agassiz III.

Langen Calls for Cut in Spending

Sees Staggering Deficit in $98.8 Billion Budget

"A budget of this size would be no problem if we just knew where the money was coming from," commented Congressman Odin Langen last week after noting that the Administration's budget message calls for a record-breaking $98.8 Billion.

Langen, who will get a chance to act on spending programs as a member of the House appropriations committee, noted that the proposed budget shows an anticipated $10.3 Billion deficit for the next fiscal year. "Last year," said Langen, "they forecast a surplus of half a billion dollars, which has now been revised to an expected deficit of over $8 billion. If this new budget is under-estimated by the same degree, the deficit next year could be staggering."

Langen said that Congress now has a clear-cut responsibility to take a close look at fiscal problems facing the nation and to act constructively. "One thing is sure," he said, "that it's inconceivable that you can dangle a tax cut before the pepole with one hand and a record-breaking budget before them with the other."

Langen noted that predictions indicate Congress will be asked at an early date to increase the so-called "temporary" national debt limit well beyond the current ceiling of $308 Billion. "We all want a tax cut," said Langen, "but let's see some economy first."

Federal Aid Big Factor in State Highway Program

Federal Aid Funds Paid to Minnesota in '62 Was Twenty Times 1940 Total

The vastly increased role which federal aid plays in the Minnesota *highway program is sharply point*ed up in a report compiled by the financial services section of the state highway department. The figures cover the 25-year-span of 1940-64.

Back in 1940 Minnesota received a total of only $3.6 million in federal aid, which was used for primary and secondary roads on a 50-50 matching basis, and for grade crossings, then on a 100 per cent federal aid grant.

This figure is contrasted with the amount allotted for fiscal year 1962 (ended June 30, 1962) when the federal aid allotments to Minnesota totalled $62.7 million —distributed over primary, secondary and urban roads on the 50-50 basis but with $41 million of this amount allotted for Interstate highways.

Although the idea of an Interstate system was envisaged as long ago as 1939, the program did not become a legal actuality until passage of the Federal-Aid Highway Act of 1956.

For the fiscal year 1963, the Minnesota federal aid allotments total $83.5 million, with the Interstate portion almost $62 million. For 1964, the allotments are $89 million and the Interstate portion $67 million.

The 25-year federal aid total for Minnesota is more than $691 million, of which more than $360 million is for Interstate.

Newfolden Board of Education at State Convention

Peter Tandberg, Harvey Stokke and Ervin Strandquist attended the Minnesota State School Boards Association state convention at the St. Paul auditorium recently as delegates of Independent School District No. 441 at Newfolden. In addition to the viewing of a large exhibit of school supplies of all types, the convention presented noted speakers on topics of interest for school boards, round table discussions, workshops and a banquet. The last morning was the business session of the organization when action was taken on the legislative program which the MSBA will present to the Legislature.

Supt. John P. Halvorson also accompanied them to the convention.

COOL RECEPTION. Singer Ricky Nelson probably expected anything but an ice cream cone when he arrived in the Twin Cities in near-zero weather Jan. 18. But that's exactly what the young television and recording star received on a wind-swept Wold-Chamberlain runway from Minnesota's Princess Kay of the Milky Way, Kathleen Hjelle of Argyle. The two teenagers shared a laugh and a lick over the frozen treat and then checked notes on activities of the Upper Midwest Auto Show at which both appeared. Another subject of mutual interest was the dairy industry.
Kathy's activities are sponsored by the Minnesota Dairy Industry Committee, state unit of the American Dairy Association. ADA is the current sponsor of the weekly television show in which Ricky stars with other members of his famous family.

State Registers 35 Fewer Traffic Deaths

Three Minnesota counties were able to report "Death-free" traffic records and 10 other counties had traffic records that were marred by only one traffic fatality as the state recorded one of its safest years in history in 1962, according to a release today from the Minnesota Highway department.

Counties free of 1962 traffic fatalities were Mahnomen, Marshall and Pennington.

Those that recorded only one fatality each were Chisago, Dodge, Kanabec, Kittson, Lake, Murray, Pope, Red Lake, Stevens and Swift counties.

None of the state's counties recorded a "death-free" traffic record for the previous year of 1961 when 724 persons died in traffic. Last year, 689 traffic deaths had been recorded as of December 31.

The 1962 death rate for the state was 4.6 compared with a rate of 5.0 recorded in the previous year, and a rate of 5.2 for 1960. The fatal accident rate also dropped to 3.1 in 1962, compared with rates of 4.3 and 4.4 for 1961 and 1960 respectively.

It also was significant to note that the state's traffic death rate was only one-third of that 18 years earlier when there were fewer vehicles traveling fewer miles. The reason for the drop in death rates was contributed largely toward the cooperative efforts of endorcement engineering and education, according to the Highway department.

Although death and fatal accident rates showed steady declines the overall picture in 1962 showed a high increase in the number of accidents. More than 76,000 accidents are expected to be included in the final count for 1962, compared to a total of 71,646 for the previous year.

The personal injury tally for 1962 is also expected to be much higher than for the previous year. In 1961, 34,709 persons were hurt in traffic while more than 34,000 persons were injured in mishaps in the first 11 months of 1962. Due to late reporting on the part of those involved in 1962 accidents, the final official tally is not expected until next month.

N.D. Playmakers To Give Play at Newfolden School

Charles O. Fisher, principal at Newfolden high school, has made arrangements with the Dakota Players from the University of North Dakota to present Moliere's one-act play, "The Docotr In Spite of Himself" to the student body of the school at 3 p. m., Monday, January 28.

The play will be a theatre-in-the-round presentation since it will be staged in the center of the basketball court with the audience seated on bleachers on both the stage and permanent bleachers. Newfolden high school is encouraged that the Playmakers included them in their itinerary now, since Mrs. May Larson, speech and drama coach, is preparing three one-act plays for local audiences on February 22, one of which will be selected by the judges to represent the school in sub-district drama competition.

Editorials . . .

"It is the elimination and utilization of waste, waste effort, waste time and material, the minimizing of destruction and damage, wear and tear that produce the great results in the industrial world. There is no magic in these accomplishments. The leaders in action or thought are not magicians, but steady persistent workers."

Planned Deficits

The reaction to President Kennedy's budget message was good—that is, it was good in the sense that most of the nation's leaders were unfavorably impressed by the idea of a huge, planned deficit.

Our country has grown accustomed to deficits. Since the Roosevelt era deficits have been the usual thing and sound financing has been unusual. During that period our national debt has increased to more than 300 billion dollars, our dollars have lost more than half of their buying power, and, year by year, our gold reserves have declined to a point where another "run" could be dangerous. That is why the reaction of strong opposition is so encouraging. There still is hope that the crazy idea will be killed.

Deficit spending has been a costly experience for us, and now we are getting deficit spending as a planned program. As a candidate Kennedy promised economy in government and sound fiscal policies. He deplored wasteful spending.

President Kennedy now tells us that if larger deficits do not make us prosperous he will ask for still larger deficits until prosperity is restored. Our only hope now is in the opposition and that it will prevail.

The Public Pays

Minnesota's unemployment compensation fund now has a reserve of less than 34 million dollars. At one time the total was 134 million. In 1962 the unemployed received nearly 37 million dollars while not quite 31 million was collected from employers. If unemployment continues at the 1962 level employers probably will be called upon for increased assessments.

The unemployment compensation program was adopted in 1937 and since 1938 more than 400 million dollars have been paid to jobless workers. No doubt these payments have kept many of the unemployed off of direct relief.

The payments, however, are not distributed on the basis of need, and the unemployed who are in the high annual income brackets are paid the same as those who are in the low income brackets.

The cost of this protection is paid directly by the employers, but indirectly, of course, by the public, as the cost of this insurance is added to the cost of doing business and passed along to the customers in the form of higher prices. The public, therefore, actually have just as much interest in the distribution of unemployment payments as it has in the distribution of direct relief. In both instances it is public dollars that are being paid out.

And there are notable abuses in the distribution of unemployment compensation dollars, that deserve more careful scrutiny by the legislature and other agencies of the government than they have been receiving.

Action Is Needed

It is becoming increasingly clear that strikes no longer are a satisfactory way of settling labor disputes. The nation's economy has suffered because of a longshoremen's strike that has closed our Atlantic and Gulf ports for a month. Newspaper presses haven't turned in Cleveland or New York City for many weeks. The unions are making demands that the employers say they are unable to meet, and so the deadlock.

The reason for no progress in settling the controversial issue is strike insurance. The worker who strikes is reimbursed for lost wages by big unions. The industries that cease operations are reimbursed for their losses out of a common war chest maintained by all of the industries.

Commenting on this development, Labor Secretary Willard Wirtz said recently:

> "Private collective bargaining seems to me to work only where one party or the other will be hurt before the public is hurt, and where one party or the other will be hurt bad enough to move toward a settlement before the public is hurt."
>
> "In situations where employes receive strike benefits of one kind or another, and employers receive insurance payments which lessen the shock to them, there is a likelihood that the public is going to be hurt before either party is hurt enough to yell 'uncle.'"

That sums up the situation realistically, pointing up the fact that strikes are not in the public interest and, because of strike insurance on both sides of the bargaining table, are no longer an effective way of adjusting differences. A better method must be found.

And in looking around for a better method of adjusting differences maybe Congress should take a look at the methods that have been quite successful in other countries. Sweden is often cited as a nation that has made exceptional progress in solving its labor problems. As we understand it, the Swedish system of regulation recognizes the special interests of both labor and industry, and manages somehow to maintain an effective balance in the best interests of the nation as a whole. Strikes are unusual in Sweden.

The problem is serious and a satisfactory solution must be found. Progress by pressure groups, as we have it, is not the right answer for our economic ills. Under the circumstances emergency action by Congress is justified, maintaining as much as possible the status quo during a period of study, and until an orderly procedure for the settlement of these problems can be worked out.

Experiment That Failed

The government's experiment in desegregation at the University of Mississippi has not been a success. James Meredith, under constant guard, has attended classes and has suffered no bodily harm. Some sympathetic white students and faculty members have not been so fortunate. According to Claude Sitton, writing for the New York Times Service:

> "In the controversy over desegregation at the University of Mississippi, not even James H. Meredith has experienced the abuse to which some whites have been subjected.
>
> "The 29-year-old Negro is surrounded by an atmosphere of cold isolation broken only by sporadic displays of hostility as he nears the end of the conflict by the deputy federal marshals and military policemen who guard him.
>
> "No such protection extends to his sympathizers among the faculty and students or to those whose only departure from segregationist orthodoxy has been to discourage further disorder.
>
> "Racists here, as elsewhere, have underscored this principle: The rights of dissent and freedom of association—which they so frequently invoke for themselves—do not extend to those who disagree with them.
>
> "Slander, intimidation and threats have been directed at moderates and liberals on the campus. And the campaign shows no signs of abating."

It would seem this Mississippi experiment has continued long enough to satisfy all reasonable people that it should be accepted as a failure and valuable only as a proof of one way enforced desegregation should not be attempted. In this, as in most other things, there must be both a right way and a wrong way. The Mississippi experiment has cost millions of dollars without accomplishing any good results and, in some respects has injured the cause it was intended to help.

The results in Arkansas, on the contrary, have been good inasmuch as the Arkansas experiment has set the example for voluntary desegregation in many southern communities. In Arkansas desegregation was started in the lower grades where prejudices were not deep-rooted. In Mississippi a headstrong government attempted the impossible.

Let's back up and take a fresh start.

The West Divided

President de Gaulle of France has created confusion again in the ranks of the Western nations and the members of the North Atlantic Treaty Organization by opposing Britain's admission to the European Common Market. Just what de Gaulle's blunt refusal to grant Britain special terms for admission will have on the organization itself is not yet clear. It is known that there is strong opposition to de Gaulle's position among the leaders of other Common Market countries.

Writing from Washington for the New York Times Service, James Reston suggests that de Gaulle does not always mean what he says. He says:

> "The living de Gaulle is constantly talking out loud about the private, distant world of his own longings and imaginings, much to the confusion of lesser worldly beings, but fortunately he often acts, not for his contemporaries, but for the historians.
>
> "Thus the living de Gaulle may say one thing but in the end he may do precisely the opposite, being conscious, not only of his place in this world, but of the place of the dead de Gaulle in the next.
>
> "Will he throw it all away in the last years of his magnificent career? His statements last week seem to indicate that he might, but it is too early to tell. It could be that he was engaged in another of his favorite dramatic moves, not to keep the British out of Europe, but by creating a public crisis, to force them in on his terms.
>
> "Accordingly, this is probably a moment not to concentrate on de Gaulle's words, but to put his words to the test of action. Until this is done we cannot know which de Gaulle is in charge.
>
> "Meanwhile, the task is not to concentrate on de Gaulle but on Adenauer, Schroeder and Erhard in Bonn, and the leaders in the other Common Market countries. For unless de Gaulle can get them to go along, he will isolate himself rather than the British."

Stop! Now sell every drop of your milk from the fourth day

Land O'Lakes Calf Milk Replacer lets you sell all your whole milk and still raise a good, healthy calf. This milk product is highly digestible—contains 10% extra fat for 22% more calories, vitamins, trace minerals and antibiotics. It does not contain cereals which the young calf is unable to efficiently digest at an early age.

You'll save money by selling whole milk and switching the four-day-old calf to Land O'Lakes Calf Milk Replacer. Costs you less than $2 a cwt. reliquefied. Difference between this and what you get for milk is profit. Calves are properly fed.

It's the nation's No. 1 Calf Milk Replacer! In 1961, 1,600,000 calves were raised on Land O'Lakes Calf Milk Replacer. Research proves it puts on a pound of gain for 16¼¢—a dime less than 50% cereal products. Calves gained 94% faster, needed 46% less food. See your dealer. Lay in a supply now.

Everything piles up handsomely in a Chevy II including savings

Imagine a low-loading wagon roomy enough to handle most anything you can heft—and still trim enough to slip into cramped parking spots. We imagined it, built it and called it Chevy II. Made it as dependable as a wagon can get. And made it so it'll keep piling up savings over the years. Those show up in the way this one goes and goes on a gallon. They grow with brakes that adjust themselves. An exhaust system that lasts longer. And a Delcotron generator that keeps battery reserve power up. Want to hear more? How about a low price, natty interiors, Body by Fisher craftsmanship —and a talk with your Chevrolet dealer soon!

Airports Shown on '63 Official Highway Map

Limited distribution of the Minnesota 1963 official highway map by the highway department has started and general distribution will take place as bulk deliveries are received from the printers.

Numerous improvements and innovations have been made on both sides of the 1963 map, the preparatory work on which is done entirely by various sections of the Highway department.

For the first time, all airports are now shown on the map, not only because they are of interest to the motorist but also because it has been found that many pilots use the map as a flight chart. And also for the first time, county state aid roads in the "wilderness" area of northeastern Minnesota are shown with their route numbers. This is not practical for most areas of the state.

This year the area previously labeled "Superior Roadless Area" has been given the new name of "Boundary Canoe Area." Also, a replica of the 1963 state park seal with the state parks chart is shown, another "first".

The front cover panel of the 1963 edition of the state map is a color photo of a woodland lake scene, a picture which also will be produced in billboard posters and in brochures used in tourist development promotions by the Department of Business Development.

Among the features on the back of the map, the department this year has recomputed the table of distances between major cities in the state. Safe driving suggestions are outlined and emergency information is shown, as well as a route index and the usual alphabetical municipal index. A newly revised map of the United States shows main routes and distances to major cities from the Twin Cities. The pictures which are used to illustrate Minnesota life are all related to the state's most typical activities.

General distribution will be handled by the Public Information section of the Highway department.

R.R. Valley Horses to Compete Feb. 17 at Winter Shows

Many Contests Arranged for Program in Winter Shows Arena, Crookston

The many early entries in the horse show division of the Red River Valley Winter Shows, Crookston, indicate that horse breeders are bringing in top animals in all classes. Classes at halter will compete in the quarter horse, Arabian, Appaloosa, Morgan and Palomino lots to be judged best of their breed on February 17. In the afternoon of February 21, all Shetland ponies will be judged and ponies will be sold that evening.

Brisk competition among the Northwest's best riders in barrel racing competition, pole bending, keyhole racing, and other competitive events will be the order of the day for the big show Sunday afternoon, February 17, at 2 p. m. in the Winter Shows arena.

A class of beautifully costumed Arabian riders is already assured for the February 17 competition and several fine harness horsemen have also indicated interest in showing.

Horses shown at halter and horses for the competitive events will be at the show on February 16 and 17 only as they will be required to move to make room for other livestock; therefore, persons wanting to view the horses should remember these days. Al Becker, veteran judge from Fargo, North Dakota, will be the judge. Diedrich Reimer, Northwest School and Experiment Station, Crookston will be the M. C. for the Show, and Marlow Leikness of the Crookston Agassiz Riders will be ring steward. E. C. Miller, Northwest School and Experiment Station, is horse show manager.

Amateur Art Show Scheduled at 'U'

Rural and Small Town Artists Invited to Show

Amateur artists who plan to exhibit work in the University of Minnesota's 12th annual Rural Art Show must submit their entries between Feb. 25 and March 2, according to an announcement from A. Russell Barton, chairman.

The show will be held in the St. Paul Campus Student Center March 11 - April 5. Because of popular demand, the show is being extended to one month. Previously it ran for a week during the University's Farm and Home Week in January.

Eligible to enter an original work in painting, sculpture or the graphic arts are all amateur artists of high school age and over, living in rural Minnesota or in a Minnesota community no larger than 15,000.

Requests for entry rules and application blanks may be obtained by addressing requests to Rural Art Show, Institute of Agriculture, University of Minnesota, St. Paul 1.

Merit award ribbons will be given for art work deserving special recognition or encouragement. Merit award exhibits will be shown at the American Swedish Institute in Minneapolis April 14 - May 31.

Foston Feeder Pig Association To Meet Tuesday

Initial meeting of the Fosston Feeder Pig association will be held Tuesday, February 29, at the Fosston high school gymnasium. All farmers in the area interested in raising feeder pigs are invited to attend the meeting and ask questions in regard to their problems.

Speakers will be present to discuss disease and feed problems within the feeder pig business and to answer questions. Free coffee and doughnuts will be served and a metal farrowing crate will be on display.

The first man to fly an airplane over both the North and South Poles was Admiral Richard E. Byrd.

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Contour strip cropping and planned cropping have not only increased yields and improved erosion control but they have boosted wildlife population on the Ross Allen Farm near Eyota. Allen told Grant Karlstad, Soil Conservation Service technician at Rochester, that the strip cropping provides cover and feed on his 228-acre farm that benefits wildlife throughout the year. He says that pheasant, Hungarian Partridge and songbirds have increased at least 50 per cent. There also has been an increase in the number of deer on his farm.

Colored Aerial photos are being used as a basis for soil-vegetation inventories in some areas, USDA Agricultural Research Service reports. For greatest usefulness in areas where vegetation is sparse, the photos should be made when vegetation is at maximum greenness. If vegetation is heavy tim eto make the photos is when the vegetation has begun to dry out but has not turned yellow.

Protecting open inlets on tiles systems from rodents and large pieces of trash is as important as a rodent grate at the outlet, according to Lloyd Larson, SCS work unit conservationist in the Hennepin SWCD. He said several old tile lines in his area have had to be repaired and partially relaid recently because the grate of the inlet had been damaged by farm equipment and the lines blocked by rodents and trash. "Inlets should be marked so machinery operators can avoid them. They also should be inspected regularly to be sure they are in good repair," Larsen stated.

Habit, custom and lack of knowledge of the benefits to be derived from soil erosion control practices were found to be major reasons why western Iowa farmers failed to follow soil control practices. Other reasons included uncertainty of tenure, lack of adequate finances, reluctance to assume risks and lack of confidence in recommended practices.

Regular vacuum cleaning is the most important step in keeping capets and rugs at their peak of beauty. Quick spot removal is another important step.

"AND THEN PRINCE CHARMING"

Do you remember the undivided attention you gave to a story-teller . . . when you first heard Cinderella, Snow White, or some gallant warrior bold? It seems so long ago. And yet, that attention reveals within ourselves more than dreams; it reveals a secret longing after mysteries, after the things we do not understand, but somehow love.

Religion, in a way, is somewhat like that. Everybody is religious! But, of course, everybody doesn't call it that! Nevertheless, there is in the heart of man a secret yearning, a wish, a hope for things eternal. We express those wishes in church.

And somehow God hears our wishes and consoles and explains. That is a very important part of the Church; for it is a place of consolation and understanding, a place where wishes (prayers) are heard, where the mysteries of life gain new meaning.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

McLeod Re-elected Head of Dairy Improvement Ass'n.

Stuart McLeod, president of the Northwest Dairy Improvement association since its beginning 14 years ago, was unanimously reelected president at the annual meeting held Thursday afternoon at the Rex Cafe in Thief River Falls. L. H. Conlon, manager of the Minnesota Dairy Industry committee, was guest speaker at the event attended by about 25 association members from the 11-county area.

Other officers reelected were Klemens Gigstad, vice president; Roland Larson, secretary; and J. J. Womack, treasurer. All are from Thief River Falls. Directors elected for three-year terms were McLeod, Womack and Gene Baito of Thief River Falls, Arlin Rice of Fertile; Jack Iverson, Bemidji; and Harry Petry, Ada.

For the first time in several years, Northwest Dairy Day operated at a net loss in 1962 it was revealed in the annual financial report prepared by J. J. Womack, treasurer. Receipts totaled $4,657 and disbursements totaled $4,764.63 for a net loss of $107.63. Major expenditure was the dairy show where a total of $2,473 was spent for awards to youngsters participating in the show.

Other expenses included $650 for the box lunch served to contestants and their families from the surrounding territory, $180 for the noon luncheon, $307 for the princess contest, $184 for the parade and $604 for advertising and supplies.

Increased Donations

Members of the association attending the meeting were encouraged that support from area banks and creameries increased in 1962 over 1961 figures. Banks contributed $1,505 and creameries $900 in 1962 as compared with $1,470 and $850 respectively in 1961. Thief River Falls businessmen contributed a total of $1,907 toward sponsorship of the event, and the Red River Valley Dairymen's association added another $150 donation.

Conlon noted that Region I (Northwst Dairy Day) is one of two regions in the state to have more than one Princess Kay winner. Kathleen Hjelle of Argyle, 1962 Northwest Dairy Princess, gained the state Princes Kay title at the state fair this year and "is doing an excellent job for the dairy industry", Conlon noted.

The Dairy Industry Committee manager also noted that regional princess contest winners are now fully insured by the MDIC when traveling from home and returning as representatives of the dairy industry. The insurance also cov-

Computer To Be Demonstrated at Seed-Feed Show

"Cowculator" Computes Production Potential, Dairy Feeding Rations

Just where is the line between feed cost and profit from milk in dairy cattle? This is a problem for all dairymen and an unusual method of determining the production potential of an individual cow will be demonstrated at the Pennington County Seed & Feed Show Friday.

Land O'Lakes Creameries, Inc., is furnishing a portable electric computer, informally called a "Cowculator", for use during the day. The computer is set for given information on an individual cow and will compute the potential production and the amount of feed which may be profitably fed for maximum milk return.

Farmers interested in seeing the machine in operation are invited to bring DHIA records on their animals to the show Friday afternoon. Information needed will be the cow's weight in pounds, date of last freshening, age of cow in months, hay feeding rate (per 100 lbs. of body weight daily), silage fed, milk production in pounds per day, per cent butterfat test and grain being fed in pounds per day.

The computer is one of 12 in existence in the United States and one of two owned by Land O'Lakes. Accuracy of the computations has been verified in a number of cases where feeding has been done according to the calculated recommendations. The same information provided by the computer can be obtained with paper and pencil, but requires several hours instead of a few minutes.

Aliens Reminded to Register Not Later Than Jan. 31

A. G. Waughan, district director of the immigration and naturalization service, reminded aliens in Minnesota today that January 31 is the deadline for filing address report forms as required under provisions of the 1952 Immigration and Nationality Act.

The Immigration official urged aliens who have not yet filed their address reports to do so before the end of January to avoid possible penalties.

Cards with which to make the reports are available at postoffices.

7th Dist. Young Republicans Set Convention Feb. 2

Peter Hengel, Seventh district Young Republican chairman, today announced that Robert A. Forsythe, chairman of the Republican state central committee, will be the guest speaker at the YRL convention banquet Saturday, Feb. 2 at 7 p. m. in the American Legion dining room in Walker, Minnesota.

Forsythe will join Republican national committeeman, George Etzell, as speaker to the second annual convention of Northern Minnesota's Republican youth.

Charter Bus for Aircade Meeting

Plans to fill a chartered bus for attendance at the Aircade for Citizenship Action in Fargo on February 4 are now being exploited by the Good Government committee of the Thief River Falls Chamber of Commerce. Space on the bus, which will leave at 6:45 a. m. February 4, will be provided for the first 37 persons paying a $10 all-inclusive registration fee.

Registration fee will cover transportation to and from Fargo, registration at the Aircade and the noon meal, according to Ralph Luhman, chairman of the comittee. Plans are to return on the bus in time for supper at home.

Major purposes of the Aircade are to give business and community leaders a significant summary of what the 88th Congress is doing and planning to do about major issues; to answer questions about these major issues; to help persons attending learn how to communicate more effectively with elected representatives; and to encourage more active and effective citizenship participation at all levels of government.

Meeting hours are from 9:25 a.

Adult Evening Classes Open at School Tonight

Schedule Listed Today In This Issue; Large Variety Is Offered

Adult evening classes at the Thief River Falls area vocational-technical school begin tonight when the first meeting of a class in Spanish will be held at 7 to 9:30 p. m. in room 124 of Lincoln high school. Other classes will be held Tuesday, Wednesday and Thursday evenings.

Fee schedules range from $4 to $12 with the fee for most eight-week classes being $8. A Civil Defense course in personal survival is being conducted on Wednesday evenings and is free of charge to all adults interested. Fees do not include textbooks, workbooks or other required course materials. A complete schedule is published elsewhere in today's issue of the Times.

A unique class on "A Home of Your Own" is being offered by Mrs. Maurits Scholin, home economics instructor. The class, which will run for five weeks, is planned to aid those who are thinking of purchasing a home or are interested in decorating or improving their home.

Covered in the course will be such problems as home and furnishing costs, how to plan the kitchen for convenience and beauty, buying major home appliances, color in the home, treatment of floors and windows and selecting furniture for the home. The class will be held from 7:30 to 10 p. m. beginning February 6.

Drotts to Direct Heart Fund Drive

David Drotts has been reappointed chairman of the 1963 Heart Fund campaign for Pennington county, it was announced today by Melvin W. Dickie, fund chairman of the Minnesota Heart asociation. Drotts also is serving as regional chairman.

In announcing the plans for the annual Heart Fund campaign, Drotts pointed out that the Minnesota Heart Association is the only voluntary agency in the fight against the nation's number one killer — heart disease. "Last year, 59 per cent of the 133 deahts in Pennington county were caused by cardio-vascular disease," Drotts stated.

"Many strides in modern day heart research have been made possible through continued public support of the independent Heart Fund campaign. The development of open heart surgery has been instrumental in saving many lives, yet numerous fields of heart disease are unexplored and need extensive research support. It is through the dedicated volunteer leadership of our campaign organization that we are able to continuously boost of research programs," stated Drotts.

Civil Defense Course To Begin Here Wednesday

Ellsworth Jorgenson, deputy director of the Pennington County Civil Defense organization, invites all interested adults to participate in a new course on survival preparedness to begin Wednesday in room 124 of Lincoln high school at 7:30 p. m.

Jorgenson recently completed special training from civil defense consultants in the Minnesota Department of Education and will conduct the course. All class material is free, four films and several colored filmstrips will be shown, there are no tests and certificates will be given to those who attend 12 hours of instruction.

The course deals with Minnesota natural disasters, dangers of nuclear fallout, how to plan, build and equip a home shelter and other emergency preparations for the family. Five 2½ hour classes will be held with a limit of 25 enrolled and there is no tuition fee.

School Board To Meet on Tuesday

Thief River Falls board of education will meet Tuesday at 8 p. m. in Lincoln high school to again consider proposals by the T. G. Evensen company for financing a bond proposal for new school construction. A representative of the company will meet with the board to review the alternatives prepared by the bonding consultants.

Polio Drive to Be Conducted Here Thru Mail

No Mothers' March Scheduled; Letters Being Mailed Today

"Nobody's need is greater than that of the crippled child. Yet thousands of disabled American children are not getting the best possible medical care."

That is the paradox underlined in a message mailed throughout Pennington county today requesting support for the 25th anniversary March of Dimes, according to Richard G. Mabey, county chapter chairman and campaign director.

The message is on a return-addressed envelope in which residents may contribute toward providing help for victims of birth defects, arthritis and polio, leading causes of crippling and disabling in children.

This year, said Mabey, for the first time there will be no Mothers March of Dimes in Thief River Falls, and the success of the county campaign will depend entirely on the response to the appeals going out in the mail today.

He added that the Pennington county chapter during 1962 had received a total of $4,000 from three other Minnesota chapters to assist in financing the treatment of a local polio victim who had suffered a relapse. This person is in need of extended additional care, and Mabey appealed to county residents to give generously.

"In this country, Mabey explained,"250,000 babies a year—nearly 700 each day—come into the world handicapped by significant birth defects. In addition, thousands of the 11 million Americans disabled by arthritis or rheumatic diseases are children or adolescents.

"And it is a tragic situation," he continued,"that the great majority suffering from these disabling diseases are not receiving the early and comprehensive medical care which can help them toward normal lives."

Making this exemplary medical care available to every community in the country is one of the primary goals of the National Foundation - March of Dimes, he said. "And we've made a very good start," he continued.

"There are now some 50 March of Dimes-supported treatment centers for birth defects, arthritis or polio in many parts of the country. Right in the patient's home community, they are providing early diagnosis and timely treatment through teams of medical specialists, and helping parents solve the social and economic problems that so often accompany these diseases."

"Dimes and dollars sent in by county residents," he declared, "are enabling leading scientists to study the workings of genetics and heredity, the effect of drugs and chemicals on living organisms, the role of viruses, and to gain other insights which may lead to breakthroughs in preventing and treating birth defects, arthritis and other diseases."

County Given $226,674 in Highway Funds

Pennington Allotment To Be for Maintenance And Construction Uses

Pennington county today was alloted $226,674 of state collected highway funds for 1963, it was announced by the Minnestoa highway department in St. Paul.

The county's allotment is divided into the regular account, of which $89,822 will be used for maintenance and $134,732 used for construction; and the municipal account, of which $848 will be used for maintenance and $1,272 used for construction.

Estimates indicate gross of $104,475,000 will be paid into the highway users tax distribution fund in fiscal 1963, made up of state motor vehicle license fees and fuel tax imposed by the state.

After paying for the services performed by the motor vehicle division, the petroleum division and other state departments in the amount of $2,763,655, there will be left $101,711,346. Total distribution to the counties will be $30,058,060.
